INDEPENDENT AUDITORS' REPORT

Plan Administrator
Norlee Group 401(k) Plan
Jacksonville, FL

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements

We have performed an audit of the accompanying financial statements of NORLEE GROUP 401(K) PLAN (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the 2024 audit of the NORLEE GROUP 401(K) PLAN's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024, and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of NORLEE GROUP 401(K) PLAN and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2024 financial statements.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about NORLEE GROUP 401(K) PLAN's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the NORLEE GROUP 401(K) PLAN's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the NORLEE GROUP 401(K) PLAN's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedules Required by ERISA

The supplemental schedules listed in the accompanying table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2023 Financial Statements

Predecessor auditors performed an audit of the 2023 financial statements of the NORLEE GROUP 401(K) PLAN. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated July 30, 2025, indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedules, other than the information in the 2023 supplemental schedules that agreed or was derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or was derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

NOTE 1—PLAN DESCRIPTION

The following description of the Norlee Group 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering substantially all employees of Norlee Group (the Company) and participating employers who have completed one month of service. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA). The Plan was established January 1, 2023.

The Adkins Electric 401(k) Plan and the Contractors Retirement Plan merged into the Plan during 2023. Tietjen Technologies became a participating employer and adopted the Plan effective January 1, 2024. Colwill Engineering, Inc. became a participating employer and adopted the Plan effective March 8, 2024.

CONTRIBUTIONS

Participants may elect to contribute up to 100% of annual compensation as defined in the Plan as pre-tax 401(k) and/or Roth up to a maximum of \$23,000 for 2024 and \$22,500 for 2023. Participants who are at least age 50 may make additional "catch-up" contributions of \$7,500 for 2024 and 2023. Participants may also roll over amounts representing distributions from other qualified plans. All new participants are automatically enrolled at a contribution rate of 4% of Plan compensation for 401(k) deferrals, unless they opt out or make an affirmative election.

Participant contributions may be matched by the Company at a percentage of the participants' contributions, as determined by the Company. For the plan years ended December 31, 2024 and 2023, the Company matched 50% of each participant's deferral contributions up to 8% of the participant's compensation, for a maximum match of 4%. Matching contributions made to the Plan were \$607,937 for 2024 and \$254,827 for 2023.

The Company may also elect to make a discretionary non-elective contribution. Employees must have completed 1,000 hours of service and be employed on the last day of the Plan year to be eligible for non-elective contributions. The Company did not make a non-elective contribution for the 2024 or 2023 Plan years.

In compliance with the Plan agreement, the Company must contribute a non-elective contribution ("the Prevailing Wage Contribution"), determined pursuant to the Davis-Bacon Act or any other federal, state, or municipal prevailing wage law for certain employee groups. Prevailing wage contributions to the Plan were \$283,317 for 2024 and \$-0- for 2023.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution, the Company's discretionary matching contribution, allocation of the Company's discretionary profit-sharing contribution, if applicable, the Company's prevailing wage contributions, if applicable, and Plan earnings, net of fees. Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

NOTE 1—PLAN DESCRIPTION (Continued)

VESTING

Participants are 100% vested in their contributions plus actual earnings thereon. A participant's interest in the Company's contributions, plus actual earnings thereon, is based on years of continuous service and is vested according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	25%
2	50%
3	75%
4	100%

Participants who were previously part of the Contractors Retirement Plan will vest after three years of service.

PAYMENT OF BENEFITS

Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death, or other separation from service. Distributions under the Plan may be made in lump-sum payments. A participant may request a withdrawal upon attainment of age 59½ or upon demonstration by the participant to the Plan administrator that the participant is suffering from "hardship", as defined in the Plan document. Participants may withdraw from their rollover accounts at any time.

FORFEITURES

Forfeited non-vested accounts totaled \$16,148 and \$890 at December 31, 2024 and 2023, respectively. Forfeitures of non-vested amounts are used to reduce future Company contributions and/or to reduce Plan expenses. No forfeitures were utilized to fund Company contributions or to pay Plan expenses for the years ended December 31, 2024 and 2023.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements have been prepared using the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**INVESTMENT VALUATION AND INCOME RECOGNITION**

The Plan's investments at December 31, 2024 and 2023 were held by Advisor Trust and Principal Life Insurance Company. All investments are valued at fair value as of December 31, 2024 and 2023, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date.

Purchases and sales of securities are reflected on a trade-date basis. Dividends are recognized on the ex-dividend date. Net appreciation on investments held represents the change in market value of the investments from the beginning of the Plan year (or date the investments were purchased, if later) to the end of the Plan year.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

Substantially all of the administrative expenses of the Plan are paid by the Company. Investment related expenses are included in net appreciation in fair value of investments.

NOTE 3—FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS

NOTE 3—FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Level 1 Fair Value Measurements

Mutual funds and exchange traded funds are valued at quoted net asset values of the shares held by the Plan at year-end.

Level 2 and Level 3 Fair Value Measurements

Level 2 and Level 3 Fair Value Measurements are not applicable to the Plan for 2024 and 2023.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Investments Measured at Net Asset Value				<u>15,486</u>
Total Assets at Fair Value				<u>\$ 4,363,213</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 3—FAIR VALUE MEASUREMENTS (Continued)

In accordance with subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Redemptions of investments in the pooled separate account are allowed weekly for participants; however the Plan is subject to a three year notification period. There are no unfunded commitments.

NOTE 4—INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a traditional investment contract issued by Principal Life Insurance Company (the “issuer”). The contract qualifies as a fully benefit-responsive investment contract and, accordingly, is reported at contract value, which represents the amount participants would receive upon initiating permitted transactions under the Plan. Contract value consists of contributions made to the contract, plus credited earnings, less participant withdrawals and administrative expenses.

Under this type of contract, the Plan holds only the contract itself. The contract is a guaranteed investment contract under which the issuer is obligated to repay principal and interest at a guaranteed rate. The crediting rate is determined in accordance with a formula established by the issuer and is periodically reviewed for potential adjustment. The contract has no stated maturity date. In the event of contract termination, the Plan would receive the contract value in six installments.

The Plan’s ability to receive amounts due under the contract depends on the financial condition and performance of the issuer and could be affected by future economic or regulatory developments. Certain events may limit the Plan’s ability to transact at contract value, including: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

NOTE 5—INFORMATION CERTIFIED BY TRUSTEE AND CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Advisor Trust, the trustee of the Plan has certified that the following data included in the accompanying financial statements and schedule is complete and accurate.

- a. Investments, as shown in the accompanying statements of assets available for benefits as of December 31, 2024 and 2023.
- b. Investment income, as shown in the accompanying statements of changes in assets available for benefits for the years ended December 31, 2024 and 2023.
- c. The schedule of assets (held at end of year) as of December 31, 2024, as shown on Schedule H - Line 4(i).

The Plan’s independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTES TO FINANCIAL STATEMENTS

NOTE 6—TRANSFER OF PLAN ASSETS

Effective November 20, 2024, the Pacific Power & Systems, Inc. 401(k) Plan was spun off from the Plan. All assets from employees included in the Pacific Power & Systems subsidiary were transferred out of the Plan. The total out of the Plan due to this spin off was \$2,013,930.

NOTE 7—RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Company provides to the Plan certain accounting and administrative services for which no fees are charged. In addition, the majority of the expenses of the Plan are paid by the Company.

The Plan's investments are managed by the trustee of the Plan, Advisor Trust. The Plan's third party administrator is NFP, an Aon Company. These companies are considered to be parties-in-interest.

None of the transactions with parties-in-interest were prohibited by the Department of Labor.

NOTE 8—PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan at any time subject to the provisions of ERISA. If the Company should decide to terminate the Plan, participants would become 100% vested in the Company contribution portion of their accounts.

NOTE 9—TAX STATUS

The Plan has adopted the CCH Incorporated Non-Standardized Pre-Approved Profit Sharing Plan with CODA. Such CCH plan obtained its latest opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, in which the IRS stated that the form of the Plan is acceptable for use by employers for the benefit of their employees under IRC Section 401. The Plan has been amended since receiving the letter. The Company has not applied for its own determination letter from the IRS. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement dates.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10—RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

NOTE 11—PROHIBITED TRANSACTIONS

During 2024, the Company failed to transmit participant contributions within the timeframe required by the DOL Regulation 2510.3-102 totaling \$450. The Company has remitted the amount plus the lost earnings totaling \$1 on December 9, 2025.

NOTE 12—SUBSEQUENT EVENTS

On February 4, 2025, all plan assets from the Colwill Engineering, Inc. 401(k) Plan were transferred to the Plan and the Colwill Engineering, Inc. 401(k) Plan ceased to exist as a separate plan.

Management has evaluated subsequent events through March 2, 2026, the date which the financial statements were available for issue. Except as disclosed above in the financial statements, there were no other subsequent events which require disclosure.

INDEPENDENT AUDITORS' REPORT

Plan Administrator
Norlee Group 401(k) Plan
Jacksonville, FL

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements

We have performed an audit of the accompanying financial statements of NORLEE GROUP 401(K) PLAN (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the 2024 audit of the NORLEE GROUP 401(K) PLAN's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024, and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of NORLEE GROUP 401(K) PLAN and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2024 financial statements.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about NORLEE GROUP 401(K) PLAN's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the NORLEE GROUP 401(K) PLAN's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the NORLEE GROUP 401(K) PLAN's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedules Required by ERISA

The supplemental schedules listed in the accompanying table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2023 Financial Statements

Predecessor auditors performed an audit of the 2023 financial statements of the NORLEE GROUP 401(K) PLAN. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated July 30, 2025, indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedules, other than the information in the 2023 supplemental schedules that agreed or was derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or was derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

NOTE 1—PLAN DESCRIPTION

The following description of the Norlee Group 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering substantially all employees of Norlee Group (the Company) and participating employers who have completed one month of service. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA). The Plan was established January 1, 2023.

The Adkins Electric 401(k) Plan and the Contractors Retirement Plan merged into the Plan during 2023. Tietjen Technologies became a participating employer and adopted the Plan effective January 1, 2024. Colwill Engineering, Inc. became a participating employer and adopted the Plan effective March 8, 2024.

CONTRIBUTIONS

Participants may elect to contribute up to 100% of annual compensation as defined in the Plan as pre-tax 401(k) and/or Roth up to a maximum of \$23,000 for 2024 and \$22,500 for 2023. Participants who are at least age 50 may make additional "catch-up" contributions of \$7,500 for 2024 and 2023. Participants may also roll over amounts representing distributions from other qualified plans. All new participants are automatically enrolled at a contribution rate of 4% of Plan compensation for 401(k) deferrals, unless they opt out or make an affirmative election.

Participant contributions may be matched by the Company at a percentage of the participants' contributions, as determined by the Company. For the plan years ended December 31, 2024 and 2023, the Company matched 50% of each participant's deferral contributions up to 8% of the participant's compensation, for a maximum match of 4%. Matching contributions made to the Plan were \$607,937 for 2024 and \$254,827 for 2023.

The Company may also elect to make a discretionary non-elective contribution. Employees must have completed 1,000 hours of service and be employed on the last day of the Plan year to be eligible for non-elective contributions. The Company did not make a non-elective contribution for the 2024 or 2023 Plan years.

In compliance with the Plan agreement, the Company must contribute a non-elective contribution ("the Prevailing Wage Contribution"), determined pursuant to the Davis-Bacon Act or any other federal, state, or municipal prevailing wage law for certain employee groups. Prevailing wage contributions to the Plan were \$283,317 for 2024 and \$-0- for 2023.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution, the Company's discretionary matching contribution, allocation of the Company's discretionary profit-sharing contribution, if applicable, the Company's prevailing wage contributions, if applicable, and Plan earnings, net of fees. Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

NOTE 1—PLAN DESCRIPTION (Continued)

VESTING

Participants are 100% vested in their contributions plus actual earnings thereon. A participant's interest in the Company's contributions, plus actual earnings thereon, is based on years of continuous service and is vested according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	25%
2	50%
3	75%
4	100%

Participants who were previously part of the Contractors Retirement Plan will vest after three years of service.

PAYMENT OF BENEFITS

Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death, or other separation from service. Distributions under the Plan may be made in lump-sum payments. A participant may request a withdrawal upon attainment of age 59½ or upon demonstration by the participant to the Plan administrator that the participant is suffering from "hardship", as defined in the Plan document. Participants may withdraw from their rollover accounts at any time.

FORFEITURES

Forfeited non-vested accounts totaled \$16,148 and \$890 at December 31, 2024 and 2023, respectively. Forfeitures of non-vested amounts are used to reduce future Company contributions and/or to reduce Plan expenses. No forfeitures were utilized to fund Company contributions or to pay Plan expenses for the years ended December 31, 2024 and 2023.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements have been prepared using the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**INVESTMENT VALUATION AND INCOME RECOGNITION**

The Plan's investments at December 31, 2024 and 2023 were held by Advisor Trust and Principal Life Insurance Company. All investments are valued at fair value as of December 31, 2024 and 2023, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date.

Purchases and sales of securities are reflected on a trade-date basis. Dividends are recognized on the ex-dividend date. Net appreciation on investments held represents the change in market value of the investments from the beginning of the Plan year (or date the investments were purchased, if later) to the end of the Plan year.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

Substantially all of the administrative expenses of the Plan are paid by the Company. Investment related expenses are included in net appreciation in fair value of investments.

NOTE 3—FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3—FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Level 1 Fair Value Measurements

Mutual funds and exchange traded funds are valued at quoted net asset values of the shares held by the Plan at year-end.

Level 2 and Level 3 Fair Value Measurements

Level 2 and Level 3 Fair Value Measurements are not applicable to the Plan for 2024 and 2023.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTE 3—FAIR VALUE MEASUREMENTS (Continued)

In accordance with subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Redemptions of investments in the pooled separate account are allowed weekly for participants; however the Plan is subject to a three year notification period. There are no unfunded commitments.

NOTE 4—INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a traditional investment contract issued by Principal Life Insurance Company (the “issuer”). The contract qualifies as a fully benefit-responsive investment contract and, accordingly, is reported at contract value, which represents the amount participants would receive upon initiating permitted transactions under the Plan. Contract value consists of contributions made to the contract, plus credited earnings, less participant withdrawals and administrative expenses.

Under this type of contract, the Plan holds only the contract itself. The contract is a guaranteed investment contract under which the issuer is obligated to repay principal and interest at a guaranteed rate. The crediting rate is determined in accordance with a formula established by the issuer and is periodically reviewed for potential adjustment. The contract has no stated maturity date. In the event of contract termination, the Plan would receive the contract value in six installments.

The Plan’s ability to receive amounts due under the contract depends on the financial condition and performance of the issuer and could be affected by future economic or regulatory developments. Certain events may limit the Plan’s ability to transact at contract value, including: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

NOTE 5—INFORMATION CERTIFIED BY TRUSTEE AND CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Advisor Trust, the trustee of the Plan has certified that the following data included in the accompanying financial statements and schedule is complete and accurate.

- a. Investments, as shown in the accompanying statements of assets available for benefits as of December 31, 2024 and 2023.
- b. Investment income, as shown in the accompanying statements of changes in assets available for benefits for the years ended December 31, 2024 and 2023.
- c. The schedule of assets (held at end of year) as of December 31, 2024, as shown on Schedule H - Line 4(i).

The Plan’s independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTES TO FINANCIAL STATEMENTS

NOTE 6—TRANSFER OF PLAN ASSETS

Effective November 20, 2024, the Pacific Power & Systems, Inc. 401(k) Plan was spun off from the Plan. All assets from employees included in the Pacific Power & Systems subsidiary were transferred out of the Plan. The total out of the Plan due to this spin off was \$2,013,930.

NOTE 7—RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Company provides to the Plan certain accounting and administrative services for which no fees are charged. In addition, the majority of the expenses of the Plan are paid by the Company.

The Plan's investments are managed by the trustee of the Plan, Advisor Trust. The Plan's third party administrator is NFP, an Aon Company. These companies are considered to be parties-in-interest.

None of the transactions with parties-in-interest were prohibited by the Department of Labor.

NOTE 8—PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan at any time subject to the provisions of ERISA. If the Company should decide to terminate the Plan, participants would become 100% vested in the Company contribution portion of their accounts.

NOTE 9—TAX STATUS

The Plan has adopted the CCH Incorporated Non-Standardized Pre-Approved Profit Sharing Plan with CODA. Such CCH plan obtained its latest opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, in which the IRS stated that the form of the Plan is acceptable for use by employers for the benefit of their employees under IRC Section 401. The Plan has been amended since receiving the letter. The Company has not applied for its own determination letter from the IRS. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement dates.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10—RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

NOTE 11—PROHIBITED TRANSACTIONS

During 2024, the Company failed to transmit participant contributions within the timeframe required by the DOL Regulation 2510.3-102 totaling \$450. The Company has remitted the amount plus the lost earnings totaling \$1 on December 9, 2025.

NOTE 12—SUBSEQUENT EVENTS

On February 4, 2025, all plan assets from the Colwill Engineering, Inc. 401(k) Plan were transferred to the Plan and the Colwill Engineering, Inc. 401(k) Plan ceased to exist as a separate plan.

Management has evaluated subsequent events through March 2, 2026, the date which the financial statements were available for issue. Except as disclosed above in the financial statements, there were no other subsequent events which require disclosure.
