Independent Auditors' Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Producers Cooperative Association Profit Sharing 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of July 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Producers Cooperative Association Profit Sharing 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from Voya Retirement Insurance and Annuity Company, a qualified institution, as of July 31, 2025, and for the year ended July 31, 2025, stating that the certified investment information, as described in Note 1 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Producers Cooperative Association Profit Sharing 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Producers Cooperative Association Profit Sharing 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Producers Cooperative Association Profit Sharing 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit does not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Assets Held for Investment Purposes and Reportable Transactions as of and for the year ended July 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

July 31, 2025

(1) Description of Plan

The following description of the Producers Cooperative Association Profit Sharing 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Date of management's review

Management has evaluated subsequent events through May 15, 2026, the date which the financial statements were available to be issued.

General

The Plan is a defined contribution plan established for the benefit of eligible employees of Producers Cooperative Association (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan was initiated on August 1, 2000.

Plan changes

Producers Cooperative Association reserves the right to amend or terminate the Plan at any time. However, no such amendment or termination shall deprive any participant of any vested interest in the Plan. In the event of plan termination, participants will become fully vested in their accounts.

Eligibility

Employees of Producers Cooperative Association who have reached the age of 21 and have been employed for 3 months and have worked at least 250 hours are eligible to participate in the Plan.

Participant accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

PRODUCERS COOPERATIVE ASSOCIATION
PROFIT SHARING 401K PLAN

Notes to Financial Statements

Vesting

Participants are fully and immediately vested in their salary deferrals and actual earnings thereon. Employer matching and discretionary contributions vest as follows: less than two years, 0%; two to less than three years, 20%; three to less than four years, 40%; four to less than five years, 60%; five to less than six years, 80%; six years or more, 100%. Participants become fully vested upon reaching retirement age, death, or becoming disabled while still a participant of the Plan.

Contributions

Participants may elect to make pre-tax or post-tax Roth deferral employee contributions to the Plan up to the annual limits set by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified plans (participant rollover contributions). Producers Cooperative Association may make discretionary matching contributions to the Plan. During the years ended July 31, 2025 and 2024, Producers Cooperative Association elected to make matching contributions equal to 100% of each eligible qualified employee's contribution during the pay period, not to exceed 4% of compensation for such period (resulting in a maximum of 4% of the employee's compensation). The Company may also make non-elective profit-sharing contributions in an amount to be determined by the Company. Participants must complete 1,000 hours of service each Plan year and be employed at the end of the year to be eligible to share in the allocation of such contributions. During the year ended July 31, 2025, the Company made matching contributions in the amount of \$300,421. The Company made non-elective profit-sharing contributions during the year ended July 31, 2025 in the amount of \$30,995.

Payment of benefits

Upon termination of employment, retirement, death or disability, a participant (or his or her beneficiary in the event of death) will be entitled to receive a distribution in the form of a lump-sum payout, rollover, or, if the vested balance is greater than \$5,000, it may be left in the Plan for future investment.

Forfeited accounts

The Plan provides that forfeitures may be used to reduce fees. At July 31, 2025, forfeited nonvested accounts totaled \$133,573. Forfeitures in the amount of \$15,000 were used to reduce plan expenses for the year ended July 31, 2025.

Administrative expenses

Administrative expenses recorded in the financial statements of the Plan relate to investment advisory and recordkeeping services. Certain other administrative expenses related to Plan administration may be paid by Producers Cooperative Association as allowed under the provisions of the Plan.

Notes to Financial Statements

Trustee certification

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for reporting disclosures under such election, the plan administrator has obtained certification from the trustees of the Plan (Voya Retirement Insurance and Annuity Company) that all of the information provided by them and included in the accompanying financial statements and supplemental schedules is complete and accurate. Information as to cash, investments, bank account, overdrafts, accounts payable, notes payable, interest income, net appreciation in fair value of investments, dividend income, fiduciary fee and expense, real estate expense and interest and all information in the accompanying supplementary schedules is presented in reliance solely upon those certifications.

(2) Summary of accounting policies

The following are the significant accounting policies followed by the Plan:

Basis of presentation

The financial statements of the Plan have been prepared on an accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America as applied to defined contribution plans, and in accordance with the Plan agreement.

Use of estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

Investments are valued at fair value as reported by the trustees as of the valuation date, including the present value of any receivable contributions made for a prior plan year which were not recognized by the trustee as of the asset valuation date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 8 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

PRODUCERS COOPERATIVE ASSOCIATION
PROFIT SHARING 401K PLAN

Notes to Financial Statements

Contributions

Contributions from participants are recorded in the period in which they are withheld from the participants' compensation. Matching contributions from Producers Cooperative Association are recorded in the period in which the related participant contributions are recorded.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions.

Payment of benefits

Benefit payments to participants are generally recorded upon distribution.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Expense offset arrangements

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

(3) Investments

During the 2025 plan year, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	2025
Money market account - government and agency	\$ 2,784
Equities and ETFs	659,799
Group annuity contract	-
	\$ <u>662,583</u>

PRODUCERS COOPERATIVE ASSOCIATION
PROFIT SHARING 401K PLAN

Notes to Financial Statements

The following investments represent five percent (5%) or more of the Plan's net assets at July 31, 2025.

	2025
BlackRock Equity Index Fund	\$ 577,359
MyWayRetirement Index 2025 Fund	-
MyWayRetirement Index 2035 Fund	605,596
MyWayRetirement Index 2040 Fund	434,242
MyWayRetirement Index 2045 Fund	893,011
MyWayRetirement Index 2055 Fund	789,099
MyWayRetirement Index Retirement Fund	971,946
Group annuity contract with insurance company	907,028
	\$ <u>5,178,281</u>

During the year ended July 31, 2025, the Plan's investments - (including gains and losses on investments bought and sold, as well as held during each year) appreciated/(depreciated) in value by \$662,583.

(4) Plan Termination

Although they have not expressed any intent to do so, the Association has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(5) Tax Status

The Plan adopted by the Company is a volume submitter ("VS") plan that is designed to comply with provisions of the IRC's Economic Growth and Tax Reconciliation Act of 2001 ('EGTRRA'). Such VS plans are pre-approved by the IRS by reference to the Cumulative List of Changes in Plan Qualification Requirements (the 'Cumulative List') provided under EGTRRA. Accordingly, the Plan was eligible for a six-year remedial amendment cycle. Because the Plan is a VS plan, the Company is not authorized to amend the Plan except to comply with changes in the Cumulative List. The Plan received a favorable determination letter from the IRS on March 31, 2014. Management of the Company and the Plan administrator believe the Plan complies with and is being operated in accordance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is not longer subject to income tax examinations for years prior to July 31, 2021.

PRODUCERS COOPERATIVE ASSOCIATION
PROFIT SHARING 401K PLAN

Notes to Financial Statements

(6) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(7) Related Party and Parties in Interest Transactions

There were no transactions with related parties in 2025. The Plan paid certain expenses related to plan operations and investment activity to various service providers in 2025. These transactions are party in interest transactions under ERISA.

(8) Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2

Inputs to the valuation methodology include: (a.) quoted prices for similar assets or liabilities in active markets; (b.) quoted prices for identical or similar assets or liabilities in inactive markets; (c.) inputs other than quoted prices that are observable for the asset or liability; (d.) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

PRODUCERS COOPERATIVE ASSOCIATION
PROFIT SHARING 401K PLAN

Notes to Financial Statements

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 31, 2025.

Certificates of deposit

Certificates of deposit are valued by comparison to similar instruments in active markets.

Money market funds

Money market funds are valued at the quoted net asset value of shares held by the Plan at year end.

U.S. government debt securities

U.S. Agency securities are valued at the closing price reported in the active market in which the securities are traded.

Municipal bonds

Municipal bonds are valued at the closing price reported in the active market in which the bond is traded.

Corporate debt securities

Corporate debt securities are valued at the closing price reported in the active market in which the bond is traded.

Mutual funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

PRODUCERS COOPERATIVE ASSOCIATION
PROFIT SHARING 401K PLAN

Notes to Financial Statements

Corporate equity securities

Corporate stocks are valued at the closing price reported on the New York Stock Exchange (NYSE) or other appropriate exchange if the stock is not traded on the NYSE.

Foreign equities are valued at the closing price reported on the appropriate exchange in which that stock is traded.

Exchange traded funds

Exchange traded funds are valued at the closing pricing reported on the appropriate exchange.

Group annuity contract with insurance company

The Plan invests in a fully benefit-responsive guaranteed interest contract with Voya Retirement Insurance and Annuity Company and maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As the guaranteed interest contract is fully benefit-responsive, contract value is the relevant measurement attribute for net assets available for benefits attributable to the guaranteed interest contract. Contract value, as reported to the Plan by Voya Retirement Insurance and Annuity Company represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include, but may not be limited to the following: (i) the complete or partial termination of the Plan, (ii) the establishment of, or material change in, any Plan investment fund, or (iii) an amendment to the Plan or a change in the administration or operation of the Plan, the Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed interest contract may be terminated by Voya Retirement Insurance and Annuity Company upon the Plan's establishment, activation, or material change to the Plan or its investments that Voya Retirement Insurance and Annuity Company determines will prevent its ability to continue to operate the contract under the current terms. Termination of the guaranteed interest contract by Voya Retirement Insurance and Annuity Company may result in the settlement of the outstanding balance at an amount that differs from contract value.
