INDEPENDENT AUDITOR'S REPORT

Plan Trustees and Plan Administrator
J & A Services, LLC 401(k) Plan
Grand Junction, Colorado

INDEPENDENT AUDITOR'S REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of J & A Services, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of July 31, 2025 (in liquidation) and as of December 31, 2024 (ongoing), and the related statements of changes in net assets available for benefits for the period from January 1, 2025 through July 31, 2025 (in liquidation), and the year ended December 31, 2024 (ongoing), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of July 31, 2025 (in liquidation) and December 31, 2024 (ongoing) and for the period from January 1, 2025 through July 31, 2025 (in liquidation) and the year ended December 31, 2024 (ongoing), stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Plan Termination and Liquidation Basis of Accounting

As discussed in Notes 1 and 2 to the financial statements, management of the Plan approved a plan of liquidation in November 2024, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the December 31, 2024 financial statements to the liquidation basis used in presenting the July 31, 2025 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

J & A SERVICES, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

July 31, 2025 and 2024 (Ongoing)

NOTE 1 - DESCRIPTION OF PLAN

The following description of the J & A Services, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of J & A Services, LLC, J & A Services Texas, LLC, Diamond W, LLC, and Precision Service Equipment, LLC (the Company). The Plan was established January 1, 2014 and was restated effective January 1, 2022.

The Plan is available to substantially all employees of the Company who are not covered by a collective bargaining agreement, are not a leased employee, are not non-resident aliens, are at least eighteen years of age, and have completed 60 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Termination

During the period from January 1, 2025 through July 31, 2025 the Company elected to terminate the Plan subject to the provisions set forth in ERISA. The Company began the process of transferring all Plan Assets on July 31, 2025 to a Pooled Employer Plan (PEP) with Standard Insurance Company. The Plan was then terminated on July 31, 2025.

Participant Accounts

Each participant's account was credited with the participant's contributions, the Company's contributions made on the participant's behalf, and an allocation of Plan earnings. The amount that could be added each year to a participant's account, which includes contributions made by the participant and the Company on the participant's behalf, was subject to restrictions imposed by the Internal Revenue Code (IRC). Additionally, Plan expenses were paid by the participants by reducing each participant's contribution by an allocated amount. Allocations were based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Participant Contributions

Under the terms of the Plan, participants could elect to make both pre-tax and Roth after-tax contributions. The total of each participant's annual pre-tax and Roth after-tax contributions were subject to applicable IRC limits. Rollover contributions from qualified plans were allowable under the provisions of the Plan. Additionally, all participants in the Plan who were age 50 and over were eligible to make pre-tax and Roth after-tax catch-up contributions up to the maximum amount allowed under the IRC.

The Plan also included an automatic enrollment feature. The automatic enrollment feature was a mechanism under which an eligible employee who did not make an affirmative election to make pre-tax or Roth after-tax contributions to the Plan was automatically enrolled in the Plan to make a 5% pre-tax contribution, unless the employee specifically elected not to participate in the Plan.

Employer Contributions

The Plan provided discretionary employer matching contributions. The Company made a matching employer contribution of 50% of participants' contributions, with a maximum employer matching contribution of \$1,500 annually. For the period of January 1, 2025 through July 31, 2025, the Company made matching contributions of \$190,698. For the year ended December 31, 2024 the Company made matching contributions of \$260,732.

Investment Elections

Each participant could direct that salary reductions to his or her account be invested in one or more of the investment options offered by the Plan. Participants could change such allocations at any time directly with Voya Financial, the Plan's third party administrator (TPA).

Vesting

Participants were immediately vested in their voluntary contributions and rollover contributions. Participants became vested in the Company's matching contribution portion of participants' accounts plus actual earnings thereon based on continuous service at 20% per year, beginning at the end of year one resulting in the participant becoming 100% vested at the end of year five. As defined in the Plan agreement, to earn a year of eligibility service, a participant had to be credited with at least 1,000 hours of service during the Plan year.

A participant could also become 100% vested in the Company's matching contribution portion of their account plus earnings thereon if the participant died, attained age 65, became disabled, or upon termination of the Plan.

Investment Contract with Insurance Company

As described in Accounting Standards Codification (ASC) 962, *Plan Accounting-Defined Contribution Pension Plans*, was updated by ASU 2015-12, fully benefit-responsive investment contracts are measured, presented, and disclosed only at contract value. The Plan had a fully benefit-responsive guaranteed investment contract (the Contract) with Voya Retirement Insurance and Annuity Company (VRIAC). The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Contract was included in the financial statements at contract value as reported to the Plan by VRIAC. Contract value represented contributions made under the Contract, plus earnings, less participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment Contract issuer was contractually obligated to repay the principal and specified interest rate that was guaranteed to the Plan.

There were no reserves against contract value for credit risk of the Contract issuer or otherwise. There were no assets recorded at contract value at July 31, 2025. The contract value at December 31, 2024 was \$39,154.

The Plan administrator did not believe there were any events that would limit the Plan's ability to transact at contract value with VRIAC. The Plan administrator also did not believe there were events and circumstances that would permit VRIAC to terminate the Contract and settle at an amount different from the contract value, including in connection with the Plan's termination and transfer to the PEP, which held a fully benefit responsive investment at the date of termination.

Notes Receivable from Participants

Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or one-half of the vested account balance on the day that the loan was made. Participants could pay off their loan within a 5 year period unless such loan was for the purchase of the participant's primary residence, in which case the repayment period could not extend beyond 15 years from the date of the note receivable. The interest rate that would apply on the loan would be the Prime rate as reflected in the Wall Street Journal on the date of the loan plus 1% per year.

Payment of Benefits

Upon separation of service, a participant would receive a lump-sum payment equal to the value of his or her account, provided the account did not have a value greater than \$7,000. Participants could elect to either receive the distribution in cash or to roll over the distribution to an individual retirement account or the qualified plan of the participant's new employer. However, if the vested amount of the participant's account exceeded \$1,000, but did not exceed \$7,000, and the participant did not timely return their election forms, the Plan Administrator could transfer the participant's vested account to an individual retirement account established in the participant's name; unless the distribution occurred after the age of 65.

Participants could also make certain voluntary in-service withdrawals after age 59½ or hardship withdrawals if certain conditions were met.

Forfeitures

If a participant terminated service prior to earning enough years of service to become fully vested in the Company's matching contributions, they would forfeit the amount in which they were not vested. Forfeitures could be used to offset employer contributions or to pay Plan expenses for the Plan year in which the forfeiture occurred or in the Plan year immediately following the year in which the forfeiture occurred. For the period from January 1, 2025 through July 31, 2025, forfeitures used to reduce employer contributions and pay Plan expenses were \$26,967, with unallocated forfeitures of \$51,458 that were transferred to the PEP plan prior to plan termination. For the year ended December 31, 2024, forfeitures used to pay Plan expenses were \$42,322, with unallocated forfeitures of \$55,935 as of December 31, 2024.

Administrative Expenses

Administrative expenses shown in the Plan's statements of changes in net assets available for benefits included professional fees and other expenses paid to third party administrators performing various services such as recordkeeping, transaction processing, and custodial services for the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). The statement of net assets available for benefits as of July 31, 2025 and the related statement of changes in net assets available for benefits for the period from January 1, 2025 to July 31, 2025 have been prepared using the liquidation basis of accounting. The statement of net assets available for benefits as of December 31, 2024 and the related statement of changes in net assets available for benefits for the year then ended has been prepared on the accrual (ongoing) basis of accounting. Under the liquidation basis of accounting, assets are measured to

reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process and liabilities were measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

Investment Valuation and Income Recognition

Pooled Separate Accounts

Pooled separate accounts were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Fully Benefit-Responsive Guaranteed Fund

The fully benefit-responsive guaranteed fund (the Fund) was reported at contract value. The Fund was valued at contract value as reported to the Plan by Voya Institutional Trust Company (Voya). Contract value represented contributions made under the Fund, plus earnings, less participant withdrawals and administrative expenses (see Note 1).

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants were reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis.

Payment of Benefits

Benefits were recorded when paid by the trustee.

Estimates

The preparation of financial statements in conformity with GAAP required the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator had elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya, trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of July 31, 2025 (in liquidation) and December 31, 2024 (ongoing), and the related investment activity reflected in the statements of changes in net assets available for benefits for the period from January 1, 2025 through July 31, 2025 (in liquidation) and the year ended December 31, 2024 (ongoing).

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan accounted for fair value in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures* (ASC 820). ASC 820 defines fair value, establishes a consistent framework for measuring fair value, and expands disclosure requirements for fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Under ASC 820, assets and liabilities are grouped into three levels, based on the markets in which the assets and liabilities are traded, and the reliability of the assumptions used to determine fair value. These levels are:

- Level 1 – Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 – Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 – Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobserved assumptions reflect plan management's own estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models, and similar techniques.

Under ASC 820, the Plan based fair values on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements for assets and liabilities where there exists limited or no observable market data and, therefore, are based primarily upon the Plan's estimates, are often calculated based on current pricing policy, the economic and competitive environment, the characteristics of the asset or liability, and other such factors. Therefore, the results cannot be determined with precision and may not be realized in an actual sale or immediate settlement of the asset or liability. Additionally, there may be inherent weaknesses in any calculation technique, and changes in the underlying assumptions used, including discount rates and estimates of future cash flows, that could significantly affect the results of current or future values.

The following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts: Valued based on the units of such pooled separate accounts held by the Plan at year end multiplied by the respective unit value. For the period of January 1, 2025 through July 31, 2025 (in liquidation) and for the year ended December 31, 2024 (ongoing), pooled separate accounts held by Voya are valued at their "accumulation unit value" (AUV). These were valued daily as the number of accumulation units held multiplied by the AUV. The AUV was determined daily based on the net asset value of shares of the underlying fund, the fund's dividends and the contract's separate account charges.

The preceding methods described could produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believed its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no assets recorded at fair value at July 31, 2025.

There were no unfunded commitments related to its investments measured at net asset value at July 31, 2025 and at December 31, 2024.

Fair value measurements for assets recorded at fair value on a recurring basis at December 31, 2024 are as follows:

Description	Level 1	Level 2	Level 3	Total Fair Value
Assets in Fair Value Hierarchy				
Mutual funds	\$ -	\$ -	\$ -	\$ -
<i>Total Assets in Fair Value Hierarchy</i>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>
Investments Measured at Net Asset Value				
Per Share as a Practical Expedient*				
Pooled separate accounts				<u>5,514,745</u>
<i>Total Investments at Fair Value</i>				<u>\$ 5,514,745</u>

* In accordance with FASB guidance, investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 5 - TAX STATUS

The Plan adopted a prototype standardized profit sharing plan with a 401(k) arrangement offered by Alerus Financial National Association. On June 30, 2020, the Internal Revenue Service (IRS) stated that the prototype adopted by the Company, as then designed, qualified under the applicable sections of the IRC. Although the Plan had been amended and restated since receiving the IRS determination letter, Plan management believed that the Plan was designed and operated, in compliance with the applicable requirements of the IRC. The Company had not received a determination letter specific to the Plan itself; however, the Plan administrator believed that the terms of the prototype plan were being followed. Therefore, no provision for income taxes have been included in the Plan's financial statements.

NOTE 6 - RELATED PARTY TRANSACTIONS

The Plan pays for certain expenses while the Company absorbs certain administrative expenses, such as accounting fees. Participant loans also qualify as a party-in-interest transaction. Voya Institutional Trust Company managed certain Plan investments during the period from January 1, 2025 through July 31, 2025, and for the year ended December 31, 2024 including units of pooled separate accounts and a fixed account.

NOTE 7 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the changes in net assets available for benefits per the financial statements for the period January 1, 2025 through July 31, 2025 to the net increase in net assets available for benefits per the Form 5500:

Net increase in net assets available for benefits per the 5500	\$ 615,522
Adjustment for recording employer corrective contributions receivable	<u>93</u>
<i>Net Increase in Net Assets Available for Benefits per the Financial Statements</i>	<u>\$ 615,615</u>

The following is a reconciliation of the changes in net assets available for benefits per the financial statements as of July 31, 2025 to the Form 5500:

Net assets available for benefits per the 5500	\$ -
