Independent Auditor's Report

To the Plan Administrator and Participants
Teaching Matters, Inc. 403(b) Defined Contribution Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying 2023 financial statements of Teaching Matters, Inc. 403(b) Defined Contribution Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The 2023 financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is a regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from qualified institutions as of December 31, 2023 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section:

- The amounts and disclosures in the 2023 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2023 financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Report on Compiled 2022 Financial Statements

Management is responsible for the accompanying financial statements of Teaching Matters, Inc. 403(b) Defined Contribution Retirement Plan, which comprises the statement of net assets available for benefits as of December 31, 2022. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by Plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the financial statements of Teaching Matters, Inc. 403(b) Defined Contribution Retirement Plan as of and for the year ended December 31, 2022.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the 2023 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements (continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H – Part IV – Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2023

Note 1 – Description of the Plan

General

The following description of the Teaching Matters, Inc. 403(b) Defined Contribution Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions, including definitions of key terms.

The Plan is available to all eligible employees of Teaching Matters, Inc. (the “Organization”) who have been employed for one year with 1,000 hours of service. The Plan is a qualified 403(b) plan established on October 1, 1994. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (“ERISA”). The Plan Administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Participant eligibility

Effective January 1, 2024, the Plan was amended to comply with the long-term part-time employee eligibility provisions of the Setting Every Community Up for Retirement Enhancement Act of 2019 (“SECURE Act”). Under these provisions, employees who complete at least 500 hours of service in each of three consecutive 12-month periods and attain age 21 are eligible to make elective deferrals under the Plan, even if they have not satisfied the Plan’s standard 1,000-hour service requirement. Beginning January 1, 2025, the Plan was further amended, as required under the SECURE 2.0 Act of 2022, to expand these eligibility provisions to employees who complete at least 500 hours of service in each of two consecutive 12-month periods.

Contributions

Each year, participants may contribute a portion of their pre-tax annual compensation, as defined in the Plan, subject to certain limitations set under the Internal Revenue Code (the “IRC”). Participants may also elect to make after-tax Roth contributions to the Plan, subject to limits set under the IRC. The Organization contributes up to 6% of eligible compensation for all eligible participants.

Participants may also contribute rollover amounts representing distributions from other qualified retirement plans.

403(b) DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements (continued)

Note 1 – Description of the Plan (continued)

Participant accounts

Each participant's account is credited with (a) the participant's contribution, (b) the Organization's contribution and (c) plan earnings net of applicable administrative expenses. Allocations of the aforementioned credits are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options

Each participant may direct their investment accounts into certain available investment options offered by the Plan. The assets of the Plan are allocated to the applicable funds at the discretion of the participant.

Vesting

Participants are immediately vested in their contributions and the Organization's contributions, plus actual earnings thereon.

Forfeitures

Forfeitures may be used to decrease future contributions from the Organization. The Plan had no forfeitures as of and for the year ended December 31, 2023.

Payment of benefits

Upon termination of service, due to death, disability, retirement or separation from service, a participant may elect to receive a distribution of his or her entire accumulated Plan balance, subject to the terms of the funding vehicles. Distribution options include lump-sum payments, installments, annuities and ad-hoc distributions. Participants may elect in-service withdrawals of their elective deferral account balances in the case of a hardship. Minimum required distributions for participants also apply per Internal Revenue Service regulations.

Note 1 – Description of the Plan (continued)

Notes receivable from participants

Participants may borrow from their fund accounts, subject to certain limitations including minimums and maximums based on provisions disclosed in the Plan document. Participants are limited to two outstanding loans at a time. Participant notes are administered directly out of the participant's account balance based on provisions noted above. Notes are secured by the balances of the participant accounts and bear interest at a rate determined by the Plan's loan policy. As of December 31, 2023, interest rates on the outstanding notes receivable range from 4.25% to 9.50% and the outstanding participant notes receivable totaled \$26,979. No allowance for credit losses has been recorded as of December 31, 2023.

Employer contributions receivable and delinquent contributions

Employer contributions receivable represent amounts due to the Plan for employer contributions that were not remitted to the Plan on a timely basis. These amounts constitute contributions pending correction outside the Department of Labor's Voluntary Fiduciary Correction Program.

Plan loans

Plan loans are available to participants through Teachers Insurance and Annuity Association of America ("TIAA") and College Retirement Equity Fund ("CREF"), subject to certain limitations as outlined in the Plan document. Plan loans are issued directly from funds owned by TIAA and CREF and loan proceeds are not removed from a participant's account balance. However, a portion of a participant's TIAA and CREF Traditional Annuity Contract ("Traditional Annuity") account balance is reserved, or held in collateral, to cover 110% of the outstanding loan amount for the period of time the loan is outstanding. As of December 31, 2023, participants had outstanding Plan loan balances due to TIAA of \$49,294. These loans are collateralized by Traditional Annuity account balances of \$54,223 as of December 31, 2023. Plan participants pay interest on their Plan loans to TIAA, and this interest expense is offset by the return received by the participants on the collateralized Traditional Annuity Contracts.

Note 2 – Summary of significant accounting policies

Basis of accounting

The Plan's financial statements are prepared under the accrual basis of accounting, except for benefit payments, which are treated on a cash basis.

Note 2 – Summary of significant accounting policies (continued)

Investment valuation and income recognition

The Plan's investments in mutual funds, a pooled separate account and the TIAA Traditional Annuity Non-Benefit Responsive contracts are stated at fair value. The calculation of fair value of the TIAA Traditional Annuity Non-Benefit Responsive contracts as of December 31, 2023 and December 31, 2022 was not materially different from contract value. Therefore, these investments have been presented at fair value in the accompanying financial statements.

The Plan's investments in the TIAA Traditional Annuity Benefit Responsive and the TIAA Traditional Benefit Responsive 2 are measured at contract value as the Plan Administrator has determined that the investments' underlying contracts are fully benefit responsive.

The aggregate of (a) the net unrealized appreciation (depreciation) in the fair value of investments for the year, and (b) the net gains or losses on disposition of investments during the year is reflected as net appreciation in the fair value of investments for the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded when received. Realized and unrealized gains and losses from the investments in each account are credited to or charged against each account.

Management fees and operating expenses charged to the Plan for the various investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Fair value measurements

For assets measured at fair value on a recurring basis, Accounting Standards Codified Topic *Fair Value Measurements* requires quantitative disclosures about the fair value measurement separately for each major class of assets. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are as follows:

Level 1 - Unadjusted quoted prices in active markets for identical assets.

Level 2 - Quoted prices for identical assets in markets that are not active, quoted prices for similar assets in active markets, inputs other than quoted market prices, and inputs derived principally from observable market data.

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

403(b) DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements (continued)

Note 2 – Summary of significant accounting policies (continued)

Fair value measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023:

- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Pooled separate account*: The fair value of accumulation units held by the Plan in a pooled separate account is based on each account’s daily NAV, which is considered by Plan management to be the best approximation of fair value. Data for NAVs are distributed to Plan administrators and client investors and provide sufficient corroborative evidence to ascertain the relationship between each fund’s NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources.
- *TIAA Traditional Annuity Non-Benefit Responsive contracts*: Reported at contract value by TIAA, which approximates fair value. As these investments are contract-based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs. The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Contract value is deemed to approximate fair value for these contracts based on observation of recent participant investments at contract value and by comparison of historical and current yields of highly rated long-term corporate bonds to historical and current crediting interest rates of the contracts, taking into consideration the liquidity restrictions applicable to the contracts.

The aforementioned methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 2 – Summary of significant accounting policies (continued)

Payment of benefits

Benefit payments to participants or their beneficiaries are recorded when paid.

Administrative expenses

Certain transaction-related participant expenses, such as those associated with Plan administration, are paid by the Plan and are included in the accompanying financial statements.

Certain administrative functions are performed by employees of the Organization. No such employees receive compensation from the Plan.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and uncertainties

The Plan's investment securities are exposed to various risks, such as interest rate, market, credit and liquidity. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits as of December 31, 2023. The Plan's investments are not insured or protected by the Pension Benefit Guaranty Corporation, or any other governmental agency. Accordingly, the Plan is subject to the normal investment risks associated with investment securities.

Subsequent events

The Plan has evaluated events and transactions for potential recognition or disclosure through April 7, 2026, which is the date the financial statements were available to be issued.

Note 3 – TIAA Traditional Annuities

The TIAA Traditional Annuities are unallocated fixed annuities that are fully and unconditionally guaranteed by TIAA. The Traditional Annuities are offered through a variety of contract types. The type of contract through which a participant invests in the TIAA Traditional Annuities determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuities during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, generally 3% but between 1% and 3% for some contracts, are guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuities also provide the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate.

Note 4 – Investments at contract value

The Plan holds a portfolio of investment contracts that comprises a traditional investment contract. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the contract value of investment contracts held by the Plan as of December 31, 2023 and December 31, 2022:

	<u>2023</u>	<u>2022</u>

Note 5 – Information certified by the Plan’s Custodians

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF, the Custodians of the Plan, have certified to the completeness and accuracy the accompanying statements of net assets available for benefits as of December 31, 2023 and the Supplemental Schedule, Schedule H - Part IV - Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2023 and the related statement of changes in net assets available for benefits for the year ended December 31, 2023.

Note 6 – Parties-in-interest transactions

Plan investments include investment contracts, a pooled separate account and shares of mutual funds which are managed by TIAA and CREF. TIAA and CREF are the Custodians, as defined by the Plan and, therefore, are considered parties-in-interest.

Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Organization. These transactions qualify as party-in-interest transactions.

Note 7 – Plan termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Note 8 – Tax status

The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform to the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b). The Internal Revenue Service has determined and informed the Plan in a letter dated March 31, 2017 that the Plan is designed, in accordance with applicable sections of the Internal Revenue Code The Plan Administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the IRC and, therefore, believes that the Plan is qualified and the related accounts are tax-exempt.
