INDEPENDENT AUDITORS' REPORT

To the Administrative Committee and Participants of the
First Foundation, Inc. Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of First Foundation Inc. Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of First Foundation Inc. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Fidelity Management Trust Company, a qualified institution, as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of First Foundation Inc. Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination

As discussed in Note 10 to the financial statements, subsequent to December 31, 2025, the Plan Sponsor was acquired by another financial institution and approved the termination of the Plan, with an expected effective date of April 1, 2026. Following termination, participant account balances are expected to be distributed as soon as administratively practicable, subject to regulatory requirements.

Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about First Foundation Inc., Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of First Foundation Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about First Foundation Inc., Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule (Schedule H, Line 4i - Schedule of Assets Held (At End of Year)) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FIRST FOUNDATION INC.
RETIREMENT PLAN
Notes to Financial Statements
December 31, 2025

1. Description of Plan

The following description of the First Foundation Inc. Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement and amendments for a more complete description of the Plan's provisions.

(a) General

First Foundation Inc. (the "Company") established and adopted the First Foundation Inc. Retirement Plan (the "Plan") effective January 1, 1996. The Plan is a defined contribution plan covering substantially all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Contributions

Participants who are employees of the Company for three months may elect to have the Company contribute on their behalf to the Plan a portion of their compensation for the Plan year. Such salary reduction contributions ("elective deferrals") on a pre-tax basis shall not exceed each participant's annual compensation, as defined, to a maximum of \$23,500 and \$23,000 for the years ended December 31, 2025 and 2024, respectively. Participants aged 50 years and over may make catch-up contributions of up to \$7,500 and \$7,500 for the years ended December 31, 2025 and 2024, respectively. Participants between the ages 60 and 63 are eligible to contribute up to \$11,250 as a "super" catch-up contribution. Additionally, participants may elect to transfer funds into the Plan from other qualified retirement plans.

The Company also makes contributions to the Plan. Company matching contributions are allocated to participants based on their elective deferrals. The Company makes a matching contribution to an amount equal to 100% of each participant's elective deferrals up to the first 3% of the participant's eligible compensation and then 50% to the next 2% of the participant's eligible compensation, with a maximum of \$14,000 and \$13,800 for the years ended December 31, 2025 and 2024, respectively.

During the years ended December 31, 2025 and 2024, the Company made matching contributions in the amount of \$2,082,255 and \$1,954,367, respectively. The Company may also make contributions at the discretion of the Company's board of directors. No discretionary contributions were made to the Plan in 2025.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contributions, (b) Plan earnings and losses and (c) forfeitures of terminated participants' non-vested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting and Forfeiture

Participants are immediately vested in their contributions plus actual earnings thereon. Participants become vested in Company matching contributions, including earnings thereon, and based on years of service to the Company. It is Company practice in cases of acquisitions of other companies to give credit to employee's prior service earned at the acquired company. After completing three years of service, a participant is 100% vested in Company matching contributions and earnings thereon.

FIRST FOUNDATION INC.
RETIREMENT PLAN
Notes to Financial Statements
December 31, 2025

1. Description of Plan (continued)

In the event a participant withdraws from the Plan before fully vesting, the unvested portion of Company matching contributions, including earnings thereon, is forfeited. Forfeitures may reduce the amount of future Company matching contributions or may be used to pay for administrative expenses of the Plan, at the discretion of the Administrator. There were forfeitures amounting to \$142,755 and \$117,926 during the years ended December 31, 2025 and 2024, respectively which were used to reduce matching contributions.

(e) Participant Loans

A participant employed by the Company may borrow from the Plan the lesser of \$50,000 or 50% of the value of their vested account balance. Loans are repaid in level installments of principal and interest not to exceed 60 months (120 months for principal residence loans) and bear interest at fixed interest rates set by the Administrator.

(f) Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or their beneficiary will receive the amount equal to the value of the participant's vested interest in his or her account. The payment can be made in a lump sum, or if elected by the participant, under a systematic withdrawal plan. A participant (or participant's beneficiary, if applicable) who is receiving a distribution under the systematic withdrawal plan may elect to accelerate installment payments, or any portion thereof, or to receive a lump sum distribution of the remainder of his or her account balance.

(g) Termination of the Plan

The Company has the right under the Plan to suspend or discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, all participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(c) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

FIRST FOUNDATION INC.
RETIREMENT PLAN
Notes to Financial Statements
December 31, 2025

2. Summary of Significant Accounting Policies (continued)

(d) Payment of Benefits

Benefits are recorded when paid for financial statement purposes.

(e) Investment Valuation and Recognition of Income

Investments are recorded at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value, where applicable). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(f) Notes Receivable from Participants

Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

(g) Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

(h) Trustees' evaluation of Subsequent Events

The trustees have evaluated events and transactions for potential recognition or disclosure through April 27, 2026, the date the financial statements were available to be issued.

FIRST FOUNDATION INC.
RETIREMENT PLAN
Notes to Financial Statements

3. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Funds: Valued using pricing models maximizing the use of observable inputs of similar securities.

3. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2025 and 2024.

Assets at Fair Value as of
December 31, 2025

	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>

Money Market Funds	-	3,180,283	-	3,180,283
Total assets at fair value	\$ 89,323,091	\$ 3,180,283	\$ -	\$ 92,503,374

Assets at Fair Value as of
December 31, 2024

	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
Mutual funds	\$ 79,440,609	\$ -	\$ -	\$ 79,440,609
Money Market Funds	-	3,291,318	-	3,291,318
Total assets at fair value	\$ 79,440,609	\$ 3,291,318	\$ -	\$ 82,731,927

4. Guaranteed Investment Contract

The Plan has a traditional fully benefit-responsive guarantee investment contract as part of its portfolio of investments. As of December 31, 2025, the investment balance totaled \$578,971. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract values are reported to the Plan represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The Plan's ability to receive amounts due is dependent on the issuers ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

FIRST FOUNDATION INC.
RETIREMENT PLAN
Notes to Financial Statements
December 31, 2025

4. Guaranteed Investment Contract (continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligations under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

5. Allocation of Plan Assets

Employee contributions are allocated to various funds based on the elections made by each participant. Net income or loss of each fund is allocated on the basis of the proportionate asset balance of each participant as of the previous valuation date after adjustment for withdrawals, distributions, and other additions or subtractions that may be appropriate. Earnings are allocated on the basis of current shares held in each participant's account and the accounts are valued daily.

6. Loans to Participants

Participant loans bear interest ranging from 4.25% to 9.50%. Interest charged on outstanding loans amounted to \$100,854 and \$95,501 for the years ended December 31, 2025 and 2024, respectively. As of December 31, 2025 and 2024, the principal balance outstanding on participant loans was \$1,179,414 and \$1,391,251, respectively.

7. Federal Income Taxes

The Internal Revenue Service has determined and informed the Plan, by a letter dated June 30, 2020 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the plan is designed and is currently being operated in compliance with the applicable requirements.

United States of America Generally Accepted Accounting Principles require Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability (or assets) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for the years prior to December 31, 2022.

8. Parties-in-Interest

At December 31, 2025 and 2024, certain Plan investments were shares of mutual funds and money market funds managed by Fidelity Management Trust Company ("Fidelity"). Fidelity is the custodian of the Plan, as defined by the Plan agreement; therefore, these transactions qualify as party-in-interest transactions.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024, to Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	\$ 94,261,759	\$ 84,592,023
Contributions receivable		
Adjustment from contract value to fair value for investment contract		
Net assets available for benefits per Form 5500	\$ 94,261,759	\$ 84,592,023

10. Plan Termination – Subsequent Event

First Foundation Inc. (the "Plan Sponsor") was acquired by FirstSun Capital Bancorp. In connection with this transaction, the Plan Sponsor approved the termination of the First Foundation Inc. Retirement Plan (the "Plan"), with an expected effective date of April 1, 2026, subject to compliance with applicable provisions of the Internal Revenue Code and the Plan document.

As of December 31, 2025, the Plan remained active, and the accompanying financial statements have been prepared on a going-concern basis. The approval of the Plan's termination represents a subsequent event as defined by ASC 855 Subsequent Events that occurred after the date of the statement of net assets available for benefits.

Upon termination, participants will become fully vested in their account balances to the extent required by the Plan document and applicable law. The Plan administrator intends to distribute participant account balances as soon as administratively practicable following the effective date of termination, subject to regulatory requirements.

The Plan's termination is subject to compliance with applicable regulatory requirements, including those of the Internal Revenue Service and the Employee Retirement Income Security Act of 1974, and the final timing of distributions may differ from the expected termination date.
