Independent Auditors' Report

Plan Administrator
Earp Meat Company, Inc.
Money Purchase Pension Plan
Kansas City, Kansas

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Earp Meat Company, Inc. Money Purchase Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of September 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended September 30, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required By ERISA

The supplemental schedules of assets held at end of year as of September 30, 2025 and reportable transactions for the year ended September 30, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NOTES TO FINANCIAL STATEMENTS
September 30, 2025 And 2024**

1. Description Of The Plan

The following description of the Earp Meat Company, Inc. Money Purchase Pension Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all eligible employees of Earp Meat Company, Inc. (the Company). The Plan provides that all employees, except employees covered by a collective bargaining agreement or leased employees, who have completed at least one year of service and have attained the age of 18 are eligible to participate in the Plan. Participation in the Plan is the first day of the month following the date the employee becomes eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

The Company annually contributes an amount equal to 3.3% of total compensation plus 3.3% of compensation in excess of the Integration Level. The Integration Level was \$40,204 and \$39,416 for the Plan years ended September 30, 2025 and 2024, respectively, and will increase by 2% in each subsequent Plan year. Contributions are subject to certain limitations. Participants must be employed by the Company at the end of the Plan year to receive an allocation of Company contributions, unless termination resulted from death, permanent disability, normal retirement or early retirement.

Participant contributions are not allowed.

Participant Accounts

Each participant's account is credited with the Company's contribution and an allocation of Plan earnings and is charged with an allocation of administrative expenses. Allocations of the Plan's earnings and administrative expenses are based on participant account balances, as defined in the Plan Document. Contributions to the Plan are invested at the discretion of the Company.

EARP MEAT COMPANY, INC.
MONEY PURCHASE PENSION PLAN

Notes To Financial Statements (*Continued*)

Payment Of Benefits

Participants are entitled to receive the balance of their accounts upon death, total disability, retirement or termination of employment. The normal forms of distribution are a single lump-sum, substantial equal installments or a pre-retirement survivor annuity.

Vesting

Vesting in each participant's Company contributions is based on years of continuous service, as follows:

<u>Years Of Service</u>	<u>Vested</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Participants also become fully vested upon reaching normal retirement age (65), reaching early retirement date (as defined in the Plan Document), death or becoming permanently disabled.

Forfeitures

Forfeitures of nonvested participant balances are used to reduce Company contributions. Forfeitures that reduced contributions for the Plan years ended September 30, 2025 and 2024 were \$4,245 and \$27,827, respectively. At September 30, 2025 and 2024, forfeited nonvested accounts totaled \$10,892 and \$4,245, respectively.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

EARP MEAT COMPANY, INC.
MONEY PURCHASE PENSION PLAN

Notes To Financial Statements (*Continued*)

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Contributions Receivable And Credit Loss Policy

Amounts due for contributions are stated at the amount that management expects to collect from outstanding balances less an allowance for expected credit losses. The expected credit losses amount reflects management's best estimate of amounts that will not be collected. This assessment considers historical experience, current conditions and, when appropriate, reasonable and supportable forecasts.

The Plan has concluded that no allowance for current expected credit losses was necessary at September 30, 2025 or 2024.

Investment Valuation And Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Interest income is recorded as earned on the accrual basis. Net change in fair value of investments represents the difference between the aggregate fair value of investments at year end and the values at the beginning of the year, and includes any realized gains and losses on investments that were bought and sold during the year.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment Of Benefits

Benefit payments are recorded when paid.

Subsequent Events

In October 2025, the Plan merged into the Earp Meat Company, Inc. 401(k) Plan and all assets were transferred into the Earp Meat Company, Inc. 401(k) Plan.

Management evaluates subsequent events through the date the financial statements were available for issue, which is the date of the Independent Auditors' Report.

3. Certified Investment Information

Benefit Trust Company (the Trustee) holds the Plan's investment assets under the terms of a trust agreement and executes transactions therein.

Financial information related to all of the Plan's investments and related earnings thereon, as of and for the years ended September 30, 2025 and 2024, are included in the accompanying financial statements and supplemental schedules, and are based on information provided by the Trustee. This information, which has not been audited by the Plan's independent auditors, has been certified to as complete and accurate by the Trustee.

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedules related to the following assets as of December 31:

	2025	2024
Investments - at fair value		
Common and preferred stocks	\$ —	\$ 4,233,255

Notes To Financial Statements (*Continued*)

Benefit Trust Company also certified to the completeness and accuracy related to the following investment income for the years ended December 31:

	<u>2025</u>	<u>2024</u>
Net change in fair value of investments	\$ 449,611	\$ 1,214,873
Interest and dividends	406,460	332,734

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

EARP MEAT COMPANY, INC.
MONEY PURCHASE PENSION PLAN

Notes To Financial Statements (*Continued*)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Common And Preferred Stocks, Foreign Stocks And Exchange-Traded Funds

Valued at the closing price reported on the active market on which the individual securities are traded.

Money Market Fund

Valued at the daily closing price as reported by the fund. The money market fund held by the Plan is an open-ended investment company that is registered with the Securities and Exchange Commission. This fund is required to publish its daily net asset value and transact at that price. The money market fund held by the Plan is deemed to be actively traded.

U.S. Government And Agency Securities, Corporate Bonds And Debentures And Foreign Bond And Debenture

Valued at either the closing price reported on the active market on which the individual securities are traded or valued by a pricing service which determines the valuation of normal institutionalized trading units of such securities using methods based on upon market transactions for comparable securities and various relationships between securities which are generally recognized by institutional traders.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

EARP MEAT COMPANY, INC.
MONEY PURCHASE PENSION PLAN

Notes To Financial Statements (*Continued*)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of September 30, 2025:

	Level 1	Level 2	Level 3	Total
Corporate bond	\$ —	\$ 267,189	\$ —	\$ 267,189

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of September 30, 2024:

	Level 1	Level 2	Level 3	Total
Common and preferred stocks	\$ 4,233,255	\$ —	\$ —	\$ 4,233,255
Foreign stocks	1,367,394	—	—	1,367,394

	\$ 6,267,089	\$ 5,209,498	\$ —	\$ 11,476,587

There have been no changes in the methodologies used at September 30, 2025 or 2024.

5. Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan, subject to the provisions of ERISA. Upon termination, participants become 100% vested in their accounts.

EARP MEAT COMPANY, INC.
MONEY PURCHASE PENSION PLAN

Notes To Financial Statements *(Continued)*

6. Income Tax Status

The Company utilizes a defined contribution pre-approved plan sponsored by Compensation Benefits Planning, Inc. (CBP). CBP received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the pre-approved plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the IRC). The Plan itself has not received a determination letter. The Plan has been amended since the date of the opinion letter. The Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks And Uncertainties

The Plan utilizes various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the financial statements.
