Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to audit the financial statements of Canterbury School 403(b) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Canterbury School 403(b) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Newport Trust Company as of November 13, 2024 and for the period from January 1, 2024 to November 13, 2024, Ascensus Trust Company as of December 31, 2024 and for the period from November 14, 2024 to December 31, 2024, and TIAA-CREF as of December 31, 2024, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the financial statements of Canterbury School 403(b) Retirement Plan referred to in the first paragraph. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

As described in Note A to the financial statements, as permitted by the DOL Field Assistance Bulletin ("FAB") No. 2010-01 - Annual Reporting and ERISA Coverage for 403(b) Plans - Q-12, the plan administrator has determined that it will not be practicable to comply fully with ERISA's annual reporting requirements for contracts that do not meet the conditions of FAB 2009-02. The plan administrator has instructed us not to perform and we did not perform any auditing procedures with respect to the plan participant balances prior to January 1, 2008, regardless of whether they meet the conditions of FAB 2009-02 - Annual Reporting Requirements for 403(b) Plans.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Canterbury School 403(b) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of Canterbury School 403(b) Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Canterbury School 403(b) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Part IV, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, are presented for purposes of additional analysis and are not required a part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

CANTERBURY SCHOOL 403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE A - DESCRIPTION OF PLAN

The following description of Canterbury School 403(b) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan originally effective September 1, 1983. The Plan has been amended throughout the years to comply with tax legislation and most recently restated effective September 1, 2021. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan sponsor is The Canterbury School, Inc. ("the Organization"). Effective September 1, 2021, the Plan was restated to change the Plan year to the 12 -month consecutive month period ending every December 31.

The SECURE 2.0 Act of 2022 ("SECURE 2.0"), signed into law on December 29, 2022, makes significant changes to existing law for retirement plans by building upon provisions in the SECURE Act of 2019. SECURE 2.0 introduces new requirements and considerations for Plan sponsors that are intended to expand coverage, increase savings, preserve income, and simplify plan rules and administrative procedures. Each of the provisions in SECURE 2.0 has its own effective date ranging from the date of enactment to 2028 and beyond, with the bulk of the provisions taking effect in 2023 and 2024. The Plan is required to be amended in regard to the requirements of SECURE 2.0 by December 31, 2025.

Eligibility:

Salary Deferrals - Active employees of the Organization are eligible to participate immediately. The employee enters the salary deferral portion of the Plan as soon as administratively feasible. The Plan excludes students, as defined by the Plan.

Organization Contributions - Active employees of the Organization who have attained 21 years of age are eligible to receive Organization matching contributions and nonelective contributions after completing one year of service and 1,000 hours within the Plan year.

Plan Contributions:

The Plan includes a salary deferral arrangement allowed under Section 403(b) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 403(b) contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants who have 15 years of service with the Organization are eligible to make special code section 403(b) catch-up contributions.

Organization contributions will be allocated to the individual accounts of qualifying participants each payroll period equal to a percentage of each qualifying participant's compensation determined by the number of such participant's years of service. Less than one year of service will receive a contribution percentage of 0%. Greater than one year will receive a contribution percentage of 6%. The amount of Organization contribution contributed to qualifying participants each Plan year is nondiscretionary.

The Organization makes qualifying matching contributions during the Plan year. The matching contribution is tiered and matched as a percentage of eligible compensation for the pay period. The tiers are as follows: 1% match for deferrals from 2.0 - 3.9%, 2% match for deferrals from 4.0 - 5.9%, and 3% match for deferrals of 6%. The match will be trued up annually.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Organization's nondiscretionary and matching contributions, and an allocation of Plan earnings or losses. Allocations are based on participant account balances. Income is allocated daily based on the shares in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account. The Plan currently offers various investment options for participants including mutual funds, interest bearing cash, pooled separate account, variable annuity accounts, and the insurance company general account investment.

Benefits and Vesting:

Participants are immediately vested in salary deferral and rollover contributions plus actual earnings thereon. Vesting in the Organization matching and nondiscretionary contribution portions of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested after three years of credited service and 1,000 hours of service within a Plan year. A participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate of 1% above the Wall Street Journal's published prime rate. Principal and interest is paid ratably through payroll deductions.

Benefit Payments:

Upon termination of service, death, disability, or retirement, the participant will receive the value of the vested interest in his or her account in the form of a lump-sum distribution or the purchase of an annuity contract which is maintained outside the Plan. The Plan allows for in-service distributions if a participant reaches age 59½ subject to Plan provisions.

Forfeited Accounts:

Forfeitures of the nonvested portion of terminated participants' account balances related to the Plan sponsor's contributions may first be used to pay the administrative expenses of the Plan. Forfeitures of matching contributions that relate to excess amounts that have not been used to pay administrative expenses, are applied to reduce matching contributions and discretionary contributions made after the forfeitures are determined. If any forfeitures still remain, such forfeitures will be reallocated. During the year ended December 31, 2024, \$33,105 of forfeitures were used to pay administrative expenses of the Plan. Forfeited nonvested accounts totaled \$2,332 and \$8,645 at December 31, 2024 and 2023, respectively.

Audit Scope Limitation:

Prior to 2008, the Plan's third-party administrator, TIAA and CREF, tracked contributions, investment earnings, distributions, and other activity on a "contract" basis. Each participant was setup as having a separate "contract" and plan level activity was not captured. This method of administration was utilized prior to January 1, 2008, as the regulations governing 403(b) plans did not require plan level reporting. The Plan administrator believes a good faith effort was made to obtain all relevant information prior to January 1, 2008. However, as a result of the method of administration and lack of historical plan level financial reporting, the Plan administrator is unable to obtain plan level information prior to January 1, 2008.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2024 and 2023

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of certain assets, liabilities and disclosures. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Unallocated Cash:

Cash consists of noninterest-bearing demand deposits. The Plan also maintains a noninterest-bearing contribution clearing account at the recordkeeper to temporarily hold contributions (including rollover contributions) pending allocation to participant accounts or investment in accordance with the terms of the Plan. Amounts in this contribution clearing account are presented as unallocated cash on the statement of net assets available for benefits.

At December 31, 2024, unallocated cash totaled \$467,946. This amount represents rollover contributions and internal custodian transfers within the Plan near year-end that were not allocated to the applicable participant's account until after year-end due to processing timing. The rollover contributions and internal transfers were held in a noninterest-bearing contribution clearing account until allocation. The rollover contributions and internal transfers were allocated to the participant's account in early 2025, consistent with the Plan's procedures for processing rollover contributions and internal transfers.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

Investment Valuation and Income Recognition:

Investments are reported at fair value as determined by Newport Trust Company, Teachers Insurance Annuity Association (TIAA) and College Retirement Equities Fund (CREF). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year, is presented in the statement of changes in net assets available for benefits.

Benefit Payments:

Benefits are recorded when paid.

CANTERBURY SCHOOL 403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2024 and 2023

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses:

The Plan's expenses are paid either by the Plan or the Organization, as provided by the Plan document. Expenses paid directly by the Organization are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investment presented in the accompanying statement of changes in net assets available for benefits.

Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan Termination:

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their Organization contributions.

NOTE C - PARTY-IN-INTEREST TRANSACTIONS

The recordkeeping services for the investments are provided by Pension Financial Services (PFS). The Plan investments are managed by Newport Trust Group, Ascensus LLC, and TIAA-CREF. Certain investments are issued by TIAA-CREF, and, therefore, the investment transactions qualify as party-in-interest transactions.

NOTE D - CERTIFICATION FROM THE CUSTODIANS

Teachers Insurance and Annuity Association (TIAA) and College Retirement Equities Fund (CREF), Newport Trust Company, and Ascensus Trust Company, the Plan custodians, have certified that all of the investments and investment-related activity and related income presented in the statements of net assets available for benefits, statement of changes in net assets available for benefits and supplemental schedules as of December 31, 2024 and 2023 and for the year ended December 31, 2024 are complete and accurate.

Effective November 14, 2024, the Plan changed custodians from Newport Trust Company to Ascensus Trust Company.

NOTE D - CERTIFICATION FROM THE CUSTODIANS (CONTINUED)

The following investment information included in the accompanying financial statements and supplementary schedules was obtained from data prepared and certified to as complete and accurate by the custodians as of December 31, 2024 and 2023 and for the year ended December 31, 2024:

	<u>2024</u>	<u>2023</u>

Interest on annuity contracts	\$ 23,832	
Interest on participant notes receivable	1,641	
Dividends	228,641	
Net appreciation in fair value of investments	1,653,268	

NOTE E - INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Plan sponsor by a letter dated March 31, 2017, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; see Note J for additional information on the current status of ongoing taxing jurisdiction and regulatory audits.

NOTE F - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 inputs) and the lowest priority to unobservable inputs (Level 3 inputs). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted process for similar assets in active markets and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

CANTERBURY SCHOOL 403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2024 and 2023

NOTE F - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related assets. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure the fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgement and considers factors specific to each asset.

The following valuation methodologies are used for assets measured at fair value:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: Valued at the NAV of units as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions.

Variable Annuity Accounts: Valued using market quotations obtained from independent pricing sources. Price readily determinable fair value.

Insurance Company General Account: Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Money market funds: are valued at cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE F - FAIR VALUE MEASUREMENTS (CONTINUED)

Quantitative Information about Level 3 Fair Value Measurements:

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those instruments, the significant unobservable inputs, and the ranges of values for those inputs:

Instrument	Fair Value		Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values
	2024	2023			
Guaranteed Investment Contract	\$ 2,077,679	\$ 2,256,711	Discounted Cash Flow	Risk adjusted discount rate applied	RA 3.65% - 6.50%
			Discounted Cash Flow	Daily transactions, interest rate, redemption feature, non-assignment feature, termination feature	1.85%

NOTE G - ANNUITY CONTRACTS WITH INSURANCE COMPANIES

Some participants maintain an individual annuity contract with TIAA. As part of the contracts, TIAA may maintain a portion of the contributions in a "guaranteed account", which is called the TIAA Traditional Non Benefit Responsive account. These accounts are credited with earnings on the underlying investments and charged for withdrawals and administrative expenses charged by TIAA. The guaranteed account is included in the financial statements at fair value, (which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses), because it is nonfully benefit responsive. The TIAA Traditional Non Benefit Responsive accounts are subject to a 10- year withdrawal period under certain individual annuity contracts.

Upon termination of the contract, the amount of each transfer payout annuity payment will be determined as of the annuity starting date for the transfer payout annuity by the amount of the TIAA Traditional Non Benefit Responsive accounts accumulation and the interest rates in the rate schedules under which any premiums, additional amounts, and internal transfers were applied to the account. There are no reserves against fair value for credit risk of the contract issuer or otherwise.

NOTE H – PROHIBITED TRANSACTIONS

The Organization failed to remit employee 403(b) deferral contributions for certain payroll periods within the timeframe prescribed by the Department of Labor. This is deemed a prohibited transaction in accordance with ERISA and the IRC. The Organization made full correction of such delinquent participant contributions for the year ended December 31, 2024 between January of 2025 and January of 2026; for the year ended December 31, 2023 between May of 2024 and January of 2026, for the year ended December 31, 2022 in May of 2023, and for the years December 31, 2021 and prior between February of 2023 and January 2026.

NOTE J – SUBSEQUENT EVENTS

Plan management has evaluated all activity of the Plan through May 1, 2026, the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition or disclosure in the financial statements or notes, except for those noted below.

Pursuant to notices issued on November 13, 2023, the Department of Labor (DOL) assessed a \$50,000 penalty with respect to the August 31, 2021, Form 5500 and a \$51,825 penalty with respect to the December 31, 2021, Form 5500 (collectively, the “Penalty Determination Notices”). On December 12, 2023, through duly-authorized legal counsel, the Canterbury School timely filed Requests for Hearing and Answers with the Office of the Administrative Law Judges opposing both Penalty Determination Notices. As of December 31, 2024, these matters were pending with the Office of the Administrative Law Judges.

NOTE J – SUBSEQUENT EVENTS (CONTINUED)

On June 4, 2024, the Plan filed a complete, amended Form 5500 for the August 31, 2021, Plan Year, including a revised IQPA audit report. In December 2024, the Plan filed a complete, amended Form 5500 for the Plan year ending December 31, 2021. In March 2025, the DOL requested the auditor's workpapers related to the August 31, 2021, Plan year and subsequently requested the auditor's "permanent file" for that audit. On August 1, 2025, the Canterbury School's DOL Legal Counsel was informed by the Primary DOL Lawyer that the DOL had completed its review of the Canterbury School's audit papers and determined that the Plan was in compliance with its Form 5500 filing obligations for the Plan years ending August 31, 2021, and December 31, 2021. Following this compliance determination, the DOL requested a settlement offer from the Canterbury School to resolve the initially assessed total civil penalties of \$101,825. After negotiation, the Canterbury School agreed to pay a total civil penalty of \$15,500 to settle the outstanding civil penalty matters for both Plan years. The Canterbury School paid this reduced penalty amount electronically on August 26, 2025, and on August 29, 2025, the Administrative Law Judge signed an order of dismissal, dismissing the civil penalty matter against the Canterbury School in connection with the two Plan years at issue. Importantly, no civil penalties have been paid by the Plan.

The 2023 Form 5500 was incompletely filed on May 7, 2025. An amended filing with the 2023 Independent Auditor's Report on March 24, 2026.

On February 5, 2026, the U.S. Department of Labor notified the Plan Administrator that the Plan's Form 5500 Annual Report for the plan year ended December 31, 2024, as filed, did not include the required independent auditor's report, audited financial statements, and related footnotes and that, as a result, the filing may be rejected and civil penalties may be assessed against the Plan Administrator if the matter is not corrected. The Plan Administrator intends to amend the 2024 Form 5500 to include the required information.

These events occurred after the balance sheet date and are not reflected in the accompanying financial statements. Management does not expect any further material impact as a result of this matter. All penalties assessed are the responsibility of the Canterbury School.
