Plan Administrator and Participants
Mountaire Corporation & Subsidiaries
Retirement Plan
Little Rock, Arkansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the Mountaire Corporation & Subsidiaries Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audits"). The financial statements comprise the statement of net assets available for benefits as of October 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of and for the years ended October 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audits opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audits does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, schedule of assets (held at end of year) as of October 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

October 31, 2025 and 2024

1. Summary of Significant Plan Provisions

The following description of the Mountaire Corporation & Subsidiaries Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreements for a complete description of the Plan’s provisions.

- a. **General** – The Plan is a defined contribution plan for the benefit of the employees of Mountaire Corporation and its subsidiaries (the “Employer”). The Plan includes separate profit sharing and 401(k) provisions. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.
- b. **Eligibility** – Each employee, who is not a member of a collective bargaining agreement, a leased employee, a nonresident alien, per diem, or an intern, is eligible to participate in the Plan at the next entry date upon the later of attaining age 18 and completing 3 months of service within a 12 consecutive month period. Entry dates for salary deferrals are the first day of each month. Entry dates for safe harbor Employer matching contributions and profit sharing contributions are November 1 or May 1 following the date an employee meets the eligibility requirements.
- c. **Contributions** – Participants may contribute through pre-tax payroll deductions and rollover contributions. Effective July 1, 2025, participants may make after-tax deferrals to the Plan. The Plan has an automatic contribution arrangement in which the Employer will withhold 2% of a participant’s compensation on a pre-tax basis as an automatic deferral unless the participant makes a contrary election to withhold a different percentage. The automatic deferral percentage will increase by 1% each year up to a maximum of 5% of compensation. The Employer will make safe harbor Employer matching contributions of 100% of participant’s contributions up to 3% of eligible compensation plus 50% of the participant’s contributions up to the next 2% of eligible compensation. A participant is eligible to receive a matching contribution for each payroll period in which they were an eligible participant. The Employer may also make a profit sharing contribution each year in an amount determined by the Board of Directors (the “Board”). Participants are eligible to share in the allocation of the Employer profit sharing contribution if they earned 1,000 hours or more of service and were employed on the last day of the Plan year unless these requirements were not met due to retirement. The profit sharing contribution is allocated to eligible participants based on the ratio of their eligible compensation to total eligible compensation. It is the Employer’s policy to fund the profit sharing contributions as soon as administratively feasible after the Plan year-end to which it pertains. The Board elected to make a profit sharing contribution of \$20,583,347 and \$19,057,360 for the years ended October 31, 2025 and 2024, respectively. The Plan contains provisions as to the maximum amount of annual additions that can be made to a participant’s account.
- d. **Participant accounts** – Each participant’s account is credited with the participant’s and Employer contributions and an allocation of Plan earnings/losses, and is charged with applicable withdrawals and an allocation of any administrative expenses. Allocations are based on the participant’s earnings, contributions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

1. Summary of Significant Plan Provisions (cont.)

- e. **Vesting** – At all times, each participant has fully vested rights to their own contributions, employer safe harbor matching contributions, and earnings/losses thereon. All participants employed become fully vested upon reaching age 65, death, or disability. Participants who resign or are dismissed for any reason other than death, retirement, or disability will be limited to the vested percentage of Employer discretionary contributions and earnings/losses thereon.

This vested percentage is determined as follows:

<u>Years of Service</u>	<u>Percentage of Account Vested</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years or greater	100%

- f. **Investment options** – Upon enrollment in the Plan, a participant may direct contributions into the investment options offered under the Plan. Participants may change their investment selections at any time.
- g. **Forfeitures** – The portion of a participant’s account to which they are not entitled upon termination of participation is deemed a forfeiture. All forfeitures may be used to pay administrative expenses or to fund employer contributions. For the Plan years ended October 31, 2025 and 2024, the Employer used approximately \$542,000 and \$447,000, respectively, in forfeitures for matching contributions and profit sharing contributions. For the Plan years ended October 31, 2025 and 2024, the Employer used approximately \$85,000 and \$0, respectively, in forfeitures to pay administrative expenses. No material forfeitures were available as of October 31, 2025 or 2024.
- h. **Notes receivable from participants** – Participants may borrow a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000, reduced by the excess of the highest outstanding note receivable balance during the preceding year over the outstanding note receivable balance at the date of the note, or 50% of the participant’s elective deferral account balance. Note terms range from 1 to 5 years or 15 years if for the purchase of a primary residence. The notes are secured by the participant’s account. Notes bear interest at a rate commensurate with local prevailing borrowing rates. Principal and interest are paid through payroll deductions.
- i. **Benefits** – Upon retirement, death, disability, or termination, a participant may elect to have their account paid in a lump sum or partial payment, or payments in monthly, quarterly, semiannual, or annual cash installments, unless the payment is for a required minimum distribution, as specified in the Plan document, or may elect to defer payment of their account balance if it exceeds \$7,000. If the participant’s account balance is equal to or less than \$7,000, the balance will be automatically distributed. In-service withdrawals are available at any time from a participant’s rollover account, to participants meeting the hardship requirements stipulated in the Plan document, and effective July 1, 2025, to participants who attain age 59½.

1. Summary of Significant Plan Provisions (cont.)

- j. **Corrective distributions** – The Plan failed the 415(c) Maximum Annual Additions Test for the year ended October 31, 2025 and the Actual Deferral Percentage Test and the 415(c) Maximum Annual Additions Test for the year ended October 31, 2024. As a result, corrective distributions in the amount of \$1,267 and \$31,242 are recorded as a liability on the accompanying statement of net assets available for benefits as of October 31, 2025 and 2024, respectively, and as a reduction of participant contributions on the accompanying statement of changes in net assets available for benefits. These corrective distributions were refunded to the applicable participants in January 2026 and February 2025, respectively.
- k. **Termination of the Plan** – Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

- a. **Basis of accounting** – The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).
- b. **Estimates** – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.
- c. **Investment valuation and income recognition** – Investments are reported at fair value. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan’s gains and losses on investments bought and sold, as well as held during the year.

- d. **Notes receivable from participants** – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan documents.
- e. **Payment of benefits** – Benefits are recorded when paid.
- f. **Administrative expenses** – Fees related to loans and distributions are charged directly to the participant’s account. Administrative expenses in excess of amounts paid by revenue sharing are allocated to participants’ accounts. Any administrative expenses paid by the Employer are excluded from these financial statements.

3. Investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by Empower Trust Company, LLC ("Empower"), the trustee of the Plan from July 1, 2025 through October 31, 2025, and Lincoln Financial Group Trust Company, Inc. ("Lincoln"), the trustee of the Plan from November 1, 2023 through June 30, 2025, and was not subjected to any audit procedures, except for comparing such information with the related information included in the financial statements and supplemental schedule:

- a. Investments at fair value as shown in the accompanying statement of net assets available for benefits of \$411,872,195 and \$338,046,838 as of October 31, 2025 and 2024, respectively.
- b. Interest and dividends as shown in the accompanying statement of changes in net assets available for benefits of \$22,855,312 and \$13,588,368 (excluding \$586,733 and \$462,418 of interest from notes receivable from participants) for the years ended October 31, 2025 and 2024, respectively.
- c. Net change in fair value of investments as shown in the accompanying statement of changes in net assets available for benefits of \$42,475,329 and \$60,303,014 for the years ended October 31, 2025 and 2024, respectively.
- d. All investment transactions that occurred during the years ended October 31, 2025 and 2024.
- e. All information included in the supplemental schedule, excluding participant loans.

The Plan provides for investments in various investments securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Further, due to the level risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

4. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is categorized based on a hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2025 or 2024.

Money market fund: This investment is valued at the fair value of the underlying investments, which are valued based on quoted market prices on the last business day of the Plan year.

Mutual funds: These investments are valued at quoted market prices on the last business day of the Plan year.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Tax Status

The Plan obtained its latest determination letter on May 29, 2014, in which the Internal Revenue Service ("IRS") stated the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code ("IRC"). Although the Plan document has been amended since receiving the determination letter, the Plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of October 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

6. Parties-in-Interest Transactions

Lincoln served as trustee and third-party administrator of the Plan through June 30, 2025. The Plan paid Lincoln for its services. Empower serves as trustee and third-party administrator effective July 1, 2025. Pension Consultants, Inc. serves as consultants for the Plan. Rose Law Firm serves as the Plan's attorney. The Plan pays all of these service providers for their services. The Plan also holds notes receivable from participants. As a result, all related transactions were with parties-in-interest. These transactions are exempt from being prohibited transactions under ERISA.
