Part I Asset and Liability Statement

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITORS' REPORT

To The Board of Trustees
MTA Higher Education Health and Welfare Fund

Opinion

We have audited the accompanying financial statements of MTA Higher Education Health and Welfare Fund (the "Fund" or the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of June 30, 2025 and 2024 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Fund as of June 30, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the audit of the Financial Statements section of our report. We are required to be independent of the Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of June 30, 2025, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting under ERISA.

NOTE 1 – DESCRIPTION OF PLAN

The following description of the MTA Higher Education Health and Welfare Fund (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan provides dental insurance benefits to the members of The Massachusetts State College Association, Massachusetts Society of Professors/Faculty Staff Union, Massachusetts Community College Council, Association of Professional Administrators, University Staff Association and Massachusetts Society of Professors/University of Lowell (collectively the "Associations"). The Plan is governed under a trust agreement between the Associations and the Board of Regents of Higher Education. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Benefits

The Plan provides dental benefits to its members and their dependents and certain prior members under a nonexperience - rated contract with an insurance company, whereby all benefit claims are covered by premiums paid under this contract.

Contributions

The Plan agreement provides that the Massachusetts Board of Higher Education is required to contribute to the Plan the amount set forth in the respective collective bargaining agreements. Additional funds are received from participating colleges for eligible staff who are compensated other than from state funds and from certain prior members under COBRA rules.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Payment of Benefits

Premiums paid by the Plan are recorded as insurance premiums in the accompanying statements of changes in net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *(CONTINUED)*

Cash and Cash Equivalents

All highly liquid investments with maturities of three months or less at the date of purchase are considered to be cash equivalents.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through May 27, 2026, the date these financial statements were available to be issued.

NOTE 3 – TAX STATUS

The fund established under the Plan to hold the Plan's assets is qualified pursuant to section 501(c)(9) of the Internal Revenue Code, and, accordingly, the fund is exempt from income taxes.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4 – CONCENTRATIONS

For each of the years ended June 30, 2025 and 2024, 49% and 48%, respectively, of the contributions to the Plan came from the Massachusetts Board of Higher Education and approximately 52% came from the various state colleges and universities. The receivable from the Board of Higher Education was $3,571,558 (85% of total receivables) and $3,535,807 (82% of total receivables) as of June 30, 2025 and 2024, respectively. All receivables are unsecured and considered collectible by management.

In the normal course of business, the Plan had cash amounts on deposit with one bank which exceeded the amount covered by FDIC insurance. The excess amount was approximately $-0- and $1,240,000 at June 30, 2025 and 2024, respectively.

NOTE 5 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the assets or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Exchange traded funds: Valued at the quoted closing market price in an active market at June 30.

Money market fund: Valued at the daily closing price as reported by the fund. The money market fund held by the plan is an open-end fund that is registered with the Securities and Exchange Commission. This fund is required to publish their daily net asset value ("NAV") and to transact at that price, which approximates $1. The money market fund held by the Plan is deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Fund's assets at fair value as of June 30, 2025 and 2024:

	Assets at Fair Value as of	
	June 30, 2025	June 30, 2024
	Level 1	Level 1
Exchange traded funds	$ 2,170,388	$ 1,917,626
Money market fund	-	2,644,285
	$ 2,170,388	$ 4,561,911

NOTE 6 – LINE OF CREDIT

The Plan maintains a $940,000 line of credit with UBS Financial Services, Inc., secured by its assets. There was no amount outstanding at June 30, 2025 or 2024. Borrowings on the line of credit are payable on demand and bear interest at a variable interest rate equal to the 30-day SOFR Average plus 0.11%.

NOTE 7 – RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

The Plan paid certain expenses related to plan operations to various service providers. These expenses are recorded as consulting fees, audit and bookkeeping and legal deductions from net assets in the accompanying statements of changes in net assets available for benefits. These transactions are party-in-interest transactions under ERISA.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 9 – PLAN TERMINATION

The Plan shall continue in existence for so long a period as may be necessary to conclude its affairs. Upon termination of the Plan, any and all assets of the Plan, after the payment of the expenses of establishing and administering the Plan until the assets of the Plan become exhausted.
