MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒

Independent Auditor's Report

The Plan Administrator
ERMCO 401(k) Plan
Dyersburg, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of ERMCO 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from the qualified institution as of December 31, 2024, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institution that management determined met the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at the End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the

supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institution that management determined met the requirements of ERISA Section 103(a)(3)(C).

ERMCO 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the ERMCO 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the comprehensive Plan Document for a more complete description of the Plan's provisions.

General

The Plan was originally adopted effective January 1, 1967. The Plan was subsequently merged into the National Rural Electric Cooperative Association 401(k) Pension Plan (NRECA Plan), a multiemployer Plan. On January 1, 2024, the assets of the NRECA Plan related to Electric Research and Manufacturing Cooperative, Inc. (the Company or ERMCO) spun off from the NRECA Plan. ERMCO is the sponsor of the Plan effective January 1, 2024. The Plan is a defined contribution plan covering substantially all non-union employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

As a result of the spin-off from the NRECA Plan, assets, including investments and notes receivable from participants, of approximately \$52 million in assets were transferred to the Plan on January 11, 2024. The NRECA Plan reported the transfer out of these assets on the 2023 Form 5500 of the NRECA Plan.

ERMCO acquired Georgia-based Spire Power Solutions L.P. (Spire) in December 2022. Effective January 1, 2024, the Spire Employees became eligible to participate in the Plan. The Spire Power Solution LP Non-Union Employees Retirement Saving Plan merged into the Plan on January 16, 2024. Approximately \$9 million in assets, including investments and notes receivable from participants, were merged into the Plan as a result of the acquisition.

Company employees represented by a union agreement participate in the ERMCO Union 401(k) Plan (the ERMCO Union Plan). If the employees change status between a non-represented and a represented status during the year, their account balances are transferred to the Plan.

Trustee and Administration of the Plan

The trustee and recordkeeper of the Plan is Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal). The administrator of the Plan is the Company. Principal holds all assets of the Plan in accordance with the service agreement with the Company. All assets of the Plan are in investment plan accounts at Principal. The Company and the Plan's investment advisor (the Advisor) determines the Plan's investment offerings and monitors investment performance.

Eligibility

There is no age or service requirement for the employees to enter the Plan. An eligible participant can enter the Plan immediately upon meeting the eligibility requirements. Union employees, non-resident aliens, members of a collective bargaining unit, leased employees, and independent contractors are not eligible to participate in the Plan.

Eligible employees will be automatically enrolled in the Plan at a 2.5% deferral rate unless the employee affirmatively elects not to participate in the Plan or elects to have another deferral percentage withheld.

ERMCO 401(k) Plan

Notes to Financial Statements

Contributions

Eligible participants may contribute, on a pre-tax or after-tax Roth basis, up to 100% of their qualifying annual compensation as elected in their salary deferral agreements. The plan also allows catch-up contributions for participants who attain the age of 50 within the year. Participant contributions are subject to certain Internal Revenue Code (IRC) limitations. Salary deferral agreements shall be made, terminated or changed according to procedures and limitations set up by the plan administrator and the Plan Document.

The Company may make a qualified nonelective (profit-sharing) contribution. Participants must work at least 1,000 hours during the Plan year. For the year ended December 31, 2024, the Company did not make a profit-sharing contribution.

The Company may make a discretionary matching contribution up to Internal Revenue Service (IRS) limits for all eligible participants. Participants must work at least 1,000 hours during the Plan year. For the year ended December 31, 2024, the Company made a matching contribution of 100% of the first 2.5% of participant deferrals.

Rollover contributions transferred from other qualified retirement plans are accepted as permitted by the Plan Document.

Participant Accounts

Each participant's account is credited with the participant's pre-tax, Roth and catch-up contributions, rollover contributions, discretionary matching, and profit sharing contributions, and an allocation of plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan or plan participants. Earnings or losses from investment funds are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option. Participants may direct the investment of their account balances into various investment options in mutual funds offered by the Plan. The benefit to which participants are entitled is the vested portion of their accounts.

Notes Receivable from Participants

Participants are permitted to borrow up to two loans outstanding at any time. A minimum of \$1,000 of their vested benefits under the Plan. Participants may borrow up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000, reduced by the highest outstanding loan balance in their account during the one-year period. Loans are secured by the participant's account and bear an interest rate based on the rates available for similar loans from commercial lending institutions. The notes are repaid ratably through payroll deductions over a period of five years or less. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the IRC.

Vesting

Participants are 100% vested in their individual deferral, Roth, rollover and discretionary contributions and the allocated earnings thereon.

ERMCO 401(k) Plan

Notes to Financial Statements

Payment of Benefits

A participant's entire interest in the Plan is payable upon death, attainment of normal retirement age, becoming disabled, as defined, or termination of service. A participant may elect to receive a lump-sum amount equal to the vested portion of the participant's account, or an annuity. Participants can take an in-service withdrawal from their pre-tax, Roth, catch up or rollover accounts at any time. Participants can take an in-service withdrawal from their vested balance once age 59.5 is reached.

If a participant's total vested account balance is under \$5,000 but over \$1,000 at the time of termination, the balance will be rolled over to an IRA. If the balance is less than \$1,000 the participant will automatically receive a distribution of the entire vested account balance in a lump sum.

Participants may elect to rollover their vested balance to another qualified retirement plan or IRA.

Forfeitures

At December 31, 2024, forfeited account totaled approximately \$284. These accounts may be used to pay administrative expenses and reduce future employer contributions. No forfeitures were used to pay administrative expenses or fund employer contributions in 2024.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisers. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements

Contributions

Employee contributions are recorded in the period payroll deductions are made. Discretionary matching contributions and qualified nonelective (profit-sharing) contributions are recorded for the year to which they apply. Contributions received by the Plan prior to the period the compensation was paid are recorded as a liability in the statement of net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Administrative Expenses

Certain expenses of the Plan are paid by the Company and are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses.

3. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

ERMCO 401(k) Plan

Notes to Financial Statements

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily fair value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 67,874,180	\$ -	\$ -	\$ 67,874,180
Total Investments, at fair value	\$ 67,874,180	\$ -	\$ -	\$ 67,874,180

4. Certified Investment Information

The Company has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, Principal, a qualified institution, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the statement of net assets available for benefits as of December 31, 2024.
- Interest and dividend income and net appreciation in the fair value of investments as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investment amounts included in the notes to financial statements.
- All investment information, except for notes receivable from participants, included in the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024.

At the request of the Company, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess

Notes to Financial Statements

whether they are in accordance with the presentation and disclosure requirements of GAAP, and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

5. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would remain 100% vested in their accounts.

6. Income Tax Status

The Company has adopted a Non-Standardized Pre-Approved Profit Sharing Plan with CODA, which has received an opinion letter from the IRS dated June 30, 2020, indicating that the Non-Standardized Pre-Approved Profit Sharing Plan with CODA is designed in accordance with the applicable sections of the IRC. The Company believes that the Plan, as amended, is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore tax exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

7. Related Party and Party-in-Interest Transactions

Certain Plan investments are held and managed by Principal. Principal also receives certain direct and indirect fees, as outlined in the various fee disclosures to the Company. Notes receivable from participants are also party-in-interest transactions. The above transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

8. Risks and Uncertainties

The Plan invests in mutual funds, which are exposed to various risks such as interest rate, market, and credit risks. Additionally, the value, liquidity, and related income of the investment securities are sensitive to changes in economic conditions and may be adversely affected by shifts in the market perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in value in the near term could materially affect the amounts reported in the accompanying statements of net assets available for benefits and participant accounts.

9. Subsequent Events

The Plan has evaluated subsequent events through May 22, 2026, which is the date the financial statements were available to be issued. There were no events or transactions discovered during this evaluation that required recognition or disclosure in the financial statements, except as noted below.

Effective March 1, 2025 the Plan was restated to include an automatic escalation feature. Employees subject to automatic enrollment will be subject to an automatic increases of 1% every March 1, until an maximum deferral rate of 10.5% is reached.
