401(k) Profit Sharing Plan for Employees of Child & Family
Resources, Inc.
Tucson, Arizona

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the 401(k) Profit-Sharing Plan for Employees of Child & Family Resources, Inc. (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended June 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended June 30, 2025 and 2024, stating that the certified investment information, as described in Note 11 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(continued)

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

(continued)

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – *Supplemental Schedule Required by ERISA*

The supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year) as of June 30, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

(continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**401(K) PROFIT-SHARING PLAN FOR EMPLOYEES
OF CHILD & FAMILY RESOURCES, INC.
NOTES TO FINANCIAL STATEMENTS**

June 30, 2025 and 2024

1. DESCRIPTION OF PLAN

The following description of the 401(k) Profit-Sharing Plan for Employees of Child & Family Resources, Inc. (the “Plan”) provides only general information. Child & Family Resources, Inc. (the “Sponsor”) is the sponsor of the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a deferred arrangement covering all eligible employees of the Sponsor. Employees may begin contributing to the Plan beginning on their date of hire or once they have attained the age of twenty-one. Employees are eligible to receive discretionary matching and non-elective contributions on their entry date after attaining age twenty-one and completing at least one year of service. The participant’s entry date is the first day of the Plan year, or the first day of the seventh month of the Plan year, after satisfying the eligibility requirements. The Plan defines one year of credited service to be a Plan year with at least 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employer Contributions

Each year, the Sponsor may make discretionary matching or non-elective contributions that are subject to certain statutory limitations. The Sponsor’s discretionary matching contribution is equal to a uniform percentage or dollar amount of the participant’s elective deferral. The Sponsor’s non-elective contribution is multiplied by the fraction of the employee’s compensation over total compensation of all eligible employees to determine each employee’s share. The Sponsor made a discretionary matching contribution of \$267,834 to the Plan for the year ended June 30, 2025.

Participant Accounts

Each participant’s account is credited with the participant’s elective deferral and rollover contributions, employer contributions and actual earnings thereon, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

(continued)

1. DESCRIPTION OF PLAN (continued)

Participant Contributions

Each year, participants may elect to defer a percentage or dollar amount of their pretax annual compensation. Participants may also elect to make a Roth contribution to the Plan. Both pretax and Roth contributions are subject to certain statutory limits determined annually and prescribed by the Internal Revenue Service (IRS). The Plan also permits eligible participants to make additional voluntary contributions of qualified rollovers from other retirement plans.

The Plan includes an auto enrollment feature whereby if the participant does not complete a salary reduction agreement, the Sponsor will automatically withhold 1% from the participant's salary and contribute on their behalf starting the first pay period beginning on or after the entry date into the Plan. All automatic deferrals are to be invested into the Sponsor selected default investments until such time that the participant takes affirmative action to change their investment percentage or options. The auto enrollment feature also includes a graduated escalation percentage increase in each subsequent year of auto enrollment. The participants' withholdings will increase one percentage point each Plan year following commencement of contributions until such time that the participant takes affirmative action or auto enrollment reaches the fifth year and escalation is capped at 10%.

Vesting

Participants are immediately vested in their pretax elective and Roth deferral contributions and any rollover contributions made to the Plan, plus actual earnings thereon. Vesting in the employer's contribution portion of the participants' accounts, plus actual earnings thereon, is based on years of credited service. For discretionary matching and non-elective contributions, participants vest 20% annually beginning with the completion of their second year of service and are 100% vested after six years of service or upon the normal retirement age.

Payment of Benefits

On termination of services due to death, disability, retirement or other reasons, a participant will receive a lump-sum amount equal to the value of the vested interest in his or her account.

Hardship Withdrawals

If approved by the Plan administrator, a participant may withdraw the vested portion of his or her individual account balance to satisfy immediate and heavy financial needs, such as the purchase of a principal residence, to prevent eviction from or foreclosure on a principal residence, for the repair of qualified damage to a principal residence, medical expenses for qualified persons, post-secondary education expenses for qualified persons, or burial and funeral expenses for qualified persons. Prior to receiving a hardship withdrawal, a participant must first exhaust all other options, including a loan from the Plan.

(continued)

1. DESCRIPTION OF PLAN (continued)

Forfeited Accounts

Forfeited non-vested accounts totaled \$24 and \$58 at June 30, 2025 and 2024, respectively. These accounts are used to offset employer contributions or pay the Plan's administrative expenses.

	<u>Forfeited Non-Vested Accounts</u>
Balance, beginning of year	\$ 58
Forfeiture applied	23,637
Forfeiture interest earned	506
Forfeiture paid to plan sponsor	(7,452)
Forfeitures used for administrative expenses	<u>(16,725)</u>
Balance, end of year	<u>\$ 24</u>

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or one-half of their vested account balance, whichever is less. Loan terms may not exceed five years unless the loan proceeds are applied toward the purchase of a primary residence. Loans are secured by the balance in the participant's account and bear an interest rate between 4.25% and 9.5%, which is commensurate with local prevailing rates at time of issuance as determined by the Plan administrator.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

(continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition (continued)

Net appreciation in fair value of investments includes both realized and unrealized gains and losses on investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances, plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits paid to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid for by the Sponsor. Investment related expenses are included in net appreciation in fair value of investments.

Fair Value Measurements

FASB Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

All financial instruments held by the Plan are considered to be participant directed investments. See Note 7 for further information on fair value measurements.

Cash and Cash Equivalents

The Plan considers all highly liquid investments purchased with a maturity of three months or less to be cash equivalents. The Plan's cash and cash equivalents are maintained at a financial institution. It is the opinion of management that the solvency of the referenced financial institution is not of concern at this time. At times, such investments may be in excess of the \$500,000 Securities Investor Protection Corporation (SIPC) insurance limit. However, the trustees do not believe that the Plan is exposed to any significant risk. SIPC does not protect against losses in market value. There were no uninsured cash and cash equivalent balances at June 30, 2025 and 2024.

(continued)

3. INCOME TAX STATUS

The Plan has been drafted to satisfy the requirements under the Internal Revenue Code (“IRC”) as they pertain to 401(k) plans. The Internal Revenue Service (“IRS”) has determined and informed the Plan by letter in June 2020 that the Plan and related trust are designed in accordance with applicable sections of the IRC.

The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status of the trust. As such, Plan management evaluates tax positions taken by the Plan and recognizes a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management believes the Plan is currently designed in compliance with the applicable requirements of the IRC.

The Plan is subject to routine audits by taxing jurisdictions generally for up to three years after filing. However, there are currently no audits for any tax periods in progress.

4. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

5. CONCENTRATION OF CREDIT RISK

The notes receivable from participants are due from Plan participants, almost all of whom live and work in the Southern Arizona area and are employed by Child and Family Resources, the Plan sponsor. The notes are collateralized by the participant’s account in the Plan.

6. AGREEMENTS AND TRANSACTIONS WITH PARTIES-IN-INTEREST

Fees paid by the Sponsor on behalf of the Plan for legal, accounting and other services rendered to the Plan were based upon customary and reasonable rates for such services, as determined by the Plan’s trustees.

(continued)

6. AGREEMENTS AND TRANSACTIONS WITH PARTIES-IN-INTEREST (continued)

Certain investments held by the Plan as of June 30, 2025 and 2024, are managed or sponsored by the asset custodian. The Principal Trust Company served as the asset custodian for the Plan for the year ended June 30, 2025. The Mutual of America Life Insurance Company served as the asset custodian for the Plan for the year ended June 30, 2024. Therefore, transactions in these shares qualify as party-in-interest transactions. Additionally, Principal Trust Company and Mutual of America Life Insurance Company provided administrative services to the Plan. Fees paid for administrative and investment services to service providers, which qualify as exempt party-in-interest transactions, were \$31,985 for the year ended June 30, 2025.

7. INVESTMENTS

The Plan has entered into investment contracts with Principal Trust Company (Principal). In 2024, prior to the switch in asset custodians to Principal, all investment contracts were with Mutual of America Life Insurance Company. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Principal. Investment information was obtained from data that has been prepared and certified as to being complete and accurate by Principal, the asset custodian.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2025 and 2024.

Pooled separate accounts: Valued at the net asset value (NAV) of units held by the Plan at year end based on the market value of its underlying investments. Although the pooled separate accounts are not available in an active market, the NAV of the units are approximated based on the quoted prices of the underlying investments that are traded in an active market. The Plan has no unfunded commitments related to any of these investments and there are no Plan initiated redemption restrictions on these investments. There are no redemption restrictions on participant's holdings in the investments and the Plan can redeem these investments.

Deposit administration accounts: A contract under which contributions are not currently applied to the purchase of single-payment deferred annuities for individual participants. Under the deposit administration contract, payments to Mutual of America Life Insurance Company are intended to provide future benefits to participants and are credited to an account. For investment purposes, the monies in the account are commingled with other assets of Mutual of America Life Insurance Company. The account is credited with interest at a rate of 1% and charged with the purchase price of annuities when participants retire and with any incidental benefits (death, disability and withdrawal) disbursed directly from the account.

Mutual funds: Valued at the closing price reported in the active market in which the individual securities are traded.

Common/collective trust: Valued based on the contractual terms of the underlying Guaranteed Investment Contracts' rate of return and liquidity. Reported at net NAV as a practical expedient.

7. INVESTMENTS (continued)

The funds in the Plan are allocated to individual plan participants, therefore, the funds are always available to pay benefits, subject to the Plan's vesting schedule. Since the Sponsor does not control participant assets, the need for the Plan to be benefit responsive is not relevant. Mutual of America Life Insurance Company values the deposit administration account at contract value basis. If funds are transferred to another funding vehicle or investment they may be subject to market value adjustment.

During the year ended June 30, 2025, the Plan's investments (including gains and losses on investments bought, sold and held during the year) appreciated in value by \$517,659. Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended June 30, 2025 are reported in net appreciation in fair value of investments.

The Financial Accounting Standards Board has established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets or active markets that the Plan does not have access to;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(continued)

7. INVESTMENTS (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended June 30, 2025 and 2024, there were no significant transfers between investment levels.

The following table summarizes investments measured at fair market value as of June 30, 2025 and 2024:

	Fair Value Measurements Using

10. INFORMATION PREPARED AND CERTIFIED BY ASSET CUSTODIANS

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company and Mutual of America Life Insurance Company, the asset custodians, have certified that the following data included in the financial statements is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of June 30, 2025 and 2024.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended June 30, 2025.
- Schedule H, line 4i – schedule of assets (held at end of year), as of June 30, 2025.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

11. CONTINGENCIES

The Plan failed to timely file a complete Form 5500 as required by DOL Rules and Regulations and the IRS. The Plan could potentially be subject to late filing penalties. As of May 28, 2026, the Plan had not applied for relief through the DOL's delinquent filer program.

12. SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through May 28, 2026, the date the financial statements were available to be issued.
