Tribal Council

Lac du Flambeau Band of Lake Superior Chippewa Indians Enterprise 401(k) Plan

Lac du Flambeau, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Lac du Flambeau Band of Lake Superior Chippewa Indians Enterprise 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended September 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Lac du Flambeau Band of Lake Superior Chippewa Indians Enterprise 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2025 and 2024, and for the year ended September 30, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

"Wipfli" is the brand name under which Wipfli LLP and Wipfli Advisory LLC and its respective subsidiary entities provide professional services. Wipfli LLP and Wipfli Advisory LLC (and its respective subsidiary entities) practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations, and professional standards. Wipfli LLP is a licensed independent CPA firm that provides attest services to its clients, and Wipfli Advisory LLC provides tax and business consulting services to its clients. Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lac du Flambeau Band of Lake Superior Chippewa Indians Enterprise 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lac du Flambeau Band of Lake Superior Chippewa Indians Enterprise 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lac du Flambeau Band of Lake Superior Chippewa Indians Enterprise 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lac du Flambeau Band of Lake Superior Chippewa Indians Enterprise 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of September 30, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the financial statements

Note 1: Description of Plan

The following description of the Lac du Flambeau Band of Lake Superior Chippewa Indians Enterprise 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Setting Every Community Up for Retirement Enhancement ("SECURE") 2.0 Act

The SECURE 2.0 Act of 2022 ("SECURE 2.0"), signed into law on December 29, 2022, makes significant changes to existing law for retirement plans by building upon provisions in the SECURE Act of 2019. SECURE 2.0 introduces new requirements and considerations for plan sponsors that are intended to expand coverage, increase savings, preserve income, and simplify plan rules and administrative procedures. The effective date of the provisions of SECURE 2.0 vary from becoming effective immediately through 2028. Those provisions include both required and optional elements. All provisions of SECURE 2.0 have been and will continue to be evaluated and implemented by plan management in accordance with future regulations and guidance, and the Plan will be amended, as needed.

General

The Plan is a defined contribution plan covering the commercial employees of Lac du Flambeau Band of Lake Superior Chippewa Indians (the "Tribe" or "Employer") who have 90 days of service and are age 21 or older. The Plan is maintained in reasonable and good faith operational compliance with the Employee Retirement Income Security Act of 1974 (ERISA), as required by Section 906 of the Pension Protection Act (PPA) and the Tribal transition relief announced by the Internal Revenue Service (IRS) in Notice 2006-89 and Notice 2007-67.

Contributions

Each year participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, not to exceed the maximum amount allowed by the Internal Revenue Service (IRS). Effective October 1, 2024, the plan document was restated to exclude the auto-enrollment provision. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Under SECURE 2.0, the Plan elected to permit participants who are ages 60 to 63 to make additional catch-up contributions ("super catch-up contributions") above the regular catch-up contribution limit. These super catch-up contributions are treated as participant elective deferrals. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Tribe contributes an enhanced safe harbor match equal to 100% of the first 5% of each participant's compensation contributed to the Plan. The Tribe may also make a discretionary profit sharing contribution as declared by the Tribal Council and a discretionary matching contribution based on a uniform percentage at a rate as declared by the Tribal Council. There were no discretionary profit sharing or discretionary matching contributions for the year ended September 30, 2025.

Contributions are subject to certain IRS limitations.

Enterprise 401(k) Plan

Notes to the financial statements

Note 1: Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, the Tribe's safe harbor matching contribution, and allocations of (a) the Tribe's discretionary contributions and (b) plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully and immediately vested in all contributions, plus actual earnings (losses) thereon, regardless of a participant's years of service.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.50%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump sum amount, partial lump sum amount, or installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. If the participant's vested account balance does not exceed \$7,000, the Plan will distribute that portion in a lump-sum as soon as administratively feasible after the participant terminates employment with the Tribe. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2.

In-service distributions are also allowed for a qualified birth or adoption (QBAD) in an amount not to exceed \$5,000 for each eligible child or adoptee. Any participant who receives a QBAD may make rollover contributions to the Plan within three years after the QBAD in an aggregate amount that does not exceed the amount of the QBAD for the purpose of restoring the participant's account balance and seeking a refund of income taxes paid by the participant in connection with the QBAD.

Note 1: Description of Plan (Continued)

Forfeitures

All participant accounts are fully vested and nonforfeitable. Forfeitures arise as a result of adjustments made to safe harbor matching contribution allocations. These forfeitures shall be used to reduce the amount of Tribe contributions in accordance with the plan document. At September 30, 2025, there were no forfeited nonvested accounts. At September 30, 2024, there was \$1 in forfeited nonvested accounts. Forfeitures in the amount of \$1 were used to reduce Employer contributions for the year ended September 30, 2025.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of the accompanying financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2025 and 2024. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Note 2: Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Tribe. Expenses that are paid by the Tribe are excluded from these financial statements. Fees related to the administration of distributions and notes receivable from participants are charged directly to the participant's account. Investment advisory expenses are allocated proportionately to plan participants based on their respective account balances and are included in net investment income.

Subsequent Events

The Plan has evaluated subsequent events through June 2, 2026, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Note 3: Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of September 30, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Key Guaranteed Portfolio Fund: Valued by using a discounted cash flow valuation methodology where the interest rate for the portfolio investment contract is reset at least as frequently as annually.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of September 30, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of September 30, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,018,555	\$ -	\$ -	\$ 12,018,555
Key Guaranteed Portfolio Fund	-	503,518	-	503,518
Total investment assets at fair value	\$ 12,018,555	\$ 503,518	\$ -	\$ 12,522,073

	Assets at Fair Value as of September 30, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 11,171,839	\$ -	\$ -	\$ 11,171,839
Key Guaranteed Portfolio Fund	-	219,595	-	219,595
Total investment assets at fair value	\$ 11,171,839	\$ 219,595	\$ -	\$ 11,391,434

Transfers Between Levels

For the years ended September 30, 2025 and 2024, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Lac du Flambeau Band of Lake Superior Chippewa Indians

Enterprise 401(k) Plan

Notes to the financial statements

Note 4: Information Prepared and Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at September 30, 2025 and 2024, and net appreciation in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended September 30, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower Trust Company, LLC and its affiliate, Empower Annuity Insurance Company of America, collectively the Trustee of the Plan.

Note 5: Plan Termination

Although it has not expressed any intent to do so, the Tribe has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the terms of the Plan and the Tribe's reasonable and good faith operational compliance with ERISA.

Note 6: Tax Status

The IRS has determined and informed the Tribe by a letter that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Tribe's benefits counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8: Party-in-Interest Transactions

The Key Guaranteed Portfolio fund is managed by Empower Annuity Insurance Company of America (EAICA), the Trustee of the Plan. EAICA also provides third-party administrative services to the Plan. Therefore, these transactions qualify as party-in-interest transactions.

Global Retirement Partners, LLC and Empower Advisory Group, LLC, provide investment advisory and management services to the Plan, which also qualify as party-in-interest transactions.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.
