The Plan Administrator
D&B Supply Co. 401(k) Plan
Caldwell, Idaho 83605

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audit of the financial statements of D&B Supply Co. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of July 25, 2025, and the related statement of changes in net assets available for benefits for the period ended January 1, 2025 through July 25, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of D&B Supply Co. 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of July 25, 2025, and for the period ended January 1, 2025 through July 25, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of D&B Supply Co. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Merger

As further discussed in Note 9 to the financial statements, the Plan merged into the Mid-States Multiple Employer Plan effective July 25, 2025. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are

considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i-schedule of assets held at end of year as of July 25, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of D&B Supply Co. 401(k) Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 10, 2025 indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following brief description of the D&B Supply Co. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan covering qualified employees of D&B Supply Co. (the Company). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees was responsible for oversight of the Plan.

Eligibility

Employees were eligible to participate in the Plan if they had completed 2 months of service and are 21 years of age. Part time employees, temporary employees, and seasonal employees were not eligible to participate in the Plan.

Entry Date

Employees were able enter the Plan on the first day of month coinciding with or next following date they satisfied the Plan's eligibility requirements.

Contributions

Each year, participants could contribute up to 100% of their pretax annual compensation, as defined in the Plan. Contributions were subject to certain Internal Revenue Code (IRC) limitations. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. In addition, qualified employees were able to elect to defer an additional catch-up contribution as defined in the Plan document. Participants were able contribute amounts representing distributions from other qualified plans (rollover). Matching contributions were contributed at the discretion of the employer. For the 2025 plan year, the Company made a discretionary matching contribution equal to 50% of the participants' deferral contribution, but not in excess of 4% of the participants' qualified wages.

The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 4% of eligible compensation and their contributions invested in a designated fund until changed by the participant. Participants were auto escalated 1% on January 1 of the Plan year until an 8% max deferral is met.

Participant Accounts

Each participant's account was credited with the participant's contributions and the Company matching contributions, as well as allocations of the Company discretionary contributions and Plan earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant's compensation, account balances or specific participant transactions, as defined by the Plan document. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment to the Plan, participants were able to direct deferrals and employer contributions in any of the funds offered by the Plan. Participants were able to change their investment options daily.

Vesting

Vesting was based on years of credited services as set forth in the following table:

<u>Participant's Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

At July 25, 2025 and December 31, 2024, forfeited non-vested accounts totaled \$0. These accounts were used to reduce future employer contributions and offset plan expenses. During the year ended July 25, 2025, forfeited non-vested accounts of \$1,960 were used to pay administrative expenses of the Plan and \$20,537 were used to reduce employer matching contributions.

Payment of Benefits

Participants were able to elect to receive either a lump-sum amount equal to the value of their vested interest or partial payments, or installment payments as defined in the Plan document upon retirement, termination of service, death or disability. A terminated participant with a balance of less than \$5,000 were able to be automatically paid out by the Plan upon termination. Distributions were made at the participant's election prior to termination upon attainment of age 59 ½ or hardship as defined in the Plan document.

Plan Termination

The Executive Committee of the Board of Trustees of D&B Supply Co. 401(k) Plan resolved to terminate the plan on July 25, 2025 subject to the provisions set forth in ERISA. The American United Life Insurance Co. (AUL) stable value fund contract was cancelled July 25, 2025, and is recorded as a payable to the Mid-States Multiple Employer Plan as of July 25, 2025. See Note 9.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America required management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments were reported at fair value except for the fully benefit-responsive investment contract, which was reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan Sponsor determined the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Dividends were recorded on the ex-dividend date. Interest income was recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

The classification of investment earnings reported above and in the statement of changes in net assets may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Contributions

Participant contributions and the related Company matching contributions are recorded in the year in which the employee contributions are withheld from compensation.

Payments of Benefits

Benefit payments to participants were recorded upon distribution.

Expenses

The Plan's expenses were paid by either the Plan or the Company, as provided by the Plan document. Expenses that were paid directly by the Company were excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that were paid by the Plan are recorded as deductions in the accompanying statement of changes in net asset available for benefits. In addition, certain investment related expenses were included in net appreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Subsequent Events

The Plan Sponsor has evaluated subsequent events through April 30, 2026, the date which the financial statements were available to be issued.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 25, 2025 and December 31, 2024.

Registered Investment Companies (Mutual Funds) – valued at the daily closing prices as reported by the fund. Registered investment companies held by the Plan are open-ended registered investment companies that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value at December 31, 2024:

	2024			
	Level 1	Level 2	Level 3	Total
Registered Investment Companies	\$ 17,156,664	\$ -	\$ -	\$ 17,156,664
Investments at fair value	<u>\$ 17,156,664</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 17,156,664</u>

Note 4 - Certified Information

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at July 25, 2025 and December 31, 2024, and net appreciation in fair value of investments, interest and dividends, for the period ended January 1, 2025 to July 25, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by American United Life Insurance Company (the custodian).

Note 5 - Tax Status

The Plan uses a pre-approved plan document sponsored by One America Financial Partners, Inc. which received an advisory letter from the Internal Revenue Service (IRS), dated November 30, 2020, stating that the pre-approved document satisfies the applicable provisions of the IRC. The Plan’s management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Contract with Insurance Company

Because the guaranteed investment contract (GIC) is fully benefit-responsive, contract value is the relevant measure for the GIC, as this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value as reported to the Plan by AUL represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the investment contract at July 25, 2025 and December 31, 2024, was \$995,490 and \$1,206,994, respectively.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) The employer rejects a modification to this contract that is proposed by AUL, (2) AUL ceases issuing new contracts of this type and intends to terminate substantially all contracts similar in nature, (3) after the first 3 Contract Years have elapsed, the aggregate account value under this contract totals less than \$100,000, (4) the Plan continues to be operated or administered in a manner that would disqualify the Plan, is unlawful, violates ERISA or the Internal Revenue Code, or exposes AUL to potential liability, after AUL has provided the employer with at least 30 days' notice of the concern, (5) the employer files for protection under federal bankruptcy law, is deemed insolvent, dissolves, closes, shuts down its business, or ceases operations, or (6) premature termination of the contract.

Effective July 25, 2025, the Plan terminated and merged into another qualified defined contribution plan. In connection with the merger, the GIC is payable to, and intended to be transferred to, the successor plan and its related service provider in accordance with the terms of the contract. The Plan's ability to transact at contract value is subject to the contract provisions applicable to plan termination and plan-to-plan transfers. Accordingly, amounts ultimately realized or transferred may differ from contract value..

Each year, at least 35 days prior to January 1, AUL declares a guaranteed rate that shall apply for the subsequent calendar year. No guaranteed rate may be less than an annual effective interest rate of 0%. The rate paid in 2025 was 2.5%. Such interest rates are reviewed annually for resetting.

Note 7 - Related Party and Party-in-Interest Transactions

The stable value fund managed by American United Life Insurance Company, the custodian as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under the ERISA.

Note 8 - Risks and Uncertainties

The Plan invested in various investment securities. Investment securities were exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could have impacted the value of investment securities, such as a pandemic or global conflict. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities may have occurred and that such changes could have materially affected participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 - Transfer to Mid-States Multiple Employer Plan

Effective July 25, 2025, the Plan has elected to merge into the Mid-States Multiple Employer Plan. Simultaneously with the merger, the Board of Trustees of the Plan resolved to terminate the plan effective July 25, 2025. The AUL stable value fund contract was cancelled July 25, 2025, and is recorded as a payable to the Mid-States Multiple Employer Plan as of July 25, 2025.

Note 10 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of assets and liabilities per the financial statements at July 25, 2025 to Form 5500:

Total assets per the Financial Statements	\$ 995,490
Investments at contract value	<u>(995,490)</u>
Total assets per the Form 5500	<u>\$ -</u>
Total liabilities per the Financial Statements	\$ 995,490
