Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **PKF O'CONNOR DAVIES, LLP**

(2) EIN: **27-1728945**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	☒		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year?..... ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

Independent Auditors' Report

The Retirement Plan Committee of Farmer Bros. Co. Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Farmer Bros. Co. Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of August 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of August 31, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

**The Retirement Plan Committee of
Farmer Bros. Co. Pension Plan**

Page 3

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of: (1) Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of August 31, 2025 and (2) Schedule H, Part IV, Line 4j – Schedule of Reportable Transactions for the year ended August 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**The Retirement Plan Committee of
Farmer Bros. Co. Pension Plan**

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
August 31, 2025 and 2024

1. Description of Plan

The following brief description of the Farmer Bros. Co. Pension Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined benefit plan established on August 30, 1962 to provide retirement benefits to eligible employees of Farmer Bros. Co. (the “Company” or “Employer”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was amended and restated on January 1, 2018. Specific provisions of the Plan are contained in the Plan document, which governs the legal operations of the Plan.

Effective December 1, 2018, the Farmer Bros. Co. Retirement Plan (the “Retirement Plan”) terminated. The termination occurred in three parts: a lump sum to participant’s whose balance did not exceed \$5,000; annuity purchase was made for participants whose balance exceeded \$5,000 and elected an annuity payment, and remaining assets of \$63,805,348 and the associated accumulated plan benefits were transferred to the Plan. Effective December 31, 2009, employees hired after this date were not eligible for the Retirement Plan and benefit accruals ceased on June 30, 2011. All benefit payments will be paid out of the Plan.

In April 2025, the Company purchased an annuity with Fidelity and Guaranty Life Insurance Company on behalf of certain Plan participants in the amount of \$36,736,000. In October 2025, the Plan received a refund adjustment for the original purchase of annuity of \$188,121.

In May 2026, Royal Cup acquired Farmer Bros. Co.

Eligibility

An employee who was represented by Communication Workers of America, IUE – CWA, Local 9400 (“Brewmatic”) was eligible to participate in the Plan if he or she had completed three years of service. Due to a previous closing of operations in 2013, there are no active participants.

Effective August 31, 1989, the collective bargaining agreement between the Company and the union with respect to employees of Custom Coffee expired and effective September 20, 1989 the union disclaimed its representation of all employees of Custom Coffee. As a result, effective September 20, 1989, employees of Custom Coffee became ineligible to participate in the Plan and benefits were frozen as of September 19, 1989.

Plan Administration

The Plan Administrator is responsible for controlling and managing the Plan’s operations and making investment allocations. The Principal Trust Company (the “Trustee”) executes investment transactions and invests cash received and investment income as directed by the Plan Administrator.

1. Description of Plan (*continued*)

Pension Benefits and Vesting

Normal retirement age is 65; however, participants may retire earlier or later. For married participants, the normal form of payment is a joint and survivor annuity. The normal benefit for unmarried participants is a monthly amount payable for the life of the participant. If the actuarial equivalent of the participant's vested accrued benefit does not exceed \$7,000, it will be paid in a lump sum as soon as administratively feasible after retirement date or the date of severance from employment for any reason other than death.

For employees of Brewmatic, a participant's earned benefit is \$40.00 multiplied by the sum of service a participant earns for each service period.

For employees of Custom Coffee, a participant's earned benefit is \$14.50 multiplied by the sum of service a participant earns for each service period as of September 19, 1989.

For participants of the Retirement Plan, a participant's earned benefit is 1.50% of average compensation times years of credited service.

A participant becomes fully vested in his or her accrued pension benefit on the date he or she attains normal retirement age (provided he or she is an employee of the Company), completes five years of vested service or upon the date of death. All benefit accruals are frozen.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, investments where fair value is measured using the Net Asset Value ("NAV") per share as a practical expedient is not categorized within the fair value hierarchy.

2. Summary of Significant Accounting Policies (*continued*)

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value. Mutual funds and registered investment companies are valued at the daily closing price as reported by the fund. The funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. These funds are deemed to be actively traded. Investments in pooled separate accounts and common/collective trusts are valued at the NAV of units held by the Plan. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Unrealized and realized appreciation of investments during the year is included in net appreciation in fair value of investments in the statements of changes in net assets available for benefits. Purchases and sales of the investments are recorded on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. Benefits under the Plan are accumulated based on employees' compensation during each year of credited service. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances, - retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from Plan assets are excluded from accumulated plan benefits.

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuation as of September 1, 2024 were (a) Pri-2012 Total dataset base rate mortality table projected generationally using the Principal Mortality Improvement Scale (Principal 2024), (b) retirement age (the assumed average retirement age was 65 and early retirement age of 55), and (c) investment return of 6.00%. The computation of the actuarial present value of accumulated plan benefits was made as of September 1, 2024. Had the valuations been performed as of August 31, 2024, there would be no material differences.

2. Summary of Significant Accounting Policies *(continued)*

Actuarial Present Value of Accumulated Plan Benefits (continued)

The actuarial present value of accumulated plan benefits at September 1, 2024, as determined by the Plan's actuary, is as follows:

ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Vested Benefits

Participants currently receiving benefits	\$ 61,215,702
Active participants	4,552,497
Deferred vested participants	<u>20,288,256</u>
Total Vested Benefits	86,056,455

Non-vested Benefits	<u>32,744</u>
---------------------	---------------

Total Actuarial Present Value of Accumulated Plan Benefits	<u><u>\$ 86,089,199</u></u>
--	-----------------------------

The changes in the actuarial present value of accumulated plan benefits for the year ended September 1, 2024, as determined by the Plan's actuary, is as follows:

CHANGE IN PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Present Value of Accumulated Plan Benefits as of September 1, 2023	\$ 86,324,805
--	---------------

Increase (decrease) during the year due to:

Increase for interest due to decrease in the discount period	5,193,401
Benefits paid	(6,560,182)
Benefits accumulated and plan experience	(666,843)
Change in assumptions	<u>1,798,018</u>

Present Value of Accumulated Plan Benefits as of September 1, 2024	<u><u>\$ 86,089,199</u></u>
--	-----------------------------

The changes in the actuarial assumptions from the prior year actuarial valuation are as follows: (a) the mortality was updated from Pri-2012 Total dataset base rate mortality table projected generationally using the Principal Mortality Improvement Scale (Principal 2023) to the Pri-2012 Total dataset base rate mortality table projected generationally using the Principal Mortality Improvement Scale (Principal 2024) and (b) the interest rate used to calculate ASC 960 liabilities decreased from 6.25% to 6.00%.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. In the event the Plan terminates, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

2. Summary of Significant Accounting Policies *(continued)*

Plan Expenses

Certain expenses related to administering the Plan are paid from Plan assets, such as the Pension Benefit Guaranty Corporation ("PBGC") premiums and contract administrator fees. Investment related expenses are included in the net asset value of the respective funds and consequently, those expenses are not separately reflected but are a component of net appreciation in fair value of investments. Expenses that were paid by the Company were excluded from these financial statements.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is May 27, 2026.

3. Funding Policy

The Plan is a noncontributory defined benefit plan to which the Company makes actuarially determined contributions in amounts at least sufficient to meet minimum funding standards under the terms of ERISA. The Plan has met the minimum funding requirements of ERISA as of August 31, 2025 and 2024.

4. Information Certified (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules of: (1) Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year), (2) Schedule H, Part IV, Line 4j – Schedule of Reportable Transactions, including investments held at August 31, 2025 and 2024, and net appreciation in fair value of investments and interest and dividend income, for the years ended August 31, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Trust Company, a qualified institution.

5. Investments

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value at August 31:

	2025		
		Other Investments Measured at NAV*	Total
	Level 1		
Pooled separate accounts	\$ -	\$ 880,180	\$ 880,180

Mutual funds and registered investment companies	69,823,293	-	69,823,293
Common/collective trusts	-	7,353,532	7,353,532
	<u>\$69,823,293</u>	<u>\$11,651,087</u>	<u>\$ 81,474,380</u>

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

There are no unfunded commitments on the Plan's investments. Principal Life Insurance Company applied a contractual limitation that delays the payment of withdrawal requests and provides for payment on a pro rata basis as cash becomes available for distribution.

6. Party-In-Interest Transactions

Certain Plan investments are interests in pooled separate accounts held by Principal Life Insurance Company, and managed by Principal Financial Group, the parent company of the Trustee. Therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Certain administrative functions are performed by officers or employees of the Employer at no cost to the Plan.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, all participants would become 100% vested, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- (a) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- (b) Other vested benefits insured by the PBGC (a U.S. government agency) up to the applicable limitations (discussed below).
- (c) All other vested benefits (that is, vested benefits not insured by the PBGC).
- (d) All non-vested benefits.

Benefits to be provided via contracts, under which Principal is obligated to pay the benefits, would be excluded for allocation purposes.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. For Plan terminations occurring during 2025 and 2024, that ceiling was \$7,432 and \$7,108 per month. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

8. Tax Status

The Plan received a favorable tax determination letter dated May 16, 2017, from the Internal Revenue Service ("IRS") stating that the design of the Plan satisfies the qualification requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Farmer Bros. Co. Pension Plan

Notes to Financial Statements
August 31, 2025 and 2024

8. Tax Status (*continued*)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

9. Risks and Uncertainties

Plan contributions and the actuarial present value of accumulated plan benefits are based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such change could materially affect the amounts reported in the statements of net assets available for benefits. The value of the Plan's investments has a direct impact on its funded status. The actual impact on the Plan's funded status and future required contributions cannot be determined at this time.

Assumptions prescribed by law

Mortality	Before benefit payment period IRS Prescribed Mortality - Generational Non-annuitant, male and female. During benefit payment period IRS Prescribed Mortality - Generational Annuitant, male and female.
-----------	---

Assumptions selected by actuary

Inflation	2.40% increase per year. Our long-term inflation assumption considered the current economic environment, recent and historical data, and forecasts from Federal Reserve Bank FOMC, Congressional Budget Office, and Survey of Professional Forecasters. See Long-Term Capital Market Assumptions link.
-----------	--

Asset return	6.50% for the current plan year. The asset return is developed as a weighted average rate based on the target asset allocation of the plan and the long-term capital market assumptions. The calculated return is on an arithmetic mean basis. For details, see the Long-Term Capital Market Assumptions link.
--------------	--

Expected expense	The expected expense included in target normal cost is an estimate based on prior year expenses paid from plan assets, with an updated estimate of PBGC premiums. This is the best estimate available of upcoming year's expenses.
------------------	---

Retirement	Former Brewmatic plan inactive participants are assumed to retire at age 65. Former Salaried plan active and inactive participants are assumed to retire at the following rates:
------------	--

Age	Probability of retirement
55	10%
56 – 59	5%
60 – 61	10%
62	25%
63 – 64	15%
65	100%

	This assumption is based on the results of recent experience analysis and anticipated future experience. Some participants retire early since the plan provides an early retirement subsidy beginning at age 55.
--	---

Disability	None. This plan does not offer a subsidized disability benefit therefore the disability assumption is built into the withdrawal assumption.
------------	--

Marriage	75% married; husbands are 3 years older than wives. This assumption does not have material impact on the results of this report and has been selected based on our best estimate of active workforce.
Withdrawal	2003 Society of Actuaries Small Plan Age Table, multiplied by 0.50. We rely on a publicly published table due to the limited size of the plan. The SOA Small Plan Age Table is the most recent withdrawal experience table published by the Society of Actuaries. A multiplier of 0.50 is applied to this table to reflect the results of the most recent experience analysis and anticipated future experience.
Form of benefit	Participants are assumed to receive their benefits on the normal form at the assumed retirement age. This assumption is based on the results of recent experience analysis and anticipated future experience.
Methods prescribed by law	
Liability measure	Funding target is the present value of the benefits accrued on the valuation date. Included in Funding Target is the value of any missed required minimum distributions (defined in IRC §401(a)(9) and Treasury Regulation §1.401(a)(9)), equal to back payments with interest at 6.50%. Target normal cost is based on benefits expected to accrue during the current plan year and includes an estimate of plan expenses for the year.
Methods selected by plan sponsor	
Asset method	The asset valuation method is prescribed by law for plans that elect to use a value other than market value. For each of the preceding two years, an expected value of assets at the end of the year is compared to the end of year market value. The resulting gain or loss is recognized evenly over three plan years. The expected value includes contributions, distributions, any deducted administrative expenses, and expected earnings (based on the lesser of the assumed interest rate or the maximum allowable rate). The deferred gains and losses are added to the current market value and then restricted to no more than 110% and no less than 90% of that market value. When actual returns exceed the assumed return, the actuarial value of assets will lag below market value. The lag and the smoothing effect are limited since the value must be within 10% of market value.
Segment rates	24-month average with no weighting to prior law basis. Use rates where April is the last month included in the average.

PBGC premium basis Variable rate premiums are calculated using census, market value of assets and interest rates in effect on the current valuation date. Interest rates are the 24-month average rates used for annual cost but without the interest rate corridor defined in IRC §430(h)(2)(C)(iv). You elected this Alternative interest method for the 09/01/2009 plan year and this method must be used for five years before a change can be made.

Methods elected by actuary

Retirees Assets and liabilities for current and future retirees are included.

Vested benefits A benefit is included in vested benefits if it meets the requirements under PBGC. The benefit is multiplied by the participant’s vesting percentage applicable to each benefit on the valuation date.
The following ancillary benefits are always treated as nonvested: disability benefits payable to retirement age unless in pay status, pre-retirement death benefits in excess of the survivor annuity death benefit and post retirement death benefits for non-retired participants except as noted in the Plan provisions.

Assumptions and methods elected by actuary - plan accounting (ASC 960)

With the exceptions below, all assumptions and methods are the same as those used in determining your plan’s regular funding target and target normal cost.

Mortality Based on Pri-2012 Total dataset base rate mortality table projected generationally using the using the Principal Mortality Improvement Scale (Principal 2024).

Mortality base rates
Before benefit payment period
Employee amount-weighted, male and female
During benefit payment period
Retiree amount-weighted, male and female

The Society of Actuaries (SOA) is an actuarial organization that periodically reviews mortality data and publishes mortality tables and improvement scales. In October 2019, the SOA released the Pri-2012 Mortality Tables for private-sector retirement plans in the U.S. The Pri-2012 report contains different sets of mortality tables based on complete dataset or various subsets. The Total dataset base rate table was selected based on information provided by the plan sponsor.

Pri-2012 section 12.4. provided three approaches for designated beneficiaries in the calculation of joint-and-survivor annuities. We believe “Approach 1” is reasonable for this plan.

Mortality improvement

Principal 2024 MI scale is based on MIM-2021-v4 application tool issued by SOA in October 2023 with the following parameters:

Parameter	Principal 2024
Historical dataset	SSA
Whittaker-Henderson Graduation	Order 3
Interpolation Structure	Basic
Graduated MI data last year ("jumping off" point)	2017
H/D transition ultimate year by age/cohort	2030/2030
Weight placed on interpolation by cohort	50%
Initial Slope periods (constraint)	2016-2017 (0.000)
LTR	SSA LTR 2024
COVID-19 or Excess load	None ¹

¹Based on the sponsor's input, plan experience does not show a need for long-term excess death or Covid death load adjustments.

See [Mortality documentation](#) for rationale and additional information.

Interest rate used to value liabilities

6.00%

The interest rate used to value ASC 960 liabilities is developed as long-term expected geometric return on plan assets. Arithmetic expected return is calculated as the weighted average of broad asset classes' arithmetic returns of the plan's target asset allocation, and then converted to the geometric under lognormal distribution assumption. For details, see Long-Term Capital Market Assumptions link.

Treatment of administrative expenses

No adjustments are made for administrative expenses, either through a reduction in the discount rate or by calculating a present value of future expenses.

Plan sponsors may change their administrative expense handling at any time. Our approach provides consistent handling of ASC 960 liabilities from year to year, whether expenses are paid with plan assets or directly by the employer.

Note - expenses paid with plan assets are required to be included in funding normal cost. As a result, the plan is reimbursed annually through required funding. Exception – contributions are not required due to assets sufficiently in excess of liabilities to fund both expenses and normal cost. In this case, administrative expenses are taken from the excess assets.

Schedule SB, Line 22 - Description Of Weighted Average Retirement Age
Farmer Bros. Co. Pension Plan
EIN 95-0725980 Plan No. 002

The weighted average retirement age is weighted by the expected percentage of active participants retiring at each age. The retirement rate reflects only those participants who meet retirement eligibility. An active participant working past assumed retirement age is expected to retire at current age.

This report reflects the maximum benefit limits under Internal Revenue Code (IRC) Section 415 and maximum compensation limits under IRC Section 401 in effect on the first day of each plan year.

The following is a summary of plan provisions and does not alter the intent or meanings of the provisions contained in the contract or plan document. This report reflects the provisions of the plan restatement signed 01/01/2018 including amendments through those effective 12/01/2018 to spinoff a portion of the Salaried plan to this plan and annuity purchase for the select group and effective 01/01/2019 to change the plan name to Farmer Bros. Co. Pension Plan.

Plan eligibility – Brewmatic plan

Class	Employee covered under Communication Workers of America IUE-CWA Local 9400 bargaining agreement; however, employees will not enter the plan until they have completed three years of service, per the agreement. Employees of Custom Coffee Plan are not eligible employees effective September 20, 1989. However, they are entitled to receive the benefit they accrued up to that date pursuant to the terms of the plan in effect on September 20, 1989. Due to a closing of operations, there are currently no active participants in this plan.
-------	---

Plan eligibility – former Salaried plan participants

Service and contributions	Completion of one year of continuous employment and has authorized payroll deductions.
Entry date	The first day of any pay period as of which an employee elects to commence participation in the plan. No employee hired after January 1, 2010 shall become an active participant.

Normal retirement benefit – Brewmatic plan

Age	The later of attained age 65 or completed five years of accrual service.
Form	Monthly annuity payable for life (optional forms may be elected in advance of retirement).
Amount (accrued benefit)	\$40.00 multiplied by accrual service effective September 1, 2010 (see previous plan documents for prior dollar levels).
Minimum benefit	If the actuarial equivalent of the participant's vested accrued pension is less than the Severance Benefit the participant would have been entitled to, the participant shall receive the Severance Benefit in lieu of his accrued pension.

Normal retirement benefit – former Salaried plan participants

Age	Attained age 65.
Form	Monthly annuity payable for life with certain period, where the certain period is five years.
Amount (accrued benefit)	1.50% of average compensation times years of credited service. All benefit accrual has been frozen as of 6/30/2011.
Minimum benefit	\$60 per month for the first 20 years of credited service plus \$80 per month for each year of credited service in excess of 20.

Early retirement benefit – Brewmatic plan

Age	Attained age 55 with ten years of accrual service.
Form	Same as normal retirement benefit.
Amount	Actuarial equivalent of the pension otherwise payable at the participants' normal retirement date.

Early retirement benefit – former Salaried plan participants

Age	Attained age 55.
Service	Five years of accrual service.
Form	Same as normal retirement benefit.
Amount	Accrued benefit on early retirement date reduced by 4% per year to reflect the fact that early retirement date precedes normal retirement date. If age plus years of credited service is greater than 82 the early retirement reduction begins from age 62.

Late retirement benefit – Brewmatic plan

Age	No maximum age.
Form	Same as normal retirement benefit.
Amount	Participants who continue to work past normal retirement date are required to receive notification that retirement benefits are suspended and the benefit payable is the accrued benefit on late retirement date. For employees who terminate employment prior to normal retirement date or after normal retirement date and elect to defer their benefit, the benefit payable on his late retirement date shall be the actuarial equivalent of the benefit that would have been payable on normal retirement date.

Late retirement benefit – former Salaried plan participants

Age	No maximum age.
Form	Same as normal retirement benefit.
Amount	Greater of accrued benefit on late retirement date or accrued benefit on normal retirement date actuarially increased to late retirement date.

Termination benefit – Brewmatic plan

Vesting percentage	100% after five years of vesting service.
Form	Same as normal retirement benefit with income deferred until normal retirement date.
Amount	Accrued benefit on date of termination multiplied by the vesting percentage, but not less than the severance benefit the participant would have been eligible for.

Termination benefit – former Salaried plan participants

Vesting percentage	100% after five years of vesting service. Employee contributions are fully vested at all times.
Form	Same as normal retirement benefit with income deferred until normal retirement date.
Amount	Equal to the sum of: - The amount of retirement annuity which could be provided on normal retirement date by the participant's contribution account. - Vesting percentage times the excess of the accrued benefit as of the date of termination over a) above.

Severance benefit – Brewmatic plan

Eligibility	Completed three or four years of accrual service (at least one of which is credited after August 30, 1962).
Form	Immediate lump sum.
Amount	If three years of credited service, benefit equals \$309. If four years of benefit service, benefit equals \$418.

Disability benefit – Brewmatic plan

Eligibility	Physical or mental impairment which can be expected to result in death or to be of long-continued and indefinite durations, which will permanently, continuously and wholly prevent the participant from engaging in any substantial and gainful activity.
Service	Five years of vesting service.
Form	Monthly income payable until normal retirement, death, or recovery and a deferred annuity payable at normal retirement date.
Amount	Accrued benefit on date of disability until the commencement of the Social Security disability benefit, reduced by any payments received under Workers' Compensation. 50% of the accrued benefit on the date the Social Security disability benefit commences, reduced by any payments received under Workers' Compensation.

Disability benefit – former Salaried plan participants

Eligibility	Qualified for disability benefits under the Federal Social Security Act.
Age	Attained age 45.
Service	Ten years of accrual service.
Form	Monthly income payable until normal retirement, death, or recovery and a deferred annuity payable at normal retirement date.
Amount	Accrued benefit on date of disability reduced by 1/3 of 1% for each full calendar month disability retirement date precedes normal retirement date.

Death benefit – Brewmatic plan

Eligibility	Qualified married participant fully or partially vested in an accrued benefit or an unmarried participant with a surviving child or children under the age of 23.
Form	Monthly annuity payable to spouse or dependent children deferred to participant's earliest retirement date if later than the date of death.
Amount	If death occurs, the amount paid to the surviving spouse or dependent children is equal to the amount that would have been paid had the participant terminated employment on the date of death and survived to his/her earliest retirement age, retired with a qualified joint and 50% survivor annuity in effect, then died the next day.
Minimum benefit	If the actuarial equivalent of the death benefit payable is less than the Severance Benefit the participant would have been entitled to, the participant's spouse or dependent children shall receive the Severance Benefit.

Death benefit (a vested benefit) – former Salaried plan participants

Eligibility	Qualified married participant fully or partially vested in an accrued benefit.
Form	Monthly annuity payable to spouse, deferred to participant's earliest retirement date if later than the date of death.
Amount	If death occurs, the amount paid to the surviving spouse of an active participant is equal to the amount that would have been paid had the participant terminated employment on the date of death and survived to his/her earliest retirement age, retired with a qualified joint and 100% survivor annuity (75% if inactive participant) in effect, then died the next day.

Definitions – Brewmatic plan

Vesting service

One year of service is credited for each year in which a participant completes at least 1,000 hours of service. If a participant completes less than 1,000 hours of service, vesting service is credited per the following schedule:

Schedule SB, Line 24 – Change in Actuarial Assumptions
Farmer Bros. Co. Pension Plan
EIN 95-0725980 Plan No. 002

Certain non-prescribed assumptions have been changed since last year. These assumptions were changed to better reflect the anticipated experience of your plan. See the attachment, Part V – Statement of Actuarial Assumptions/Methods, for the rationale for each assumption.

The assumed asset return for the current year has decreased from 7.00% to 6.50%. This rate is used in the calculation of the actuarial value of plan assets.
