Independent Auditor's Report

To the Plan Administrator and Those Charged with Governance
CentralReach 401(k) Plan
Matawan, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of CentralReach 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of August 13, 2025 (In Liquidation) and December 31, 2024 (Ongoing), and the related statement of changes in net assets available for benefits for the period January 1, 2025 through August 13, 2025 (In Liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institution as of August 13, 2025 (In Liquidation) and December 31, 2024 (Ongoing) and for the period January 1, 2025 through August 13, 2025 (In Liquidation), stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements, the Plan Sponsor was acquired, effective April 23, 2025. In conjunction with the sale of the Plan Sponsor, the Plan was terminated effective April 23, 2025. The Plan's assets were fully distributed to the participants as of August 13, 2025. As a result, the Plan's basis of accounting for the period ended August 13, 2025 is the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

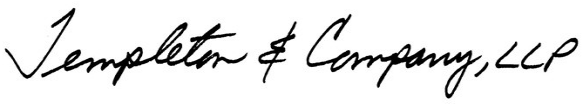

Supplemental Information Required by ERISA

The supplemental information of Schedule H, line 4a – schedule of delinquent participant contributions and Schedule H, line 4i – schedule of assets (held at end of period), as of or for the period ended August 13, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CENTRALREACH 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the CentralReach 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan is a defined contribution plan which was established on January 1, 2018, available to eligible employees of CentralReach, LLC and its affiliates Bronco Billing, Obigobi, LLC and Pathfinder Health Innovations (collectively, the Company, Employers or Plan Sponsor). The Plan has been amended and restated over the years to comply with certain tax legislation. The Plan covers substantially all full-time and part-time employees of the Employers. Eligible employees are full-time and part-time employees who have reached the age twenty-one (21), as defined in the Plan document. An employee is eligible to participate beginning on the first day the age requirement is met. There are no period of service requirements for eligibility. The Plan's management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Company is the Plan Administrator. Fidelity Management Trust Company (Fidelity) is the Plan's Trustee and recordkeeper. Fidelity holds the Plan's investment assets, executes investment transactions and provides recordkeeping services.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Termination of Plan

Effective April 23, 2025, the Plan Sponsor was acquired by Roper Technologies, Inc. and ceased operations. Accordingly, the Plan Sponsor approved a plan to terminate the Plan and ceased contributions, effective April 23, 2025, and all remaining participants became fully vested in their account balances. All assets of the Plan were distributed to the participants by August 13, 2025. As a result, the accompanying 2025 financial statements are presented on the liquidation basis of accounting. Effective April 23, 2025, participant contributions to the Plan were discontinued.

Contributions

Prior to April 23, 2025, participants may contribute up to 100% of their eligible compensation on a pre-tax and after-tax basis, subject to Internal Revenue Service (IRS) limitations. Participants who are at least age 50 may make an additional "catch-up" contribution subject to IRS limitations. Participants may also contribute funds from another qualified retirement plan (rollover contributions), subject to certain requirements. The Plan's provisions also provide for Roth 401(k) elective deferrals.

Prior to April 23, 2025, the Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 3% of eligible compensation, as defined, and their contributions invested in a designated balanced fund until changed by the participant.

Prior to April 23, 2025, the Employers made a safe harbor matching contribution equal to 100% of a participant's elective deferrals, up to 3% of the participant's eligible compensation, as defined, plus 50% of the amount of a participant's elective deferrals between 3% and 5% of the participant's eligible compensation. For the period ended August 13, 2025, the Employers' safe harbor contributions totaled $561,226. Additional discretionary matching contributions may be made to eligible participants as directed by the Company. There were no discretionary matching contributions during 2025. All Employers' contributions are invested at the participant's direction and the Plan's provisions.

Contributions are subject to certain IRS limitations.

Note 1 – Description of Plan, Continued

Participant accounts

Each participant account is credited with the participant's contribution and an allocation of: (a) the Employers' contributions (if any), and (b) Plan earnings or losses. Participants are charged with his or her withdrawals and an allocation of administrative expenses, as defined. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All participant contributions are participant-directed and may be invested into various investment options offered by the Plan.

Vesting

Upon termination of the Plan, all participants became fully vested in their accounts.

Notes receivable from participants

Participants may borrow from their account from $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested account balance in the participant's account, and bear a reasonable rate of interest. A participant may have up to two (2) loans outstanding at any given time. All loans are required to be repaid within a period of five years, except loans to acquire the participant's principal residence which must be repaid in a reasonable period of time, not to exceed thirty years. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Principal and interest are paid through regular payroll deductions.

Payment of benefits

On termination of service due to death, disability, or normal retirement, age (65) a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, or in monthly installments. For termination of service due to other reasons, a participant may choose to leave the vested interest in the Plan if such amounts exceed $5,000 or elect a lump-sum distribution. Participants with vested amounts less than $5,000 must elect a lump-sum distribution. Benefit payments to participants are recorded upon distribution. Participants may elect to take an in-service distribution of vested funds if they meet certain defined requirements, including becoming disabled, reaching age 59½, or for heavy financial hardship needs, as defined. The Plan does not provide for an early retirement age provision.

Plan administration

The Company is the Plan Administrator and, as such, controls and manages the operations of the Plan.

Through August 13, 2025, the Plan's investment assets were maintained by Fidelity, the Trustee of the Plan. Fidelity maintained the records of the participant data and invested cash received, interest and dividend income, and made distributions to participants (subject to the direction of participants). Fees from covered service providers of the Plan are in compliance with the Department of Labor's (DOL) regulations regarding ERISA Section 408(b)(2).

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the liquidation basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Note 2 – Summary of Significant Accounting Policies, Continued

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Plan's Trustee.

Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the period.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and those differences could be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, liquidity risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible changes in risks in the near-term will materially affect participant account balances and the amounts reported in the financial statements.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual method. Related fees are charged directly to the borrowing participants account and included as administrative expenses when incurred. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the note receivable balance is reclassified and a benefit payment recorded.

Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the participant contributions are withheld from compensation.

Payment of benefits

The Plan records benefits when paid.

Plan expenses

Investment related expenses are included in net appreciation in fair value of investments. Certain administrative expenses, such as recordkeeping, trustee, and third-party administrator fees, are paid from Plan assets and classified as an administrative expense rather than as a reduction of investment income. Certain other administrative expenses are paid by the Employers and are not reflected in these financial statements. Participant directed transactions such as loan processing fees are charged directly to participants' accounts.

Note 2 – Summary of Significant Accounting Policies, Continued

Uncertain tax positions

U.S. GAAP requires Plan management to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan Administrator has determined it does not have any positions at August 13, 2025, that it would be unable to substantiate.

Note 3 – Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of August 13, 2025 (In Liquidation) and December 31, 2024 (Ongoing);
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the period January 1, 2025 through August 13, 2025 (In Liquidation); and
- Investment information included in Schedule H, line 4i – schedule of assets (held at end of period) as of August 13, 2025 (In Liquidation), as shown on the ERISA-required supplemental schedule.

At the request of the Plan's Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements, and disclosures related to the investments to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

Note 4 – Fair Value Measurements, Continued

A financial investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at August 13, 2025 (In Liquidation) and December 31, 2024 (Ongoing). During the period January 1, 2025 through August 13, 2025, there were no transfers of financial instruments into or out of Level 3.

Following is a description of the value methodologies used for assets measured at fair value:

Mutual funds – valued at quoted market prices, which represent their daily net asset value (NAV) and, therefore, are classified as Level 1. Mutual funds held by the Plan are open-end mutual funds that are traded on national exchanges (active markets).

Collective investment trust funds (CT) – *v*alued at the NAV of the CT and publicly published daily. The NAV is based on the fair value of the underlying investment of the CT less its liabilities. The fair value of the underlying investments is determined using market quotations or processes obtained from independent pricing sources that may employ various methods to value the investments, including matrix pricing.

Money market fund – institutional short-term investment vehicle valued daily with a NAV of $1. NAV is the quoted price in an active market and therefore is classified within Level 1 of the fair value hierarchy.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value, on a recurring basis, consist of the following types of instruments as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 22,729,596	$ -	$ -	$ 22,729,596
Money market fund	167,522	-	-	167,522
Collective investment trust funds	-	204,176	-	204,176
Investments, at fair value	$ 22,897,118	$ 204,176	$ -	$ 23,101,294

Note 5 – Party-in-Interest Transactions

Parties in interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employers, and certain others. The Plan's investments were managed, administered, and/or issued by Fidelity. Fidelity is the Plan's Trustee and recordkeeper and, therefore, these transactions with Fidelity qualify as party-in-interest transactions. Such transactions are exempt from prohibited transaction rules under ERISA. Certain administrative functions are performed by officers and employees of the Employers. No officer or employee received compensation from the Plan for these services.

Fidelity provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Plan Sponsor and Fidelity. Fidelity receives revenue from mutual fund service providers for services Fidelity provided to the funds. This revenue was used to offset certain amounts owed to Fidelity for its administrative services to the Plan. If the revenue received by Fidelity from such mutual fund service providers exceeds the amount owed under the MSA, Fidelity remits the excess to the Plan's trust on a quarterly basis.

Note 5 – Party-in-Interest Transactions, Continued

Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During the period January 1, 2025 through August 13, 2025, there were no such excess amounts. The Plan or Plan Sponsor may make a payment to Fidelity for administrative expenses not covered by revenue sharing.

Note 6 – Plan Termination

The Plan Sponsor approved the termination of the Plan on April 23, 2025. Effective April 23, 2025, the Plan Sponsor discontinued contributions and terminated the Plan subject to the provisions of ERISA. Upon termination, participants became fully vested in their accounts and all Plan assets were distributed to the participants as of August 13, 2025.

Note 7 – Tax Status

On June 30, 2020, the IRS stated that the Non-Standardized Pre-Approved Profit Sharing Plan with CODA adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the Plan and its related trust is tax-exempt. The Plan has not received a determination letter specific to the Plan itself. The Plan has been amended since receiving the Non-Standardized Pre-Approved letter, however, the Plan Administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Delinquent Participant Contributions

The Plan Sponsor is required to segregate participant contributions from its general assets as soon as is practicable as required by ERISA Section 2510.3-102. During 2019, the Plan Sponsor failed to remit certain participant contributions and loan repayments totaling $58,001 within the period prescribed by DOL regulations. Lost earnings related to the 2019 delinquent participant contributions have not been corrected as of the date of this report.

Note 9 – Subsequent Events

The Plan evaluated events occurring subsequent to August 13, 2025 through June 2, 2026, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.

Independent Auditor's Report

To the Plan Administrator and Those Charged with Governance
CentralReach 401(k) Plan
Matawan, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of CentralReach 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of August 13, 2025 (In Liquidation) and December 31, 2024 (Ongoing), and the related statement of changes in net assets available for benefits for the period January 1, 2025 through August 13, 2025 (In Liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institution as of August 13, 2025 (In Liquidation) and December 31, 2024 (Ongoing) and for the period January 1, 2025 through August 13, 2025 (In Liquidation), stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements, the Plan Sponsor was acquired, effective April 23, 2025. In conjunction with the sale of the Plan Sponsor, the Plan was terminated effective April 23, 2025. The Plan's assets were fully distributed to the participants as of August 13, 2025. As a result, the Plan's basis of accounting for the period ended August 13, 2025 is the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

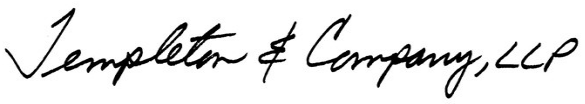

Supplemental Information Required by ERISA

The supplemental information of Schedule H, line 4a – schedule of delinquent participant contributions and Schedule H, line 4i – schedule of assets (held at end of period), as of or for the period ended August 13, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CENTRALREACH 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the CentralReach 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan is a defined contribution plan which was established on January 1, 2018, available to eligible employees of CentralReach, LLC and its affiliates Bronco Billing, Obigobi, LLC and Pathfinder Health Innovations (collectively, the Company, Employers or Plan Sponsor). The Plan has been amended and restated over the years to comply with certain tax legislation. The Plan covers substantially all full-time and part-time employees of the Employers. Eligible employees are full-time and part-time employees who have reached the age twenty-one (21), as defined in the Plan document. An employee is eligible to participate beginning on the first day the age requirement is met. There are no period of service requirements for eligibility. The Plan's management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Company is the Plan Administrator. Fidelity Management Trust Company (Fidelity) is the Plan's Trustee and recordkeeper. Fidelity holds the Plan's investment assets, executes investment transactions and provides recordkeeping services.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Termination of Plan

Effective April 23, 2025, the Plan Sponsor was acquired by Roper Technologies, Inc. and ceased operations. Accordingly, the Plan Sponsor approved a plan to terminate the Plan and ceased contributions, effective April 23, 2025, and all remaining participants became fully vested in their account balances. All assets of the Plan were distributed to the participants by August 13, 2025. As a result, the accompanying 2025 financial statements are presented on the liquidation basis of accounting. Effective April 23, 2025, participant contributions to the Plan were discontinued.

Contributions

Prior to April 23, 2025, participants may contribute up to 100% of their eligible compensation on a pre-tax and after-tax basis, subject to Internal Revenue Service (IRS) limitations. Participants who are at least age 50 may make an additional "catch-up" contribution subject to IRS limitations. Participants may also contribute funds from another qualified retirement plan (rollover contributions), subject to certain requirements. The Plan's provisions also provide for Roth 401(k) elective deferrals.

Prior to April 23, 2025, the Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 3% of eligible compensation, as defined, and their contributions invested in a designated balanced fund until changed by the participant.

Prior to April 23, 2025, the Employers made a safe harbor matching contribution equal to 100% of a participant's elective deferrals, up to 3% of the participant's eligible compensation, as defined, plus 50% of the amount of a participant's elective deferrals between 3% and 5% of the participant's eligible compensation. For the period ended August 13, 2025, the Employers' safe harbor contributions totaled $561,226. Additional discretionary matching contributions may be made to eligible participants as directed by the Company. There were no discretionary matching contributions during 2025. All Employers' contributions are invested at the participant's direction and the Plan's provisions.

Contributions are subject to certain IRS limitations.

Note 1 – Description of Plan, Continued

Participant accounts

Each participant account is credited with the participant's contribution and an allocation of: (a) the Employers' contributions (if any), and (b) Plan earnings or losses. Participants are charged with his or her withdrawals and an allocation of administrative expenses, as defined. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All participant contributions are participant-directed and may be invested into various investment options offered by the Plan.

Vesting

Upon termination of the Plan, all participants became fully vested in their accounts.

Notes receivable from participants

Participants may borrow from their account from $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested account balance in the participant's account, and bear a reasonable rate of interest. A participant may have up to two (2) loans outstanding at any given time. All loans are required to be repaid within a period of five years, except loans to acquire the participant's principal residence which must be repaid in a reasonable period of time, not to exceed thirty years. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Principal and interest are paid through regular payroll deductions.

Payment of benefits

On termination of service due to death, disability, or normal retirement, age (65) a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, or in monthly installments. For termination of service due to other reasons, a participant may choose to leave the vested interest in the Plan if such amounts exceed $5,000 or elect a lump-sum distribution. Participants with vested amounts less than $5,000 must elect a lump-sum distribution. Benefit payments to participants are recorded upon distribution. Participants may elect to take an in-service distribution of vested funds if they meet certain defined requirements, including becoming disabled, reaching age 59½, or for heavy financial hardship needs, as defined. The Plan does not provide for an early retirement age provision.

Plan administration

The Company is the Plan Administrator and, as such, controls and manages the operations of the Plan.

Through August 13, 2025, the Plan's investment assets were maintained by Fidelity, the Trustee of the Plan. Fidelity maintained the records of the participant data and invested cash received, interest and dividend income, and made distributions to participants (subject to the direction of participants). Fees from covered service providers of the Plan are in compliance with the Department of Labor's (DOL) regulations regarding ERISA Section 408(b)(2).

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the liquidation basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Note 2 – Summary of Significant Accounting Policies, Continued

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Plan's Trustee.

Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the period.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and those differences could be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, liquidity risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible changes in risks in the near-term will materially affect participant account balances and the amounts reported in the financial statements.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual method. Related fees are charged directly to the borrowing participants account and included as administrative expenses when incurred. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the note receivable balance is reclassified and a benefit payment recorded.

Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the participant contributions are withheld from compensation.

Payment of benefits

The Plan records benefits when paid.

Plan expenses

Investment related expenses are included in net appreciation in fair value of investments. Certain administrative expenses, such as recordkeeping, trustee, and third-party administrator fees, are paid from Plan assets and classified as an administrative expense rather than as a reduction of investment income. Certain other administrative expenses are paid by the Employers and are not reflected in these financial statements. Participant directed transactions such as loan processing fees are charged directly to participants' accounts.

Note 2 – Summary of Significant Accounting Policies, Continued

Uncertain tax positions

U.S. GAAP requires Plan management to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan Administrator has determined it does not have any positions at August 13, 2025, that it would be unable to substantiate.

Note 3 – Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of August 13, 2025 (In Liquidation) and December 31, 2024 (Ongoing);
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the period January 1, 2025 through August 13, 2025 (In Liquidation); and
- Investment information included in Schedule H, line 4i – schedule of assets (held at end of period) as of August 13, 2025 (In Liquidation), as shown on the ERISA-required supplemental schedule.

At the request of the Plan's Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements, and disclosures related to the investments to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

Note 4 – Fair Value Measurements, Continued

A financial investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at August 13, 2025 (In Liquidation) and December 31, 2024 (Ongoing). During the period January 1, 2025 through August 13, 2025, there were no transfers of financial instruments into or out of Level 3.

Following is a description of the value methodologies used for assets measured at fair value:

Mutual funds – valued at quoted market prices, which represent their daily net asset value (NAV) and, therefore, are classified as Level 1. Mutual funds held by the Plan are open-end mutual funds that are traded on national exchanges (active markets).

Collective investment trust funds (CT) – *v*alued at the NAV of the CT and publicly published daily. The NAV is based on the fair value of the underlying investment of the CT less its liabilities. The fair value of the underlying investments is determined using market quotations or processes obtained from independent pricing sources that may employ various methods to value the investments, including matrix pricing.

Money market fund – institutional short-term investment vehicle valued daily with a NAV of $1. NAV is the quoted price in an active market and therefore is classified within Level 1 of the fair value hierarchy.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value, on a recurring basis, consist of the following types of instruments as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 22,729,596	$ -	$ -	$ 22,729,596
Money market fund	167,522	-	-	167,522
Collective investment trust funds	-	204,176	-	204,176
Investments, at fair value	$ 22,897,118	$ 204,176	$ -	$ 23,101,294

Note 5 – Party-in-Interest Transactions

Parties in interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employers, and certain others. The Plan's investments were managed, administered, and/or issued by Fidelity. Fidelity is the Plan's Trustee and recordkeeper and, therefore, these transactions with Fidelity qualify as party-in-interest transactions. Such transactions are exempt from prohibited transaction rules under ERISA. Certain administrative functions are performed by officers and employees of the Employers. No officer or employee received compensation from the Plan for these services.

Fidelity provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Plan Sponsor and Fidelity. Fidelity receives revenue from mutual fund service providers for services Fidelity provided to the funds. This revenue was used to offset certain amounts owed to Fidelity for its administrative services to the Plan. If the revenue received by Fidelity from such mutual fund service providers exceeds the amount owed under the MSA, Fidelity remits the excess to the Plan's trust on a quarterly basis.

Note 5 – Party-in-Interest Transactions, Continued

Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During the period January 1, 2025 through August 13, 2025, there were no such excess amounts. The Plan or Plan Sponsor may make a payment to Fidelity for administrative expenses not covered by revenue sharing.

Note 6 – Plan Termination

The Plan Sponsor approved the termination of the Plan on April 23, 2025. Effective April 23, 2025, the Plan Sponsor discontinued contributions and terminated the Plan subject to the provisions of ERISA. Upon termination, participants became fully vested in their accounts and all Plan assets were distributed to the participants as of August 13, 2025.

Note 7 – Tax Status

On June 30, 2020, the IRS stated that the Non-Standardized Pre-Approved Profit Sharing Plan with CODA adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the Plan and its related trust is tax-exempt. The Plan has not received a determination letter specific to the Plan itself. The Plan has been amended since receiving the Non-Standardized Pre-Approved letter, however, the Plan Administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Delinquent Participant Contributions

The Plan Sponsor is required to segregate participant contributions from its general assets as soon as is practicable as required by ERISA Section 2510.3-102. During 2019, the Plan Sponsor failed to remit certain participant contributions and loan repayments totaling $58,001 within the period prescribed by DOL regulations. Lost earnings related to the 2019 delinquent participant contributions have not been corrected as of the date of this report.

Note 9 – Subsequent Events

The Plan evaluated events occurring subsequent to August 13, 2025 through June 2, 2026, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
