FINANCIAL STATEMENTS

December 31, 2023 and 2022

INDEPENDENT AUDITORS' REPORT

Benefits Committee
Bixby Electric, Inc.
Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the accompanying financial statements of Bixby Electric, Inc. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) Audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the 2023 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2023 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 financial statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore, is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period-of-time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2023 Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at End-of-Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2022 Financial Statements

The financial statements of the Bixby Electric, Inc. Retirement Savings Plan, as of December 31, 2022, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated November 14, 2025 indicated that in their opinion (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 1 – DESCRIPTION OF PLAN

General

Bixby Electric, Inc. Retirement Savings Plan (the Plan) was established for the benefit of the employees of Bixby Electric, Inc (the Company). The Company acts as the Plan Sponsor and Trustee. Participants should refer to the Plan Document for a more complete description of the Plan.

The Plan is a defined contribution plan covering all employees of the Company who have 90 days of service and have attained age twenty-one. Employees elect to participate in the salary deferral program. For employer prevailing wage contributions only, employees are eligible to participate on their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration

Administration costs incurred by the Plan are generally paid by the Plan sponsor.

Participant Contributions

Participants may defer up to 100% of compensation to the allowable limit. Employer profit sharing contributions are discretionary. The Plan allows for rollover contributions from qualified plans.

Certain participating employers perform work on federal, state, and municipal public works projects that are subject to prevailing wage laws, including the Davis-Bacon Act and similar state statutes. Under these laws, employers are required to pay employees specified wage rates, including fringe benefit components.

Employer Contributions

Prevailing Wage Contributions – The employer will make prevailing wage contributions for any participant performing work subject to the prevailing wage laws in order to help satisfy the fringe benefit requirements of the law.

Match Contributions – The Plan provides for discretionary employer matching contributions. Employer match contributions are allocated based on participant compensation and are available to participants who are employed on the last day of the Plan year and have worked at least 1,000 hours during the year. The discretionary match contribution is equal to 50% of the first 4% of compensation that participants elect to contribute.

Other Contributions – The employer may make additional discretionary (profit sharing) contributions to the Plan. These contributions are available to participants who are employed on the last day of the Plan year and have worked at least 1,000 hours during the year. These contributions are allocated based on participant compensation. There were no such additional discretionary contributions during 2023 and 2022, respectively.

Each participant's account is credited with the participant and employer contributions, account earnings, gains and/or losses, and their portion of Plan expenses. Employees can direct that their accounts be invested in a combination of available funds.

Vesting

Participants are immediately vested in their salary deferral contributions and prevailing wage contributions, plus actual earnings thereon. Vesting in the employer match and discretionary employer contributions is based on years of service in which they worked 1,000 hours or more pursuant to the following schedule: 0-1 year of service – 0%; 2 years of service – 20%; 3 years of service – 40%; 4 years of service – 60%; 5 years of service – 80%; 6 years or more of service – 100%.

Notes Receivable from Participants

Participants are allowed to obtain loans from the Plan for one-half of their vested balance in the Plan up to \$50,000, reduced by the highest outstanding loan amount during the preceding twelve-month period. The minimum amount of a loan is \$1,000. The loans are repaid over a term not to exceed five years (fifteen years for qualified home loans). The interest rate approximates market at the time of the loan.

Benefits

Upon termination of service, participants may receive their account balance in the form of a lump sum distribution or annual installment payments.

Forfeitures

Profit sharing forfeitures are available for Plan expenses or to reduce employer contributions. Forfeitures were \$4,863 and \$8,706 in 2023 and 2022, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investments

Investments are stated at fair market value. The fair market value of cash, receivables and the money market funds is the face amount of such accounts. All other investments are valued at quoted market prices, and the participant loans are valued at their outstanding balance.

Fair Value Measurements

Accounting principles generally accepted in the United States of America (GAAP) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the investment entity has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Subsequent Events

The Plan has evaluated all events occurring subsequent to December 31, 2023 and through May 4, 2026, which is the date that the financial statements were issued, and does not believe that any events occurring during this period require either recognition or disclosure in the accompanying financial statements.

Plan Tax Status

The Plan operates on a volume submitter document, and obtained its latest opinion letter on June 1, 2015, which stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Plan administration believes there are no uncertain tax positions related to Plan activities.

NOTE 3 – INFORMATION CERTIFIED BY PLAN CUSTODIAN

Financial information relating to Plan investments at December 31, 2023, as well as investment income, realized and unrealized gains (losses) on investments and investment transactions, has been certified as complete and accurate by The Mid Atlantic Trust Company as of December 31, 2023, and for the period from May 1, 2023 through December 31, 2023.

Financial information relating to Plan investments at December 31, 2023, as well as investment income, realized and unrealized gains (losses) on investments and investment transactions, has been certified as complete and accurate by Reliance Trust Company as of and for the year ended December 31, 2022, and for the period from January 1, 2023 through April 30, 2023.

Therefore, in accordance with the request of the Plan administrator, and as allowed under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, this information was not subject to auditing procedures generally accepted in the United States of America by the Plan's independent public accountants.

NOTE 4 – INVESTMENTS

The following table presents the fair value hierarchy for those assets measured at fair value on a recurring basis as of December 31, 2023 and 2022:

NOTE 4 – INVESTMENTS – CONTINUED

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2023.

Mutual funds: Valued at the net asset value (NAV) of the shares held by the Plan at the end of the year.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments held during 2022 and 2023 are shares of mutual funds managed by T. Rowe Price, the recordkeeper and custodian of the Plan through April 30, 2023. Therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in administrative fees on the statements of changes in net assets available for benefits. These party-in-interest transactions qualify as exempt from the prohibited transaction rules of ERISA.

NOTE 6 – AMOUNTS DUE TO TERMINATED PARTICIPANTS

Plan assets due to participants who have terminated employment were \$791,270 as of December 31, 2023. These participants are no longer eligible to benefit from employer contributions pertaining to periods subsequent to termination.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the sponsor has the right to terminate the Plan subject to the provisions of ERISA.

NOTE 9 – REGULATORY AUDIT IN PROGRESS

The Plan Sponsor is undergoing an audit by the New Mexico Department of Workforce Solutions. Plan management anticipates that this audit will result in a finding of miscalculated prevailing wage fringe. The audit is still in progress as of the date these financial statements were available to be issued and the total amount of miscalculated prevailing wage fringe has not yet been determined. Plan management has not decided whether the correction of any such miscalculations will be remitted into the Plan or paid to employees in cash. Therefore, the statements of net assets available for benefits and the statements of changes in net assets available for benefits do not reflect an accrual for underpaid fringe with respect to this ongoing audit.
