INDEPENDENT AUDITOR'S REPORT

May 28, 2026

To the Directors of the
VISIONS/Services for the Blind and Visually Impaired Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the VISIONS/Services for the Blind and Visually Impaired Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the VISIONS/Services for the Blind and Visually Impaired Retirement Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended September 30, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the VISIONS/Services for the Blind and Visually Impaired Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about VISIONS/Services for the Blind and Visually Impaired Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

(Continued)

INDEPENDENT AUDITOR'S REPORT

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of VISIONS/Services for the Blind and Visually Impaired Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about VISIONS/Services for the Blind and Visually Impaired Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) and supplemental Schedule of Delinquent Participant Contributions as of September 30, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter – Supplemental Schedules Required by ERISA (Continued)

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VISIONS/SERVICES FOR THE BLIND AND VISUALLY IMPAIRED RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2025 AND 2024

1. DESCRIPTION OF PLAN

The following brief description of VISIONS/Services for the Blind and Visually Impaired Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established effective August 27, 1984 as a defined contribution 403(b) plan that provides retirement benefits for all employees of VISIONS/Services for the Blind and Visually Impaired (the "Organization"). The Plan has no service or age requirements for elective deferral contributions. For discretionary employer contributions, employees must have one year of service and have attained 21 years of age. Upon eligibility, participants can begin receiving discretionary contributions immediately. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may elect to contribute a percentage of their annual wages on a pre-tax basis to the plan. Contributions are subject to certain limitations as defined by the Plan and the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Contributions are subject to certain statutory limitations.

The Organization may elect to make a discretionary employer contribution to the Plan, to be allocated to each person who has met the eligibility requirements stated above. The discretionary contribution is calculated as 5% of all eligible employee wages.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Organization's discretionary employer contributions and the Plan's earnings and losses thereon. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings and losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

The Plan currently offers mutual fund accounts and insurance contracts. Participants may change their investment options daily.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contribution and the earnings and losses thereon. Once eligible, participants are also immediately 100% vested in all discretionary contributions and any earnings from them.

Withdrawals

Withdrawals of all vested amounts may be made after a participant attains 65 years of age or if the withdrawal is for reason of hardship (as defined).

A participant may also request a withdrawal upon attainment of age 59 1/2 or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship". Hardship is defined by the Plan as a certain, immediate, and heavy financial need for specific qualifying expenses. Hardship distributions are only available from participant contributions.

Payment of Benefits

On termination of service due to disability or retirement, if the participant's account is greater than an amount specified by the U.S. Department of Labor ("DOL") (currently \$5,000), the participant may elect to receive payment of their vested account balance in either a lump sum or under a continuous right of withdrawal pursuant to which a participant may withdraw such amounts at such times as they will elect. For death benefits, amounts can be paid as a single lump sum to the participant's beneficiary or under one of the two optional formats stated in the plan document. For vested account balances less than \$5,000, the amount specified by the DOL as the force out threshold, the plan administrator is required to roll those amounts into an individual retirement account ("IRA") designated by the plan administrator if not elected to be distributed directly to the participant or rolled into an eligible retirement plan of their choice. Vested account balances of terminated employees less than \$5,000 are subject to the involuntary cash out requirement.

Administrative Expenses

Plan expenses related to the administration of the Plan or associated with the investment of Plan assets may be paid by the Plan or by the Organization. If the Organization does not pay Plan-related expenses, such fees or expenses will be allocated to Participant accounts either proportionally or as an equal dollar amount.

Notes Receivable From Participants

Participants may borrow from their fund accounts up to a maximum amount that is equal to the lesser of \$50,000 or 50 percent of the value of the vested portion of the participant's accounts and greater than \$1,000. The maximum repayment terms of loans are 5 years for general purpose loans and 10 years for principal residence loans. The amounts borrowed are transferred from the investment funds in which the participant's accounts are currently invested. Repayment and interest thereon are credited to the participant's current investment funds through payroll deductions made each pay period. The loans are secured by the vested balance in the participant's account and bear interest ranging from 2.50% - 7.50%. The participant loan interest rates are adjustable and are established in the calendar quarter in which the loan is issued. The interest rate is subject to change at the annual loan anniversary date.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

In accordance with U.S. GAAP, fixed annuity contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, currency and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the financial statements.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the accompanying financial statements and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. The Plan has determined an allowance for uncollectible notes receivable from participants is unnecessary at September 30, 2025 and 2024.

Investment Valuation and Income Recognition

Investments in mutual funds are stated at fair value based upon quoted market prices at the Plan's year end. Fully benefit responsive guaranteed annuity contracts are stated at contract value, as this is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan's interest in the guaranteed annuity contract is held with Variable Annuity Life Insurance Company (VALIC). Funds under these contracts that have been allocated and applied to purchase annuities are excluded from the Plan's assets. Purchased annuities are contracts under which the insurance company is obligated to pay benefits to named participants or their beneficiaries. The fund is fully benefit-responsive, which means withdrawals from the fund may be made for qualifying benefit payments, including participant-directed transfers. Participants can transfer funds from the fund to other non-competing investment options. Amounts transferred from the fund may not subsequently be transferred to a competing fixed option or withdrawn for 90 days. Participant contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. VALIC is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. VALIC guarantees the interest rate, approximating at least 1%, until the end of the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Certain events may limit the Plan's ability to transact at contract value with VALIC. Such events may include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that may limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

Changes in the fair value of investments, including realized/unrealized gains and losses on assets sold during the year or held at year-end, are reflected in the statements of changes in assets available for benefits as net appreciation of investments. Purchases and sales of securities are reflected on a trade day basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The methodology described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment of Benefits

Benefits are recorded when paid.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

3. FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Organization believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used in the prior year.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended September 30, 2025 and 2024, there were no transfers into or out of Level 3.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

<u>September 30, 2025</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 11,917,015</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,917,015</u>

Mutual funds	<u>\$ 10,945,827</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,945,827</u>

4. CERTIFIED INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Variable Annuity Life Insurance Company and VALIC Trust Company, Inc. have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the years ended September 30:

	<u>2025</u>	<u>2024</u>
Total investments	\$ 17,092,233	\$ 15,933,972
Total investment income	\$ 1,395,367	\$ 2,539,921
Total notes receivable from participants	\$ 161,356	\$ 152,479
Total interest income on notes receivable from participants	\$ 4,158	\$ 5,480

Schedule of Assets (Held at End of Year) – Schedule I

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by VALIC. Transactions between Variable Annuity Life Insurance Company and the Plan qualify as party-in-interest transactions since this organization also provides custodial and recordkeeping services to the Plan. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

In addition, the Plan also allows participants of the Plan to receive loans under specific circumstances. As such, transactions between participants with loans and the Plan qualify as party-in-interest transactions.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts. However, their accounts will be held under the Plan and continue to be adjusted for investment gains and losses until distributed.

7. TAX STATUS

The Plan is designed through a prototype plan sponsored by The Variable Annuity Life Insurance Company to qualify under Section 403(b) of the Internal Revenue Code ("Code"). The prototype plan has received an opinion letter, dated February 1, 2018, from the Internal Revenue Service ("IRS") which stated that the prototype plan is qualified, and the related trust is tax-exempt. The prototype plan opinion letter has been relied upon by this Plan. The prototype sponsor as well as the Plan's sponsor believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and has no income subject to business income tax.

8. PROHIBITED TRANSACTIONS

During 2024, the Organization failed to transmit certain participant contributions totaling \$244,717, within the time period prescribed by Department of Labor regulations. In 2025, the Organization fully corrected the untimely remittances through the voluntary fiduciary correction program.

9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through May 28, 2026, which is the date the financial statements were available to be issued.
