INDEPENDENT AUDITOR'S REPORT

To the Trustees
The South County Hospital 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **The South County Hospital 403(b) Retirement Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of **The South County Hospital 403(b) Retirement Plan's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the Financial Statements

We do not express an opinion on the accompanying financial statements of The South County 403(b) Retirement Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion for the Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the Financial Statements

The South County 403(b) Retirement Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 2 to the financial statements, **The South County 403(b) Retirement Plan** has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, "*Annual Reporting Requirements for 403(b) Plans*". The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America ("GAAP") require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **The South County Hospital 403(b) Retirement Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of **The South County 403(b) Retirement Plan's** financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion on the Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of **The South County 403(b) Retirement Plan**, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion for the Financial Statements section of our report, it is inappropriate to, and we do not express an opinion on this supplemental schedule.

THE SOUTH COUNTY HOSPITAL 403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following brief description of The South County Hospital 403(b) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan’s provisions.

General: The Plan is a defined-contribution plan covering eligible employees of South County Hospital (“SCH”) and South County Home Health (“SCHH”) (collectively known as the “Hospital”) and was established in 2004. The Hospital is the Plan’s Sponsor and Administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility: All employees of the Hospital are eligible to participate in the Plan for purposes of deferral contributions as soon as administratively practical. To participate in matching contributions, an employee must reach the age of 18 and have least 12 months of service with 1,000 hours worked or 1,000 worked in any subsequent Plan year.

Participant Contributions: Participants of the Plan may contribute up to between 1% and 80% of their compensation up to the Internal Revenue Service (“IRS”) limitations, as defined by the Plan. Participants who do not make a deferral election at the time of employment are automatically enrolled at a default Elective Deferral percentage with a 90-day opt out period. The default Elective Deferral percentage is 2% for all eligible employees with an annual auto 1% escalation up to a maximum of 10%. The elective deferral limit for 2024 was \$23,000. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The maximum catch-up deferral limit participants could make in 2024 was \$7,500. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans, or rollovers as allowed by the Plan Administrator.

Employer Contributions: For SCH employees, the Hospital contributes 3.5% of participants’ covered compensation to the Plan, each quarter, beginning the first of the following month eligibility is met. For SCHH employees, the Hospital provides matching contributions, each quarter, representing 50% of the first 6% contributed by the participant. In addition, SCHH may also provide discretionary contributions, which is also determined annually by the board of trustees. No discretionary contributions were made in 2024.

Participants’ Accounts: Each participant’s account is credited with the participant’s contribution, the Hospital’s contribution, and earnings (losses) thereon and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Payment of Benefits: Upon termination of service for any reason including disability, participants are entitled to 100% of their vested account balance, subject to certain restrictions, in either a lump-sum amount or in installments. In addition, participants may elect to roll their account into another qualified plan. Participants may also take in-service withdrawals due to disability or hardship based on terms disclosed in the Plan document.

THE SOUTH COUNTY HOSPITAL 403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Vesting: Participants are immediately vested for all deferral and rollover contributions plus actual earnings thereon. Participants are vested in all employer contributions upon three years of service.

Notes Receivable from Participants: Loans to participants are made in accordance with the provisions in the Plan. Each note shall be in an amount not less than \$1,000 or greater than the lesser of 50% of the participant's vested account balance or \$50,000. Notes are fully secured by the participants' vested interest in the Plan. Each note shall bear an adequate rate of interest commensurate with local market rates for similar notes and will generally be required to be repaid through regular payroll deductions within five years of the date it is made, unless such loan is used to acquire a principal residence of the participant. A participant is allowed to have a maximum of one outstanding loan at a time. Interest rates on outstanding loans were between 4.25% and 9.50% for the year ended December 31, 2024.

Participant Investment Options: Participants direct their investments into various investment options offered by the Plan, as more fully described in the Plan's literature. Participants may change their investment allocation on a daily basis. The Plan also allows for self-directed brokerage accounts for which the participant is responsible for any investment decisions made on the brokerage account.

Forfeitures: Forfeited non-vesting accounts totaled \$133,526 and \$74,322 at December 31, 2024 and 2023, respectively. Forfeitures may be used to reduce employer contributions or to reduce Plan expenses. Forfeitures of \$54,815 were used to reduce employer contributions and Plan expenses during the year ended December 31, 2024.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The Plan's financial statements are presented in conformity with accounting principles generally accepted in the United States of America ("GAAP") except as disclosed in the following paragraph and are presented on the accrual basis of accounting.

THE SOUTH COUNTY HOSPITAL 403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Plan was established in 2004 and was historically viewed as an amalgamation of individual annuity and custodial accounts and the Plan Administrator and its service providers did not maintain financial information at a Plan level. Because historical records were not maintained or are not available at a Plan level, the Plan may have excluded from the accompanying statements of net assets available for benefits certain annuity and custodial accounts, and related activity, issued to current and former employees prior to January 1, 2009. In recognition of these recordkeeping matters, the Department of Labor ("DOL") released Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans ("FAB 2009-02"), as transitional relief, to address situations where a Plan's management is not able to obtain historical records. To the extent FAB 2009-02 is implemented, the DOL has indicated that it will not reject Form 5500 where contracts are excluded as long as certain conditions were met. Further, FAB 2009-02 suggests that Plan Administrators make good faith efforts to include known contracts. While the Plan Administrator has, in good faith, included all known contracts, because of the possibility of certain incomplete records, there is uncertainty that all contracts have been included. However, the Plan Administrator believes that excluded annuities or custodial accounts, if any, would meet the conditions of FAB 2009-02. As discussed in Note 3, the Plan has received certified statements of completeness and accuracy from the Plan's service providers as of and for the years ended December 31, 2024 and 2023.

Use of Estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments Valuation and Income Recognition: Investments are reported at fair value, except for the fully benefit-responsive investment contract which is reported at contract value. Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for the fully benefit-responsive investment contract. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains or losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

THE SOUTH COUNTY HOSPITAL 403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits: Benefit payments to the participants are recorded when paid.

Uncertain Tax Positions: GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Administrative Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Hospital. Expenses that are paid by the Hospital are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3: CERTIFICATION OF CUSTODIANS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank & Trust Company, trustee of the Plan, and Transamerica Life Insurance Company (TLIC), custodian of certain Plan assets, certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate.

NOTE 3: CERTIFICATION OF CUSTODIANS (CONTINUED)

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2 - inputs other than quoted market prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs that are unobservable for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: The mutual funds invest principally in equity securities, fixed income instruments, and short term instruments in accordance with each fund's investment objectives. The mutual funds are registered mutual funds whose fair values are based on quoted prices and are therefore classified in Level 1 on the fair value hierarchy. Mutual funds can be redeemed on a daily basis with one day notice.

Brokerage Account: Self-directed brokerage account is made up of mutual funds and short-term instruments. The mutual funds are registered funds whose fair values are based on quoted prices.

THE SOUTH COUNTY HOSPITAL 403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

Stable Fund: The stable fund is a non-pooled guaranteed separate account that provides a guarantee of principal and interest which invests in investment grade securities. Securities may include asset backed securities; corporate notes, bonds, and debentures; Federal agency securities; money market instruments; mortgage-backed securities; private placements, guaranteed interest contracts and funding agreements; and treasury notes, bonds, and bills and fixed income instruments. The stable fund valuation is based on inputs that are derived from, or corroborated by, observable market data by correlation or other means and therefore classified in Level 2 of the fair value hierarchy.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by Level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2024			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 103,626,450	\$ -	\$ -	\$ 103,626,450

NOTES TO FINANCIAL STATEMENTS

NOTE 5: INVESTMENT CONTRACT

The Plan has a guaranteed investment account provided under a group annuity contract issued by Transamerica Life Insurance Company ("TLIC") that is determined to be fully benefit-responsive. The contract is a traditional investment contract, and it does not have a maturity date. The fund is part of the general assets of TLIC (its general account) and is not subject to GAAP audited financial statements. The Plan does not own any underlying securities of this fund. The Plan has guaranteed benefits under the terms of the contract.

A participant may elect to withdraw all, or a portion of, his or her guaranteed investment option balance at contract value without a market value adjustment for benefit-responsive withdrawals such as disability, death, retirement or severance from employment, hardship, compliance with a qualified domestic relations order, attainment of at least age 59½, in-service withdrawals from the Plan, loans, transfer to a Non-Competing Fund subject to a 90 day equity wash, unforeseen emergency, and the purchase of an annuity from TLIC. Participant elected withdrawals that do not constitute benefit-responsive withdrawals, to the extent permitted by the Plan, will be subject to a market value adjustment.

Distributions due to Employer Initiated Events (e.g., mergers, layoffs, partial Plan terminations, Plan terminations, early retirement incentive programs, etc.) that exceed a certain percentage may be subject to a market value adjustment. Benefit-Responsive Withdrawals during any twelve-month period that are made on account of Employer Initiated Events, and in aggregate in excess of 15% of the contract balance at the beginning of such twelve-month period shall be subject to a market value adjustment.

Participant-directed transfers from the investment contract are permitted to noncompeting funds, subject to a 90-day equity wash provision.

Upon suspension of the contract by the employer, the Plan sponsor may elect:

- a) to apply the entire contract balance to purchase annuities for the participants from TLIC, or
- b) one of the following options to transfer the contract balance to a successor funding vehicle:
 - 1. The contract value, without a market value adjustment, will be paid in one installment made one year after TLIC's receipt of the election option.
 - 2. The contract value less a market value adjustment will be paid in a lump sum payment.

If TLIC suspends the contract, TLIC is not permitted to settle at an amount different from contract value.

The contract contains a minimum guaranteed interest rate. At the beginning of each calendar year, TFLIC determines the declared interest rate (portfolio rate) which will be credited to all monies invested in the investment contract during such calendar year. In no event will the declared rate of interest be less than the contract's minimum guaranteed interest rate. The interest rate for the contract was 2.75% for the year ended December 31, 2024. The minimum guaranteed interest rate for the contract is 1 %.

Contract value of the investment contract totaled \$3,460,915 and \$4,293,915 at December 31, 2024 and 2023, respectively.

THE SOUTH COUNTY HOSPITAL 403(b) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 6: TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (“IRC”). The terms of the Plan have been prepared to conform to the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan Administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b).

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, benefits will be provided as if all participants were then eligible for retirement.

NOTE 8: PARTY-IN-INTEREST TRANSACTIONS

Plan investments consist of investments managed by Transamerica. Transamerica is the custodian and the recordkeeper of the Plan and, therefore, transactions with this entity, including investments and fees paid to the custodian, qualify as party-in-interest transactions as defined by ERISA. Notes receivable from participants also qualify as party-in-interest transactions.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10: RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:

NOTE 11: SUBSEQUENT EVENTS
