INDEPENDENT AUDITOR'S REPORT

May 28, 2026

To the Plan Management, Plan Administrator, Participants and Beneficiaries of the
Ficosa North America Corporation Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Ficosa North America Corporation Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits (in liquidation) as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits (in liquidation) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note J to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with

accounting principles generally accepted in the United States of America (GAAP).

- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – 2023 Plan Termination and Liquidation Basis of Accounting

As discussed in Notes A and D to the financial statements, the plan sponsor of Ficosa North America Corporation Pension Plan approved a plan of liquidation on August 22, 2023, and management determined liquidation is imminent. The effective date of the plan termination was October 22, 2023. As a result, the Plan is using the liquidation basis in presenting the financial statements. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable

assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and reportable transactions as of and for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The

information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Statement of Actuarial Assumptions and Methods

Economic Assumptions

Segment Rates

	Reflecting Funding Relief	Disregarding Funding Relief
Applicable Look-back Month	September	
First Segment Rate	4.75%	3.62%
Second Segment Rate	4.87%	4.46%
Third Segment Rate	5.59%	4.52%
Effective Interest Rate	5.07%	N/A

Expected Rate of Return (Prior to Limitation of the 3 rd Segment Rate)	5.25%
Salary Scale	N/A
Administrative Expenses	\$45,000

Demographic Assumptions

Mortality	Separate rates for annuitants and non-annuitants based on RP-2014 mortality tables with no collar adjustments adjusted backward to 2006 with MP-2014 and then projected with a static projection using the mortality projection scale specified in IRC 1.430(h)(3)-1.
Termination	None
Disability	None
Retirement	100% at age 65

Insurance | Risk Management | Consulting

Benefit Commencement Date	
Deferred Vested	Later of Normal Retirement Age and termination of employment
Retirement Benefit	Termination of employment
Form of Payment	Life Annuity
Spouse Age	Male spouses are assumed to be three years older than female spouses

Assumption Rationale

Interest Rates	The choice was selected by the plan sponsor from choices prescribed by IRC 430.
Expected Rate of Return	The expected rate of return was selected based on the allocation of the plan assets and each allocation's historical return as well as adjustments for future expectations of return.
Salary Scale	N/A
Administrative Expenses	The expected administrative expense assumption was chosen by using the actual prior year expenses, adjusting for PBGC premiums, and rounding to the nearest thousand.
Mortality	The choice was selected by the plan sponsor from choices prescribed by IRC 430.
Disability, Termination, and Retirement	The rates selected were based on the assumptions used by the prior actuary with additional input from discussions with the plan sponsor and expectations for future experience.

Changes in Assumptions since the last valuation

- The mortality assumption was updated to the current mortality basis with static projection as prescribed in IRC 430(h)(3)-1(e).
- The interest rate assumption was updated from the segment rates as of September 2022 to the segment rates as of September 2023 (adjusted for the 25-year average interest rate stabilization corridor as applicable).
- The expected administration expenses assumption was updated from \$256,000 to \$45,000.

Methods

Valuation Date	First day of the Plan Year
Valuation of Plan Assets	Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The resulting smoothed asset value is limited to be between 90% and 110% of the actual fair market value of assets on the valuation date.
Actuarial Method	Unit Credit Method as prescribed by PPA
Models Used	Liabilities in this report were determined using actuarial valuation software designed by a third party software. This software is designed for the specific purpose of modeling pension plan liabilities and costs and is the standard pension valuation software used by Gallagher Benefit Services, Inc. The results in this report are based on various inputs into the software model, including the plan provisions and assumptions shown in this report, and demographic and financial information provided by Ficosa and Transamerica. While the results have been tested and reviewed for overall accuracy and consistency, we have relied upon the validity of the underlying software coding in preparing this report.
Benefits Not Valued	Based on a review of the Plan Document and discussions with the Plan Sponsor, we believe that all significant plan provisions have been reflected in this valuation.

Changes in Methods since the last valuation

None.

INDEPENDENT AUDITOR'S REPORT

May 28, 2026

To the Plan Management, Plan Administrator, Participants and Beneficiaries of the
Ficosa North America Corporation Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Ficosa North America Corporation Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits (in liquidation) as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits (in liquidation) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note J to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with

accounting principles generally accepted in the United States of America (GAAP).

- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – 2023 Plan Termination and Liquidation Basis of Accounting

As discussed in Notes A and D to the financial statements, the plan sponsor of Ficosa North America Corporation Pension Plan approved a plan of liquidation on August 22, 2023, and management determined liquidation is imminent. The effective date of the plan termination was October 22, 2023. As a result, the Plan is using the liquidation basis in presenting the financial statements. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable

assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and reportable transactions as of and for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The

information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements (in Liquidation)
December 31, 2024 and 2023**

A. Description of the Plan

The following description of the Ficosa North America Corporation Pension Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined benefit pension plan. The plan sponsor is Ficosa North America Corporation (the "Company") and the Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was formed on December 31, 2009 by the merger of three defined benefit plans (as described below under plan provisions) of Delbar Products Incorporated ("Delbar"). The Company became the plan sponsor of these three Delbar plans on acquisition of the business of Delbar. The rights and benefits of the participants continue to be governed by the terms of their respective plans as merged and amended under the governance of the Plan.

On August 22, 2023, the Company approved a plan to terminate the Plan effective October 22, 2023. As of December 31, 2023, the Plan offered lump sum payments to certain participants, distributed lump sum payments to those who elected to receive such payments, and transferred the assets and liabilities associated with annuitant participants by purchasing a group annuity contract from Midland National Life Insurance Company. See Note D.

Plan Provisions

Employees with five or more years of credited service are entitled to monthly pension benefits beginning at the normal retirement age of 65, computed as follows for each respective group of participants covered by the Plan:

Salaried Plan: This plan was frozen on January 1, 2006. Participants include all eligible employees who were participating in The Delbar Products Pension Plan for Clerical/Technical and Salaried Employees on December 31, 2005. The value of benefits earned through December 31, 2005 in this plan was preserved and the participants ceased to accrue additional benefits. All participants became fully vested in their accrued benefits as of this date. Various benefit levels were in effect prior to December 31, 1986. The monthly benefit for employees terminating after December 31, 1986 is no less than \$9.75 multiplied by the total number of years and fractional years of credited service up to the normal retirement date.

Plan Provisions (continued)

Tennessee Plan: This plan was frozen on January 1, 2006. Participants include all eligible employees who were participating in The Delbar Products Pension Plan for Hourly-Paid Crossville and Cookeville, Tennessee Employees on December 31, 2005. The value of benefits earned through December 31, 2005 in this plan was preserved and the participants ceased to accrue additional benefits. All participants became fully vested in their accrued benefits as of this date. Various benefit levels were in effect prior to June 1, 1996. The monthly benefit for employees terminating on or after June 1, 1996 is computed as \$7.00 multiplied by the total number of years and fractional years of credited service up to June 1, 1996, and \$9.00 multiplied by years of credited service thereafter.

Hourly Plan: Participants include all eligible employees who were participating in The Delbar Products Pension Plan for Hourly Employees on December 31, 2009. All participants in the Hourly Plan were laid off in February 2008. Various benefit levels were in effect prior to March 15, 1999. The monthly benefit for employees terminating on or after March 15, 1999 is equal to \$17.00 multiplied by the total number of years and fractional years of credited service up to the normal retirement date.

The Plan permits early retirement at age 60 if the employee has completed five years of credited service with the current or predecessor employer and has a vested interest. If an employee terminates before rendering five years of service, they forfeit the right to receive their portion of the accumulated plan benefits. Effective January 1, 2006, all participants of the Salaried Plan and Tennessee Plan became fully vested in their accrued benefits as of that date. The employee's retirement benefit or vested deferred benefit shall be payable in the form of an annuity commencing on the participant's retirement date. Such benefits may be made in monthly payments under (a) a life annuity, (b) a joint and survivor annuity, (c) a period certain life annuity (ten years), or the participant may elect other options.

Employees who become permanently disabled with five or more years of credited service are eligible for monthly benefits equal to the retirement benefit they would receive at their earliest optional retirement date based on years of service to the date of disability. They will receive these benefits until age 60, when they are eligible to receive early retirement benefits.

Under certain circumstances, subject to an employee election, survivor benefits are payable to a surviving spouse of a vested employee. The benefits are equal to the amount which would have been received from the joint and survivor annuity commencing on the first day of the month in which the employee died.

A. Description of the Plan (continued)

Plan Provisions (continued)

Effective October 22, 2023, the Plan was amended to (i) provide for a limited lump sum window and payments to certain plan participants as it relates to the plan termination; (ii) terminate the Plan effective October 22, 2023; (iii) eliminate the disability retirement benefits effective October 22, 2023; (iv) ensure document compliance with the most recent statutory or regulatory changes, which includes good-faith amendments for SECURE 2.0 Act of 2022, specifically to increase required minimum distribution beginning dates; and (v) provide that all participants are fully vested.

B. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the liquidation basis of accounting. The plan is using the liquidation basis of accounting as a result of the plan termination.

Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by its trustee and recordkeeper.

B. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

See Note F for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Certain expenses related to the termination of the Plan were recorded as accrued expenses expected to be incurred in liquidation as of December 31, 2024.

C. Funding Policy

The Plan's funding policy is for the Company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. For the years 2024 and 2023, the Company made contributions of \$0 and \$3,405,680, respectively. The Company's contributions for 2024 and 2023 met the minimum funding requirements of ERISA. There was no minimum funding requirement for 2024 due to the plan termination.

**Ficosa North America Corporation Pension Plan
Notes to Financial Statements (in Liquidation)
December 31, 2024 and 2023**

D. Plan Termination

As noted in Note A, the Company approved the termination of the Plan. The net assets of the Plan were allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years.

The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.

2. Other vested benefits insured by the Pension Benefit Guaranty Corporation ("PBGC") (a U.S. government agency) up to the applicable limitations.
3. All other vested benefits (that is, vested benefits not insured by the PBGC).
4. All nonvested benefits.

Certain benefits under the Plan were insured by the PBGC when the Plan terminated. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits upon the Plan's termination will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations, and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

As of December 31, 2023, the Plan had distributed lump sum payments totaling \$3,827,798 to all participants that elected to receive such payments during the limited lump sum window.

Ficosa North America Corporation Pension Plan
Notes to Financial Statements (in Liquidation)
December 31, 2024 and 2023

D. Plan Termination (continued)

Effective December 27, 2023, the Plan entered into a contract with Midland National Life Insurance Company (MNL) to transfer assets and liabilities associated with annuitant participants who had not made an election to receive a lump sum distribution. Prior to December 31, 2023, in connection with that contract, the Plan transferred \$3,823,000 to MNL. Of that amount, the Plan received a refund during 2024 totaling \$117,139 as a result of MNL's updated and final analysis of the annuitant participants. All ongoing monthly benefits beginning February 1, 2024, were satisfied by MNL under the terms of the contract. The Plan paid its final monthly payments to annuitant participants, totaling \$33,052, on January 1, 2024. As of December 31, 2024, the Plan had sufficient assets to fully fund all such remaining liabilities for professional and administrative fees due to the plan termination. Assets were fully liquidated October 31, 2025. See Note L.

E. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are accumulated based on employees' years (and fractions thereof) of credited service. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The final computation of the actuarial present value of accumulated plan benefits prepared by the actuary was made as of December 31, 2023. Due to the plan termination, no further actuarial computations were necessary. Accordingly, the valuation presented in the table on the following page is as of December 31, 2023.

The actuarial present value of accumulated plan benefits as of December 31, 2023, and the changes in actuarial present value of accumulated plan benefits for the year ended December 31, 2023, are as follows:

E. Actuarial Present Value of Accumulated Plan Benefits (continued)

The significant actuarial assumptions used in the valuation for the Plan as of December 31, 2023 and 2022, were as follows:

Actuarial cost method	Standard Unit Credit Cost Method
Assumed rate of return on investments	5.25%
Life expectancy of participants	PRI-2012 generational table projected with Scale MP-2021
Retirement age	Assumed normal retirement age is 65

The foregoing actuarial assumptions are based on the presumption that the Plan will continue and does not reflect the October 22, 2023 plan termination. If the plan termination was reflected, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. No further accumulated plan benefits are required or expected to be paid out from the Plan after December 31, 2024.

F. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described on the following page.

Ficosa North America Corporation Pension Plan
Notes to Financial Statements (in Liquidation)
December 31, 2024 and 2023

F. Fair Value Measurements (continued)

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Common/collective trust funds: Valued at the NAV of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

F. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Total investments measured at fair value	\$ -	\$ -	\$ -	\$ -
Investments measured at net asset value*				135,435
Total investments				<u>\$ 135,435</u>

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Total investments measured at fair value	\$ -	\$ -	\$ -	\$ -
Investments measured at net asset value*				94,678
Total investments				<u>\$ 94,678</u>

*In accordance with FASB ASC 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Common/Collective Trust Funds	\$ 94,678	n/a	Daily	None

G. Tax Status

The Plan had obtained its latest determination letter on June 14, 2011, in which the Internal Revenue Service ("IRS") states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The determination letter has expired. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress other than the audit of the plan termination by the PBGC in process as of the date the financial statements were available to be issued. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.

H. Related-Party and Party-in-Interest Transactions

State Street Bank and Trust Company is the trustee and Transamerica Retirement Solutions, LLC ("Transamerica") is the recordkeeper for the Plan. Certain plan investments are units of collective trust funds managed by Transamerica. Transamerica Trust Company, an affiliated company of Transamerica, is the trustee of the collective trust funds. Transamerica receives revenue from mutual fund service providers for services Transamerica provides to the funds. The revenue received by Transamerica from such mutual fund service providers is remitted to the Plan's trust and is used to offset certain amounts owed to Transamerica for their administrative services to the Plan.

As described in Note B, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions qualify as party-in-interest transactions under ERISA. Fees incurred by the Plan for the administrative expenses net of revenue sharing were \$75,103 and \$573,013 for the years ended December 31, 2024 and 2023, respectively.

I. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

J. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2024 and 2023, net appreciation in fair value of investments and dividend income for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by State Street Bank and Trust Company (the trustee of the Plan) and Transamerica Trust Company.

L. Subsequent Events

The Plan has evaluated subsequent events through May 28, 2026, the date the financial statements were available to be issued.

On October 31, 2025, the remaining plan balance of \$41,626 was transferred to Ficosa North America Corporation 401(k) Retirement Savings Plan.
