Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☐ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☒ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **PRICEWATERHOUSECOOPERS LLP**

(2) EIN: **13-4008324**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		25000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒

Report of Independent Auditors

To the Administrator of
Retirement Savings Plan for Hourly Employees of Alcoa USA Corp. and
Retirement Savings Plan for Salaried Employees of Alcoa USA Corp.

Opinions

We have audited the accompanying financial statements of the Retirement Savings Plan for Hourly Employees of Alcoa USA Corp. and the Retirement Savings Plan for Salaried Employees of Alcoa USA Corp. (hereafter collectively referred to as the "Plans"), employee benefit plans subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of individual plan net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in individual plan net assets available for benefits for the year ended December 31, 2025, including the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of each of the Plans as of December 31, 2025 and 2024, and the changes in each of their net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Individual Plan Financial Statements section of our report. We are required to be independent of the Plans and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Individual Plan Financial Statements

Management is responsible for the preparation and fair presentation of the individual plan financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of individual plan financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the individual plan financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plans' ability to continue as a going concern for one year after the date the individual plan financial statements are available to be issued.

PricewaterhouseCoopers LLP
301 Grant Street, Suite 4500
Pittsburgh, Pennsylvania 15219

www.pwc.com/us

(412) 355 6000

Management is also responsible for maintaining current plan instruments, including all plan amendments, administering the plans, and determining that the plans' transactions that are presented and disclosed in the individual plan financial statements are in conformity with the plans' provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Individual Plan Financial Statements

Our objectives are to obtain reasonable assurance about whether the individual plan financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the individual plan financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the individual plan financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the individual plan financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plans' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the individual plan financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plans' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on each of the individual plan's financial statements as a whole. Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2025 for each of the Plans ("supplemental schedules"), are presented for purposes of additional analysis and are not a required part of the individual plan financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the individual plan financial statements. The information has been subjected to the auditing procedures applied in the audit of the individual plan financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the individual plan financial statements or to the individual plan financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedules is fairly stated, in all material respects, in relation to the individual plan financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Employees' Retirement Savings Plans of Alcoa USA Corp. and Subsidiary Companies
Notes to Financial Statements
December 31, 2025 and 2024

1. Description of Plans

General

The Retirement Savings Plan for Hourly Employees of Alcoa USA Corp. ("Hourly Plan") and the Retirement Savings Plan for Salaried Employees of Alcoa USA Corp. ("Salaried Plan"), (collectively, the "Plans") are defined contribution savings plans maintained pursuant to a master trust agreement (the "Master Trust") between Alcoa USA Corp. (the "Company") and the trustee, The Bank of New York Mellon ("Trustee"). In general, the Plans provide various investment options for amounts withheld from employees' salaries and for company contributions. Plan documents are available to participants upon request.

Reference should be made to the basic prospectus and to the Summary Plan Description for a summary of the important features of each Plan, including eligibility, vesting, employee and company contributions, loans, withdrawals and compliance with the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility and Vesting

The Plans are available to eligible employees of the Company and certain subsidiary locations that have adopted the Plans. Employees are immediately eligible for plan participation. At all times, participants are fully vested in the value of their contributions plus actual earnings thereon. A participant is immediately vested in company contributions.

Employee Contributions

Eligible employees may elect to contribute to the Plans a percentage of eligible compensation as pre-tax or Roth after-tax, when combined not to exceed the Internal Revenue Service ("IRS") limit, or up to 10% as non-Roth after-tax, with a maximum of 25% in the aggregate. Certain eligible employees in the Hourly Plan may defer as pre-tax savings, a maximum of 50% of amounts earned under the applicable pay for performance plan in increments of 10% and subject to the maximums allowable by the Internal Revenue Code ("IRC") and Department of Treasury regulations.

Negotiated deferrals, as defined in the Hourly Plan document, for certain eligible collective bargained employees will be contributed to their plan accounts as a separate, pre-tax contribution.

Eligible employees of age 50 or older or who become age 50 during the plan year and meet certain requirements may elect to make additional pre-tax and/or Roth catch-up contributions not to exceed the IRS limit. Certain participants may be eligible for enhanced catch-up contribution limits, and, for participants whose prior-year wages exceed applicable thresholds, catch-up contributions are required to be made on a Roth basis.

Elections can be changed effective for the first full payroll period following the election. Participants direct their contributions in multiples of 1% into various investment options offered by the Plans.

Certain eligible employees will be automatically enrolled in the Plans after 60 days of hire or rehire and subject to automatic payroll deductions, which will be contributed to the Plans as pre-tax savings, unless the employee chooses to enroll sooner or not to participate. Effective March 1, 2025, automatic payroll deductions are equal to 6% (3% if hired prior to March 1, 2025) of eligible compensation and increase by 1% annually each April 1 (following at least three months of participation) until the target rate of 10% (6% if hired prior to March 1, 2025) is attained. The employee can change the contribution rate, annual rate increase and target contribution rate or stop automatic enrollment at any time.

Eligible temporary employees can enroll in the Plans immediately upon hire. If the employee is still eligible after one year of service, they will be subject to automatic enrollment as described above.

The Plans also accept rollover contributions of amounts representing distributions from other qualified defined benefit or defined contribution plans to the extent the rollover is permitted under Section 402(c) of the IRC. An eligible employee's rollover contribution is credited to his or her account and thereafter treated like the participant's pre-tax or Roth savings with respect to withdrawals, loans, and investment options under the Plans.

Employer Contributions

For the Salaried Plan, participating locations may elect to make a matching employer contribution up to 6% of the participants' eligible compensation. The employer match for contributions to the Hourly Plan is based upon the various collective bargaining agreements. For certain employees of the Hourly Plan, participating locations may elect to make a matching employer contribution up to 6% of the participants' eligible compensation as defined in the Hourly Plan document.

The employer match for the Plans is contributed in the same manner as the participant's other investment elections. If the participant has not made investment elections, company matching contributions will automatically be invested in the appropriate targeted maturity fund based on the participant's year of birth.

An annual true-up contribution is made shortly after the end of the year to ensure participants receive the maximum employer matching contribution for which they are eligible. These employer contributions are reflected as receivables on the Statement of Individual Plan Net Assets Available for Benefits and as employer contributions on the Statement of Changes in Individual Plan Net Assets Available for Benefits.

In addition, certain eligible employees will receive an employer retirement income contribution in the amount of 3% of applicable eligible compensation per pay period. These employer contributions are allocated to the participants' accounts in the same percentages as the participants' other investment elections.

Certain eligible employees in the Hourly Plan will receive retiree medical savings contributions to their accounts in an amount equal to \$0.60 per hour worked. These employer contributions are contributed to the appropriate targeted maturity fund based on the participant's year of birth but may be transferred by the participant from the default fund to any eligible fund.

Certain eligible employees in the Hourly Plan will receive a cost-of-living contribution to their accounts in an amount equal to \$0.80 per hour worked. These employer contributions are allocated to the participants' accounts in the same percentages as the participants' other investment elections.

Temporary employees are eligible for the employer match and the employer retirement income contribution after one year of service.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the company's contribution and (b) Plan earnings. Allocations of Plan earnings are based on individual participant investment earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Generally, participants may borrow from their individual account balances in the Plans, excluding employer contributions made on or after January 1, 2011, employer retirement income contributions and retiree medical savings contributions. The minimum loan amount permitted by the Plans is \$1,000. The maximum allowable loan from the Plans is the lesser of 50% of the participant's account balance or \$50,000. Loans are collateralized by a

portion of the participant's account balance, and repayments are made by periodic payroll deductions. Interest is charged on all loans at the prime rate plus 1% at the time the loan is executed. Interest rates ranged from 4.25% to 9.50% as of December 31, 2025 and from 4.25% to 10.50% as of December 31, 2024. For each loan request, a \$100 loan processing fee is deducted from the loan amount to cover administrative expenses.

Benefit Payments to Participants

While actively employed, participants have access to account funds through loans, non-hardship withdrawals of after-tax and rollover contributions, hardship withdrawals of pre-tax contributions and withdrawals for participants over age 59½.

Effective April 1 2025, participants with an account balance greater than \$7,000 (\$5,000 prior to April 1, 2025) may, upon termination of service, elect to leave their investments in the Plans or receive a lump-sum distribution. Participants who leave their investments in the Plans and elect to receive a distribution at a later date are permitted four partial payouts each calendar year, however, each partial payout must be at least \$250. Plan provisions require a lump sum distribution when a participant attains age 69.

Risks and Uncertainties

The Plans invest in investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Individual Plan Net Assets Available for Benefits and Statements of Changes in Individual Plan Net Assets Available for Benefits.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plans to terminate the Plans subject to the provisions of ERISA. In the event of a plan termination, any unallocated assets of the Plans shall be allocated to participant accounts and distributed in such a manner as the Company may determine. Also, the Company has the right under the Plans to discontinue its contributions at any time.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plans are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and to disclose contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a description of fair value measurements.

Investment contracts held by a defined contribution plan are reported at contract value. Contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Plan interest in Savings Plans Master Trust for Alcoa USA Corporation investment income includes the Plans' unrealized and realized gains and losses on investments.

Benefit Payments to Participants

Benefits are recorded when paid.

Notes Receivable from Participants

The Notes Receivable from Participants are reported at the unpaid principal balance of borrowings from individual account balances along with the accrued but unpaid interest. Loans in default are reclassified as benefit payments to participants based upon the terms of the plan.

Voting Rights

Each participant who has an interest in the Alcoa Corporation Stock Fund is entitled to exercise voting rights attributable to the equivalent shares allocated to his or her Stock Fund account and is notified by the Trustee prior to the time that such rights are to be exercised. If the Trustee does not receive timely instructions, the Trustee itself or by proxy shall vote all such shares in the same ratio as the shares with respect to which instructions were received from participants.

Dividends

Dividend income on Alcoa Corporation stock is recorded on the ex-dividend date. Amounts received on allocated shares increase participant accounts and amounts received on unallocated shares are available for plan expenses and debt service.

Administrative and Asset Management Expenses

The Fixed Income Fund (see Note 5) and the Alcoa Corporation Stock Fund investment management fees are paid by the Plans from assets of their respective funds. The investment management fees for the Fixed Income Fund are based upon a percentage of the fund's net assets. For the Alcoa Corporation Stock Fund, the investment fees are based upon the number of stock transactions within the fund during the year.

Many funds in the Plans are registered investment companies. Registered investment companies incur expenses that reduce the earnings in the fund and are reflected in the daily net asset value ("NAV"). Expenses charged by registered investment companies include asset management and administrative fees.

The funds offered by BlackRock Institutional Trust Company, N.A. and the Trustee incur expenses that reduce earnings in the fund and are reflected in the NAV. These funds are not available to individual investors and are not publicly traded. Expenses charged by these funds include asset management and administrative fees.

Participants in all funds (excluding those included in self-directed brokerage accounts) are subject to an administrative expense fee, which is used to pay the expenses of the Plans such as trustee, recordkeeping, audit, consulting, and other administrative expenses. This fee is charged monthly.

Participants in self-directed brokerage accounts are subject to a quarterly maintenance fee.

Participants are subject to processing fees for loan requests, domestic relations orders, and expedited delivery requests.

The 2025 participant administrative expense fees were \$210,055 for the Salaried Plan and \$126,509 for the Hourly Plan.

The fees described above are included within Plan interest in Savings Plans Master Trust for Alcoa USA Corporation investment income.

3. Master Trust

The Plans offer a variety of investment options which are held in safekeeping in a Master Trust under a trust arrangement by the Trustee. Each participating Plan has a divided interest in the Master Trust based on individual participant investment elections.

The following table sets forth the net assets of the Master Trust and the Plans' interest in the net assets of the Master Trust as of December 31, 2025:

4. Fair Value Measurements

Financial Accounting Standards Board (“FASB”) *Accounting Standards Codification* (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none"> • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data correlation or other means. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2025 and 2024.

Equity Securities

Valued at the closing price reported on the active market on which the individual securities are traded.

Registered Investment Companies

Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plans are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plans are deemed to be actively traded.

Commingled Trusts

Valued at the NAV of shares held by the Plans at year end. The NAV is used as a practical expedient to estimate fair value. These funds are not publicly listed.

There are no unfunded commitments with respect to commingled trusts. Participants can transact daily with these funds, however, significant withdrawals may be subject to redemption restrictions, at the trustee's discretion, to the extent that it is determined such actions would disrupt management of the fund.

Self-directed Brokerage Accounts

Accounts primarily consist of shares of registered investment companies and common stock that are valued based on readily determinable market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plans' assets at fair value as of December 31, 2025:

	Assets Measured at Net Asset Value^(a)		Total
	Level 1	Level 2	
Fair value measurements at end of year			
Assets in Savings Plans Master Trust for Alcoa USA Corporation			
Alcoa Corporation common stock	\$ 13,680,084	\$ —	\$ 13,680,084

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Individual Plan Net Assets Available for Benefits.

The following table sets forth by level, within the fair value hierarchy, the Plans' assets at fair value as of December 31, 2024:

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Individual Plan Net Assets Available for Benefits.

5. Investment Contracts

The Plans hold a portfolio of investment contracts, all of which are synthetic. The Investment Contracts are held in the Fixed Income Fund (the "Fund") and are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The wrap providers are contractually obligated to repay the principal by providing a guarantee that the crediting rate will not fall below 0%.

Contract value, as reported to the Plans by the investment manager, represents contributions made under contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Investment Contracts use the crediting rate formula to convert market value changes in the covered assets into income distributions to minimize the difference between the market and contract value of covered assets over time. Using the crediting rate formula, an estimated future market value is calculated by compounding the Fund's current market value at the Fund's current yield to maturity for a period equal to the Fund's duration. The crediting rate is the discount rate that equates estimated future market value with the Fund's current contract value, but it may not be less than zero.

The crediting rate, and hence the Fund's return, may be affected by many factors, including purchases and redemptions by shareholders. If the market value of the covered assets is higher than their contract value, the crediting rate will ordinarily be higher than the yield of the covered assets. Under these circumstances, cash from new investors will tend to lower the crediting rate, and redemptions by existing shareholders will tend to increase the crediting rate. The opposite is ordinarily true if the market value of the covered assets is lower than their contract value. There are no reserves against contract value for credit risk of the insurance companies or otherwise.

Certain events limit the ability of the Plans to transact at contract value with the issuer. Such events include the following: (1) the Plan's failure to qualify under Section 401(a) or Section 401(k) of the IRC, (2) the establishment of a defined contribution plan that competes with the Plan for employee contributions, (3) any substantive modification of the Plan or the administration of the Plan that is not consented to by the insurance companies, (4) complete or partial termination of the Plan, (5) any change in law, regulation or administration ruling applicable to the Plan that could have a material adverse effect on the Fund's cash flow, (6) merger or consolidation of the Plans with another plan, the transfers of the Plans' assets to another plan, or the sale, spin-off or merger of a subsidiary or division of the plan sponsor, (7) any communication given to participants by the plan sponsor or any other plan

fiduciary that is designed to induce or influence participants not to invest in the Fund or to transfer assets out of the Fund, (8) exclusion of a group of previously eligible employees from eligibility in the Plan, (9) any early retirement program, group termination, group layoff, facility closing, or similar program or (10) any transfer of assets from the Fund directly to a competing option.

The Plans' administrator does not believe that the occurrence of any such event, which would limit the Plans' ability to transact at contract value with participants, is probable.

The Investment Contracts generally allow the contract issuers (banks or insurance companies) to terminate the agreement. However, the banks or insurance companies would be required to grant the Fund a right to amortize any market-to-book differential over an agreed upon period of time.

6. Related-Party and Party-In-Interest Transactions

The Plans own shares of common stock of Alcoa Corporation through the investment in the Alcoa Corporation Stock Fund and, therefore, these transactions qualify as party-in-interest transactions. These transactions are exempt as defined in ERISA Section 408 and the regulations there under. During 2025, the market value of purchases and sales of shares of common stock of the Alcoa Corporation Stock Fund were \$2,990,770 and \$5,138,270, respectively. Dividends earned on Alcoa Corporation common stock during 2025 were \$132,787. As of December 31, 2025 and 2024, the Plans owned 259,732 and 291,433 shares of Alcoa Corporation common stock, respectively.

The Company may pay certain administrative expenses or perform administrative functions on behalf of the Plans.

The Plans invest in funds managed by The Bank of New York Mellon. The Bank of New York Mellon is the trustee as defined by the Plans, and therefore these transactions, and expenses paid to Bank of New York Mellon, qualify as party-in-interest transactions.

Participants may borrow from their individual account balances in the Plans. The loan program is discussed in Note 1. These transactions qualify as party-in-interest transactions.

7. Tax Status

The IRS determined and informed the Company by letters dated February 1, 2018 that the Plans are qualified and the Master Trust established under the Plans is tax-exempt under the appropriate sections of the IRC. These plans were amended since receiving the determination letters; however, the Plans' administrator and the Sponsor's tax advisor believe that the Plans are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe the Plans are qualified and the related Master Trust is tax-exempt as of the financial statement date.

U.S. GAAP requires the Plans' management to evaluate tax positions taken by the Plans and recognize a tax liability (or asset) if the organization has taken an uncertain position that would not be sustained upon examination by the IRS. The Plans' administrator and the Sponsor's tax advisor analyzed the tax positions taken by the Plans and concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. As such, no reserve is required under U.S. GAAP. The Plans are subject to audit by the IRS; however, there are no current IRS audits in progress for any tax periods.

8. Subsequent Events

Management has evaluated the events and transactions that have occurred through June 11, 2026, the date the financial statements were issued, and noted no items requiring adjustment of the financial statements or additional disclosures, other than that which is described below.

In December 2022, the SECURE 2.0 Act was signed into federal law. Effective January 1, 2026, the Plans were amended to implement certain provisions of the SECURE 2.0 Act, including increased catch-up contribution limits for certain participants aged 60 to 63 and a requirement that certain high-income participants make catch-up contributions on a Roth basis.
