INDEPENDENT AUDITORS' REPORT

Trustees and Participants

Brookline Bancorp, Inc. Employee Stock Ownership Plan

Opinion

We have audited the accompanying financial statements of Brookline Bancorp, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits (liquidation basis) as of August 13, 2025 and December 31, 2024, and the related statement of changes in net assets available for benefits (liquidation basis) for the period from January 1, 2025 to August 13, 2025, and the related notes to the financial statements.

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the net assets available for benefits of Brookline Bancorp, Inc. Employee Stock Ownership Plan as of August 13, 2025 and December 31, 2024, and the changes in its net assets available for benefits for the period from January 1, 2025 to August 13, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Brookline Bancorp, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter—Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements, the governing body of Brookline Bancorp, Inc. Employee Stock Ownership Plan approved a plan termination on May 1, 2023, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting to the liquidation basis used in presenting the 2024 and 2025 financial statements. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Responsibilities of Management for the Financial Statements (*continued*)

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Brookline Bancorp, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

1. Description of Plan

The following brief description of the Brookline Bancorp, Inc. Employee Stock Ownership Plan ("Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

Brookline Bancorp, Inc. (the "Company") established the Plan effective November 1, 1997. The Plan operates as a leveraged employee stock ownership plan ("ESOP") and is designed to comply with Section 4975(e)(7) and the regulations of the Internal Revenue Code ("IRC"), as amended and is subject to applicable provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Company has established a Benefits Committee (the "Committee"), which is comprised of members appointed by management of the Company. The trustee of the Plan is First Bankers Trust Services ("Trustee") and is responsible for holding the Plan's assets, investing assets at the direction of the Committee, valuing the assets and making distributions to former participants or their beneficiaries at the direction of the Committee.

On April 26, 2023, the Board of Directors of Brookline Bancorp, Inc., the Plan's sponsor, voted to terminate the plan, effective May 1, 2023. As a result, management determined liquidation was imminent as of April 26, 2023. All participants became fully vested in their account balances as of May 1, 2023. All of the Plan assets were frozen and will be either distributed or transferred, as elected by each participant. The Plan distributed all assets during 2025. As of August 13, 2025, the asset balance was \$0.

Eligibility

Employees of the Company were generally eligible to participate in the Plan at age 21 and after one year of service providing they worked at least 1,000 hours during such Plan year. Participants who did not have at least 1,000 hours of service during such Plan year or were not employed on the last working day of the Plan year were generally not eligible for an allocation of employer contributions for such year.

Employer Contributions

The Company was obligated to make contributions to the Plan in cash, stock or a combination of both. Cash contributions, when aggregated with the Plan's dividends on unallocated shares of the Company's common stock, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on the loan.

Employees are not allowed to make contributions to the Plan. The Company has met all contribution obligations for the year ended December 31, 2022 and discontinued making contributions at that time.

1. Description of Plan (*continued*)

Payment of Benefits

Distributions of vested Plan benefits would be made within one year of the year-end in which the participant separates from service with the Company unless his or her vested account balance exceeds \$1,000, in which case a distribution would not be made prior to the participant's normal retirement date without written consent from the participant, a surviving spouse or designated beneficiary, as applicable. A distribution may be in the form of a lump sum or installment payments.

Distributions of vested Plan benefits to participants may be made, at the discretion of the Committee, in cash, in shares of the Company's common stock or a combination thereof. However, participants have the right to request distribution, in whole or in part, in shares of the Company's common stock.

Participant Accounts

Unallocated shares of the Company's common stock acquired with the proceeds of the Loan were held by the Plan in a suspense account. Each year the number of shares released from the suspense account for allocation among the eligible participants was equal in number to the total number of shares in the suspense account immediately before the release multiplied by a fraction, the numerator of which equaled total debt service on the Loan for the year and the denominator of which equaled the sum of the numerator and all remaining debt service on the Loan at the Plan year-end. Only those participants who were employees of the Company as of the last day of the Plan year could qualify as eligible participants.

Two separate accounts were maintained by the Plan for each participant. One account is credited with allocated shares of the Company's common stock (the "A account"), while the other account is credited with participant's proportionate interest in the Plan attributable to assets other than shares of the Company's common stock (the "B account"), if any.

Shares of the Company's common stock were allocated annually to each eligible participant, subject to statutory limitations, based on the ratio that such participant's compensation for the Plan year bore to the compensation of all eligible participants during the Plan year. Compensation included all compensation as defined under IRC Section 415, subject to annual statutory limits for qualified benefit plans.

1. Description of Plan (*continued*)

Vesting

If a participant's employment with the Company ended for any reason other than retirement, permanent disability or death, he or she vested in the balances of his or her account based on total years of service with the Company. For participants that terminated employment prior to July 1, 2015, benefits vested from the initial date of employment with the Company were as follows:

Completed years of service	Vesting %
less than 3	0%
3	20%
4	40%
5	60%
6	80%
more than 6	100%

Any participant who was employed on July 1, 2015 or who became a participant after such date immediately fully vested in his or her account balance.

Diversification

Diversification was offered to participants close to retirement so that they could have the opportunity to move part of the value of their investment in the Company's common stock into investments which were more diversified. Participants who were at least age 55 with at least 10 years of participation in the Plan could elect to diversify a portion of their account. Diversification was offered to each eligible participant over a six-year period. In each of the first five years, a participant could diversify up to 25% of the number of shares allocated to his or her account since the inception of the Plan, less any shares previously diversified. In the sixth year, the percentage changes to 50%. At the discretion of the Committee, the Plan could satisfy the diversification requirement by any of the following methods:

- a) The Plan could distribute all or part of the amount;
- b) The Plan could offer the Participant at least three other distinct investment options, if available under the Plan; and
- c) The Plan could transfer the portion of the Participant's account subject to the diversification election to another qualified defined contribution plan of the Company that offered at least three investment options satisfying the requirements of the regulations under Section 404(c) of ERISA.

Voting Rights

Each participant was entitled to exercise voting rights attributable to the shares allocated to his or her account and his or her proportionate interest in unallocated shares by notification to the Trustee. The Trustee was not permitted to vote any allocated shares of stock for which instructions were given by a participant. The Trustee was required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

1. Description of Plan (*continued*)

Forfeitures

If an employee left the Company before being fully vested, the nonvested portion of his or her account would be forfeited at the end of the first calendar year in which he or she has 500 or fewer hours of service. Amounts that were forfeited were redistributed amongst the accounts of eligible participants in the same manner as the annual allocation of the Company stock from the suspense account. There were no forfeited shares allocated to participants during the period ending August 13, 2025 or the year ended December 31, 2024. The Plan has no forfeited nonvested shares as of August 13, 2025 and December 31, 2024.

Administration of Plan Assets

The Plan's management is solely responsible for the administration of the Plan and may engage professional advisors it feels necessary to assist in the performance of its duties. Administrative, Trustee and other expenses are borne by the Plan.

Employer contributions are held and managed by the Trustee, which invests cash received, interest and dividend income and makes distributions to participants. The Trustee also administers the payment of interest and principal on the Loan, which is reimbursed to the Trustee through contributions as determined by the Company.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

As a result of Plan Termination (see Note 1), the Plan changed its basis of accounting to the liquidation basis. The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

In connection with the Plan termination, the Plan recorded an estimated termination liability of \$560,546 at December 31, 2024, which is included as a liability in the statement of net assets available for benefits. The liability represents management's best estimate of remaining costs and unfavorable liquidation adjustments expected to be incurred through the final distribution of Plan assets.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock and (b) stock not yet allocated to employees, including shares that were committed to be released. Shares were released from collateral and became allocated generally in the period in which debt service was actually paid. All accounts were fully allocated during the year ended December 31, 2023.

2. Summary of Significant Accounting Policies *(continued)*

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. At December 31, 2024 all of the Plan's investments, that were valued at fair value, were valued using level 1 inputs. The plan had liquidated all investments as of August 13, 2025.

Investment Valuation and Income Recognition

The Plan's investments were reported at fair value. Common stock was valued at the daily closing price as reported by the major exchange upon which the stock is traded. Mutual funds held by the Plan were valued at fair value based on the daily closing price as reported by the funds. The mutual fund is open-ended and is registered with the Securities and Exchange Commission. The mutual fund is required to publish its daily net asset value and to transact at that price.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits were recorded when paid.

Accounting of Uncertainty for Income Taxes

The Plan recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition and/or disclosure. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is June 9, 2026.

Brookline Bancorp, Inc. Employee Stock Ownership Plan

Notes to Financial Statements August 13, 2025

3. Investments

Allocated investments of the Plan at August 13, 2025 and December 31, 2024 are as follows:

	2025	2024
Company common stock		
Number of shares	-	579,427
Cost	\$ -	\$ 2,995,777
Fair value	\$ -	\$ 6,837,239

4. Tax Status

The Plan obtained its latest determination letter dated July 21, 2016, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan administrator believed the Plan was designed and operated in compliance with the applicable provisions of the IRC and the related Trust was tax exempt through August 13, 2025. Therefore, no provision for income taxes has been included in the Plan's financial statements.

5. Related Party and Party-In-Interest Transactions

The Plan invested Company stock. These were related party and party-in-interest transactions. As described in Note 1, the Company paid certain Plan expenses. The Plan had a number of service providers. Such providers were parties-in-interest under ERISA.

6. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at August 13, 2025 and December 31, 2024 to the Form 5500:
