The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Command Medical Products, LLC Employees Savings Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Command Medical Products, LLC Employees Savings Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Command Medical Products, LLC Employees Savings Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Command Medical Products, LLC Employees Savings Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Command Medical Products, LLC Employees Savings Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter —Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of Plan:

The following description of the Command Medical Products, LLC Employees Savings Trust (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more comprehensive description of the Plan's provisions.

- a) **General**—The Plan is a defined contribution plan covering all eligible employees of Command Medical Products, LLC (the Company). Employees become eligible on the first day of the month following employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is a 401(k) defined contribution plan covering substantially all full-time employees of Command Medical Products, LLC (the "Company") who are age eighteen or older and have completed at least one month of service. Employees that are part of a union, nonresident aliens, or are residents of Puerto Rico are not eligible for participation. Employees who become eligible to participate are automatically enrolled in the Plan on the first day of the month coinciding with or following the date they meet the requirements.

- b) **Contributions**—Each year, participants may contribute from 1% to 80% of eligible pre-tax annual compensation, as defined by the Plan. Additional "catch-up" contributions can be made to the Plan if the participant is at least age 50 by the end of the plan year up to the amount allowed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("rollover contributions"). Participants direct the investment of their contributions, as well as Company contributions to their participant account, into various investment options offered by the Plan. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral set at 3% of eligible compensation with annual increases of 1% up to a total contribution of 10%, and their contributions are invested in a designated fund until changed by the participant. The Company contributes 50% of the first 5% of eligible compensation. Contributions are subject to certain limitations allowed by law.

All Company contributions are invested as directed by the participants. Contributions are subject to certain limitations and eligibility requirements.

Notes to Financial Statements

December 31, 2024 and 2023

Company match contributions for the years ended December 31, 2024 and 2023 were \$123,286 and \$126,682, respectively.

The Company, at its discretion, may also make an annual contribution to the Plan that will be allocated to eligible participant accounts as specified by the Plan. In order to receive this nonelective contribution, participants must be employed on the last day of the Plan Year, unless in the case of death, total and permanent disability, or termination on or after Normal Retirement Age of sixty-five. No such contributions were made for the years ended December 31, 2024 and 2023.

- c) **Participants accounts**—Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The Company currently offers 6 collective trust funds and 21 mutual funds as investment options for participants. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- d) **Vesting**—Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest based on the following schedule:

<i>Years of Service</i>	<i>Vesting Percentage</i>
Less than 1 year	0%
After 1 year	25%
After 2 year	50%
After 3 year	75%
After 4 year	100%

Participants that do not meet these service requirements will become fully vested in Company contributions in the event of death or total and permanent disability.

Command Medical Products, LLC Employees Savings Trust

Notes to Financial Statements

December 31, 2024 and 2023

- e) **Notes receivable from participants**—Participants may borrow from their fund a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. The loans are secured by the balance in the participant's account and bear interest an interest rate of prime plus 2% (currently 5.25% to 10.50%). Principal and interest is paid ratably through weekly payroll deductions.

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The Plan allows only one outstanding loan at a time, along with an additional "home-loan", provided the repayment period is greater than 5 years. The loans are secured by the balance in the participant's account. The loan interest rate is set at a commercially reasonable rate of 2 percent above the prime rate, which is determined on the 14th day of each month. Principal and interest is paid ratably through payroll deductions. Loans are repayable within 5 years unless the loan is used for the purchase of a primary residence, in which case the loan may be repaid within a period of up to 30 years.

- f) **Payment of benefits**—Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. Participants may also take in-service distributions at the age of 59 ½, or in the event of financial hardship. Partial withdrawals and hardship distributions must be at least \$500. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Absent the participant's election to roll distributions into another qualified plan or receive a lump sum payment, vested balances over \$1,000 but not exceeding \$5,000 for terminated participants are rolled over to an individual retirement plan designated by the plan administrator. The participant's contributions and vested portion of employer contributions may also be withdrawn for certain hardship situations.

Command Medical Products, LLC Employees Savings Trust

Notes to Financial Statements

December 31, 2024 and 2023

- g) **Administrative plan expenses**—The Plan permits payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of account balances or as an equal dollar amount based on the number of participants in the Plan. However, certain operating expenses of the Plan, such as audit fees, are paid by the Plan Sponsor. Plan administration and investment management fees reduce participants' account balances. Expenses relating to specific participant transactions (i.e., loan setup, distribution request, etc.) are charged directly against the appropriate participant's account.

The Plan has a revenue-sharing arrangement with a registered investment advisor for the reimbursement of Plan expenses. Revenue earned from this agreement is used to pay expenses. During the year ended December 31, 2024, \$10,314 was earned from this agreement and was used to pay expenses.

- h) **Forfeited accounts**—At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$2,611 and \$10, respectively. These accounts may be used to reduce future employer contributions or pay plan expenses. During the year ended December 31, 2024, \$7,850 was used to reduce employer contributions.
- i) **Plan amendments**—The Plan was amended on March 1, 2024, to change the Company's name to "Command Group Acquisition, LLC", the EIN to "93-3954461", and the Plan name "Command Group Acquisition, LLC. Employees Savings Trust". The Plan was also amended August 1, 2024, to change the Company's name to "Command Medical Products, LLC" and the Plan name "Command Medical Products, LLC. Employees Savings Trust". Effective January 1, 2025 the Trustee was changed from Reliance Trust Company to ADP Retirement Trust Services, LLC.

2. Summary of Significant Accounting Policies:

- a) **Basis of presentation**—The financial statements of the Plan are prepared on the accrual basis of accounting.

Command Medical Products, LLC Employees Savings Trust

Notes to Financial Statements

December 31, 2024 and 2023

- b) **Investment valuation and income recognition**— Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

- c) **Notes receivable from participants**—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document, therefore no allowance for credit losses has been recorded as of December 31, 2024 and 2023.
- d) **Payment of benefits**—Benefits are recorded when paid
- e) **Use of estimates**—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.
- f) **Subsequent events**—The Plan has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 8, 2025, the date the financial statements were available to be issued. Other than the amendments discussed at Note (1)(i), no other subsequent events requiring recognition or disclosure have been identified.
- g) **Administrative expenses** - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

4. Investments and Fair Value Measurements:

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Command Medical Products, LLC Employees Savings Trust

Notes to Financial Statements

December 31, 2024 and 2023

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, level 2 inputs consist of quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets in inactive markets; and level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open end mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust – The units of the common collective trust account is stated at fair value as determined by the issuer of the account based on the fair value of the underlying investments. Individual participant accounts invested in the common collective trust account are maintained on a unit value basis.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value.

	<i>Investment Assets at Fair Value as of December 31, 2024</i>			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,737,931	–	–	\$ 2,737,931

Investments, at fair value	\$ 2,400,414	308,492	–	\$ 2,708,906

5. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

6. Tax Status:

The Plan is a pre-approved defined contribution plan ("Pre-approved Plan") sponsored by ADP, LLC ("ADP"). ADP obtained its latest opinion letter dated October 06, 2020 that the Pre-approved Plan, as then designed, was in compliance with the applicable requirements of IRC. is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan management believes that the Plan is currently designed, and is currently being operated, in compliance with applicable requirements of the IRC and, therefore, believes that the Plan is qualified, as the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. Parties-in-Interest:

During the year, Plan investments were managed by ADP, LLC. ADP, LLC provided administrative services to the Plan, and therefore qualifies as a party-in-interest to the Plan. Reliance Trust Company served as trustee to the Plan and therefore qualifies as a party-in-interest to the Plan.

Notes to Financial Statements

December 31, 2024 and 2023

8. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Reconciliation of Financial Statements to Schedule H of Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023 to the Form 5500:
