INDEPENDENT AUDITOR'S REPORT

To the Plan Committee of
The Bobrick Corporation Profit Sharing Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Bobrick Corporation Profit Sharing Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of October 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended October 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information regarding assets so held is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of October 31, 2025 and 2024, and for the year ended October 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information and to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that were identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of October 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from, the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE BOBRICK CORPORATION PROFIT SHARING RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

OCTOBER 31, 2025

1. PLAN DESCRIPTION

The following description of The Bobrick Corporation Profit Sharing Retirement Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering eligible employees of The Bobrick Corporation (the "Plan Sponsor") and its subsidiaries (collectively, the "Company"). All eligible employees who have completed two months of service may participate in the Plan. Employees must complete one year of service and complete 1,000 hours of service and be employed on the last day of the Plan year to be eligible for Company contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions - Participants may make pre-tax and Roth contributions of two percent up to 90 percent of eligible compensation, subject to certain limitations under the Internal Revenue Code ("IRC"), as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Eligible employees, unless they elect otherwise, are enrolled under the automatic enrollment provision at a pre-tax deferral rate of six percent of eligible compensation, increasing by one percent annually, up to 10 percent. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for safe harbor qualified nonelective contributions equal to three percent of eligible compensation. The Company safe harbor qualified nonelective contribution was \$1,970,679 for the year ended October 31, 2025. The Plan also provides for Company discretionary contributions of which none were made for the year ended October 31, 2025.

Participant Accounts - Each participant's account is credited with the participant's contributions, as well as allocations of the Company's safe harbor qualified nonelective contributions and Company discretionary contributions, if any, and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions, Company safe harbor qualified nonelective contributions and prior Company safe harbor contributions plus actual earnings thereon. Vesting in all other Company discretionary contributions portion of their accounts is based on years of service. Participants are vested in Company discretionary contributions at 20 percent after two years of service, and an additional 20 percent each year thereafter until 100 percent vested upon six years of service.

Forfeitures - Forfeitures of Company contributions may be used to pay Plan administrative expenses or to reduce future Company contributions and total \$279 and \$5,265 as of October 31, 2025 and 2024, respectively. During the year ended October 31, 2025, forfeitures of \$5,043 were used to reduce 2024 Company contributions in 2025.

THE BOBRICK CORPORATION PROFIT SHARING RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

OCTOBER 31, 2025

Payment of Benefits - On termination of service for any reason, a participant or their beneficiaries, as applicable, will receive a lump-sum amount equal to the value of the participant's vested interest in their account. The Plan provides for a mandatory cash-out following severance of employment for vested account balances less than \$5,000.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions - Contributions from Plan participants are recorded in the year in which the participant contributions are withheld from compensation.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Administrative Expenses - Certain administrative expenses incidental to the administration of the Plan may be paid by the Plan, unless otherwise paid by the Company. Administrative expenses paid by the Company are excluded from these financial statements.

Most investment options have fees which reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

Benefits Payable to Participants - Benefits are recorded when paid.

Subsequent Events - The Company has evaluated subsequent events through June 8, 2026, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements.

NOTES TO FINANCIAL STATEMENTS

3. FAIR VALUE

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2025 and 2024.

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value ("NAV") of the mutual fund's shares is quoted on the exchange where the fund is actively traded and therefore classified as Level 1 within the valuation hierarchy.

Short-Term Fund – The short-term fund is valued at the NAV of shares held by the Plan at year end. The fund attempts to stabilize the NAV of its shares at \$1.00 by valuing the portfolio securities using the amortized cost method. The fund calculates a market-based NAV per share on a periodic basis. The fund does not guarantee that its NAV will always remain at \$1.00 per share. Shares can be redeemed on a same day basis but only directly from the fund. Such transactions do not constitute an active market. Therefore, the short-term fund is classified as Level 2 within the valuation hierarchy.

Corporate Bonds – Corporate bonds are valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings, and are classified as Level 2 within the valuation hierarchy.

Preferred/Convertible Securities – Preferred stock is valued as a perpetuity. The fair value is determined using the stock's par value, the preferred dividend rate and the required rate of return, and is classified as Level 1 within the valuation hierarchy.

THE BOBRICK CORPORATION PROFIT SHARING RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

OCTOBER 31, 2025

Common Collective Trusts (“CCT”) – The CCT are valued at the NAV of units of a bank collective trust. The NAV, as provided by the funds’ trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Pooled Separate Accounts (“PSA”) – Valued at the NAV of units of a PSA maintained by an insurance company held by the Plan at year-end. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the PSA less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The primary investment objective of the PSA is to allow participants to achieve the same rate of return as the underlying mutual funds, less fees charged by the insurance company. The PSA and the CCT do not have any unfunded commitments relating to their investments, or any significant restrictions on redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

The following tables set forth by level, within the fair value hierarchy, the Plan’s investments at fair value:

Investments at Fair Value as of October 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 46,093,253	\$ -	\$ -	\$ 46,093,253

4. FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Trust Company (the "Trustee") and was not subjected to any auditing procedures performed by the independent public accountants:

- a. Investments, at fair value and contract value, and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of October 31, 2025 and 2024.
- b. Net investment income and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended October 31, 2025.
- c. Investments, fully benefit-responsive investment contract, and participant loans as listed in the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of October 31, 2025.

5. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 less the highest outstanding loan balance during the prior 12 months or 50 percent of their vested account balance. Loans are generally issued with a maturity of up to five years. The loan interest rate is set at two percent above the prime rate, as defined in the Plan. Principal and interest is paid ratably through payroll deductions.

6. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company ("Principal") totaling \$7,791,431 as of October 31, 2025. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Principal is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with Principal. Such interest rates are reset on a quarterly basis.

The Principal Fixed Income Guaranteed Option meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

THE BOBRICK CORPORATION PROFIT SHARING RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

OCTOBER 31, 2025

The Plan's ability to receive amounts due is dependent on Principal's ability to meet its financial obligations. Principal's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events limit the ability of the Plan to transact at contract value with Principal, such as a complete termination of the contract by the Plan.

The plan administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with Principal and that would also limit the Plan's ability to transact at contract value with participants.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

9. TAX STATUS

The Company adopted a non-standardized pre-approved profit sharing plan which is the subject of a favorable opinion letter from the IRS dated June 30, 2020. The Company routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plans Compliance Resolution System. The plan administrator believes the Plan is currently being operated in accordance with the applicable provisions of the IRC and, accordingly, the plan administrator believes that the Plan is exempt from income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Company has taken a significant uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of October 31, 2025, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
