Independent Auditor's Report

RSM US LLP

Plan Administrator
ASA Electronics, LLC 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of ASA Electronics, LLC 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of November 30, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended November 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of November 30, 2025 and 2024, and for the year ended November 30, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ASA Electronics, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of ASA Electronics, LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of ASA Electronics, LLC (the Company) who have completed six months of service or part-time employees with 1,000 hours of service (as defined). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute a percentage of pre-tax annual compensation as defined by the Plan, up to the maximum amount allowed by the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct these contributions into various investment options offered by the Plan. Participants are automatically enrolled in the Plan at 6% of compensation with an annual 1% increase up to 10%, unless participant has elected otherwise.

The Company may elect to make a discretionary matching contribution based on a percentage of the participant compensation for all participants who have become eligible for deferral elections and were employed at year-end. Discretionary matching contributions were subject to a limit of \$8,000 per participant. For the year ended November 30, 2025, the Company made a matching contribution of approximately \$389,000.

The Company may elect to make a profit-sharing contribution for all participants who have become eligible for deferral elections and were employed at year-end. Discretionary profit-sharing contributions were subject to a limit of \$5,000 per participant. There were no profit-sharing contributions during the year ended November 30, 2025.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, if any, and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. A participant's account is charged an administrative fee for processing benefit payments as defined by the plan document. The benefit to which a participant, or beneficiary, is entitled is the vested benefit that can be provided from the participant's account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon, if any, is based on years of continuous service. A participant is 100% vested in matching and discretionary contributions after five years of credited service.

Payment of benefits: Upon termination of service, a participant may elect to receive a lump-sum amount or installments equal to the participant's vested interest in the account. In-service withdrawals are not permitted unless the participant has met certain hardship conditions or has reached retirement age. Under the Plan, participants, or their beneficiaries, are entitled to 100% of their account balance upon death or disability. Benefit payments are recorded when paid.

Administration of plan assets: Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain administrative expenses are paid by the Plan Sponsor and, therefore, are not reflected in the Plan's financial statements.

ASA Electronics, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Forfeitures: The nonvested portion of terminated participants' accounts plus earnings thereon is forfeited and will be used to reduce the employers' matching contributions or pay administrative expenses. During the year ended November 30, 2025, approximately \$36,500 of forfeited participant accounts were used to pay for Plan expenses. At November 30, 2025 and 2024, approximately \$25,000 and \$8,200, respectively, of forfeitures were available for future use.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Contributions: Contributions from Plan participants are recorded in the year in which the employee contributions are withheld from compensation.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See below for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Fair value measurements: Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

ASA Electronics, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Shares of registered investment companies: Valued at the closing price reported on the active market on which the individual securities are traded.

Common collective trusts: Valued at a daily net asset value (NAV) per unit held by the Plan as quoted by the funds. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities and is the basis for current transactions. Participant transactions may occur daily. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodology or assumptions to determine the fair value of certain financial instruments could result in a different value measurement at the reporting date.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through April 22, 2026, the date the financial statements were available to be issued.

Note 3. Information Certified by Fidelity Management Trust Company (Fidelity)

The following is a summary of the Plan's asset information as of November 30, 2025 and 2024, and for the year ended November 30, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, a qualified institution:

	2025	2024
Registered investment company funds, at fair value	\$ 25,405,956	\$ 22,274,774
Common collective trusts, at fair value	-	697,026
Notes receivable—participants	178,999	195,000
	<u>\$ 25,584,955</u>	<u>\$ 23,166,800</u>

Fidelity certified to the completeness and accuracy of \$1,973,963 of net appreciation in the fair value of investments, \$15,382 in interest income on notes receivable from participants, and \$680,163 of interest and dividend income for the year ended November 30, 2025.

Note 4. Fair Value Measurements

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of November 30, 2025 and 2024:

	2025			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value	<u>\$ 25,405,956</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 25,405,956</u>
Investments measured at NAV				-
Total investments, at fair value				<u>\$ 25,405,956</u>

Investments measured at fair value	<u>\$ 22,274,774</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 22,274,774</u>
Investments measured at NAV				697,026
Total investments, at fair value				<u>\$ 22,971,800</u>

For investments in certain entities that calculate the NAV per share as the investment's fair value measurement, the following table provides an overview of the nature and risks associated with such investments as well as whether it is probable those investments are being sold at amounts different from their reported NAV per share based on redemption restrictions, if any.

Investment Category	Fair Value		Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Period Notice

Common collective trusts	\$ -	\$ 697,026	\$ -	Daily	N/A

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended November 30, 2025 and 2024, there were no transfers in or out of Level 3.

Note 5. Plan Termination

Although they have not expressed any intent to do so, the Company has the right to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination participants will become 100% vested in their accounts.

Note 6. Income Tax Status and Uncertain Tax Position

The Plan is an adopter of a non-standardized prototype plan by Fidelity. As such, no individual determination letter is available. The IRS has determined that the prototype plan was designed in accordance with applicable sections of the Internal Revenue Code (the Code). The Plan has been amended since that determination. However, the Plan Administrator believes that the Plan is designed and is being operated in compliance with applicable requirements of the Code.

The Plan's administrator has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2022.

Note 7. Related-Party Transactions

Certain plan investments are managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the trustee amounted to approximately \$26,000 for the year ended November 30, 2025.

Independent Auditor's Report

RSM US LLP

Plan Administrator
ASA Electronics, LLC 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of ASA Electronics, LLC 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of November 30, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended November 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of November 30, 2025 and 2024, and for the year ended November 30, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ASA Electronics, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of ASA Electronics, LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of ASA Electronics, LLC (the Company) who have completed six months of service or part-time employees with 1,000 hours of service (as defined). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute a percentage of pre-tax annual compensation as defined by the Plan, up to the maximum amount allowed by the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct these contributions into various investment options offered by the Plan. Participants are automatically enrolled in the Plan at 6% of compensation with an annual 1% increase up to 10%, unless participant has elected otherwise.

The Company may elect to make a discretionary matching contribution based on a percentage of the participant compensation for all participants who have become eligible for deferral elections and were employed at year-end. Discretionary matching contributions were subject to a limit of \$8,000 per participant. For the year ended November 30, 2025, the Company made a matching contribution of approximately \$389,000.

The Company may elect to make a profit-sharing contribution for all participants who have become eligible for deferral elections and were employed at year-end. Discretionary profit-sharing contributions were subject to a limit of \$5,000 per participant. There were no profit-sharing contributions during the year ended November 30, 2025.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, if any, and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. A participant's account is charged an administrative fee for processing benefit payments as defined by the plan document. The benefit to which a participant, or beneficiary, is entitled is the vested benefit that can be provided from the participant's account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon, if any, is based on years of continuous service. A participant is 100% vested in matching and discretionary contributions after five years of credited service.

Payment of benefits: Upon termination of service, a participant may elect to receive a lump-sum amount or installments equal to the participant's vested interest in the account. In-service withdrawals are not permitted unless the participant has met certain hardship conditions or has reached retirement age. Under the Plan, participants, or their beneficiaries, are entitled to 100% of their account balance upon death or disability. Benefit payments are recorded when paid.

Administration of plan assets: Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain administrative expenses are paid by the Plan Sponsor and, therefore, are not reflected in the Plan's financial statements.

ASA Electronics, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Forfeitures: The nonvested portion of terminated participants' accounts plus earnings thereon is forfeited and will be used to reduce the employers' matching contributions or pay administrative expenses. During the year ended November 30, 2025, approximately \$36,500 of forfeited participant accounts were used to pay for Plan expenses. At November 30, 2025 and 2024, approximately \$25,000 and \$8,200, respectively, of forfeitures were available for future use.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Contributions: Contributions from Plan participants are recorded in the year in which the employee contributions are withheld from compensation.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See below for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Fair value measurements: Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

ASA Electronics, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Shares of registered investment companies: Valued at the closing price reported on the active market on which the individual securities are traded.

Common collective trusts: Valued at a daily net asset value (NAV) per unit held by the Plan as quoted by the funds. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities and is the basis for current transactions. Participant transactions may occur daily. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodology or assumptions to determine the fair value of certain financial instruments could result in a different value measurement at the reporting date.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through April 22, 2026, the date the financial statements were available to be issued.

The following is a summary of the Plan's asset information as of November 30, 2025 and 2024, and for the year ended November 30, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, a qualified institution:

	2025	2024
Registered investment company funds, at fair value	\$ 25,405,956	\$ 22,274,774
Common collective trusts, at fair value	-	697,026
Notes receivable—participants	178,999	195,000
	<u>\$ 25,584,955</u>	<u>\$ 23,166,800</u>

Fidelity certified to the completeness and accuracy of \$1,973,963 of net appreciation in the fair value of investments, \$15,382 in interest income on notes receivable from participants, and \$680,163 of interest and dividend income for the year ended November 30, 2025.

Note 4. Fair Value Measurements

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of November 30, 2025 and 2024:

	2025			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value	<u>\$ 25,405,956</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 25,405,956</u>
Investments measured at NAV				-
Total investments, at fair value				<u>\$ 25,405,956</u>
	2024			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value	<u>\$ 22,274,774</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 22,274,774</u>
Investments measured at NAV				697,026
Total investments, at fair value				<u>\$ 22,971,800</u>

For investments in certain entities that calculate the NAV per share as the investment's fair value measurement, the following table provides an overview of the nature and risks associated with such investments as well as whether it is probable those investments are being sold at amounts different from their reported NAV per share based on redemption restrictions, if any.

Investment Category	Fair Value		Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Period Notice
	2025	2024			
Common collective trusts	\$ -	\$ 697,026	\$ -	Daily	N/A

Note 4. Fair Value Measurements (Continued)

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended November 30, 2025 and 2024, there were no transfers in or out of Level 3.

Note 5. Plan Termination

Although they have not expressed any intent to do so, the Company has the right to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination participants will become 100% vested in their accounts.

Note 6. Income Tax Status and Uncertain Tax Position

The Plan is an adopter of a non-standardized prototype plan by Fidelity. As such, no individual determination letter is available. The IRS has determined that the prototype plan was designed in accordance with applicable sections of the Internal Revenue Code (the Code). The Plan has been amended since that determination. However, the Plan Administrator believes that the Plan is designed and is being operated in compliance with applicable requirements of the Code.

The Plan's administrator has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2022.

Note 7. Related-Party Transactions

Certain plan investments are managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the trustee amounted to approximately \$26,000 for the year ended November 30, 2025.
