INDEPENDENT AUDITOR'S REPORT

Board of Directors
403(b) Thrift Plan of Northeast
Missouri Community Action Agency
Kirksville, Missouri

Opinion

We have audited the accompanying financial statements of the 403(b) Thrift Plan of Northeast Missouri Community Action Agency, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of August 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the 403(b) Thrift Plan of Northeast Missouri Community Action Agency as of August 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the 403(b) Thrift Plan of Northeast Missouri Community Action Agency and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the 403(b) Thrift Plan of Northeast Missouri Community Action Agency's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in

accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the 403(b) Thrift Plan of Northeast Missouri Community Action Agency's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the 403(b) Thrift Plan of Northeast Missouri Community Action Agency's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules on pages 12 - 13 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

403(b) THRIFT PLAN OF NORTHEAST MISSOURI COMMUNITY ACTION AGENCY

Kirksville, Missouri

Notes to the Financial Statements

August 31, 2025 and 2024

NOTE A: DESCRIPTION OF THE PLAN

The following description of the 403(b) Thrift Plan of Northeast Missouri Community Action Agency ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is the retirement plan provided for employees of Northeast Missouri Community Action Agency ("Agency").

- 1) General - The Plan was restated effective October 1, 2012. The Plan is a defined contribution plan covering all employees of Northeast Missouri Community Action Agency with no age or service requirements to participate. The Plan is subject to the provisions of ERISA. The Board of Directors is responsible for oversight of the plan.
- 2) Contributions - Each year, participants may contribute as much as they want of pretax annual compensation, as defined in the Plan, up to IRS limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distribution from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan has an auto-enrollment provision whereby all newly hired eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan within thirty days of hire. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation and their contributions invested in a designated target date retirement fund until changed by the participant. Contributions are subject to certain IRS limits. The employer will contribute a nonelective contribution equal to a percentage of the Participant's elective deferrals based on years of service for vesting as set forth in the table below.

<u>Years of Service</u>	<u>Contribution Rate</u>
0-4	1%
5-9	2%
10 or More	3%

- 3) Participant Accounts - Each participant's account is credited with the participant's contribution as stated in 2) above. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- 4) Vesting - Participants are 100% vested upon participation.
- 5) Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum or rollover amount equal to the value of the participant's account. For termination of service for other reasons, a participant may receive the value of their account as a lump sum distribution or rollover. The Plan will make a mandatory distribution of the participant's account if the value of the participant's account is \$7,000 or less. If the value of the participant's account is more than \$7,000, distribution of the Plan account cannot be made before the normal retirement date of the participant without their written consent.

NOTE A: DESCRIPTION OF THE PLAN (Continued)

- 6) Forfeited Accounts – Participants are immediately 100% vested, therefore there are no forfeitures for the plan.

NOTE B: SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at estimated fair value and Net Asset Value (NAV). Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. NAV is based on fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. See Note C for discussion of fair value measurements.

Purchases and Sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefit payments are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Agency. Expenses that are paid by the Agency are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

NOTE C: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE C: FAIR VALUE MEASUREMENTS (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as August 31, 2025 and 2024.

Pooled Separate Accounts: Pooled separate accounts (PSAs) of the custodian invest in registered investment companies, which are invested in debt and equity securities of U.S. and foreign companies at various levels of market capitalization. The Mutual of America Money Market Fund invests in money market instruments and other short term securities. Units held in PSAs are valued using the NAV of the fund. The NAV is based on fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The number of units of the fund that are outstanding on the calculation date is derived from observable purchase and redemption activity in the fund. Accordingly, the unit value for a pooled separate account is classified outside of the valuation hierarchy but are included below to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Interest Accumulation Account: The Plan invests in the Mutual of America Interest Accumulation Account ("IAA"), a guaranteed investment contract supported by the general account of Mutual of America. Amounts allocated to the IAA become part of the general assets of Mutual of America. The general account supports insurance and annuity obligations of Mutual of America and consists of general assets other than those maintained in separate accounts or other segregated asset accounts. The IAA is valued at fair value as of the last day of the Plan year. Fair value is estimated by Mutual of America based on amounts allocated to the account through contributions and transfers, plus credited interest, less withdrawals, transfers, distributions, and administrative charges. Mutual of America guarantees the value of amounts allocated to the IAA and bears the investment risk for such amounts. Mutual of America credits interest at rates determined by Mutual of America, subject to a guaranteed minimum interest crediting rate, which was 2.85% at August 31, 2025. Interest is credited on dates determined by Mutual of America, but not less frequently than monthly. Because significant inputs used in valuing the IAA are not observable in active markets, the IAA is classified as Level 3 within the fair value hierarchy.

NOTE C: FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of August 31, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

(A) In accordance with ASC 820, certain investments measured at fair value using the net asset value per share or its equivalent practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Fair Value of Investments That Use NAV per Share Practical Expedient

The following table summarizes investments measured at fair value based on a NAV per share practical expedient. There were no participant-level redemption restrictions, unfunded commitments, or redemption notice periods related to these investments at August 31, 2025 or 2024.

Balance, End of Year	<u>\$ 83,908.19</u>	<u>\$ 97,231.68</u>

NOTE D: RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are pooled separate accounts, funds, or investment contracts offered or managed by Mutual of America Financial Group. Mutual of America is the Plan Administrator as defined by the Plan and also serves as custodian, recordkeeper, and investment provider to the Plan. Therefore, transactions involving these investments qualify as party-in-interest transactions under ERISA.

Other service providers include Jarred, Gilmore and Phillips, PA, the plan auditor, and Northeast Missouri Community Action Agency, the plan sponsor.

Management believes these party-in-interest transactions are exempt from the prohibited transaction provisions of ERISA under applicable statutory or administrative exemptions.

NOTE E: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their Plan account.

NOTE F: TAX STATUS

The Plan is designed to qualify under Section 403(b) of the Internal Revenue Code (Code). The plan administrator and the plan's tax counsel believe that the terms of the Plan have been prepared to conform with the written plan requirements of Regulation 1.403(b)-3 of the Code. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

NOTE G: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE G: RISKS AND UNCERTAINTIES (Continued)

Credit Risk: The Plan is exposed to credit risk through its investment in the Interest Accumulation Account ("IAA"), which is supported by the general account of the custodian, Mutual of America. The creditworthiness of the issuer and its ability to meet contractual obligations represent a risk to participants. The custodian guarantees a minimum interest crediting rate (2.85% at August 31, 2025). If the custodian were unable to meet its obligations, participants could lose some or all of their investment in the IAA. In addition, the Plan invests in pooled separate accounts that include fixed income securities subject to the risk that issuers may not meet their obligations. All plan investments are held with Mutual of America, resulting in concentration of custodial credit risk.

NOTE H: PROHIBITED TRANSACTIONS

During the year ended August 31, 2025, there were two pay periods that resulted in contributions being delinquent. The total amount of delinquent contributions was \$4,044.94.

NOTE I: SUBSEQUENT EVENTS

The Plan evaluated events and transactions occurring subsequent to August 31, 2025, through June 12, 2026, the date the financial statements were available to be issued and noted no material subsequent events requiring disclosure. Additionally, there were no nonrecognized subsequent events requiring disclosure.
