INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
The River School 403(b) Plan
Washington, D.C.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of The River School 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of August 31, 2025, and the related statement of changes in net assets available for benefits for the year ended August 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of August 31, 2025 and for the year ended August 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section—

- the amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of The River School 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The River School 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 financial statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The River School 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The River School 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2025 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of August 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial

statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

2024 Financial Statement

We performed a compilation engagement with respect to the statement of net assets available for benefits of The River School 403(b) Plan and our report thereon, dated June 12, 2026, stated we did not audit or review that financial statement and, accordingly, express no opinion or other form of assurance on it.

THE RIVER SCHOOL 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS
August 31, 2025 (Audited) and 2024 (Compiled)

NOTE 1 - DESCRIPTION OF PLAN

The following description of The River School 403(b) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document and amendments for a more complete description of the Plan’s provisions.

General

The River School 403(b) (the “School”) established the Plan to provide employees with a systematic means of saving and investing for the future. Employees who normally work 20 hours per week or more are eligible to participate in the plan. Deferrals begin on the first payroll period subsequent to enrollment in the Plan. The Plan is a defined contribution plan subject to the provisions of the *Employee Retirement Income Security Act of 1974* (“ERISA”).

Plan Contributions

Participants may contribute a specified amount of their base pay by means of payroll deductions, subject to certain discrimination tests prescribed by the Internal Revenue Code and other limitations specified in the Plan. Following an employee's completion of one year of service, the School contributes 3.5% of the employee's base pay each pay period for employees who are contributing at least 5% of their compensation for that pay period.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, allocations of the School’s contributions and Plan gains or losses. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant’s accounts.

Investment Options

Upon enrollment in the Plan, participants may direct the investment of their contributions and the School’s contributions into various investment contracts and annuity options offered by the Plan.

Vesting

Participants are immediately vested in their voluntary contributions, School contributions, and actual earnings thereon.

Distributions

On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum, installments or an annuity. Participants may also elect to roll over their accounts to another tax-deferred account or remain in the Plan until they are legally required to begin taking distributions. With the Plan administrator's approval, participants may withdraw all or part of their aggregate contributions in the event of financial hardship. If a participant's account balance is \$5,000 or less, distribution will be made in a lump sum distribution, subject to the rule of any investment in which a participant’s accounts are invested.

THE RIVER SCHOOL 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Participant Loans

The Plan allows participant loans in accordance with the Plan document, from the portion of the participant's vested account balance attributable to employer contributions, rollover contributions, direct transfers, and employee elected deferral contributions. Principal and interest are paid ratably through payroll deductions. If a participant terminates employment with the School, the loan becomes due and payable in full immediately. If the loan is not repaid, it will automatically be treated as a distribution to the participant on the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment.

Participant Investment Rollovers

Participants are allowed to transfer or rollover funds into the Plan from other qualified plans.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America.

Use of Accounting Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of certain assets and disclosures. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

The net appreciation in fair value of investments includes realized and unrealized gains and losses on the fair value of investments held by the Plan. Purchases and sales of investments are recorded on a settlement date basis. Dividends are recorded on the ex-dividend date. Interest is accrued on a daily basis.

Management fees and operating expenses charged to the Plan for certain investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, certain management fees and operating expenses are reflected as a reduction of net appreciation in fair value of investments.

THE RIVER SCHOOL 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Participant Loans

Participant loans are reported on the statements of net assets available for benefits at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recognized monthly on loans. Loans are considered past due based on contractual payment terms. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Forfeitures

Forfeitures result from excess employer contributions and are used to reduce future employer contributions of the Plan. As of August 31, 2025, there were \$10 of forfeited nonvested accounts, respectively. During the year ended August 31, 2025, no forfeitures were used.

Contributions

Contributions from employees and the School are recorded in the period in which the School makes the payroll deductions from participant earnings.

Distributions

Distributions are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan represent recordkeeping, investment advisory, and other service fees charged directly against Plan assets. Certain other administrative expenses of the Plan, such as audit and legal expenses, are paid directly by the School and are not reflected in these financial statements.

Subsequent Events

The Plan has evaluated subsequent events through June 12, 2026, which is the date the financial statements were available to be issued. See Note 12.

NOTE 3 - INVESTMENTS

All investment information disclosed in the accompanying financial statements and supplemental schedule of assets held including investments held at August 31, 2025 and 2024 and net appreciation in fair value of investments and interest and dividend income for the year ended August 31, 2025 was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by Teachers Insurance and Annuity Association of America ("TIAA") and College Retirement Education Fund ("CREF") (collectively referred to as TIAA) and Equitable Financial Life Insurance Company ("Equitable"), the insurance carriers of the Plan.

NOTE 4 - INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The Plan entered into benefit-responsive investment contracts with TIAA, some of which are fully benefit-responsive while others are not. The contributions are maintained in general

THE RIVER SCHOOL 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 4 - INVESTMENT CONTRACTS WITH INSURANCE COMPANIES (CONTINUED)

accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Each premium allocated to the insurance company general account contract buys a guaranteed minimum amount of income based on the rate schedule in effect at the time the premium is credited.

For investment contracts that are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the assets available for benefits attributable to the investment contract. The fully benefit-responsive insurance contract has been presented at contract value as of August 31, 2025 and 2024, as reported to the Plan by TIAA. Contract value represents the accumulated cash contributions and credited interest less charges for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contract is dependent on third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligation may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following: the Plan's failure to qualify under Section 401 (a) of the Internal Revenue Code (the Code) or the failure of the trust to be tax-exempt under Section 501(a) of the Code, premature termination of the contracts, plan termination or merger, changes to the Plan's prohibition on competing investment options, bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plans' normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation, a material amendment of the agreements without the consent of the issuer.

NOTE 5 - FAIR VALUE MEASUREMENTS

The *Fair Value Measurements and Disclosures* topic of the FASB Accounting Standards Codification establishes a common definition for fair value to be applied to U.S. generally accepted accounting principles requiring use of fair value, establishes a framework for measuring fair value, and expands disclosures about such fair value measurements.

THE RIVER SCHOOL 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 5 - FAIR VALUE MEASUREMENTS (CONTINUED)

That framework establishes a hierarchy for ranking the quality and reliability of the information used to determine fair values. The framework requires that assets and liabilities carried at fair value be classified and disclosed in one of the following three categories:

Level 1: Unadjusted quoted market prices in active markets for identical assets or liabilities.

Level 2: Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs for the asset or liability.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. As required by these provisions, investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used during the year ended August 31, 2025.

Insurance company general account contract (non-fully benefit responsive):

The TIAA Traditional Investment (Traditional Annuity) is reported at contract value, which approximates fair value. Each premium allocated to the Traditional Annuity buys a guaranteed minimum amount of lifetime income based on the rate schedule in effect at the time the premium is credited.

Mutual funds:

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Variable annuity sub-accounts:

The Plan's investments with Equitable are held in individual variable annuity contracts issued by Equitable Financial Life Insurance Company. Participant contributions are allocated to sub-accounts of Separate Account A, a separate account registered under the Investment Company Act of 1940. Each sub-account invests in shares of an underlying registered investment portfolio. The sub-accounts are not publicly quoted and are valued at net asset value (NAV) per accumulation unit as a practical expedient to estimate fair value, where NAV is based on the value of the underlying investment portfolios. The sub-

THE RIVER SCHOOL 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 5 - FAIR VALUE MEASUREMENTS (CONTINUED)

accounts calculate NAV per accumulation unit in a manner consistent with the measurement principles in FASB Accounting Standards Codification Topic 946, *Financial Services — Investment Companies*. This practical expedient is not used when it is determined to be probable that the sub-account will be redeemed at an amount different than the reported NAV.

The following presents by level, within the fair value hierarchy, the Plan investment assets at fair value, as of August 31, 2025 and 2024:

August 31, 2025	Fair Value Measurements Using:			Total
	Level 1	Level 2	Level 3	
Insurance company general account contracts (non-fully benefit responsive)	\$ -	\$ -	\$190,605	\$190,605

	<u>\$11,188,237</u>	<u>\$ -</u>	<u>\$195,592</u>	<u>\$11,966,124</u>

¹ In accordance with ASC 820, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this total are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

The table below sets forth a summary of certain changes in the fair value of the Plan's Level 3 assets for the year ended August 31, 2025:

NOTE 5 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments and the significant unobservable inputs and the ranges of value for those inputs as of August 31, 2025 and 2024.

Instrument	Fair Value		Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input Values
	2025	2024			
Insurance Annuity Contract	\$190,605	\$195,592	Discounted cash flow	Risk-adjusted discount rate applied	Crediting rate 3.8%-6.75%

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of August 31, 2025:

	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Variable annuity sub-accounts	\$614,892	\$ -	Daily	None

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of August 31, 2024:

	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Variable annuity sub-accounts	\$582,295	\$ -	Daily	None

The Plan's Variable annuity sub-accounts invest in a diversified mix of domestic and international equity, fixed income, and balanced strategies. Equity strategies seek long-term capital appreciation through investment in domestic and international common stocks across various market capitalizations and investment styles including growth, value, and index-based approaches. Balanced and allocation strategies invest in a combination of equity and fixed income securities with objectives ranging from moderate to aggressive risk profiles. Fixed income strategies seek current income through investment in domestic government and corporate bonds. One fund employs a socially responsible investment strategy, investing in companies that meet specified environmental, social, and governance criteria. A money market fund is also available, seeking capital preservation and liquidity through investment in short-term high quality instruments.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

THE RIVER SCHOOL 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 7 - TAX STATUS

Effective September 1, 2008, the Plan adopted a volume submitter 403(b) prototype plan and trust document sponsored by Prime Benefits, Inc., which is based on a plan document prepared by FIS Business Systems LLC. The Plan's adoption agreement was most recently restated effective January 1, 2020. The underlying plan document received a favorable opinion letter from the IRS dated March 31, 2017. The Plan administrator believes that the Plan is designed, and currently being operated, in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of August 31, 2025, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across all participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments. As of August 31, 2025, approximately 17%, 12%, and 12% of the plan's net assets were invested in Schwab S&P 500 Index Fund, Vanguard Target Retirement 2040, and Vanguard Target Retirement 2050, respectively.

NOTE 9 - PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments in insurance company general account contracts and mutual funds are managed by TIAA. The Plan's investments in variable annuity sub-accounts are held in individual participant-owned Tax Sheltered Annuity (TSA) 403(b) contracts with Equitable. The Plan issues loans to participants, which are secured by the balances in the participants' accounts.

THE RIVER SCHOOL 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 9 - PARTY-IN-INTEREST TRANSACTIONS (CONTINUED)

The School paid certain administrative expenses of the Plan, including record-keeping and audit fees. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

NOTE 10 - PLAN LOANS

Participants were previously allowed to borrow directly from TIAA using a portion of their Plan account as collateral for the loan. These loans were made directly between TIAA and the participant; the Plan Administrator concluded that such loans were not Plan assets and that these arrangements were exempt transactions.

A plan loan defaulted in a prior year. Upon default, the collateral securing the loan was transferred to the TIAA Plan Loan Default Fund, which is reported as a Plan asset at contract value (\$24,592 and \$23,353 as of August 31, 2025 and 2024, respectively) within insurance company general account contracts (fully benefit-responsive), with the increase reflecting credited interest. TIAA no longer offers this type of Plan loan.

Participants who wish to borrow from the Plan now do so under a participant loan program administered through the Plan's recordkeeper, as described in Note 1.

NOTE 11 - PROHIBITED TRANSACTIONS – DELINQUENT CONTRIBUTIONS

During the year ended August 31, 2025, all employee contributions were remitted to the Plan on timely basis.

NOTE 12 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Assets, income, expenses, and changes in net assets per Schedule H of Form 5500 for the year ended August 31, 2025 agree to the audited financial statements of the Plan.

NOTE 13 - SUBSEQUENT EVENT

Subsequent to year end, the Plan signed a notice of intent to transition recordkeeping and investment services to Principal Life Insurance Company. As of the date the financial statements were available to be issued, the transition had not yet been completed and the terms of the new arrangement had not been finalized.
