INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Cardinal Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Cardinal Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant

ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CARDINAL RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2025 AND 2024

1. DESCRIPTION OF THE PLAN

The following description of the Cardinal Retirement Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General—Cardinal Glass Industries, Inc. (the “Company”), established the Plan, a 401(k) defined contribution plan, to provide retirement income and other benefits to qualified employees on October 1, 2021. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Operations—The Company is the sponsor and administrator of the Plan. The Company has appointed Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (“Principal”) as the trustee and recordkeeper of the Plan. Principal is responsible for holding the assets of the Plan and executing investment transactions. Substantially all costs of administering the Plan are paid from the Plan’s assets. Principal is responsible for certain administrative duties related to the management of the Plan. The Plan provisions are subject to collective bargaining. The Plan allows for transfers between the Plan and the Cardinal Cash-In II Plan based upon an employee’s eligibility to participate in the Plan due to a change in union or nonunion employment status. For the year ended December 31, 2025, plan transfers reported in the statement of changes in net assets available for benefits to the Cardinal Cash-In II Plan were \$88,097.

Eligibility—All union employees are eligible on their date of hire.

Investments—Participants direct the investment of their account balances into various investment options offered by the Plan. The Plan currently offers various registered investment companies, and collective funds (including a stable value fund). Effective February 2025, the Vanguard Target Retirement Funds were changed from mutual funds to collective trust funds. There were no other changes to the investment options of the Plan during the year ended December 31, 2025.

Contributions and Vesting—The Plan allows eligible participants to reduce their compensation by a specific percentage or dollar amount and have that amount deferred as a pretax employee contribution or an after-tax Roth employee contribution. Participants are allowed to contribute 1% to 25% of their regular wages. Participants age 50 or higher during the plan year may elect to defer additional amounts (called “catch up contributions”) to the plan each year. The Company matches the participants contributions at 50% up to a maximum of 6% of participant compensation excluding any catch-up contributions. The participant’s contributions and earnings thereon are immediately 100% vested. The Company’s matching contributions are not vested until the employee has been a participant of the plan for three years. Notwithstanding the three year vesting period, employer contributions, if any, will become fully vested (100%) upon the occurrence of any of the following events while the participant is employed by the Company: if the participant is employed on or after their normal retirement age or the participant’s death or disability or a termination of the Plan.

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and (b) the Plan earnings, and is charged with an allocation of administrative expenses and plan losses. Allocations are based on participant compensation and on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Distributions—Distributions are available to participants on the occasion of retirement, termination, disability, or hardship. A participant may request a withdrawal while still employed if the participant has attained age of 59 1/2 years. A participant, or the participant's beneficiary, is entitled to his or her account balance in the event of the participant's death or disability. On termination of service with the Company (including termination of service due to death, disability, or retirement), a participant may generally elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or partial payment, as defined in the Plan Document.

Notes Receivable from Participants—The Plan document contains a loan provision, which allows participants to borrow from their accounts at an interest rate established by the plan administrator commensurate with the prevailing interest rate charged on similar loans under like circumstances. Participants may borrow from their accounts for any purpose. The minimum loan amount available is \$1,000, and the maximum is the lesser of 50% of the participant's vested account balance or \$50,000. A participant may only have one loan outstanding at any time. Participants repay loans through payroll deductions. The repayment period for a residential loan (to build or buy a primary residence) is 10 years, and the repayment period for a loan taken for any other purpose is five years. As of December 31, 2025, participant loans have maturities through 2030 at interest rates ranging from 4.25% to 9.50%. Interest income associated with participant loans was \$32,641 in 2025.

Forfeited Accounts—When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. The plan document permits the use of forfeitures to either reduce future employer contributions or pay plan administrative expenses for the plan year. However, if a participant is re-employed and fulfills certain requirements, as defined in the plan document, the account will be reinstated. There were \$32,803 and \$11,228 of forfeited nonvested accounts at December 31, 2025 and December 31, 2024, respectively, which were used to offset administrative expenses or employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates—The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Further, due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the value of participants' account balances and the amounts reported in the financial statement.

Investment Valuation and Income Recognition—The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Administrative Revenues/Expenses—Administrative expenses of the Plan are paid by the Plan or the Company, as provided in the Plan document. Investment management fees for investments are included as a reduction of investment return and not reflected separately in the statements of changes in net assets available for benefits. Administrative revenues arise when investment managers return a portion of the investment fees to Principal. Any excess fees from this revenue sharing provision are credited to the participant accounts as a reduction of investment management fees.

Payment of Benefits—Benefit payments to participants are recorded upon distribution. There were no participants, who elected to withdraw from the Plan, but had not yet been paid at December 31, 2025 and 2024.

Subsequent Events—Subsequent events were evaluated through May 21, 2026, the date the financial statements were available to be issued. Other than disclosed below, no such events were identified.

On February 2, 2026, the Plan amended its employer matching contribution formula to 100% of the participant's elective deferrals up to a maximum of 3% of the participant's compensation.

3. INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the information regarding the Plan as of and for the years ended December 31, 2025 and 2024 included in the Plan's financial statements and supplemental schedules that was prepared by or derived from information prepared by Principal, the trustee of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.

	2025	2024
Statements of net assets available for benefits:		
Participant-directed investments-at fair value	\$ 12,184,197	\$ 10,237,812
Notes receivable from participants	392,656	325,684
Statement of changes in net assets available for benefits:		
Net appreciation in fair value of investments	\$ 1,699,525	
Dividends and interest income—investments	10,991	
Interest income—participant loans	32,641	

Notes 4 and 5: All investment balances and investment information, excluding the level of investments in Note 4, Fair Value Measurement.

Supplemental schedules: All investment balances and information included in the supplemental schedule of assets (held at end of year).

4. FAIR VALUE MEASUREMENTS

Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques—Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2025 and 2024.

Mutual Funds—Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds:

Collective Trust Funds—Valued at the net asset value of units of a bank collective trust. The net asset value as provided by the trustee is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to confirm that securities liquidations will be carried out in an orderly business manner.

Stable Value Fund—A collective trust fund that is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to confirm that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2025 and 2024:

	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	2025 Total

Investments measured at NAV:				
Collective trust funds				628,573
Stable value fund				<u>543,174</u>
Total investments				<u>\$ 10,237,812</u>

5. INVESTMENTS AT NAV AS A PRACTICAL EXPEDIENT

The following tables set forth a summary of the Plan's investments whose values were estimated using a reported NAV at December 31, 2025 and 2024.

	2025	2024
Collective trusts funds	\$ 11,031,491	\$ 628,573
Stable value fund	<u>697,187</u>	<u>543,174</u>
Total	<u>\$ 11,728,678</u>	<u>\$ 1,171,747</u>

The collective trust funds and stable value fund as presented above are offered by SEI Trust Company, and are valued using the NAV per share. The Funds redemption and subscription frequencies are daily. As of December 31, 2025 and 2024, the Funds had no redemption notice periods or unfunded commitments, except as described in Note 4.

6. FEDERAL INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by Fredrikson & Byron, P.A. and adopted by Cardinal Glass Industries, Inc., which received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, that the Plan was designed in accordance with applicable Internal Revenue Code ("IRC") requirements. The Plan itself has not received a determination letter from the IRS. However, the Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of the Plan's termination, the participant accounts are fully vested. A final distribution will be made in accordance with the Plan.

8. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Principal. The Company is the Plan sponsor and Principal is the trustee and recordkeeper, as defined by the Plan. Fees paid for investment management services were included as a reduction of the return earned on each fund as contractually applicable and disclosed to Plan participants.

The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts. Therefore, these transactions qualify as exempt party-in-interest transactions.

The Plan has a fee levelization revenue-sharing provision whereby certain investment managers return a portion of the investment fees to the recordkeeper which are credited to the participant's accounts as a reduction of investment management fees. Fee levelization revenue credited to participant's accounts totaled \$325 for the year ended December 31, 2025.
