Daedong-USA, Inc. 401(k) Plan

Financial Statements and Supplemental Schedule
December 31, 2023
(With Independent Auditors' Report Thereon)

Independent Auditors' Report

To the Administrative Committee of
Daedong-USA, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the financial statements of Daedong-USA, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2023 Financial Statements section

- the amounts and disclosures in the accompanying 2023 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2023 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

The financial statements of the Plan as of December 31, 2022, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 16, 2023 indicated that in their opinion (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Daedong-USA, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2023 and 2022

1. Description of the Plan

The following description of the Daedong-USA, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan sponsored by Daedong-USA, Inc. (the “Company”) for all employees of the Company who are age 21 or older and have completed three months of service. Reliance Trust Company serves as the Plan’s discretionary trustee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 86% of eligible compensation, as defined in the Plan, on either a pretax or after-tax basis, subject to the maximum annual contribution limits established by the Internal Revenue Code (IRC). The Plan permits participants who have attained age 50, or who will attain age 50 before the end of the taxable year, to make additional catch-up contributions up to the limits prescribed by Internal Revenue Service (IRS) regulations, as provided under the Plan. Participants may also contribute amounts representing eligible rollover distributions from other qualified defined benefit or defined contribution plans.

The Company makes 401(k) safe harbor matching contributions equal to 100% of the first 4% of eligible compensation contributed by a participant to the Plan. In addition, at the end of each plan year, the Company may, at its discretion, make a nonelective contribution to all eligible participants. Any such discretionary nonelective contribution is allocated among eligible participants in proportion to each participant’s compensation relative to the total compensation of all eligible participants for the calendar year. The employer matching contribution was \$441,893 for the year ended December 31, 2023.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and with allocations of (a) the Company’s contributions, if any, and (b) plan earnings. Allocation methodologies are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the vested balance of the participant’s account.

Investment Options

Participants direct the investment of their contributions among the various investment options offered under the Plan. The Plan currently provides a selection of mutual funds for participants to choose from.

Vesting

Participants are immediately vested in their own contributions and in the Company’s safe harbor matching contributions, including any related earnings. Vesting in the Company’s discretionary nonelective contributions, plus associated earnings, is based on years of continuous service. Participants are 0% vested until they have completed two years of service. Upon completing two years of service, participants become 20% vested, increasing to 40% after three years, 60% after four years, and 80% after five years. Participants become fully vested after completing six or more years of continuous service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 and up to a maximum equal to 50% of their vested account balance, not to exceed \$50,000. Loan terms range from one to five years for general-purpose loans, except for loans used to purchase a primary residence, which may have a term of up to 30 years. Participant loans are secured by the borrower’s vested account balance and bear interest at a rate equal to the

Notes to Financial Statements
December 31, 2023 and 2022

Prime Rate plus 2%. Principal and interest are repaid ratably through payroll deductions. A participant may have no more than one loan outstanding at any time.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or for any other reason, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. In cases of financial hardship, a participant may receive a lump-sum distribution equal to the value of the participant's employee deferral contributions in accordance with the Plan's hardship withdrawal provisions.

Forfeited Accounts

Forfeitures represent the nonvested portions of discretionary nonelective contributions attributable to participants who have terminated employment with the Company. As of December 31, 2023 and 2022, forfeited nonvested account balances totaled \$23,129 and \$4,244, respectively. Forfeited balances, if any, are applied to reduce future employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividend income is recorded on the ex-dividend date. Net appreciation in the fair value of investments includes realized and unrealized gains and losses on investments bought, sold, and held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions in accordance with the terms of the plan document.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of distributions and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in the fair value of investments, as reported in the statement of changes in net assets available for benefits.

Daedong-USA, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2023 and 2022

Concentration of Credit Risk

Financial instruments that potentially subject the Plan to concentrations of credit risk consist of certain investments held by the Plan. Management believes that the custodian maintains the Plan's investments with high-quality financial institutions and seeks to limit exposure to credit risk through diversification and ongoing monitoring of the investment options.

3. Information Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted under ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and in the ERISA-required supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is complete and accurate:

- Investments and notes receivable from participants as reported in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income, net, and interest income on notes receivable from participants as reported in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2023, as reported in the ERISA-required supplemental schedule.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except to compare such certified information to the related investment information presented in the financial statements.

4. Fair Value Measurements

The framework for measuring fair value establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are defined as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include (i) quoted prices for similar assets or liabilities in active markets; (ii) quoted prices for identical or similar assets or liabilities in inactive markets; (iii) inputs other than quoted prices that are observable for the asset or liability; and (iv) inputs that are derived principally from, or corroborated by, observable market data through correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Daedong-USA, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2023 and 2022

The fair value measurement of an asset or liability is classified within the fair value hierarchy based on the lowest level input that is significant to the valuation. Valuation techniques used to measure fair value are designed to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

	2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,360,483	\$ -	\$ -	9,360,483
	2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	6,972,875	-	\$ -	\$ 6,972,875

The following is a description of the valuation methodology used for investments measured at fair value.

- Mutual funds: Valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as Level 1 investments.

The valuation methods described above may produce fair value estimates that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although plan management believes that its valuation methods are appropriate and consistent with those used by other market participants, the use of different methodologies or assumptions in determining the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, including interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of such securities will occur in the near term and that those changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Party-in-Interest Transactions

Automatic Data Processing, Inc. (ADP) serves as the Plan's recordkeeper. Fees paid by the Plan to ADP for certain recordkeeping and administrative services for the year ended December 31, 2023 amounted to \$4,190. Notes receivable from participants qualify as party-in-interest transactions that are exempt from the prohibited-transaction rules under ERISA.

Daedong-USA, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2023 and 2022

7. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

8. Tax Status

The Plan has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service dated October 6, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of IRC. Although the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

GAAP requires plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Subsequent Events

The Plan has evaluated subsequent events through April 24, 2026, the date at which the financial statements were available to be issued.
