Independent Auditor's Report

Plan Administrator and Plan Participants
PEI/Genesis, Inc. Tax Deferral and Savings Plan
Philadelphia, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of PEI/Genesis, Inc. Tax Deferral and Savings Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of August 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended August 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the PEI/Genesis, Inc. Tax Deferral and Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management obtained certifications from a qualified institution as of August 31, 2025 and 2024, and for the year ended August 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of PEI/Genesis, Inc. Tax Deferral and Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about PEI/Genesis, Inc. Tax Deferral and Savings Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PEI/Genesis, Inc. Tax Deferral and Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events considered in the aggregate, that raise substantial doubt about PEI/Genesis, Inc. Tax Deferral and Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following description of the PEI/Genesis, Inc. Tax Deferral and Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established as a profit-sharing plan in 1956 and was restated in 1998 to include a 401(k) provision. The Plan was most recently restated in May 2021. The Plan is sponsored by PEI/Genesis, Inc. (the Company).

Employees are eligible to become a Plan participant on the entry date coincident with or next following the date on which he/she attains the age of 21.

The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA) as amended.

Contributions

Participants may elect to defer on a pre-tax basis up to 50% of their regular annual compensation, and up to 100% of bonus compensation, as defined in the Plan. Participants may also elect to make after-tax contributions. Total deferrals in any taxable year may not exceed a dollar limit, which is determined by the Internal Revenue Service each year. Participants may also contribute amounts representing distributions from other qualified plans which are reflected as rollovers in the accompanying statement of changes in net assets available for benefits. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a common/collective trust as investment options for participants.

The Plan automatically enrolls any new employee who is eligible to participate in the Plan, and who does not affirmatively elect to make or not make contributions, at a deferral rate of 1% of the employee's eligible compensation. The contribution will also automatically increase by 1% each year, up to a maximum of 6% for all employees who do not affirmatively elect otherwise.

Company contributions are made at the discretion of the board of directors (board) of PEI/Genesis, Inc. Amounts contributed are allocated using a formula as follows:

- a. A profit-sharing contribution allocated pro rata to each participant who has been credited with at least 1,000 hours of service for the year and is employed on the last day of the Plan year based on the relationship of eligible compensation to the total eligible compensation of all participants. This discretionary amount shall be designated by the Company. No profit-sharing contribution was made for the 2025 plan year.
- b. A Company matching contribution, if any, is determined by the board of the Company prior to the end of each Plan year. Participants credited with at least 501 hours of service for the year and employed on the last day of the Plan year are eligible to receive matching contributions. For the plan year 2025, the Company matched participant contributions based on a formula applied to each qualifying participant's first \$3,000 of elective deferrals up to a total matching contribution of \$2,000. The Company matched 150% of each participant's first \$500 of elective deferrals and 50% of each participant's elective deferrals between \$500 and \$3,000. For the plan year 2024, the Company matched participant contributions based on a formula applied to each qualifying participant's first \$3,000 of elective deferrals up to a total matching contribution of \$1,000. The Company matched 75% of each participant's first \$500 of elective deferrals and 25% of each participant's elective deferrals between \$500 and \$3,000.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, the Company's profit-sharing contribution, and an allocation of Plan earnings and losses which are credited or charged on a daily basis based on the specific funds in which the accounts are invested. Participant accounts are also charged with an allocation of Plan administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

All participants are fully vested with respect to their own contributions, plus actual earnings thereon.

Effective March 3, 2014, Company matching contributions vest as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year of service	None
1 year of service, but fewer than 2	33%
2 years of service, but fewer than 3	66%
3 years of service or more	100%

Active participants hired prior to March 3, 2014 with Company match balances are fully vested in their Company matching contributions.

Company profit-sharing contributions vest as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years of service	None
2 years of service, but fewer than 3	20%
3 years of service, but fewer than 4	40%
4 years of service, but fewer than 5	60%
5 years of service, but fewer than 6	80%
6 years of service or more	100%
Attainment of age 65, regardless of service	100%

Forfeitures

Forfeitures of non-vested Company contributions are first used to pay administrative expenses, then to reduce future employer contributions. Unallocated forfeitures as of August 31, 2025 and 2024 were \$80,026 and \$27,545, respectively.

Notes Receivable from Participants

The Plan has a loan provision which allows participants to borrow amounts with a minimum of \$1,000 and up to a maximum of \$50,000 or 50% of their vested account balance. These loans are subject to current interest rates at the time of application considering the purpose of the loan and the rate being charged by representative commercial banks in the local area for a similar loan. Each participant cannot have more than two loans outstanding at any point in time. Principal and interest are paid ratably through payroll deductions for a period of five years, unless the loan is for the purchase of a principal residence in which case the loan period may extend to ten years.

Distributions

Distributions from the Plan are permitted under the following circumstances: (i) death or disability of the participant, (ii) termination of employment, (iii) attainment of normal retirement age (65), or (iv) defined hardship.

Distributions of a participant's account under the Plan can be made in the form of:

- Lump-sum payment
- Life annuity
- Installment payments
- Joint and survivor annuity

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of the Plan's income and expenses during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options, which are exposed to various risks, including interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of these investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Valuation of Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Interest is included in income when earned, based on the terms of the investments and the periods during which the investments are owned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. The Plan presents, in the statement of changes in net assets available for benefits, the net change in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments bought and sold as well as held during the year.

The Plan does not maintain any insurance contracts or other investments that are excluded from Plan assets.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of August 31, 2025 and 2024. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company as provided by the Plan document.

Subsequent Events

Management evaluated subsequent events for the Plan through June 12, 2026, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

Financial accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level 2** Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

- Registered investment companies: Shares are valued using quoted market prices in an active market.
- Pooled separate account: Shares are valued at the net asset value of the underlying assets, which represent the net asset value of units held by the pooled separate accounts. Participant transactions (purchases and sales) may occur daily. There are no participant redemption restrictions.
- Common collective trusts: Composed of units of underlying trusts which primarily are composed of fully-benefit responsive investment contracts and are valued at the net asset value (NAV) of units of the underlying trust. Participant transactions (purchases and sales) may occur daily. There are no participant redemption restrictions.

Notes to Financial Statements
August 31, 2025 and 2024

There have been no changes in the methodologies used at August 31, 2025 and 2024. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of August 31:

	2025	
	Level 1	Total
Registered investment companies	\$ 33,175,714	\$ 33,175,714
Total investments in the fair value hierarchy	<u>\$ 33,175,714</u>	<u>33,175,714</u>
Pooled separate account and common collective trusts measured at net asset value (a)		<u>2,258,969</u>
Total investments at fair value		<u>\$ 35,434,683</u>
	2024	
	Level 1	Total
Registered investment companies	\$ 34,197,164	\$ 34,197,164
Total investments in the fair value hierarchy	<u>\$ 34,197,164</u>	<u>34,197,164</u>
Pooled separate account and common collective trusts measured at net asset value (a)		<u>4,221,278</u>
Total investments at fair value		<u>\$ 38,418,442</u>

- (a) In accordance with Accounting Standards Codification Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in the above tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4. Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of August 31, 2025 and 2024
- Investment and dividend income and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the year ended August 31, 2025

- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of August 31, 2025

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 5. Plan Termination

Although it has not expressed any interest in doing so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. The Company shall make no further contributions after the termination of the Plan. In the event of Plan termination, amounts credited to the participants' accounts as of the date of termination will be fully vested.

Note 6. Party-In-Interest Transactions

At August 31, 2025 and 2024, the Plan invested in shares of investments managed by Fidelity Advisor, an affiliate of the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions.

For the year ended August 31, 2025, administrative fees of \$86,216 were incurred by the Plan, of which \$52,337 was paid to the trustee. Certain other administrative fees were paid by the Company on behalf of the Plan.

Note 7. Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by FMR, LLC. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Matter	Discussion
Section 103(a)(3)(C) – 29 CFR 2520.103-8	Management has elected to have the audit of the Plan's financial statements performed in accordance with the <i>Employee Retirement Income Security Act of 1974</i> (ERISA) Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. An audit performed in accordance with ERISA Section 103(a)(3)(C) does not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised, and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Management has determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. Management has also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5, and that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America (GAAP) .
Purpose	The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with GAAP and that the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.
Scope of Our Audit	This report covers audit results related to your financial statements: • As of and for the year ended August 31, 2025 • Conducted in accordance with our contract dated April 7, 2026

Matter	Discussion
Our Responsibilities	Forvis Mazars is responsible for forming and expressing an opinion about whether the financial statements that have been prepared by management, with the oversight of those charged with governance, are prepared in accordance with GAAP.
Audit Scope & Inherent Limitations to Reasonable Assurance	An audit performed in accordance with auditing standards generally accepted in the United States of America (GAAS) is designed to obtain reasonable, rather than absolute, assurance about the financial statements. The scope of our audit tests was established in relation to the financial statements taken as a whole and did not include a detailed audit of all transactions.
Extent of Our Communication	In addition to areas of interest and noting prior communications made during other phases of the engagement, this report includes communications required in accordance with GAAS that are relevant to the responsibilities of those charged with governance in overseeing the financial reporting process, including audit approach, results, and internal control. The standards do not require the auditor to design procedures for the purpose of identifying other matters to be communicated with those charged with governance.
Independence	The engagement team, others in our firm, as appropriate, and our firm, have complied with all relevant ethical requirements regarding independence.
Your Responsibilities	Our audit does not relieve management or those charged with governance of your responsibilities. Your responsibilities and ours are further referenced in our contract.
Distribution Restriction	This communication is intended solely for the information and use of the following and is not intended to be, and should not be, used by anyone other than these specified parties: • Plan Administrator and Management • Others within the Plan

Other Documents Containing Audited Financial Statements

The Plan's audited financial statements are included in the Form 5500, *Annual Return/Report of Employee Benefit Plan*, filed with the Department of Labor Employee Benefits Security Administration. As part of our procedures, we read the draft Form 5500 that is substantially complete to determine if financial information discussed in sections outside the financial statements materially contradicts the audited financial statements. If we identify any such matters, we bring them to management's attention and review subsequent revisions.

Our responsibility also includes communicating to you any information we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

Qualitative Aspects of Significant Accounting Policies & Practices

Significant Accounting Policies

Significant accounting policies are described in Note 2 of the audited financial statements.

With respect to new accounting standards adopted during the year, we call to your attention the following topics:

- No matters are reportable

Unusual Policies or Methods

With respect to significant unusual accounting policies or accounting methods used for significant unusual transactions (significant transactions outside the normal course of business or that otherwise appear to be unusual due to their timing, size, or nature), we noted the following:

- No matters are reportable

Alternative Accounting Treatments

We had discussions with management regarding alternative accounting treatments within GAAP for policies and practices for material items, including recognition, measurement, and disclosure considerations related to the accounting for specific transactions as well as general accounting policies, as follows:

- No matters are reportable

Management Judgments & Accounting Estimates

Accounting estimates are an integral part of financial statement preparation by management, based on its judgments. Significant areas of such estimates for which we are prepared to discuss management's estimation process and our procedures for testing the reasonableness of those estimates include:

- Fair value of investments

Financial Statement Disclosures

The following areas involve particularly sensitive financial statement disclosures for which we are prepared to discuss the issues involved and related judgments made in formulating those disclosures:

- Determination of fair values
- Parties-in-interest transactions
- Related parties

Our Judgment About the Quality of the Plan's Accounting Principles

During the course of the audit, we made the following observations regarding the Plan's application of accounting principles:

- No matters are reportable

Adjustments Identified by Audit

During the course of any audit, an auditor may propose adjustments to financial statement amounts. Management evaluates our proposals and records those adjustments that, in its judgment, are required to prevent the financial statements from being materially misstated.

A misstatement is a difference between the amount, classification, presentation, or disclosure of a reported financial statement item and that which is required for the item to be presented fairly in accordance with the applicable financial reporting framework.

Proposed & Recorded Adjustments

Auditor-proposed and management-recorded entries include the following:

- No matters are reportable

Uncorrected Misstatements

Some adjustments proposed were **not recorded** because their effect is not currently considered material. We request that all identified misstatements be corrected.

Uncorrected misstatements that were determined by management to be immaterial, both individually and in the aggregate, but more than trivial to the financial statements as a whole are listed below.

While these uncorrected misstatements were deemed to be immaterial to the current-period financial statements, it is possible that the impact of these uncorrected misstatements, or matters underlying these uncorrected misstatements, could potentially cause future-period financial statements to be materially misstated.

Current-Period Uncorrected Misstatements

- No current-period uncorrected misstatements

Prior-Period Uncorrected Misstatements

- Employer contributions were understated by \$160,939 due to the application of forfeitures against FY23 employer contributions receivable remitted during FY24

Reportable Findings

During the course of the audit, we have identified the following reportable findings that are considered significant and relevant to those charged with governance over the Plan:

- Forvis Mazars noted that payroll per Fidelity census was not reconciled to gross payroll per payroll reports. The impact of the difference in payroll was determined by management to not be material. Forvis Mazars recommends that the plan sponsor review and reconcile the payroll as listed on the third-party reports to the payroll provided to Fidelity for census testing as differences could result in incorrect non-discrimination testing.
- During our testing, Forvis Mazars noted one participant who received an employer matching contributions in excess of the contribution calculated using the plan sponsor's matching contribution formula. Management's oversight error resulted in an over contribution/benefit to the participant. The impact of the excess employer contribution to the plan was determined by management to not be material and plan management has no intention to request the return of the excess employer contributions from the participant. Forvis Mazars recommends that the plan sponsor review the employer contribution calculation for each employee before submitting the employer contribution to Fidelity to ensure participants receive their entitled match.

Other Required Communications

Other Material Communications

Listed below are other material communications between management and us related to the audit:

Our representations are current and effective as of the date of Forvis Mazars' report: June 12, 2026.

Our engagement with Forvis Mazars is based on our contract for services dated: April 7, 2026.

Our Responsibility & Consideration of Material Matters

We confirm that we are responsible for the fair presentation of the financial statements subject to Forvis Mazars' report in conformity with accounting principles generally accepted in the United States of America and for the fair presentation of the accompanying in conformity with the Department of Labor's (DOL) Rules and Regulations under the *Employee Retirement Income Security Act of 1974* (ERISA).

We are also responsible for adopting sound accounting policies; establishing and maintaining effective internal control over financial reporting, operations, and compliance; and preventing and detecting fraud.

We elected to have the audit(s) of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that the audit(s) did not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5 and, that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America.

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with generally accepted accounting principles and that the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting

information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

Estimates

40. Significant estimates that may be subject to a material change in the near term have been properly disclosed in the financial statements. We understand that “near term” means the period within one year of the date of the financial statements. In addition, we have no knowledge of concentrations, which refer to volumes of loans, investments, or deposits, existing at the date of the financial statements that would make the Plan vulnerable to the risk of severe impact in the near term that have not been properly disclosed in the financial statements.

Fair Value

41. With respect to the fair value measurements of financial assets and liabilities, recognized in the financial statements or disclosed in the notes thereto:
 - a. The underlying assumptions are reasonable and they appropriately reflect management’s intent and ability to carry out its stated course of action.

 - c. The significant assumptions appropriately reflect market participant assumptions.

 - e. There are no subsequent events that require adjustments to the fair value measurements and disclosures included in the financial statements.

Investments

42. Investments are properly measured at fair value, except for fully benefit responsive investment contracts which are reported at contract value. Investments measured at fair value include:
 - a. Investments with a readily determinable fair value that are reported at net asset value (NAV) per share/unit.
 - b. Investment values determined using NAV as a practical expedient.

Off-Balance Sheet Risk

43. Financial instruments with off-balance sheet risk and financial instruments with concentrations of credit risk have been properly recorded or disclosed in the financial statements.
