INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Palmer Companies 401(k) Retirement Plan
Mobile, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Palmer Companies 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 (in liquidation) and 2024 (ongoing), and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 (in liquidation) and 2024 (ongoing), and for the year ended December 31, 2025 (in liquidation), stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements, the trustee approved a plan of liquidation on December 2, 2025, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2024 financial statements to the liquidation basis used in presenting the 2025 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) – Schedule H, Part IV, Line 4i as of December 31, 2025 (in liquidation), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

*Palmer Companies 401(k) Retirement Plan
December 31, 2025 (In Liquidation) and 2024 (Ongoing)*

1. DESCRIPTION OF PLAN AND OTHER MATTERS

The following description of the Palmer Companies 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Palmer Car Companies, Inc. d/b/a Palmer's Airport Hyundai and Gulf Coast Motor Sales, Inc. d/b/a Palmers Toyota Superstore (the Companies) who have six months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustee is responsible for the oversight of the Plan. The investment committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's trustee. Effective December 2, 2025, the Companies were sold and the plan termination was approved. The Companies froze all new contributions to the Plan in connection with the approved termination of the Plan.

Contributions

Each year, participants may contribute up to the maximum allowable by law of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investments of their contributions into various investment options offered by the Plan. The Companies may make a discretionary matching contribution equal to a uniform percentage of the base compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Companies' trustee. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Companies' matching contributions, as well as an allocation of Plan earnings and forfeitures of terminated participants' nonvested amounts. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

*Palmer Companies 401(k) Retirement Plan
December 31, 2025 (In Liquidation) and 2024 (Ongoing)*

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Companies' contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after four years of credited service. Effective December 2, 2025, all active participants became 100% vested in their accounts.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may receive a lump sum amount equal to the participant's vested interest in his or her account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set by the plan administrator, as defined. Principal and interest is paid ratably through monthly payroll deductions.

Forfeited Accounts

At December 31, 2025 (in liquidation) and 2024 (ongoing), forfeited nonvested accounts totaled \$3. Forfeited accounts may be used to reduce future employer contributions or allocated to eligible participant accounts. No forfeited nonvested accounts were reallocated to participants in 2025.

Plan Termination and Liquidation Plan

On December 2, 2025, the Plan's trustee approved a resolution to terminate the Plan, subject to final administrative actions and regulatory compliance requirements.

Management determined that, as of December 31, 2025, liquidation of the Plan was imminent because the Plan termination had been approved by the person with authority to make the Plan effective, the actions required to complete the termination had commenced, and management concluded it was remote that the termination would be blocked by other parties or that the Plan would return from liquidation. Accordingly, the financial statements as of and for the year ended December 31, 2025, have been prepared on the liquidation basis of accounting.

NOTES TO FINANCIAL STATEMENTS

*Palmer Companies 401(k) Retirement Plan
December 31, 2025 (In Liquidation) and 2024 (Ongoing)*

Under the liquidation plan, the Plan expects to:

- cease ongoing Plan operations other than those necessary to complete termination;
- liquidate investments and participant loan balances, as applicable, at amounts expected to be collected or realized;
- settle administrative liabilities and termination-related costs;
- distribute net assets to participants and beneficiaries in accordance with the Plan document and applicable law; and
- complete liquidation within 12 months from the date of plan termination, although the actual completion date could differ based on the timing of final distributions and regulatory or administrative matters.

Comparative information presented as of December 31, 2024, is prepared on the ongoing basis of accounting and is clearly labeled as such. Because the basis of presentation differs between periods, the comparative information is not fully comparable.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

As liquidation of the Plan was deemed imminent before the end of the 2025 plan year, the financial statements as of and for the year ended December 31, 2025, have been prepared using the liquidation basis of accounting in accordance with Accounting Standards Codification (ASC) 205-30, *Presentation of Financial Statements—Liquidation Basis of Accounting*, as applied by ASC 962, *Plan Accounting—Defined Contribution Pension Plans*.

Under the liquidation basis of accounting, assets are presented at the estimated amount of cash or other consideration the Plan expects to collect in liquidating or settling those assets. Liabilities include amounts otherwise required by accounting principles generally accepted in the United States of America (U.S. GAAP), together with estimated costs expected to be incurred and income expected to be earned during the period of liquidation, to the extent such amounts are reasonably estimable.

The statement of changes in net assets available for benefits for the year ended December 31, 2025, reflects the full year presentation on the liquidation basis. Comparative prior-year information is presented on an ongoing basis and clearly labeled.

NOTES TO FINANCIAL STATEMENTS

*Palmer Companies 401(k) Retirement Plan
December 31, 2025 (In Liquidation) and 2024 (Ongoing)*

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Management considers the fair value of investments to be a significant estimate. See Note 3 for discussion of fair value measurements.

Investments

Investments as of December 31, 2025 (in liquidation), are presented at estimated net realizable value, which represents the amount of cash the Plan expects to receive upon sale, redemption, or settlement of those investments during the liquidation period. Because estimated liquidation value for substantially all investments approximates fair value due to the nature of the underlying investments and the expected manner of disposition, the Plan would continue to provide applicable fair value disclosures required by other U.S. GAAP, to the extent relevant to understanding these financial statements. For pooled separate accounts with daily liquidity, management determined that estimated net realizable value approximated quoted market value or reported net asset value (NAV), less any expected disposition costs, which were not material at December 31, 2025 (in liquidation).

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value) as of December 31, 2024 (ongoing). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, reduced for estimated defaults and deemed distributions expected during the liquidation. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Management considered historical collection experience, the anticipated short liquidation period, and participant account balances securing the loans.

NOTES TO FINANCIAL STATEMENTS

*Palmer Companies 401(k) Retirement Plan
December 31, 2025 (In Liquidation) and 2024 (Ongoing)*

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding deduction from net assets. The Plan distributed the 2025 excess contributions to the applicable participants prior to March 15, 2026.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Termination-related costs expected to be incurred after December 31, 2025 (in liquidation), were waived by American United Life Insurance Company (AUL), the trustee of the Plan.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through June 8, 2026, the date the financial statements were available to be issued. Subsequent to December 31, 2025, the Plan continued to implement its liquidation plan, including participant communications, liquidation of certain investment options, and processing of participant distributions. No other subsequent events occurred that require accrual or disclosure.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability; |

Continued

NOTES TO FINANCIAL STATEMENTS

*Palmer Companies 401(k) Retirement Plan
December 31, 2025 (In Liquidation) and 2024 (Ongoing)*

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2025 (in liquidation) and 2024 (ongoing):

Pooled separate accounts: Valued at the NAV of units held by the Plan. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate accounts, the investment adviser reserves the right to temporarily delay withdrawal from the Plan in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with U.S. GAAP, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy.

Fair Value of Investments that Calculate NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2025 (in liquidation) and 2024 (ongoing), respectively:

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>

Bond funds	547,054	N/A	Daily	None

4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has a traditional fully benefit-responsive guaranteed investment contract with AUL totaling \$92,736 and \$788,904 as of December 31, 2025 (in liquidation) and 2024 (ongoing), respectively. AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 4%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTES TO FINANCIAL STATEMENTS

*Palmer Companies 401(k) Retirement Plan
December 31, 2025 (In Liquidation) and 2024 (Ongoing)*

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Companies or other Companies events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

5. ASSETS HELD BY THE PLAN'S TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 (in liquidation) and 2024 (ongoing), and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2025 (in liquidation), was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by AUL.

6. INCOME TAX STATUS

The Plan has not obtained a separate determination letter from the IRS stating that the Plan was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan is relying on the IRS approval of the standardized prototype plan that it is utilizing. The IRS has opined and informed the third party administrator by a letter dated November 30, 2020, that the prototype plan was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and tax-exempt.

NOTES TO FINANCIAL STATEMENTS

*Palmer Companies 401(k) Retirement Plan
December 31, 2025 (In Liquidation) and 2024 (Ongoing)*

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Management intends that final Plan termination and distributions will be completed in a manner consistent with maintaining the Plan's tax-qualified status through the date of liquidation.

7. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by AUL. AUL is the trustee for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan made direct payments to the third party administrator of \$3,096 which were not covered by revenue sharing for the year ended December 31, 2025 (in liquidation). The Companies pays directly any other fees related to the Plan's operations. Notes receivable from participants are also considered party-in-interest transactions.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2025 (in liquidation) and 2024 (ongoing), to net assets per Schedule H of Form 5500:

	2025 (In Liquidation)	2024 (Ongoing)
