Independent Auditor's Report

The Plan Administrator
One Florida Bank 401(k) Plan
Orlando, Florida:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of One Florida Bank 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net asset available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP"), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a period of one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes at December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ONE FLORIDA BANK 401(K) PLAN

Notes to Financial Statements

At December 31, 2025 and 2024 and the Year Ended December 31, 2025

(1) Description of Plan

The following description of the One Florida Bank 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all eligible employees of One Florida Bank (the "Company"). The Plan was established on January 1, 2023. Employees may enter the Plan after attaining age eighteen and completing one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is administered by the Company. The Plan's designated trustee is Fidelity Personal Trust Company, FSB ("Fidelity"), which is a subsidiary of Fidelity Investments. Certified Benefits Corp is the Plan's third-party administrator and recordkeeper.

Contributions. Participants may contribute up to 100% of their eligible compensation, as defined in the Plan, subject to the limitations provided by the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation. The amount of such automatic enrollment will increase by 1% up to a maximum of 5% of the Plan Compensation. Participants direct the investment of their contributions into various investment options offered by the Plan. All employer contributions are invested ratably in the investment options selected by the participants and are subject to the vesting guidelines discussed below. These options may be changed at any time. The Company will make a qualified safe harbor matching contribution equal to 100% of salary deferrals that do not exceed 3% of compensation plus 50% of salary deferrals between 3% and 5% of compensation. Compensation and deferrals are determined on an annual basis. Also, the Company may make a discretionary profit-sharing contribution at an amount determined annually.

Participant Accounts. Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of Plan, Continued

Vesting. Participants are immediately vested in their voluntary contributions, including amounts transferred into the Plan from other qualified employee benefit plans, plus actual earnings thereon. Vesting in any additional employer contributions, matching contributions, and earnings thereon is based on years of continuous service as defined in the Plan. For discretionary contribution, a participant is 20% vested after one year of service, increasing by an additional 20% each year thereafter. A participant is 100% vested in the entire account after five years of credited service. Qualified Safe Harbor Contributions are not subject to vesting. Upon death, total and permanent disability or termination of the Plan, discretionary employer contributions become 100% vested.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000. The amount is subject to a limit of 50% of their vested account balance less any existing loan balance or \$50,000. Loan terms can be up to five years, unless the loan was used for the purchase of a primary residence. A participant may have no more than one loan outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest at one percentage points above the prime rate. The loan administrator periodically reviews these interest rates with the intention of providing the Plan with a return commensurate with the interest rates that a commercial lender would charge for a similar loan. Principal and interest are paid ratably through semimonthly payroll deductions.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant will receive a lump sum amount equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts. Forfeited accounts, at the option of the Plan, are used to pay administrative expenses and reduce employer contributions or are reallocated to remaining participants based on their salary. At December 31, 2025 and 2024, forfeited nonvested accounts were \$56 and \$522, respectively. During the year ended December 31, 2025, \$466 of forfeitures were used to pay administrative expenses.

(2) Summary of Accounting Policies

Basis of Presentation. The Plan's financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP"). The following is a summary of the significant accounting policies:

Use of Estimates. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events. Management has evaluated all significant events occurring subsequent to the statements of net assets available for benefits date through June 5, 2026, which is the date the financial statements were available to be issued, determining no events require additional disclosure in the financial statements, except as noted in the following:

In May 2026, OFB Bancshares, Inc. the Holding Company of One Florida Bank, sponsor of the Plan, entered into a definitive agreement to be acquired by Hancock Whitney Corporation (“Hancock Whitney”).

Under the terms of the agreement, OFB Bancshares, Inc will merge with and into a wholly owned subsidiary of Hancock Whitney, with Hancock Whitney as the surviving entity. Following completion of the transaction, the Company, a wholly owned subsidiary of OFB Bancshares Inc, is expected to merge into Hancock Whitney Bank.

The transaction is subject to regulatory approvals and other customary closing conditions and has not been completed as of the date the financial statements were available for be issued.

Management has evaluated this transaction as a subsequent event and has determined that it is a non-recognized subsequent event. Accordingly, no adjustments have been made to the accompanying financial statements as of and for the year ended December 31, 2025. However, the effects of the transaction could impact the future administration, investment options, and overall operation of the Plan.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Quoted market prices when available are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Contributions. Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits. Benefits are recorded when paid.

Expenses. Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

(3) Fair Value Measurements

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The fair value hierarchy requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy describes three levels of inputs that may be used to measure fair value:

Level 1: Observable inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities that are not active; and model-driven valuations whose inputs are observable or whose significant value drivers are observable. Valuations may be obtained from, or corroborated by, third-party pricing services.

Level 3: Unobservable inputs to measure fair value of assets and liabilities for which there is little, if any market activity at the measurement date, using reasonable inputs and assumptions based upon the best information at the time, to the extent that inputs are available without undue cost and effort.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value:

Mutual Funds. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust. Valued using NAV practical expedient where the NAV of units held by the Plan are based on the fair value of the underlying investments. There are no unfunded commitments for these investments. They are valued daily, and there are no redemption restrictions.

(continued)

ONE FLORIDA BANK 401(K) PLAN

Notes to Financial Statements, Continued

(3) Fair Value Measurements, Continued

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by Level, within the fair value hierarchy, the Plan investments at fair value:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<i>December 31, 2025:</i>				
Mutual funds	\$ <u>13,532,567</u>	<u>-</u>	<u>-</u>	13,532,567
Common collective trust ^(a)				<u>87,683</u>
Total investment at fair value				\$ <u>13,620,250</u>
<i>December 31, 2024:</i>				
Mutual funds	\$ <u>10,756,224</u>	<u>-</u>	<u>-</u>	10,756,224
Common collective trust ^(a)				<u>202,875</u>
Total investment at fair value				\$ <u>10,959,099</u>

^(a) Certain investments that were measured using NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

(4) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(5) Tax Status

The Company adopted a nonstandardized preapproved plan document that was approved by the Internal Revenue Service ("IRS") on June 30, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has not applied for an individual determination letter from the IRS. Although the Plan has been amended since receiving the determination letter, the plan administrator believes the Plan is currently operating in compliance with the applicable requirements of the IRC, and that the Plan has satisfied the qualification requirements of the IRC Section 401(a) in operation and, therefore, the related trust is exempt from federal income taxes under the provisions of IRC Section 501(a). Therefore, no provision for income taxes has been included in the Plan's financial statements.

(continued)

ONE FLORIDA BANK 401(K) PLAN

Notes to Financial Statements, Continued

(5) Tax Status, Continued

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan, and has concluded that at December 31, 2025 or 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

(6) Information Certified by Trustee

The information contained in the financial statements and supplemental schedule, which was certified by Fidelity, the Plan's trustee, are as follows:

Statement of Net Assets Available for Benefits

Investments

Statement of Changes in Net Assets Available for Benefits

Investment income

Schedule of Assets Held for Investment Purposes

All information, except notes receivable from participants

(7) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(8) Related Party and Party-In-Interest Transactions

Certain Plan investments include investment funds managed by the Trustee, as defined by the Plan, and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan participants for the investment management services were included as a reduction of the return earned on each fund.
