IRCO 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of IRCO 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of September 30, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of IRCO 401(k) Plan's 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended September 30, 2025 stating that the certified investment information, as described in *Note 3* to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section:

- The amounts and disclosures in the 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of IRCO 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about IRCO 401(k) Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements - Continued

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of IRCO 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about IRCO 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets (held at end of year) as of or for the year ended September 30, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2024 Financial Statements

The financial statements of IRCO 401(k) Plan as of September 30, 2024, were audited by Hoffman, Stewart & Schmidt, P.C., who merged with Aprio, LLP as of January 1, 2026. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated July 1, 2025 indicated that in their opinion: (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America; and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2024 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

IRCO 401(k) PLAN

Notes to Financial Statements

1. Plan Description

The following brief description of the IRCO 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan was established January 1, 2000, and was last restated in January 2025. As part of that January 2025 restatement, the Plan name was changed from IRCO Profit Sharing Plan and Trust to IRCO 401(k) Plan. The Plan is a defined contribution plan covering employees of The Immigrant and Refugee Community Organization (the Company) who meet certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Board of Directors.

Through January 2025, the trustee of the Plan was Matrix Trust Company. Starting in January 2025, the custodian of the Plan is Empower Annuity Insurance Company of America and Empower Trust Company, LLC (collectively, Empower). All participant account balances are held by the trustee or the custodian. The participant directs the investment of all contributions and earnings thereon and may change their investment directive at any time.

Eligibility - Employees are eligible to participate in the Plan once they are at least 21 years of age. There is no minimum service requirement to participate in the Plan and employees can start making elective deferrals once the age requirement is met. Eligible employees do not include union employees, nonresident aliens, leased employees, or hourly on-call employees. Eligibility for discretionary employer matching or nonelective contributions is 501 hours of service and entry dates are the first day of each Plan quarter.

Contributions - Each year participants may contribute up to 100 percent of their annual pre-tax compensation, as defined in the Plan, subject to statutory limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company makes a safe harbor contribution of 100 percent of the participant's elective deferrals up to 3 percent of the participant's eligible compensation, plus 50 percent of the participant's elective deferrals that exceed 3 percent but do not exceed 5 percent of the participant's eligible compensation. The Company may make discretionary matching or nonelective contributions as determined annually by the Board of Directors. No discretionary matching or nonelective contributions were made for the year ended September 30, 2025.

IRCO 401(k) PLAN

Notes to Financial Statements - Continued

1. Plan Description - Continued

Participant Accounts - Each participant's account is credited with the participant's contributions, as well as allocations of the Company's safe harbor contributions, discretionary matching and nonelective contributions, and Plan earnings. Deducted from each participant's account are any distributions made to the participant and an allocation of administrative expenses that are paid by the Plan. Allocations of administrative expenses are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions and the Company's contributions plus actual earnings on those contributions.

Payment of Benefits - Upon attaining normal retirement age of 65, termination of service, death, or disability, a participant may elect to receive a lump-sum distribution of the entire vested account balance. Terminated participants whose account balance is \$5,000 or less will automatically receive a lump-sum distribution. Hardship distributions are available only for the purpose of meeting immediate and heavy financial needs.

2. Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates - The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect reported amounts of net assets at the date of the financial statements, and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period, as well as disclosure of any contingent assets or liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the custodian. Additional information about fair value measurements can be found in *Note 4*.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

IRCO 401(k) PLAN

Notes to Financial Statements - Continued

2. Summary of Significant Accounting Policies - Continued

Investment Valuation and Income Recognition - Continued - The Plan's investments in fully benefit responsive fixed annuity contracts are reported at contract value (*Note 5*). Contract value is the relevant measure for fully benefit responsive fixed annuity contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value approximates fair value for the fixed annuity contracts.

Benefits Paid to Participants - Benefits are recorded when paid. At September 30, 2025, there were no benefits processed and approved for payment, but not paid.

Expenses - Certain expenses are paid by the Company and are excluded from these financial statements. Certain administration and asset fees are paid by the Plan. Investment related expenses are included in net appreciation in fair value of investments.

3. Certified Investments

Certain information related to assets disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at September 30, 2025, and net investment income for the period January 24, 2025 through September 30, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, whom management has determined is a qualified institution. Certain information including investments held at September 30, 2024 and net investment income for the period October 1, 2024 through January 24, 2025 was obtained by management and agreed to or derived from information certified as complete and accurate by Matrix Trust Company, whom management has determined is a qualified institution.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

IRCO 401(k) PLAN

Notes to Financial Statements - Continued

4. Fair Value Measurements - Continued

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used during the years ended September 30, 2025 and 2024 .

Following is a description of the valuation methodology used for assets measured at fair value on a recurring basis:

Shares of registered investment companies - Valued at the daily closing prices provided by the custodian. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

IRCO 401(k) PLAN

Notes to Financial Statements - Continued

4. Fair Value Measurements - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of September 30:

2025	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	<u>\$ 17,114,726</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 17,114,726</u>
Investments at fair value	<u><u>\$ 17,114,726</u></u>	<u><u>\$ -</u></u>	<u><u>\$ -</u></u>	<u><u>\$ 17,114,726</u></u>
2024	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	<u>\$ 13,971,202</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 13,971,202</u>
Investments at fair value	<u><u>\$ 13,971,202</u></u>	<u><u>\$ -</u></u>	<u><u>\$ -</u></u>	<u><u>\$ 13,971,202</u></u>

5. Fixed Annuity Contracts

The Plan entered into a fully benefit-responsive guaranteed investment contract with Empower Annuity Insurance Company of America (EAICA). The Guaranteed Income Fund represents a fully benefit-responsive investment contract as defined by FASB ASC 962, *Plan Accounting-Defined Contribution Pension Plans*. Accordingly, the investment is reported at contract value, which represents contributions made under the contract, plus interest credited, less withdrawals and expenses.

Under the terms of the contract, assets invested in the Guaranteed Income Fund are held in the general account of Empower Annuity Insurance Company, which is contractually obligated to repay principal and interest credited to participant accounts. Interest is credited daily at a rate declared by the issuer and guaranteed for stated periods, subject to a contractually defined minimum interest rate.

The contract permits participant-initiated transactions, including withdrawals for retirement, termination of employment, death, disability, hardship withdrawals, and required minimum distributions, to be executed at contract value. The contract includes certain provisions that may limit the Plan's ability to make transfers or distributions at contract value in the event of unusual or adverse market conditions or upon termination of the contract. However, the contract requires that interest continue to be credited during any permitted deferral period, and required participant benefit payments are not subject to deferral. Management believes that the occurrence of events that would limit the Plan's ability to transact at contract value with participants is not probable.

IRCO 401(k) PLAN

Notes to Financial Statements - Continued

5. Fixed Annuity Contracts - Continued

The contract value of the Guaranteed Income Fund at September 30, 2025, was \$1,383,458. The Guaranteed Income Fund is not included in the Plan's fair value hierarchy disclosures because fully benefit-responsive investment contracts are measured and reported at contract value.

Because contract value approximates fair value, the average yield earned by the Plan and the actual interest rate credited to Plan participants is the same, and approximated at 1.4 percent for the period January 24, 2025 through September 30, 2025. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Through January 2025, the Plan entered into fixed annuity contracts issued by CMFG Life Insurance Company. CMFG Life Insurance Company maintained these contracts in its general account. These contracts met the fully benefit-responsive investment contract criteria and therefore were reported at contract value in the accompanying statements of net assets available for benefits. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed annuity contract issuer was contractually obligated to repay the principal and a specified interest rate was guaranteed to the Plan.

Contract value, as reported to the Plan by Matrix Trust Company, represented contributions made to the account, plus earnings, less participant withdrawals, and administrative expenses. Participants were able to direct the withdrawal or transfer of all or a portion of their investment at contract value. Because contract value approximated fair value, the average yield earned by the Plan and the actual interest rate credited to Plan participants was the same and approximated at 2 percent for the period October 1, 2024 through January 24, 2025.

The contract value of the CMFG Stable Value fund at September 30, 2024, was \$1,453,483.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: 1) amendments to the Plan document (including complete or partial Plan termination or merger with another plan); 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; 3) bankruptcy of the Plan sponsor; 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or 5) premature termination of the contract. The Plan Administrator does not believe any events which would limit the Plan's ability to transact at contract value with the participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include the following: 1) an uncured violation of the Plan's investment guidelines; 2) a breach of material obligation under the contract; 3) a material misrepresentation; or 4) a material amendment to the agreement without the consent of the issuer.

IRCO 401(k) PLAN

Notes to Financial Statements - Continued

6. Transactions with Parties-in-Interest

The Company is the Plan sponsor and administrator and pays certain administrative costs, including accounting, legal, and consulting fees, on behalf of the Plan.

Empower, who serves as custodian of the Plan, and Matrix Trust Company, who served as trustee through February 2025, manage certain Plan investments. CPI Qualified Plan Consultants, Inc., who performed recordkeeping and administrative services for the Plan through February 2025, is a CUNA Mutual Group member company along with CMFG Life Insurance Company. Investments and investment transactions with Empower, Matrix Trust Company, and CMFG Life Insurance Company qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

8. Income Tax Status

Effective January 2025, the Plan is utilizing a non-standardized pre-approved profit sharing plan document and is relying on the pre-approved profit sharing plan's opinion letter from the Internal Revenue Service (IRS) dated November 14, 2022. The letter states the Plan is designed in accordance with the applicable requirements of the Internal Revenue Code (IRC). Although the pre-approved profit sharing plan document has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Through January 2025, the Plan utilized a non-standardized pre-approved profit sharing plan document and relied on the pre-approved profit sharing plan's opinion letter from the IRS dated June 30, 2020. The letter stated the Plan was designed in accordance with the applicable requirements of the IRC. The Plan Administrator and the Plan's tax counsel believe that the Plan was designed and operated in compliance with the applicable requirements of the IRC.

IRCO 401(k) PLAN

Notes to Financial Statements - Continued

8. Income Tax Status - Continued

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible changes in the values of investment securities will occur in the near-term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

10. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at September 30:
