INDEPENDENT AUDITOR'S REPORT

To the Plan Participants and Plan Administrator of Cincinnati Financial Corporation Tax-Qualified Savings Plan:

Opinion

We have audited the financial statements of Cincinnati Financial Corporation Tax-Qualified Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Cincinnati Financial Corporation

Tax-Qualified Savings Plan

NOTES TO FINANCIAL STATEMENTS AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2025 AND 2024

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Cincinnati Financial Corporation Tax-Qualified Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General — The Plan is a defined contribution plan open to substantially all employees of Cincinnati Financial Corporation (the Company) and its subsidiaries who meet the eligibility requirements outlined in the Plan document. The Plan commenced January 1, 1996 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan uses Fidelity Management Trust Company (Fidelity) as trustee and Fidelity Workplace Services LLC as record keeper. The Employee Benefits Committee of the Company serves as administrator of the Plan while the Company serves as Plan sponsor.

Contributions — Contributions to the Plan include (i) salary reduction contributions authorized by participants, (ii) matching contributions made by the Company, (iii) discretionary true-up matching contributions made by the Company, (iv) discretionary profit-sharing contributions made by the Company; and (v) participant rollovers from another qualified plan.

Participants may contribute a percentage of their pretax annual cash compensation each year, as defined in the Plan, subject to certain Internal Revenue Code (IRC) limitations. Participants are eligible for a Company match of 100% up to the first 6% of eligible compensation on a per-pay-period basis; however, those participants who accrue benefits under the Cincinnati Financial Corporation Retirement Plan are not eligible for the Company match. Participants who reach the Internal Revenue Service (IRS) contribution limit before December 31st, and who are employed as of December 31st, may receive a deposit the following year for the difference between what the Company contributed and 6% of total eligible earnings. The Company has the discretion to determine whether the true-up will occur in future years. The Company match is invested according to the participants' investment directions. Contributions from participants and the Company are recorded each pay period for Plan participants. Eligible participants are initially enrolled in the Plan at a 6% contribution rate to encourage associate savings, with an automatic increase of a participant's contribution rate by 1% each year to a maximum 10%, for these automatically enrolled participants. Unless directed otherwise, automatic enrollment participants are enrolled in the Plan's designated default investment option, Target Date Funds, which aligns nearest to the participant's retirement date, assumed at age 65. Each participant has the opportunity to elect to withdraw or change the contribution rate prior to automatic enrollment or at any time once enrolled.

Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions; these additional contributions are ineligible for a Company matching contribution. The Plan includes a Roth 401(k) option for participants. This option allows participants to contribute after-tax dollars while contributions and any earnings on those contributions are tax-free upon withdrawal.

The Company may make a discretionary profit-sharing contribution to eligible participants. A participant who is not enrolled in the Company's high-deductible group health plan is eligible for the discretionary profit-sharing contribution. The Company did not make a profit-sharing contribution during 2025 or 2024.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (Rollover). Rollovers from other qualified plans were \$9,274,563 during 2025 and \$7,675,947 during 2024.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, any employer matching contribution and allocations of Plan earnings and

charged with withdrawals, administrative expenses and allocations of Plan losses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments — Participants direct the investment of their contributions into various investment options offered by the Plan, which include the Company's common stock fund, various registered investment companies (or mutual funds) and a money market fund, subject to certain trading restrictions on some of the investment options. Participants also have the option to invest in a variety of securities through a self-directed brokerage account. The Cincinnati Financial Stock Fund (the Stock Fund) is an Employee Stock Ownership Plan (ESOP), which is primarily invested in common shares of the Company and may also hold cash or other short-term liquid investments to accommodate the ESOP's liquidity needs. A participant may elect to receive cash dividends on Company stock outside of the Plan or leave the dividends in the Plan to be reinvested.

Vesting — Participants are vested immediately in their contributions plus actual earnings thereon and vested in any Company matching contribution and profit-sharing contribution attributed to them plus actual earnings thereon after three years of eligible service. Unvested participants who are employed by the Company become fully vested in any Company and profit-sharing contribution attributed to them upon reaching age 65 or as defined in the plan.

Notes Receivable from Participants — Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest equal to the prime rate plus 1%. At December 31, 2025, interest rates on participant loans ranged from 4.25% to 9.50%, with maturity dates through December 2040. Interest income is recorded on the accrual basis. Principal and interest is paid ratably through payroll deductions over a period of up to five years, except for loans used to purchase a primary residence, which are repaid via payroll deduction within a reasonable period as defined by the Plan. Principal and interest paid is credited to applicable funds in the borrower's account. Participant loans are valued at the outstanding principal balances plus any accrued but unpaid interest. Upon participant termination or retirement, any outstanding loan balance attributed to such participant is treated as a distribution to the participant. Delinquent participant loans are recorded as a deemed distribution based on terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Subsequent Events — Subsequent events have been evaluated through June 17, 2026, which is the date the financial statements were issued. Apart from what was disclosed, there were no subsequent events requiring modifications or disclosures in these financial statements.

Payment of Benefits — The Plan provides for benefits to be paid upon retirement, disability, death or separation other than retirement as defined by the Plan document. The Plan also provides for hardship withdrawals to occur as outlined in the Plan document. Plan benefits may be paid in a lump sum of cash or shares of Company common stock. Stock may be paid only for the portion of interest held in the Stock Fund.

Forfeited Accounts — Forfeitures of terminated participants' nonvested accounts may be used to restore forfeitures, pay Plan expenses and/or reduce the Company's matching and profit-sharing contributions. Effective January 1, 2025, forfeitures are first used to restore participants' nonvested accounts and then used to reduce the Company's matching and profit-sharing contributions. Forfeiture balances were \$46,476 and \$18,685 at December 31, 2025 and 2024, respectively. Forfeitures of \$854,309 and \$938,800 were used to reduce the Company's matching contribution during the years ended December 31, 2025 and 2024, respectively. Forfeiture amounts are reinvested into the Vanguard Federal Money Market Fund until used in a way permitted by the Plan.

Legislation — On December 29, 2022, the SECURE 2.0 Act of 2022 (SECURE 2.0) was enacted as part of the Consolidated Appropriations Act, 2023. The provisions include additional increases to required minimum distribution age, changes to long-term and part-time eligibility, new annual funding notice requirements, increased catch-up limits for some participants, mandatory Roth catch-up requirement for high-income participants, and other provisions. The United States Department of the Treasury and the Internal Revenue Service continue to issue guidance and regulations implementing provisions of SECURE 2.0. Effective for plan years beginning in 2025, participants who attain ages 60 through 63 during the plan year are eligible for an increased catch-up contribution. Effective January 1, 2026, 401(k) catch-up contributions must be made on a Roth (post-tax) basis for participants age 50 and older whose prior year FICA wages exceed an applicable threshold. The deadline for amending plan documents has been extended to December 31, 2026, as such, the Plan sponsor is currently evaluating the provisions of SECURE 2.0 and related guidance to determine the full impact to the Plan and participants.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. The Plan's investment in the Stock Fund is valued based on exchange-traded observable quoted market prices. The Plan's investments in registered investment companies, or mutual funds, are valued based on the net asset value (NAV) of the shares held by the Plan, which represents the price at which market participants buy and sell shares of the mutual funds on a daily basis. Self-directed brokerage accounts allow the participant to invest in a variety of securities such as individual equities, corporate bonds, and mutual funds along with other investments as outlined in the Plan document. The fair value of these securities are valued based on quoted market prices that would be the exit position. Certain securities are prohibited from purchase in the self-directed brokerage accounts. Fees paid by the participant for investment management services were included as a reduction of the return earned on each fund.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative Expenses — Trustee fees and other reasonable expenses of the Plan are allocated among participants.

Payment of Benefits — Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid at December 31, 2025 and 2024.

Excess Contributions Payable — The Plan is required to return contributions received during the Plan year in excess of the IRC limits. There were no excess contributions due to participants as of December 31, 2025 and 2024.

Reclassifications — Rollover contributions have been presented as a separate line item in the Statements of Changes in Net Assets Available for Benefits for the year ended December 31, 2025. Rollover contributions of \$7,675,947 for the year ended December 31, 2024, previously included and disclosed parenthetically in participant contributions, have been reclassified to conform to the current year's financial statement presentation. This reclassification had no effect on previously reported increase in net assets or net assets available for benefits.

NOTE 3 - FAIR VALUE MEASUREMENTS

In accordance with accounting guidance for fair value measurements and disclosures, the Plan categorized its financial instruments, based on the priority of the observable and market-based data for the valuation technique used, into a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices with readily available independent data in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable market inputs (Level 3). When various inputs for measurement fall within different levels of the fair value hierarchy, the lowest observable input that has a significant impact on fair value measurement is used. The Plan's valuation techniques have not changed from those used at December 31, 2024. Financial instruments are categorized based upon the following characteristics or inputs to the valuation techniques:

- Level 1 – Financial assets and liabilities for which inputs are observable and are obtained from reliable quoted prices for identical assets or liabilities in active markets. This is the most reliable fair value measurement and includes, for example, active exchange-traded equity securities and funds.
- Level 2 – Financial assets and liabilities for which values are based on quoted prices in markets that are not active or for which values are based on similar assets and liabilities that are actively traded. This also includes pricing models for which the inputs are corroborated by market data.
- Level 3 – Financial assets and liabilities for which fair values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement.

The Plan bases fair value for investments in common stock on quoted market prices. Registered investment companies are valued at quoted market prices, which represent the NAV of shares held by the Plan at year-end. Self-directed brokerage accounts are valued based on quoted market prices which would be the exit position. The methods described above may produce a fair value measurement that may not be reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

The following tables illustrate the fair value hierarchy for those assets measured at fair value on a recurring basis at December 31, 2025 and 2024. The Plan did not have any liabilities carried at fair value or any Level 2 or Level 3 assets at or during the years ended December 31, 2025 and 2024.

	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS

During the years ended December 31, 2025 and 2024, certain Plan investments were in shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

At December 31, 2025 and 2024, the Plan held 482,110 and 467,384 shares, respectively, of common stock of Cincinnati Financial Corporation, with a cost basis of \$37,068,695 and \$33,243,553, respectively. During the years ended December 31, 2025 and 2024, the Plan recorded dividend income from shares of Cincinnati Financial

Corporation of \$1,560,211 and \$1,458,930, respectively. Cincinnati Financial Corporation is the sponsoring company and, therefore, these transactions qualify as exempt party-in-interest transactions.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. If the Plan is terminated, distributions and withdrawals will continue to be made in accordance with the Plan and participants would become 100% vested in their accounts.

NOTE 6 - FEDERAL INCOME TAX STATUS

The Company received an opinion letter from the IRS, dated December 28, 2017, which states the individually designed plan document satisfies the applicable provisions of the IRC. The Plan has been amended since receiving the determination letter. The Company and Plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the Plan financial statements. While the Plan is subject to routine audits by taxing jurisdictions, no audits are currently in progress for any tax periods. The Plan administrator believes it is no longer subject to income tax examinations for Plan years 2022 and earlier.

INDEPENDENT AUDITOR'S REPORT

To the Plan Participants and Plan Administrator of Cincinnati Financial Corporation Tax-Qualified Savings Plan:

Opinion

We have audited the financial statements of Cincinnati Financial Corporation Tax-Qualified Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Cincinnati Financial Corporation

Tax-Qualified Savings Plan

NOTES TO FINANCIAL STATEMENTS AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2025 AND 2024

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Cincinnati Financial Corporation Tax-Qualified Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General — The Plan is a defined contribution plan open to substantially all employees of Cincinnati Financial Corporation (the Company) and its subsidiaries who meet the eligibility requirements outlined in the Plan document. The Plan commenced January 1, 1996 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan uses Fidelity Management Trust Company (Fidelity) as trustee and Fidelity Workplace Services LLC as record keeper. The Employee Benefits Committee of the Company serves as administrator of the Plan while the Company serves as Plan sponsor.

Contributions — Contributions to the Plan include (i) salary reduction contributions authorized by participants, (ii) matching contributions made by the Company, (iii) discretionary true-up matching contributions made by the Company, (iv) discretionary profit-sharing contributions made by the Company; and (v) participant rollovers from another qualified plan.

Participants may contribute a percentage of their pretax annual cash compensation each year, as defined in the Plan, subject to certain Internal Revenue Code (IRC) limitations. Participants are eligible for a Company match of 100% up to the first 6% of eligible compensation on a per-pay-period basis; however, those participants who accrue benefits under the Cincinnati Financial Corporation Retirement Plan are not eligible for the Company match. Participants who reach the Internal Revenue Service (IRS) contribution limit before December 31st, and who are employed as of December 31st, may receive a deposit the following year for the difference between what the Company contributed and 6% of total eligible earnings. The Company has the discretion to determine whether the true-up will occur in future years. The Company match is invested according to the participants' investment directions. Contributions from participants and the Company are recorded each pay period for Plan participants. Eligible participants are initially enrolled in the Plan at a 6% contribution rate to encourage associate savings, with an automatic increase of a participant's contribution rate by 1% each year to a maximum 10%, for these automatically enrolled participants. Unless directed otherwise, automatic enrollment participants are enrolled in the Plan's designated default investment option, Target Date Funds, which aligns nearest to the participant's retirement date, assumed at age 65. Each participant has the opportunity to elect to withdraw or change the contribution rate prior to automatic enrollment or at any time once enrolled.

Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions; these additional contributions are ineligible for a Company matching contribution. The Plan includes a Roth 401(k) option for participants. This option allows participants to contribute after-tax dollars while contributions and any earnings on those contributions are tax-free upon withdrawal.

The Company may make a discretionary profit-sharing contribution to eligible participants. A participant who is not enrolled in the Company's high-deductible group health plan is eligible for the discretionary profit-sharing contribution. The Company did not make a profit-sharing contribution during 2025 or 2024.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (Rollover). Rollovers from other qualified plans were \$9,274,563 during 2025 and \$7,675,947 during 2024.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, any employer matching contribution and allocations of Plan earnings and

charged with withdrawals, administrative expenses and allocations of Plan losses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments — Participants direct the investment of their contributions into various investment options offered by the Plan, which include the Company's common stock fund, various registered investment companies (or mutual funds) and a money market fund, subject to certain trading restrictions on some of the investment options. Participants also have the option to invest in a variety of securities through a self-directed brokerage account. The Cincinnati Financial Stock Fund (the Stock Fund) is an Employee Stock Ownership Plan (ESOP), which is primarily invested in common shares of the Company and may also hold cash or other short-term liquid investments to accommodate the ESOP's liquidity needs. A participant may elect to receive cash dividends on Company stock outside of the Plan or leave the dividends in the Plan to be reinvested.

Vesting — Participants are vested immediately in their contributions plus actual earnings thereon and vested in any Company matching contribution and profit-sharing contribution attributed to them plus actual earnings thereon after three years of eligible service. Unvested participants who are employed by the Company become fully vested in any Company and profit-sharing contribution attributed to them upon reaching age 65 or as defined in the plan.

Notes Receivable from Participants — Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest equal to the prime rate plus 1%. At December 31, 2025, interest rates on participant loans ranged from 4.25% to 9.50%, with maturity dates through December 2040. Interest income is recorded on the accrual basis. Principal and interest is paid ratably through payroll deductions over a period of up to five years, except for loans used to purchase a primary residence, which are repaid via payroll deduction within a reasonable period as defined by the Plan. Principal and interest paid is credited to applicable funds in the borrower's account. Participant loans are valued at the outstanding principal balances plus any accrued but unpaid interest. Upon participant termination or retirement, any outstanding loan balance attributed to such participant is treated as a distribution to the participant. Delinquent participant loans are recorded as a deemed distribution based on terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Subsequent Events — Subsequent events have been evaluated through June 17, 2026, which is the date the financial statements were issued. Apart from what was disclosed, there were no subsequent events requiring modifications or disclosures in these financial statements.

Payment of Benefits — The Plan provides for benefits to be paid upon retirement, disability, death or separation other than retirement as defined by the Plan document. The Plan also provides for hardship withdrawals to occur as outlined in the Plan document. Plan benefits may be paid in a lump sum of cash or shares of Company common stock. Stock may be paid only for the portion of interest held in the Stock Fund.

Forfeited Accounts — Forfeitures of terminated participants' nonvested accounts may be used to restore forfeitures, pay Plan expenses and/or reduce the Company's matching and profit-sharing contributions. Effective January 1, 2025, forfeitures are first used to restore participants' nonvested accounts and then used to reduce the Company's matching and profit-sharing contributions. Forfeiture balances were \$46,476 and \$18,685 at December 31, 2025 and 2024, respectively. Forfeitures of \$854,309 and \$938,800 were used to reduce the Company's matching contribution during the years ended December 31, 2025 and 2024, respectively. Forfeiture amounts are reinvested into the Vanguard Federal Money Market Fund until used in a way permitted by the Plan.

Legislation — On December 29, 2022, the SECURE 2.0 Act of 2022 (SECURE 2.0) was enacted as part of the Consolidated Appropriations Act, 2023. The provisions include additional increases to required minimum distribution age, changes to long-term and part-time eligibility, new annual funding notice requirements, increased catch-up limits for some participants, mandatory Roth catch-up requirement for high-income participants, and other provisions. The United States Department of the Treasury and the Internal Revenue Service continue to issue guidance and regulations implementing provisions of SECURE 2.0. Effective for plan years beginning in 2025, participants who attain ages 60 through 63 during the plan year are eligible for an increased catch-up contribution. Effective January 1, 2026, 401(k) catch-up contributions must be made on a Roth (post-tax) basis for participants age 50 and older whose prior year FICA wages exceed an applicable threshold. The deadline for amending plan documents has been extended to December 31, 2026, as such, the Plan sponsor is currently evaluating the provisions of SECURE 2.0 and related guidance to determine the full impact to the Plan and participants.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. The Plan's investment in the Stock Fund is valued based on exchange-traded observable quoted market prices. The Plan's investments in registered investment companies, or mutual funds, are valued based on the net asset value (NAV) of the shares held by the Plan, which represents the price at which market participants buy and sell shares of the mutual funds on a daily basis. Self-directed brokerage accounts allow the participant to invest in a variety of securities such as individual equities, corporate bonds, and mutual funds along with other investments as outlined in the Plan document. The fair value of these securities are valued based on quoted market prices that would be the exit position. Certain securities are prohibited from purchase in the self-directed brokerage accounts. Fees paid by the participant for investment management services were included as a reduction of the return earned on each fund.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative Expenses — Trustee fees and other reasonable expenses of the Plan are allocated among participants.

Payment of Benefits — Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid at December 31, 2025 and 2024.

Excess Contributions Payable — The Plan is required to return contributions received during the Plan year in excess of the IRC limits. There were no excess contributions due to participants as of December 31, 2025 and 2024.

Reclassifications — Rollover contributions have been presented as a separate line item in the Statements of Changes in Net Assets Available for Benefits for the year ended December 31, 2025. Rollover contributions of \$7,675,947 for the year ended December 31, 2024, previously included and disclosed parenthetically in participant contributions, have been reclassified to conform to the current year's financial statement presentation. This reclassification had no effect on previously reported increase in net assets or net assets available for benefits.

NOTE 3 - FAIR VALUE MEASUREMENTS

In accordance with accounting guidance for fair value measurements and disclosures, the Plan categorized its financial instruments, based on the priority of the observable and market-based data for the valuation technique used, into a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices with readily available independent data in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable market inputs (Level 3). When various inputs for measurement fall within different levels of the fair value hierarchy, the lowest observable input that has a significant impact on fair value measurement is used. The Plan's valuation techniques have not changed from those used at December 31, 2024. Financial instruments are categorized based upon the following characteristics or inputs to the valuation techniques:

- Level 1 – Financial assets and liabilities for which inputs are observable and are obtained from reliable quoted prices for identical assets or liabilities in active markets. This is the most reliable fair value measurement and includes, for example, active exchange-traded equity securities and funds.
- Level 2 – Financial assets and liabilities for which values are based on quoted prices in markets that are not active or for which values are based on similar assets and liabilities that are actively traded. This also includes pricing models for which the inputs are corroborated by market data.
- Level 3 – Financial assets and liabilities for which fair values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement.

The Plan bases fair value for investments in common stock on quoted market prices. Registered investment companies are valued at quoted market prices, which represent the NAV of shares held by the Plan at year-end. Self-directed brokerage accounts are valued based on quoted market prices which would be the exit position. The methods described above may produce a fair value measurement that may not be reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

The following tables illustrate the fair value hierarchy for those assets measured at fair value on a recurring basis at December 31, 2025 and 2024. The Plan did not have any liabilities carried at fair value or any Level 2 or Level 3 assets at or during the years ended December 31, 2025 and 2024.

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS

During the years ended December 31, 2025 and 2024, certain Plan investments were in shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

At December 31, 2025 and 2024, the Plan held 482,110 and 467,384 shares, respectively, of common stock of Cincinnati Financial Corporation, with a cost basis of \$37,068,695 and \$33,243,553, respectively. During the years ended December 31, 2025 and 2024, the Plan recorded dividend income from shares of Cincinnati Financial

Corporation of \$1,560,211 and \$1,458,930, respectively. Cincinnati Financial Corporation is the sponsoring company and, therefore, these transactions qualify as exempt party-in-interest transactions.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. If the Plan is terminated, distributions and withdrawals will continue to be made in accordance with the Plan and participants would become 100% vested in their accounts.

NOTE 6 - FEDERAL INCOME TAX STATUS

The Company received an opinion letter from the IRS, dated December 28, 2017, which states the individually designed plan document satisfies the applicable provisions of the IRC. The Plan has been amended since receiving the determination letter. The Company and Plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the Plan financial statements. While the Plan is subject to routine audits by taxing jurisdictions, no audits are currently in progress for any tax periods. The Plan administrator believes it is no longer subject to income tax examinations for Plan years 2022 and earlier.
