REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator and Plan Participants
Science Applications International Corporation Retirement Plan

Opinion

We have audited the financial statements of Science Applications International Corporation Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for opinion

We conducted our audits of the financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental schedule required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SCIENCE APPLICATIONS INTERNATIONAL CORPORATION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

1. DESCRIPTION OF THE PLAN

The following brief description of the Science Applications International Corporation Retirement Plan (the "Plan") is for general information purposes only. Participants should refer to the Plan document for complete information regarding the Plan. Within these financial statements, Science Applications International Corporation ("SAIC" or "Employer" or the "Company") refers to the sponsoring employer.

General—The Plan is a defined contribution plan sponsored by the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is a 401(k) plan with profit-sharing and employee stock ownership plan ("ESOP") features. Both participant and Employer contributions to the Plan are held in a qualified retirement trust fund. The Science Applications International Corporation Benefit Plans Committee is the Plan's named fiduciary for purposes of Section 402(a) of ERISA.

Eligibility— All employees of the Company, other than those in the ineligible classes outlined in the Plan document, are eligible to participate in the Plan. Employees must be in an eligible fringe benefit package to be eligible to receive Company matching 401(k) contributions. Generally, employees may make elective contributions and receive Company matching 401(k) contributions upon commencing employment.

Participant Contributions—The Plan permits participants to contribute up to 75% of their eligible compensation to the Plan, subject to statutory limitations. Participants may also contribute amounts representing rollovers from other qualified plans. Participant contributions are invested according to participant direction into any of the available investment funds of the Plan. Participant contributions and rollovers to the SAIC Common Stock Fund are limited to a maximum of 50% of the participant deferral or rollover, as applicable.

Employer Contributions—The Company may make matching 401(k) contributions. Eligible participants may receive Company matching 401(k) contributions based on a percentage (up to a maximum match percentage of 4%), depending on the fringe benefit package, which are invested per participant direction. The Company, at its discretion, may also make additional contributions to the Plan for the benefit of non-highly compensated participants in order to comply with Section 401(k)(3) of the Internal Revenue Code ("IRC"); however, the Company made no such additional contributions for the Plan years ended December 31, 2025 and 2024.

Participant Accounts—In accordance with Plan provisions, individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, and if eligible, Company contributions, which are based on participant eligible compensation, as defined in the Plan document. Participant accounts also reflect changes from investment income and losses, distributions, and an allocation of a portion of administrative expenses. The benefit to which a participant is entitled is the vested balance of his or her account.

Investment Funds—As of December 31, 2025 and December 31, 2024, the Plan held investments in a diversified selection of mutual funds, collective trust funds, self-directed brokerage funds, and Company stock funds. The Company stock funds are comprised of the SAIC Common Stock Fund and the SAIC Closed Stock Fund (collectively, the "Stock Funds"). All amounts in the Stock Funds are invested in Science Applications International Corporation common stock, except for estimated cash reserves, which are invested in the Vanguard Federal Money Market Fund and are primarily used to provide future benefit distributions and facilitate investment exchanges. Participants may direct their contributions into one or more of the available funds and may move their account balances between funds.

Plan Amendments and Termination—On December 14, 2023, the Plan was amended to reflect the merger of the Koverse, Inc. 401(k) Plan with and into the Plan, which was effective March 1, 2024. This is in connection with the Company's acquisition of Koverse, Inc. during the year ended December 31, 2021. Undistributed participant account balances totaling approximately \$3,319,000 were transferred into the Plan. Certain other provisions were adopted to align Plan terms with prior operation regarding certain employees who received matching contributions in 2021 and 2022.

Effective December 30, 2024, the Plan was amended to reflect certain provisions of the SECURE 2.0 Act of 2022 as well as certain other discretionary amendments.

SCIENCE APPLICATIONS INTERNATIONAL CORPORATION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan at any time subject to the provisions of ERISA.

Vesting and Forfeitures—Participants' elective deferrals, rollover contributions and Employer contributions together with associated earnings or losses vest immediately. Unvested balances from other plans merged into the Plan in prior years continue to vest according to their original vesting schedules. Forfeitures are used to offset Employer contributions or certain eligible Plan expenses. During the year ended December 31, 2025, forfeitures were used to offset Employer contributions in the amount of approximately \$784,000. No forfeitures were used to pay administrative expenses. During the year ended December 31, 2024, forfeitures were used to offset Employer contributions in the amount of approximately \$1,347,000 and to pay administrative expenses of approximately \$70,000. Forfeitures available for future use amounted to approximately \$25,000 and \$123,000 as of December 31, 2025 and 2024, respectively.

Notes Receivable from Participants—Participants may borrow up to 50% of their vested account balance, up to a maximum of \$50,000 with a maximum of one outstanding loan per participant. Loan repayment periods may not exceed 60 months except for loans used to acquire a principal residence, in which case the repayment period may not exceed 30 years. Interest rates for the loans are based on the Prime Rate, as determined by the Plan's record-keeper, plus 1%. Principal and interest are collected ratably through payroll deductions.

Distributions to Participants—For vested account balances less than \$1,000, participants receive their vested account balance in a single lump sum following termination of employment with the Company. For vested account balances between \$1,000 and \$7,000, a participant's vested account balance is automatically rolled over into an Individual Retirement Account following termination. For vested account balances that exceed \$7,000, balances are not distributed unless the participant elects to take a distribution following the participant's termination of employment with the Company. Regardless of the existing account balance, distributions are made when participants die or become permanently disabled while employed by the Company. After attaining the age of 59-1/2, a participant may make withdrawals even if still employed by the Company. Participants may make withdrawals from the Plan prior to attaining the age of 59-1/2 from their rollover account or if the participant incurs a financial hardship, as specified by the Plan document. Former employees, regardless of their age, may elect to receive up to two distributions in any given Plan year, of all or a portion of their account balance.

2. TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated February 28, 2014, that the Plan was designed in accordance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements. Management recognizes tax liabilities for uncertainty in income taxes when it is more likely than not that a tax position would not be sustained upon examination by and settlement with the IRS. As of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

3. TRANSACTIONS WITH PARTIES-IN-INTEREST AND RELATED PARTIES

Certain Plan investments are managed by The Vanguard Group ("Vanguard") or an affiliate thereof. Vanguard is also the Plan's record-keeper; therefore, transactions with these investments qualify as party-in-interest transactions. Members of the Science Applications International Corporation Benefit Plans Committee also participate in the Plan and qualify as parties-in-interest. Notes receivable from participants also qualify as party-in-interest transactions.

SAIC is the sponsoring employer as of December 31, 2025 and 2024. The value of SAIC shares held by the Plan in the Stock Funds was approximately \$89,951,000 and \$108,969,000 as of December 31, 2025 and 2024, respectively.

SCIENCE APPLICATIONS INTERNATIONAL CORPORATION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

For the years ended December 31, 2025 and 2024, the Stock Funds earned dividends of approximately \$1,381,000 and \$1,491,000, respectively. The Stock Funds depreciated in value by approximately \$10,095,000 and \$12,662,000 during the years ended December 31, 2025 and 2024, respectively.

4. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The Plan's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates—The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting periods. Actual results may differ from those estimates.

Investment Valuation and Income Recognition—Investments held by the Plan are carried at fair value. There have been no changes in investment valuation methodologies. Valuation and income recognition policies are as follows:

Investment in Mutual Funds—The Plan's investments in mutual funds are stated at fair value based on quoted market prices.

Investment in Common Stock—Investments in shares of SAIC common stock are recorded at their last quoted market price on the last business day of the respective plan year. SAIC shares were publicly traded on the New York Stock Exchange through the year ended December 31, 2023, subsequently moving to the NASDAQ in March 2024.

Self-Directed Brokerage Fund—The Plan's investments in the self-directed brokerage fund are stated at fair value based on quoted market prices.

Investment in Collective Trusts—The Plan's investments in collective trusts are carried at net asset value ("NAV") per unit as a practical expedient to estimate fair value, which is determined by the trustee using the fair value of the underlying investments.

Investment Income—Realized gains and losses on sales of investments are calculated as the difference between the fair value of the investments upon sale and the fair value of the investments at purchase. Unrealized appreciation or depreciation is calculated as the difference between the fair value of the investments at the end of the year and the fair value of the investments at the beginning of the year or on the date of purchase if purchased during the year. Interest income is recorded as earned, and dividends are recorded on the ex-dividend date.

Notes Receivable from Participants—Notes receivable from participants are carried at the aggregate unpaid principal balance, plus accrued, unpaid interest of loans outstanding. If a participant defaults on a loan, it becomes a distribution from the Plan to the participant.

Distributions Paid to Participants—Benefit payments to participants are recorded upon distribution. There were no distributions payable to participants who had elected to withdraw from the Plan but had not yet been paid as of December 31, 2025 and 2024.

Administrative Expenses—Administrative expenses of the Plan are paid by the Plan sponsor or Plan participants as provided in the Plan document. Payments for service fees, professional fees, and plan-related investment advisory fees are generally funded from assessments charged on participant accounts.

5. INVESTMENT RISKS AND UNCERTAINTIES

The Plan invests in various investment securities which, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with investment securities, it is reasonably possible that changes in the values of certain investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for benefits and statement of changes in net assets available for benefits.

6. FAIR VALUE MEASUREMENTS

Accounting guidance has been issued that establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are described below:

- Level 1 Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following table sets forth the Plan's investments at fair value and by level, as applicable, as of December 31, 2025 and 2024:

	Level 1		Total	
	2025	2024	2025	2024
	(in thousands)			
Mutual funds	\$ 1,499,759	\$ 1,396,566	\$ 1,499,759	\$ 1,396,566
SAIC common stock	89,951	108,969	89,951	108,969
Self-directed brokerage fund	133,017	110,728	133,017	110,728
Subtotal	\$ 1,722,727	\$ 1,616,263	\$ 1,722,727	\$ 1,616,263
Collective trusts—measured at NAV			4,208,689	3,749,958
Total			\$ 5,931,416	\$ 5,366,221

Collective trusts are measured at fair value using NAV as a practical expedient for fair value and have not been categorized in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits. The Plan has no unfunded commitments to the collective trusts, and there are no redemption restrictions. There were no Level 2 or Level 3 investments as of December 31, 2025 and 2024.

7. SUBSEQUENT EVENTS

In preparing the accompanying financial statements, management of the Plan has evaluated all subsequent events and transactions for potential recognition or disclosure through June 17, 2026, the date the financial statements were issued.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator and Plan Participants
Science Applications International Corporation Retirement Plan

Opinion

We have audited the financial statements of Science Applications International Corporation Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for opinion

We conducted our audits of the financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental schedule required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SCIENCE APPLICATIONS INTERNATIONAL CORPORATION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

1. DESCRIPTION OF THE PLAN

The following brief description of the Science Applications International Corporation Retirement Plan (the "Plan") is for general information purposes only. Participants should refer to the Plan document for complete information regarding the Plan. Within these financial statements, Science Applications International Corporation ("SAIC" or "Employer" or the "Company") refers to the sponsoring employer.

General—The Plan is a defined contribution plan sponsored by the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is a 401(k) plan with profit-sharing and employee stock ownership plan ("ESOP") features. Both participant and Employer contributions to the Plan are held in a qualified retirement trust fund. The Science Applications International Corporation Benefit Plans Committee is the Plan's named fiduciary for purposes of Section 402(a) of ERISA.

Eligibility— All employees of the Company, other than those in the ineligible classes outlined in the Plan document, are eligible to participate in the Plan. Employees must be in an eligible fringe benefit package to be eligible to receive Company matching 401(k) contributions. Generally, employees may make elective contributions and receive Company matching 401(k) contributions upon commencing employment.

Participant Contributions—The Plan permits participants to contribute up to 75% of their eligible compensation to the Plan, subject to statutory limitations. Participants may also contribute amounts representing rollovers from other qualified plans. Participant contributions are invested according to participant direction into any of the available investment funds of the Plan. Participant contributions and rollovers to the SAIC Common Stock Fund are limited to a maximum of 50% of the participant deferral or rollover, as applicable.

Employer Contributions—The Company may make matching 401(k) contributions. Eligible participants may receive Company matching 401(k) contributions based on a percentage (up to a maximum match percentage of 4%), depending on the fringe benefit package, which are invested per participant direction. The Company, at its discretion, may also make additional contributions to the Plan for the benefit of non-highly compensated participants in order to comply with Section 401(k)(3) of the Internal Revenue Code ("IRC"); however, the Company made no such additional contributions for the Plan years ended December 31, 2025 and 2024.

Participant Accounts—In accordance with Plan provisions, individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, and if eligible, Company contributions, which are based on participant eligible compensation, as defined in the Plan document. Participant accounts also reflect changes from investment income and losses, distributions, and an allocation of a portion of administrative expenses. The benefit to which a participant is entitled is the vested balance of his or her account.

Investment Funds—As of December 31, 2025 and December 31, 2024, the Plan held investments in a diversified selection of mutual funds, collective trust funds, self-directed brokerage funds, and Company stock funds. The Company stock funds are comprised of the SAIC Common Stock Fund and the SAIC Closed Stock Fund (collectively, the "Stock Funds"). All amounts in the Stock Funds are invested in Science Applications International Corporation common stock, except for estimated cash reserves, which are invested in the Vanguard Federal Money Market Fund and are primarily used to provide future benefit distributions and facilitate investment exchanges. Participants may direct their contributions into one or more of the available funds and may move their account balances between funds.

Plan Amendments and Termination—On December 14, 2023, the Plan was amended to reflect the merger of the Koverse, Inc. 401(k) Plan with and into the Plan, which was effective March 1, 2024. This is in connection with the Company's acquisition of Koverse, Inc. during the year ended December 31, 2021. Undistributed participant account balances totaling approximately \$3,319,000 were transferred into the Plan. Certain other provisions were adopted to align Plan terms with prior operation regarding certain employees who received matching contributions in 2021 and 2022.

Effective December 30, 2024, the Plan was amended to reflect certain provisions of the SECURE 2.0 Act of 2022 as well as certain other discretionary amendments.

SCIENCE APPLICATIONS INTERNATIONAL CORPORATION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan at any time subject to the provisions of ERISA.

Vesting and Forfeitures—Participants' elective deferrals, rollover contributions and Employer contributions together with associated earnings or losses vest immediately. Unvested balances from other plans merged into the Plan in prior years continue to vest according to their original vesting schedules. Forfeitures are used to offset Employer contributions or certain eligible Plan expenses. During the year ended December 31, 2025, forfeitures were used to offset Employer contributions in the amount of approximately \$784,000. No forfeitures were used to pay administrative expenses. During the year ended December 31, 2024, forfeitures were used to offset Employer contributions in the amount of approximately \$1,347,000 and to pay administrative expenses of approximately \$70,000. Forfeitures available for future use amounted to approximately \$25,000 and \$123,000 as of December 31, 2025 and 2024, respectively.

Notes Receivable from Participants—Participants may borrow up to 50% of their vested account balance, up to a maximum of \$50,000 with a maximum of one outstanding loan per participant. Loan repayment periods may not exceed 60 months except for loans used to acquire a principal residence, in which case the repayment period may not exceed 30 years. Interest rates for the loans are based on the Prime Rate, as determined by the Plan's record-keeper, plus 1%. Principal and interest are collected ratably through payroll deductions.

Distributions to Participants—For vested account balances less than \$1,000, participants receive their vested account balance in a single lump sum following termination of employment with the Company. For vested account balances between \$1,000 and \$7,000, a participant's vested account balance is automatically rolled over into an Individual Retirement Account following termination. For vested account balances that exceed \$7,000, balances are not distributed unless the participant elects to take a distribution following the participant's termination of employment with the Company. Regardless of the existing account balance, distributions are made when participants die or become permanently disabled while employed by the Company. After attaining the age of 59-1/2, a participant may make withdrawals even if still employed by the Company. Participants may make withdrawals from the Plan prior to attaining the age of 59-1/2 from their rollover account or if the participant incurs a financial hardship, as specified by the Plan document. Former employees, regardless of their age, may elect to receive up to two distributions in any given Plan year, of all or a portion of their account balance.

2. TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated February 28, 2014, that the Plan was designed in accordance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements. Management recognizes tax liabilities for uncertainty in income taxes when it is more likely than not that a tax position would not be sustained upon examination by and settlement with the IRS. As of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

3. TRANSACTIONS WITH PARTIES-IN-INTEREST AND RELATED PARTIES

Certain Plan investments are managed by The Vanguard Group ("Vanguard") or an affiliate thereof. Vanguard is also the Plan's record-keeper; therefore, transactions with these investments qualify as party-in-interest transactions. Members of the Science Applications International Corporation Benefit Plans Committee also participate in the Plan and qualify as parties-in-interest. Notes receivable from participants also qualify as party-in-interest transactions.

SAIC is the sponsoring employer as of December 31, 2025 and 2024. The value of SAIC shares held by the Plan in the Stock Funds was approximately \$89,951,000 and \$108,969,000 as of December 31, 2025 and 2024, respectively.

SCIENCE APPLICATIONS INTERNATIONAL CORPORATION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

For the years ended December 31, 2025 and 2024, the Stock Funds earned dividends of approximately \$1,381,000 and \$1,491,000, respectively. The Stock Funds depreciated in value by approximately \$10,095,000 and \$12,662,000 during the years ended December 31, 2025 and 2024, respectively.

4. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The Plan's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates—The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting periods. Actual results may differ from those estimates.

Investment Valuation and Income Recognition—Investments held by the Plan are carried at fair value. There have been no changes in investment valuation methodologies. Valuation and income recognition policies are as follows:

Investment in Mutual Funds—The Plan's investments in mutual funds are stated at fair value based on quoted market prices.

Investment in Common Stock—Investments in shares of SAIC common stock are recorded at their last quoted market price on the last business day of the respective plan year. SAIC shares were publicly traded on the New York Stock Exchange through the year ended December 31, 2023, subsequently moving to the NASDAQ in March 2024.

Self-Directed Brokerage Fund—The Plan's investments in the self-directed brokerage fund are stated at fair value based on quoted market prices.

Investment in Collective Trusts—The Plan's investments in collective trusts are carried at net asset value ("NAV") per unit as a practical expedient to estimate fair value, which is determined by the trustee using the fair value of the underlying investments.

Investment Income—Realized gains and losses on sales of investments are calculated as the difference between the fair value of the investments upon sale and the fair value of the investments at purchase. Unrealized appreciation or depreciation is calculated as the difference between the fair value of the investments at the end of the year and the fair value of the investments at the beginning of the year or on the date of purchase if purchased during the year. Interest income is recorded as earned, and dividends are recorded on the ex-dividend date.

Notes Receivable from Participants—Notes receivable from participants are carried at the aggregate unpaid principal balance, plus accrued, unpaid interest of loans outstanding. If a participant defaults on a loan, it becomes a distribution from the Plan to the participant.

Distributions Paid to Participants—Benefit payments to participants are recorded upon distribution. There were no distributions payable to participants who had elected to withdraw from the Plan but had not yet been paid as of December 31, 2025 and 2024.

Administrative Expenses—Administrative expenses of the Plan are paid by the Plan sponsor or Plan participants as provided in the Plan document. Payments for service fees, professional fees, and plan-related investment advisory fees are generally funded from assessments charged on participant accounts.

5. INVESTMENT RISKS AND UNCERTAINTIES

The Plan invests in various investment securities which, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with investment securities, it is reasonably possible that changes in the values of certain investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for benefits and statement of changes in net assets available for benefits.

6. FAIR VALUE MEASUREMENTS

Accounting guidance has been issued that establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are described below:

- Level 1 Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following table sets forth the Plan's investments at fair value and by level, as applicable, as of December 31, 2025 and 2024:

	Level 1		Total	
	2025	2024	2025	2024
	(in thousands)			
Mutual funds	\$ 1,499,759	\$ 1,396,566	\$ 1,499,759	\$ 1,396,566
SAIC common stock	89,951	108,969	89,951	108,969
Self-directed brokerage fund	133,017	110,728	133,017	110,728
Subtotal	\$ 1,722,727	\$ 1,616,263	\$ 1,722,727	\$ 1,616,263
Collective trusts—measured at NAV			4,208,689	3,749,958
Total			\$ 5,931,416	\$ 5,366,221

Collective trusts are measured at fair value using NAV as a practical expedient for fair value and have not been categorized in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits. The Plan has no unfunded commitments to the collective trusts, and there are no redemption restrictions. There were no Level 2 or Level 3 investments as of December 31, 2025 and 2024.

7. SUBSEQUENT EVENTS

In preparing the accompanying financial statements, management of the Plan has evaluated all subsequent events and transactions for potential recognition or disclosure through June 17, 2026, the date the financial statements were issued.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator and Plan Participants
Science Applications International Corporation Retirement Plan

Opinion

We have audited the financial statements of Science Applications International Corporation Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for opinion

We conducted our audits of the financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental schedule required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SCIENCE APPLICATIONS INTERNATIONAL CORPORATION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

1. DESCRIPTION OF THE PLAN

The following brief description of the Science Applications International Corporation Retirement Plan (the "Plan") is for general information purposes only. Participants should refer to the Plan document for complete information regarding the Plan. Within these financial statements, Science Applications International Corporation ("SAIC" or "Employer" or the "Company") refers to the sponsoring employer.

General—The Plan is a defined contribution plan sponsored by the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is a 401(k) plan with profit-sharing and employee stock ownership plan ("ESOP") features. Both participant and Employer contributions to the Plan are held in a qualified retirement trust fund. The Science Applications International Corporation Benefit Plans Committee is the Plan's named fiduciary for purposes of Section 402(a) of ERISA.

Eligibility— All employees of the Company, other than those in the ineligible classes outlined in the Plan document, are eligible to participate in the Plan. Employees must be in an eligible fringe benefit package to be eligible to receive Company matching 401(k) contributions. Generally, employees may make elective contributions and receive Company matching 401(k) contributions upon commencing employment.

Participant Contributions—The Plan permits participants to contribute up to 75% of their eligible compensation to the Plan, subject to statutory limitations. Participants may also contribute amounts representing rollovers from other qualified plans. Participant contributions are invested according to participant direction into any of the available investment funds of the Plan. Participant contributions and rollovers to the SAIC Common Stock Fund are limited to a maximum of 50% of the participant deferral or rollover, as applicable.

Employer Contributions—The Company may make matching 401(k) contributions. Eligible participants may receive Company matching 401(k) contributions based on a percentage (up to a maximum match percentage of 4%), depending on the fringe benefit package, which are invested per participant direction. The Company, at its discretion, may also make additional contributions to the Plan for the benefit of non-highly compensated participants in order to comply with Section 401(k)(3) of the Internal Revenue Code ("IRC"); however, the Company made no such additional contributions for the Plan years ended December 31, 2025 and 2024.

Participant Accounts—In accordance with Plan provisions, individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, and if eligible, Company contributions, which are based on participant eligible compensation, as defined in the Plan document. Participant accounts also reflect changes from investment income and losses, distributions, and an allocation of a portion of administrative expenses. The benefit to which a participant is entitled is the vested balance of his or her account.

Investment Funds—As of December 31, 2025 and December 31, 2024, the Plan held investments in a diversified selection of mutual funds, collective trust funds, self-directed brokerage funds, and Company stock funds. The Company stock funds are comprised of the SAIC Common Stock Fund and the SAIC Closed Stock Fund (collectively, the "Stock Funds"). All amounts in the Stock Funds are invested in Science Applications International Corporation common stock, except for estimated cash reserves, which are invested in the Vanguard Federal Money Market Fund and are primarily used to provide future benefit distributions and facilitate investment exchanges. Participants may direct their contributions into one or more of the available funds and may move their account balances between funds.

Plan Amendments and Termination—On December 14, 2023, the Plan was amended to reflect the merger of the Koverse, Inc. 401(k) Plan with and into the Plan, which was effective March 1, 2024. This is in connection with the Company's acquisition of Koverse, Inc. during the year ended December 31, 2021. Undistributed participant account balances totaling approximately \$3,319,000 were transferred into the Plan. Certain other provisions were adopted to align Plan terms with prior operation regarding certain employees who received matching contributions in 2021 and 2022.

Effective December 30, 2024, the Plan was amended to reflect certain provisions of the SECURE 2.0 Act of 2022 as well as certain other discretionary amendments.

SCIENCE APPLICATIONS INTERNATIONAL CORPORATION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan at any time subject to the provisions of ERISA.

Vesting and Forfeitures—Participants' elective deferrals, rollover contributions and Employer contributions together with associated earnings or losses vest immediately. Unvested balances from other plans merged into the Plan in prior years continue to vest according to their original vesting schedules. Forfeitures are used to offset Employer contributions or certain eligible Plan expenses. During the year ended December 31, 2025, forfeitures were used to offset Employer contributions in the amount of approximately \$784,000. No forfeitures were used to pay administrative expenses. During the year ended December 31, 2024, forfeitures were used to offset Employer contributions in the amount of approximately \$1,347,000 and to pay administrative expenses of approximately \$70,000. Forfeitures available for future use amounted to approximately \$25,000 and \$123,000 as of December 31, 2025 and 2024, respectively.

Notes Receivable from Participants—Participants may borrow up to 50% of their vested account balance, up to a maximum of \$50,000 with a maximum of one outstanding loan per participant. Loan repayment periods may not exceed 60 months except for loans used to acquire a principal residence, in which case the repayment period may not exceed 30 years. Interest rates for the loans are based on the Prime Rate, as determined by the Plan's record-keeper, plus 1%. Principal and interest are collected ratably through payroll deductions.

Distributions to Participants—For vested account balances less than \$1,000, participants receive their vested account balance in a single lump sum following termination of employment with the Company. For vested account balances between \$1,000 and \$7,000, a participant's vested account balance is automatically rolled over into an Individual Retirement Account following termination. For vested account balances that exceed \$7,000, balances are not distributed unless the participant elects to take a distribution following the participant's termination of employment with the Company. Regardless of the existing account balance, distributions are made when participants die or become permanently disabled while employed by the Company. After attaining the age of 59-1/2, a participant may make withdrawals even if still employed by the Company. Participants may make withdrawals from the Plan prior to attaining the age of 59-1/2 from their rollover account or if the participant incurs a financial hardship, as specified by the Plan document. Former employees, regardless of their age, may elect to receive up to two distributions in any given Plan year, of all or a portion of their account balance.

2. TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated February 28, 2014, that the Plan was designed in accordance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements. Management recognizes tax liabilities for uncertainty in income taxes when it is more likely than not that a tax position would not be sustained upon examination by and settlement with the IRS. As of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

3. TRANSACTIONS WITH PARTIES-IN-INTEREST AND RELATED PARTIES

Certain Plan investments are managed by The Vanguard Group ("Vanguard") or an affiliate thereof. Vanguard is also the Plan's record-keeper; therefore, transactions with these investments qualify as party-in-interest transactions. Members of the Science Applications International Corporation Benefit Plans Committee also participate in the Plan and qualify as parties-in-interest. Notes receivable from participants also qualify as party-in-interest transactions.

SAIC is the sponsoring employer as of December 31, 2025 and 2024. The value of SAIC shares held by the Plan in the Stock Funds was approximately \$89,951,000 and \$108,969,000 as of December 31, 2025 and 2024, respectively.

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

For the years ended December 31, 2025 and 2024, the Stock Funds earned dividends of approximately \$1,381,000 and \$1,491,000, respectively. The Stock Funds depreciated in value by approximately \$10,095,000 and \$12,662,000 during the years ended December 31, 2025 and 2024, respectively.

4. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The Plan's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates—The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting periods. Actual results may differ from those estimates.

Investment Valuation and Income Recognition—Investments held by the Plan are carried at fair value. There have been no changes in investment valuation methodologies. Valuation and income recognition policies are as follows:

Investment in Mutual Funds—The Plan's investments in mutual funds are stated at fair value based on quoted market prices.

Investment in Common Stock—Investments in shares of SAIC common stock are recorded at their last quoted market price on the last business day of the respective plan year. SAIC shares were publicly traded on the New York Stock Exchange through the year ended December 31, 2023, subsequently moving to the NASDAQ in March 2024.

Self-Directed Brokerage Fund—The Plan's investments in the self-directed brokerage fund are stated at fair value based on quoted market prices.

Investment in Collective Trusts—The Plan's investments in collective trusts are carried at net asset value ("NAV") per unit as a practical expedient to estimate fair value, which is determined by the trustee using the fair value of the underlying investments.

Investment Income—Realized gains and losses on sales of investments are calculated as the difference between the fair value of the investments upon sale and the fair value of the investments at purchase. Unrealized appreciation or depreciation is calculated as the difference between the fair value of the investments at the end of the year and the fair value of the investments at the beginning of the year or on the date of purchase if purchased during the year. Interest income is recorded as earned, and dividends are recorded on the ex-dividend date.

Notes Receivable from Participants—Notes receivable from participants are carried at the aggregate unpaid principal balance, plus accrued, unpaid interest of loans outstanding. If a participant defaults on a loan, it becomes a distribution from the Plan to the participant.

Distributions Paid to Participants—Benefit payments to participants are recorded upon distribution. There were no distributions payable to participants who had elected to withdraw from the Plan but had not yet been paid as of December 31, 2025 and 2024.

Administrative Expenses—Administrative expenses of the Plan are paid by the Plan sponsor or Plan participants as provided in the Plan document. Payments for service fees, professional fees, and plan-related investment advisory fees are generally funded from assessments charged on participant accounts.

5. INVESTMENT RISKS AND UNCERTAINTIES

The Plan invests in various investment securities which, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with investment securities, it is reasonably possible that changes in the values of certain investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for benefits and statement of changes in net assets available for benefits.

6. FAIR VALUE MEASUREMENTS

Accounting guidance has been issued that establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are described below:

- Level 1 Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following table sets forth the Plan's investments at fair value and by level, as applicable, as of December 31, 2025 and 2024:

	Level 1		Total	
	2025	2024	2025	2024
	(in thousands)			
Mutual funds	\$ 1,499,759	\$ 1,396,566	\$ 1,499,759	\$ 1,396,566
SAIC common stock	89,951	108,969	89,951	108,969
Self-directed brokerage fund	133,017	110,728	133,017	110,728
Subtotal	\$ 1,722,727	\$ 1,616,263	\$ 1,722,727	\$ 1,616,263
Collective trusts—measured at NAV			4,208,689	3,749,958
Total			\$ 5,931,416	\$ 5,366,221

Collective trusts are measured at fair value using NAV as a practical expedient for fair value and have not been categorized in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits. The Plan has no unfunded commitments to the collective trusts, and there are no redemption restrictions. There were no Level 2 or Level 3 investments as of December 31, 2025 and 2024.

7. SUBSEQUENT EVENTS

In preparing the accompanying financial statements, management of the Plan has evaluated all subsequent events and transactions for potential recognition or disclosure through June 17, 2026, the date the financial statements were issued.
