INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Door Components, Inc. Employee Stock Ownership Plan
Fontana, California

Opinion

We have audited the financial statements of Door Components, Inc. Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for Plan benefits as of April 30, 2025 and 2024, the related statement of changes in net assets available for Plan benefits for the year ended April 30, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for Plan benefits of the Plan as of April 30, 2025 and 2024, and the changes in its net assets available for Plan benefits for the year ended April 30, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

INDEPENDENT AUDITOR'S REPORT (Continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITOR'S REPORT (Continued)

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) - April 30, 2025 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Door Components, Inc. Employee Stock Ownership Plan
Notes to the Financial Statements

(1) DESCRIPTION OF PLAN

The following brief description of the Door Components, Inc. Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

Door Components, Inc. Employee Stock Ownership Plan qualifies as an employee stock ownership plan as defined in Section 4975(e)(7) of the Internal Revenue Code (the Code) and as a stock bonus plan under Section 401(a) of the Code.

The investment by the Plan in Door Components, Inc. (the Company)'s common stock was substantially financed through loans to the Plan by the Company and the selling shareholders. Principal and interest payments due on the Plan loans are financed by contributions received from the Company. As the Plan makes payments of principal, an appropriate percentage of stock is allocated to eligible employees' accounts in accordance with applicable regulations under the Code. The Plan's shares vest fully upon allocation. These loans were paid off in full in April 2013. As of that date, all shares have been allocated.

Eligibility

Employees of the Company are generally eligible to participate in the Plan after one year of service providing that they have worked at least 1,000 hours during such Plan year. Participants who have less than 1,000 hours of service during such Plan year or are not an employee on the last working day of a Plan year are generally not eligible for an allocation of Company contributions for such year.

Contributions

The amount of the annual contribution to the Plan is at the discretion of the Company's Board of Directors, limited to the maximum amount deductible under Section 404 of the Code. Employees are not permitted to make contributions.

Benefits Paid to Participants

No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), or otherwise terminates employment with the Company. Distributions are made in cash, or, if a participant elects, in the form of Company common shares plus cash for any fractional share.

Upon termination of service due to death, disability, or retirement, a participant will receive, within a year of the event, a lump-sum amount equal to the value of his or her account if the value of the benefit is \$5,000 or less. If the benefit is greater than \$5,000, the benefit will be paid in five substantially equal annual installments. See Note 10 for information regarding the subsequent termination of the Plan.

Notes to the Financial Statements

(1) DESCRIPTION OF PLAN (Continued)

Benefits Paid to Participants (Continued)

In the case of any other termination of employment if the vested balance is \$5,000 or less, the participant will receive a lump sum payment after the close of the Plan year in which the participant terminates. If the vested balance exceeds \$5,000, and the participant is not re-employed before the end of the fifth plan year following the plan year in which the termination occurred, the participant receives the first of five installment payments in the sixth year after termination in substantially equal installments over the next five years. See Note 10 for information regarding the subsequent termination of the Plan. During 2025, the Company repurchased from participants 4,104 shares at a price determined from the independent appraisal.

At April 30, 2025, \$2,262,527 is owed to participants who have separated from the Plan as of year-end, but for which disbursement of their funds from the Plan have not been made.

ERISA Bond Requirement

The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total Plan assets and is required to be at least equal to the lesser of 10% of the Plan's assets at the beginning of the Plan year or \$1,000,000. The Plan has met the minimum bond coverage as of April 30, 2025.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least 55 years of age with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant. Participants who elect to diversify receive a cash or rollover distribution. As part of diversification, during the year ended April 30, 2025, 1,300 shares of Company stock were redeemed for an aggregate \$100,942. See Note 10 for information regarding the subsequent termination of the Plan.

Voting Rights

Each participant and or beneficiary is entitled to exercise voting rights attributable to the shares allocated to his or her account with respect to any vote required for the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all the assets of a trade or business, or other similar transaction prescribed by regulation. The trustee shall vote any allocated shares for which a participant and or beneficiary has failed to give timely voting direction.

Door Components, Inc. Employee Stock Ownership Plan
Notes to the Financial Statements

(1) DESCRIPTION OF PLAN (Continued)

Participant Expenses

All expenses of maintaining the Plan are paid by the Company.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the trustee from the unallocated account and forfeitures of terminated participants' non vested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances.

Vesting

Participant vesting in the employee stock ownership plan is as follows:

<u>Years of Service</u>	<u>Percentage of Accounts Vested</u>
Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six or more years	100%

For the employee stock ownership plan, employees are immediately 100% vested upon age 65 or termination of employment due to death, or disability.

Put Option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Forfeitures

Employer contributions and Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year. Forfeitures of terminated non-vested account balances allocated to remaining participants for the year ended April 30, 2025 and 2024, totaled \$3,218 and \$6,772, respectively.

(2) SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Cash

The Plan maintains a cash balance bank account at a financial institution that is secured by the Federal Deposit Insurance Corporation up to \$250,000. At April 30, 2025 and 2024, there was no uninsured cash.

Valuation of Investments

The common stock of the Company is stated at fair value as determined by Higgins Marcus & Lovett, Inc, an independent appraiser, and in accordance with provisions of the Internal Revenue Code (the Code) and ERISA.

Benefits Paid to Participants

Benefit distributions reflect cash payments and distribution of shares of the Company's common stock.

Non-participant-Directed Investments

All investments included in the statements of net assets available for plan benefits are considered non-participant-directed investments.

(3) SPONSOR COMPANY COMMON STOCK

The following are the Plan's investments in Plan Sponsor Company common stock at April 30,:

(4) FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2: Quoted prices in markets that are not active, or input which are observable, either directly or indirectly, for substantially the full term of the asset or liability;
- Level 3: Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e., supported by little or no market activity).

The following table summarizes the valuation of the Plan's investments by the above categories as of:

<u>April 30, 2025</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Sponsor company common stock	\$ <u>-</u>	\$ <u>-</u>	\$ <u>4,313,263</u>
Investments, at fair value	\$ <u>-</u>	\$ <u>-</u>	\$ <u>4,313,263</u>
<u>April 30, 2024</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Sponsor company common stock	\$ <u>-</u>	\$ <u>-</u>	\$ <u>5,131,861</u>
Investments, at fair value	\$ <u>-</u>	\$ <u>-</u>	\$ <u>5,131,861</u>

The appraisal of the Company's common stock was based on a combination of the market and income valuation approaches consistent with prior years. The appraiser took into account historical and projected cash flow and net earnings, market comparables, and applicable discounts and premiums.

The Plan management, under supervision of the trustees of the Plan, determines the fair value measurement policies and procedures in consultation with the Company's officers. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

Door Components, Inc. Employee Stock Ownership Plan
Notes to the Financial Statements

(4) FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes the Plan's fair value measurements using significant Level 3 inputs, and changes therein, for the year ended April 30, 2025:

Balance as of April 30, 2024	\$ 5,131,861
Net purchases (sales)	(419,591)
Net unrealized gains (losses)	<u>(399,007)</u>
Balance as of April 30, 2025	<u>\$ 4,313,263</u>

(5) PLAN TERMINATION

The Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Subsequent to April 30, 2025, the Company exercised this right and adopted an amendment to terminate the Plan. See Note 10 for further information.

(6) TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated April 14, 2015, that the Plan is qualified and the trust established under the Plan is tax-exempt, under the applicable sections of the Code. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the Code, and therefore believes that the Plan is qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan takes an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of April 30, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) RISKS AND UNCERTAINTIES

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks, including interest rate, market, and credit risk, as well as valuation assumptions based on earnings and cash flow. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of common stock will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Door Components, Inc. Employee Stock Ownership Plan
Notes to the Financial Statements

(8) RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in the Plan Sponsor Company's common stock which is a related party and party-in-interest transaction. As described in Note 1, the Company pays all the Plan expenses. These are related party and party-in-interest transactions. The Plan has a number of service providers. Such parties are parties-in-interest under ERISA.

(9) CONCENTRATION OF MARKET RISK

The Plan holds investments in the Plan Sponsor Company's common stock, plan participants' accounts that hold shares of the Plan Sponsor Company's common stock are exposed to market risk in the event of a significant decline in the value of such stock. Included in investments at April 30, 2025 and 2024 are shares of the Plan Sponsor's common stock amounting to \$4,313,263 and \$5,131,861, respectively. These investments represent 100% of total investments at April 30, 2025 and 2024. Company's significant decline in the market value of the sponsor's stock would significantly affect the net assets available for plan benefits.

(10) SUBSEQUENT EVENT

On March 2, 2026, concurrent with the sale of all issued and outstanding stock of Door Components, Inc. to Allegion U.S. Holding Company Inc., the Company executed a termination amendment to the Plan effective March 2, 2026. As a result of the termination, all participant accounts became 100% vested. Distributions of participant account balances will be made in cash in a lump sum following the later of (i) receipt of a favorable IRS determination letter and (ii) release or exhaustion of certain holdback amounts established under the related Securities Purchase Agreement. Participants may elect to receive an initial distribution of approximately 80% of their account balance prior to final settlement.

Subsequent events have been evaluated through June 16, 2026, which is the date the financial statements are available for use.
