Independent Auditor's Report

To the Plan Administrator of the North Coast Sea-Foods, Corp. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of North Coast Sea-Foods, Corp. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended September 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2025 and 2024, and for the year ended September 30, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error,

as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of September 30, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

North Coast Sea-Foods, Corp. 401(k) Plan

Notes to Financial Statements

As of September 30, 2025 and 2024 and for the Year Ended September 30, 2025

1. DESCRIPTION OF THE PLAN

The following description of the North Coast Sea-Foods, Corp. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established for the benefit of the employees of North Coast Sea-Foods, Corp. and the employees of North Coast’s wholly-owned subsidiary, Long Point Trucking, LLC (collectively the “Company”). The Company is also the Plan Administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was most recently amended on October 16, 2024 establishing a corporate trustee, North Coast Sea-Foods, Corp. 401(k) Plan and Trust. The trustee of the Plan is Voya Institutional Trust Company.

All assets acquired under the Plan from employee and Company contributions, income and other additions will be administered, distributed, forfeited and otherwise governed by the provisions of the Plan. The Plan is administered by the Company for the exclusive benefit of participants in the Plan and their beneficiaries.

Eligibility

Each person who is at least 21 years of age is eligible to participate in the Plan and may join the Plan on the first day of each plan year quarter following the date on which the participant meets the eligibility requirements. Each person who is at least 21 years of age and has completed at least 1,000 hours within one year of continuous service within the Plan year is eligible for Company contributions.

Participant Contributions

An active participant may elect to make two types of contributions to the Plan as follows:

Salary Deferral Contributions

Each active participant may elect, but shall not be required, to contribute a percentage or fixed dollar amount of their compensation up to the amounts determined by the Plan and subject to the applicable Internal Revenue Code Sections.

North Coast Sea-Foods, Corp. 401(k) Plan

Rollover Contributions

An eligible participant may, with permission of the Plan Administrator, contribute to the Plan the distributions they receive from other qualified plans or individual retirement accounts, as long as the contributions satisfy the tax law requirements for a qualified rollover.

Employer Contributions

The Company may provide an annual discretionary matching contribution. During 2025, the Company provided matching contributions in an amount equal to 100% of each participant's elective deferral not to exceed 3% of the participant's compensation. Such amount is remitted subsequent to year end and is recorded as an employer contribution receivable at each year end.

The Company may also make a discretionary profit sharing contribution to the Plan. No profit sharing contributions were made in 2025.

Participant Accounts

Each participant's account is credited with the participant's contribution plus allocations of the Company's contributions and Plan earnings and is charged with an allocation of the Plan's administrative expenses. Allocations are based on participant earnings or account balances, as defined.

Vesting

A participant's vested interest in that portion of the participant's account attributable to matching contributions vest according to the following schedule with service being credited from date of employment:

<u>Completed Years of Credited Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

North Coast Sea-Foods, Corp. 401(k) Plan

A participant's vested interest in that portion of the participant's account attributable to discretionary profit sharing contributions will vest according to the following schedule:

<u>Completed Years of Credited Service</u>	<u>Vested Percentage</u>
Less than 3	0%
3	20%

Forfeitures

As of September 30, 2025 and 2024, forfeited non-vested accounts total \$21,330 and \$4,178, respectively. These accounts will be used to reduce future employer contributions. In 2025, employer contributions were reduced by \$21,330 from forfeited non-vested accounts.

Investments

Upon enrollment in the Plan, a participant may direct how their salary deferral and rollover contributions and any Company contributions will be invested. A participant may choose the various investment options offered by Voya Retirement Insurance and Annuity Company, and investment options in a self-directed brokerage account held in a trust by Voya Institutional Trust Company (the "Trustee"). Participants may change their investment options any time throughout the year via direct phone access or internet access to Voya Retirement Insurance and Annuity Company.

Payment of Benefits

Generally, if a participant terminates employment under any circumstance, and the participant's vested account balance is \$5,000 or less, the vested balance will be distributed in one lump sum.

Unless elected otherwise, payment of vested benefits will begin at normal retirement age as defined by the Plan (age 65). If employment continues past normal retirement age, benefit payments will start on the participant's later retirement date, but no later than required by law, unless the normal date is elected. A participant may elect to have benefits paid at early retirement, as defined by the Plan. Upon death, vested benefits are paid to a participant's beneficiary. Upon retirement or death, various payment options are available as defined by the Plan.

North Coast Sea-Foods, Corp. 401(k) Plan

Continuance of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at the value reported to the Plan by the Trustee, which represents fair value. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Tax Status

The Internal Revenue Service ("IRS") issued an opinion letter dated June 30, 2020 indicating that the prototype adopted by the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, it believes that the Plan is qualified and the related Trust is tax-exempt.

See independent auditor's report.

North Coast Sea-Foods, Corp. 401(k) Plan

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the Department of Labor (“DOL”). The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS and DOL, however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to examinations for years prior to September 30, 2022.

Excess Participant Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions for each year to the applicable participants in the following year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Substantially all administrative costs of the Plan were paid by the Company for the year ended September 30, 2025. Fees paid for investment management services for the Plan are not separately stated but are included as a reduction of the return earned on each investment fund option.

3. CERTIFIED INVESTMENT INFORMATION

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments held as of September 30, 2025 and 2024, and net appreciation in fair value of investments and interest and dividends for the year ended September 30, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Voya Institutional Trust Company.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 – Valuation is based on quoted prices in active markets for identical assets or liabilities. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

Level 2 – Valuation is based on observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Valuation is based on unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using unobservable inputs to pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

In certain cases, inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the investment.

The Plan recognizes transfers between levels at the end of the reporting period as if the transfers occurred on the last day of the reporting period.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts: Valued at the accumulation unit value which is determined based upon the combination of the net asset values of the underlying investments. The net asset value ("NAV") equivalent is used as a practical expedient to estimate fair value. This practical expedient would not be used if it was determined to be probable that the funds will sell the underlying investments for an amount different from the reported NAV equivalent.

North Coast Sea-Foods, Corp. 401(k) Plan

Common Collective Trusts: The fair values of participation units held in collective trusts are based on the NAV reported by the fund managers as of the financial statement dates and recent transaction prices. The NAV, as provided by the trustee, is used as a practical expedient of fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. There are no unfunded commitments. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-Directed Brokerage Accounts: Valued at observable prices for identical or similar assets.

Common stock is valued at the closing price reported on the active market on which the individual securities are traded. Mutual funds and exchange traded funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed Interest Accounts: Valued at NAV as determined by the Trustee based on the underlying investments. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it was determined to be probable that the underlying investment will sell for an amount different from the reported NAV equivalent.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

North Coast Sea-Foods, Corp. 401(k) Plan

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of September 30, 2025			
	Level 1	Level 2	Level 3	Total
Self-directed brokerage account	\$ 1,791,661	\$ -	\$ -	\$ 1,791,661

Investments measured at net asset value (a)				<u>16,313,093</u>
Investments at fair value				<u>\$ 19,638,373</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits and notes to the financial statements.

See independent auditor's report.

North Coast Sea-Foods, Corp. 401(k) Plan

The following is a reconciliation of the change in net assets per the financial statements to the Form 5500 for the year ended September 30, 2025:

Net change in net assets per the financial statements	\$ 81,919
Plus: prior year employer contribution receivable	377,727
Plus: current year excess participant contributions	23,250
Plus: current year participant contributions received in advance	15,144
Less: current year employer contribution receivable	(355,003)
Less: prior year excess participant contributions	<u>(50,871)</u>
Net change in net assets per Form 5500	<u>\$ 92,166</u>

6. PARTY-IN-INTEREST TRANSACTIONS

Voya Institutional Trust Company is the Trustee as defined by the Plan and, therefore, transactions with the Trustee qualify as party-in-interest transactions. Fees paid by the Plan to the Trustee amounted to \$5,851 for the year ended September 30, 2025.

Certain Plan investments are shares of pooled separate and guaranteed interest accounts managed by the Voya Retirement Insurance and Annuity Company. The Voya Retirement Insurance and Annuity Company is affiliated with the Trustee and therefore these transactions qualify as party-in-interest transactions. Fees paid for investment management services are included as a reduction of the return earned by each pooled separate account.

7. RISKS AND UNCERTAINTIES

The Plan invests in a variety of investment securities. Investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risk factors in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. SUBSEQUENT EVENTS

Management has evaluated subsequent events through June 4, 2026, which is the date the financial statements were available to be issued. There were no subsequent events that require adjustment to or disclosure in the financial statements.

See independent auditor's report.
