ZOETIS SAVINGS PLAN

Financial Statements

December 31, 2025 and 2024

(With Independent Auditors' Report Thereon)

Independent Auditors' Report

To the Plan Participants and Plan Administrator
Zoetis Savings Plan:

Opinion

We have audited the financial statements of Zoetis Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with U.S. generally accepted accounting principles.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Zoetis Savings Plan
Notes to Financial Statements
December 31, 2025 and 2024

1. Plan Description

The Zoetis Savings Plan (the Plan) is a defined contribution retirement plan. Participation in the Plan is open to eligible employees of Zoetis Inc. (Zoetis, the Plan Sponsor or the Company) or an affiliate which has, with the consent of the Plan Sponsor, adopted the Plan (Participating Employers) and who are included within a group or class designated by the Plan Sponsor as set forth in the Plan document.

The Plan is subject to certain provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA) and the Internal Revenue Code of 1986, as amended (the Code). The Plan is designed to meet ERISA's reporting and disclosure and fiduciary responsibility requirements, as well as the minimum standards for participation and vesting.

The following is a general description of certain provisions of the Plan. Participants should refer to the Plan document for more detailed and complete information.

Plan Administration

The Plan is administered by the Zoetis Savings Plan Committee, which was appointed by the Chief Human Resources Officer of Zoetis pursuant to a delegation of authority by the Zoetis Board of Directors. The investment fiduciary function is also governed by the Zoetis Savings Plan Committee, and the Company has retained a consultant to perform investment consulting services for the Plan and qualifies as a party-in-interest. Bank of America is the Plan's recordkeeper and trustee and is a party-in-interest to the Plan.

Administrative Costs

In general, the Plan or the Plan Sponsor and Plan participants both share in the costs and expenses of administering the Plan. All other administrative fees and expenses are paid for by the Plan or the Plan Sponsor.

Eligibility

Generally, all U.S.-based full-time employees of the Company, except (1) certain employees who are covered by a collective bargaining agreement and have not negotiated to participate in the Plan, (2) certain employees who are employed by a unit not designated for participation in the Plan, or (3) certain employees who are otherwise eligible for another Company-sponsored savings plan, are eligible to enroll in the Plan on their date of hire.

Newly eligible participants who do not affirmatively enroll in the Plan within 30 days of hire or transfer into eligible employment are automatically enrolled at a 5% pre-tax contribution rate. Employees may elect to opt-out of the Plan at any time.

Unless otherwise directed by the plan participants, contributions are invested in the Plan's default investment fund option, which is generally the Vanguard Target Retirement Fund, based on the participant's retirement eligibility date.

Contributions

Participants may elect to make contributions of up to 30% of eligible compensation on a pre-tax basis and up to 30% of eligible compensation on a Roth 401(k) or after-tax basis. Total contributions may not be greater than 60% of eligible compensation and are subject to certain restrictions under the Code. For all participants, contributions of up to 5% of eligible compensation are matched 100% by the Company. Participant contributions in excess of 5% are not matched.

The Plan Sponsor may, in its sole discretion, also make a profit-sharing contribution of up to 8% of each participant's eligible compensation, as defined by the Plan. Participants are eligible to receive a profit-sharing contribution if they are employed on the last day of the Plan year or die, become disabled (while an employee) or terminate employment after attaining age 55 during the Plan year. In March 2026, the Company made a profit-sharing contribution for plan year 2025 in the amount of approximately \$37.8 million. In March 2025, the Company made a profit-sharing contribution for plan year 2024 in the amount of approximately \$39.9 million.

Participant Accounts and Vesting

Each participant's account is credited with the participant's contributions, the Company's matching and profit-sharing contributions, and the participant's respective share of Plan earnings and is charged with the participant's withdrawals and distributions, and the participant's respective share of Plan losses. Participants are immediately vested in the full value of their account (i.e., participant's and Company's matching contributions) other than the profit-sharing contribution.

Zoetis Savings Plan
Notes to Financial Statements
December 31, 2025 and 2024

All participants will vest in the Company's profit-sharing contribution as follows:

Years of Service	Percentage Vested
Under 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Forfeited balances of terminated participants' nonvested accounts are used to reduce future employer contributions. Forfeitures used to reduce employer contributions were \$1.6 million for the year ended December 31, 2025 and \$1.2 million for the year ended December 31, 2024. Forfeited nonvested accounts available to reduce future employer contributions totaled \$0.8 million at December 31, 2025 and \$0.6 million at December 31, 2024.

Rollovers into Plan

Participants may elect to roll over one or more account balances from qualified plans.

Investment Options

Participants can elect to invest amounts credited to their account in any of the investment funds offered by the Plan and transfer amounts between these funds at any time during the year.

Each participant in the Plan elects to have his or her contributions invested in any one or combination of investment funds in the Plan.

Contributions made by participants may be invested into a self-directed brokerage account.

Notes Receivable from Participants

Plan participants are permitted to borrow against their account balances. The minimum amount a participant may borrow is \$1,000 and the maximum amount is the lesser of 50% of the account balance reduced by any current outstanding loan balance, or \$50,000, reduced by the highest outstanding loan balance in the preceding 12 months.

Under the terms of the Plan, loans must be repaid pursuant to a fixed payment schedule within five years, unless the funds are used to purchase a primary residence or other payment terms that were established in a plan subsequently merged into the Plan. Primary residence loans must be repaid within ten years. However, certain primary residence loans existed prior to June 20, 2013, and may have longer repayment terms as they were processed under the rules of the prior plan. The interest rate on all loans is based on the prime rate at the date of loan issuance plus 2%. At December 31, 2025, interest rates on outstanding loans ranged from 3.25% to 10.5% with maturities ranging from 2026 to 2035. At December 31, 2024, interest rates on outstanding loans ranged from 3.25% to 10.5% with maturities ranging from 2025 to 2035.

Interest paid by the participant is credited to the participant's account. Interest income from notes receivable from participants is recorded by the trustee as earned in the participant funds in the same proportion as the original loan issuance. Repayments may not necessarily be made to the same fund from which the amounts were borrowed. Repayments are credited to the applicable funds based on the participant's investment elections at the time of repayment.

In the event of termination, participants will have 90 days to repay the loan before the loan is considered taxable to the participant. An additional 10% penalty tax may also apply.

Zoetis Savings Plan
Notes to Financial Statements
December 31, 2025 and 2024

Benefit Payments

Upon separation from service, retirement or disability, a participant whose account balance is greater than \$1,000 is entitled to receive the full value of the account balance or defer payment to a later date, subject to receiving minimum required distributions starting at age 73 for those who attained age 73 after January 1, 2023. A participant whose account balance is \$1,000 or less will receive his or her account balance upon termination. In the event of a participant's death, a spouse beneficiary generally may elect a lump sum payment or defer payment until a later date, but not beyond the year in which the participant would have reached age 73 for those who attained age 73 after January 1, 2023. A non-spouse beneficiary generally may defer payment until December 31 of the year following the date of the participant's death.

In-Service Withdrawals

Participants in the Plan may make in-service withdrawals after reaching the age of 59½ or hardship withdrawals from their account balances subject to the provisions of the Plan.

Plan Termination

The Plan Sponsor expects to continue the Plan indefinitely, but reserves the right to amend, suspend or discontinue it in whole or in part at any time by action of the Plan Sponsor's Board of Directors or its authorized designee. In the event of termination of the Plan, each participant shall be entitled to the full value of his or her account balance as though he or she had retired as of the date of such termination. No part of the invested assets established pursuant to the Plan will at any time revert to the Company, except as otherwise permitted under ERISA.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, the reported amounts of increases and decreases to net assets during the reporting period, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation

The Plan's investments are stated at fair value. Units of the Zoetis Stock Fund are valued based on the combined quoted market prices of the underlying shares of Zoetis common stock and a cash equivalent component. Shares of registered investment companies and common/collective trust funds are valued at quoted or published market prices which represent the net asset value of shares held by the Plan at year-end. Self-directed brokerage accounts consist primarily of money market funds, common stocks and mutual funds, which are valued at quoted or published market prices, and are considered one general type of investment. See *Note 4. Fair Value Measurements* for additional information regarding the fair value of the Plan's investments. There have been no changes in the valuation methodologies used at December 31, 2025 and 2024.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued interest. Delinquent notes receivable are classified as distributions based on the terms of the Plan document.

Risks and Uncertainties

Investment securities, including Zoetis common stock, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in their fair values could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Transactions

Purchases and sales of securities are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned.

Zoetis Savings Plan
Notes to Financial Statements
December 31, 2025 and 2024

Net Appreciation in Investments

The Plan presents, in the statements of changes in net assets available for benefits, the net appreciation in the value of its investments which consists of the realized gains and losses and the unrealized gains and losses on those investments. Realized gains and losses on sales of investments represent the difference between the net proceeds and the cost of the investments (average cost if less than the entire investment is sold). Unrealized gains and losses on investments represent the change in the difference between the cost of the investments and their fair value at the end of the year.

Benefit Payments

Benefits are recorded when paid.

3. Tax Status

The Plan uses a prototype non-standardized Plan document, sponsored by the Trustee (prototype sponsor), who received a favorable determination letter from the Internal Revenue Service (IRS), dated June 30, 2020 which states that the prototype Plan document satisfies the applicable provisions of the Internal Revenue Code. The prototype Plan has not been materially modified so that the Company believes they may rely on the prototype sponsor's determination letter for the prototype Plan. The determination letter provided to the Company by the prototype sponsor indicates that the form of the Plan is acceptable under section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The Plan has been amended since receiving the determination letter. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. There are three levels of inputs to fair value measurements: Level 1, meaning the use of quoted or published prices for identical instruments in active markets; Level 2, meaning the use of quoted or published prices for similar instruments in active markets or quoted prices for identical or similar instruments in markets that are not active or are directly or indirectly observable; and Level 3, meaning the use of unobservable inputs. See *Note 2. Summary of Significant Accounting Policies: Investment Valuation* for information regarding the methods used to determine the fair value of the Plan's investments.

Investments measured at fair value are summarized below:

	Investments at Fair Value as of December 31, 2025

5. Related-Party Transactions

Certain Plan investments held by the Plan at December 31, 2025 and 2024, were units of the T. Rowe Price Stable Value Common Trust Fund and were managed by Bank of America. Bank of America serves as the trustee of the Plan, and therefore, transactions involving these investments are considered party-in-interest transactions.

The Plan invests in shares of the Company. The Company is the Plan sponsor, and therefore, these transactions qualify as party-in-interest transactions. At December 31, 2025 and 2024, the Plan held Zoetis common stock valued at \$107.5 million and \$160.9 million, respectively. For the year ended December 31, 2025, the Plan purchased Zoetis common stock with a fair value of approximately \$16.7 million and sold Zoetis common stock with a fair value of approximately \$34.4 million. For the year ended December 31, 2024, the Plan purchased Zoetis common stock with a fair value of approximately \$24.8 million and sold Zoetis common stock with a fair value of approximately \$37.1 million.

At December 31, 2025 and 2024, the Plan had notes receivable from participants of approximately \$15.1 million and \$14.8 million, respectively. These transactions are considered parties-in-interest transactions.

The Plan paid certain expenses related to plan operations and investment activity to Bank of America, these transactions are party-in-interest transactions under ERISA and are not material in any period presented.

6. Subsequent Events

In connection with the preparation of the financial statements, the Plan administrator has evaluated subsequent events after December 31, 2025, through June 22, 2026, the date the financial statements are available to be issued, and concluded that no additional disclosure or recordable transactions were required.
