Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of QFS 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of QFS 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of QFS 401(k) Profit Sharing Plan's and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about QFS 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of QFS 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about QFS 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on Compiled 2023 Financial Statement

Plan management is responsible for the accompanying financial statement of QFS 401(k) Profit Sharing Plan, which comprises the statement of net assets available for benefits as of December 31, 2023 and the related notes to the financial statements in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the financial statement.

QFS 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 1 Plan Description

The following description of the QFS 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering those employees of Quality Facility Solutions Corp. and its affiliates (collectively, the “Company” or “Employer”) who perform an hour or more of service under a contract subject to the Davis-Bacon Act and are classified by the Employer as scheduled to work exclusively during the Plan year under those contracts specified on the Prevailing Wage Addendum to the Plan’s adoption agreement. The employees become eligible to participate after three months of service. There is no age requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

The Plan does not allow for elective deferrals by participants. Non-elective discretionary contributions are permitted by the Plan in amount as determined by the Employer. Non-elective contributions are allocated on a quarterly basis. The Employer will make a prevailing wage contribution for each participant who performs an hour or more of service under a public contract subject to the Davis-Bacon Act or are classified by the Employer as scheduled to work exclusively during the Plan year under those contracts specified on the Prevailing Wage Addendum to the Plan’s adoption agreement. The formula for allocating prevailing wage contributions shall be specified in the Prevailing Wage Addendum to the Plan’s adoption agreement. The contribution allocated will be dependent on the participant’s job classification and the hourly rate established by the applicable federal, state, or municipal prevailing wage laws.

During the year ended December 31, 2024, employer contributions were made to the Plan pursuant to the Prevailing Wage Addendum to the Plan’s adoption agreement.

For the years ended December 31, 2024 and 2023, Plan management identified additional employer contributions that are required to be remitted to the Plan for the respective year-ends. Employer contributions receivable as of December 31, 2024, and 2023 include \$388,996 and \$292,828, respectively, related to these amounts. Plan management is currently in the process of determining any associated lost earnings on these employer contributions and will fund such amounts when calculated.

The Plan was amended effective January 1, 2024, to allow the Employer to make a separate discretionary employer contribution as a new comparability contribution to one or more non-highly compensated employees who did not work on any prevailing wage contract in the allocation year. Any such amounts will be allocated as a uniform percentage of Plan compensation or as a uniform dollar amount to all participants within that allocation group, with each Participant being in their own allocation group.

Note 1 Plan Description (continued)

Participant Accounts

Each participant account is credited with the Employer contributions and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of certain administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Vesting in Employer contributions is based on continuous years of service. A participant is 20% vested from years one to three of service and vests 20% each year thereafter. A participant will be 100% vested after six years of service.

Notes Receivable from Participants

The Plan does not allow for participant loans.

Benefit Payments

Upon termination of service or request for retirement benefits a participant is entitled to receive the vested share of their account as a lump-sum distribution. Distributions for termination of employment other than death shall commence six months from the date of termination. In-service withdrawals are allowed by the Plan after the attainment of normal retirement age (as defined in the Plan's Adoption Agreement). Hardship withdrawals are not permitted by the Plan.

Forfeited Accounts

Forfeited non-vested account balances may be used to pay plan expenses or to reduce employer contributions. For the years ended December 31, 2024 and 2023, unallocated forfeited non-vested amounts totaled \$27,277 and \$21,466, respectively. During the year ended December 31, 2024, forfeited balances of \$76,342 were used to pay plan expenses and \$186,931 to reduce employer contributions.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Accounting Methods

Net assets available for benefits and changes in net assets available for benefits differ from that reported on the Internal Revenue Service ("IRS") Form 5500, Annual Return/Report of Employee Benefit Plans. This difference is the result of using the cash basis for governmental reporting purposes and the accrual basis for financial reporting purposes. See Note 6 for a reconciliation of the financial statements to Form 5500.

Note 2 Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (See Note 4).

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. At the discretion of the Company, forfeitures may also be used to pay administrative expenses of the Plan. Expenses that are paid directly by the Company are excluded from these financial statements. Fees related to the administration of certain participant account transactions are charged directly to the respective accounts and are included in administrative expenses. Certain investment related expenses are included in the net appreciation in fair value of investments.

Note 3 Information Prepared and Certified by the Plan's Custodian

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2024 and net appreciation in fair value of investments and dividends for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by the custodian of the Plan, Principal Trust Company.

Note 4 Fair Value Measurement

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") Topic 820, Fair Value Measurement, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the Fund. Mutual funds held by the Plan are open-end mutual funds that are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in methodologies used at December 31, 2024 and 2023.

Note 4 Fair Value Measurement (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 6,340,334	\$ -	\$ -	\$ 6,340,334
Total investments at fair value	\$ 6,340,334	\$ -	\$ -	\$ 6,340,334
Assets at Fair Value as of December 31, 2023 (Compiled)				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 3,564,647	\$ -	\$ -	\$ 3,564,647
Total investments at fair value	\$ 3,564,647	\$ -	\$ -	\$ 3,564,647

Note 5 Party-In-Interest Transactions

A party-in-interest is defined under DOL regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others. As described in Note 2, certain fees are paid from Plan assets. Therefore, payments to such service providers by the Plan qualify as party-in-interest transactions. Principal Trust Company is the custodian of the Plan and is therefore a party-in-interest.

Note 6 Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of amounts reported in the financial statements to amounts reported on Form 5500, Schedule H as of December 31, 2024 and 2023:

	2024	2023 Compiled
Net assets available for benefits per the financial statements	\$ 7,602,536	\$ 4,489,974
Employer contributions receivable	(1,262,202)	(925,327)
Net assets available for benefits per Schedule H Form 5500	\$ 6,340,334	\$ 3,564,647

QFS 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 6 Reconciliation of Financial Statements to Form 5500 (continued)

The following is a reconciliation in net assets available for benefits per the financial statements to Schedule H of the Form 5500 for the year ended December 31, 2024:

	<u>2024</u>
Change in net assets available for benefits per the financial statements	\$ 3,112,562
Change in employer contributions receivable	<u>(336,875)</u>
Change in net assets available for benefits per Schedule H of Form 5500	<u>\$ 2,775,687</u>

Note 7 Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances and the net assets of the Plan will be allocated as prescribed by ERISA and regulations pursuant thereto.

Note 8 Tax Status

The Plan is an adoption of a pre-approved plan sponsored by The Retirement Advantage Inc. The Internal Revenue Service has issued an opinion letter dated June 30, 2020, that stated that the form of the pre-approved plan was designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

Note 9 ERISA Fidelity Bond

ERISA, Title I, Section 412 requires the Plan to carry ERISA Fidelity Bond coverage in the amount of the lesser of 10% of the beginning of year net assets or \$500,000. At January 1, 2024, the Plan had an ERISA Fidelity Bond but not for the adequate coverage amount. The Plan secured adequate coverage in July 2025.

Note 10 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

Note 11 Subsequent Events

The Plan's management has evaluated subsequent events through June 5, 2026, the date the financial statements were available to be issued.
