## A. DESCRIPTION OF PLAN

The following description of The Contractors Retirement Plan sponsored by Spectrum Security Services, Inc. (Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

### General

The Plan was formed on January 1, 2017, upon adoption of The Contractors Retirement Plan and is profit sharing plan which contains a cash or deferred arrangement pursuant to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

### Plan Amendment

The Plan's adoption agreement was amended effective October 1, 2019, to allow for distribution of participant account balances of $5,000 or less without the participant's consent.

### Participation

Eligible individuals consist of employees rendering services for Spectrum Security Services, Inc. (Plan Sponsor) on contracts subject to the Davis-Bacon Act, Service Contract Act or other federal, state or municipal prevailing wage laws. Other employees whose services are not subject to such prevailing wage laws may be included. There is no age or service requirement to participate in the Plan.

### Contributions

Participants may elect to defer a portion of their compensation (as defined). The Plan may also make nonelective profit sharing contributions, as well as, prevailing wage contributions, determined by the employer based on rates that satisfy the wage determination issued by the governmental agency responsible for certain contracts. Such contributions cannot exceed the lesser of 100% of the employee's compensation or $56,000 for a year. Employer matching and rollover contributions are also allowed.

## A. DESCRIPTION OF PLAN – Continued

### Participant Accounts

Each participant's account is credited with the participant's elective deferral and an allocation of the employer's contribution. Each participant has the authority to direct the investment of their account to one or more of the investment funds designated as investment options by the Plan Sponsor. Investment gain or loss is recognized in participants' accounts on a daily basis as the unit values of the funds change. The benefit to which a participant is entitled is the benefit that can be provided from the distributable value of the participant's account.

### Notes Receivable from Participants

Upon application by any participant of the Plan, and subject to such rules as the Plan Administrator may establish, the Plan Administrator may in his/her discretion direct the Trustee to make a loan to such participant, not to exceed (including interest) the lesser of $50,000 or 50% of the participant's vested balance. Any loan made pursuant to the Plan will bear a rate of interest equal to the prime rate at the loan origination date. The interest rate on loan balances was 4.50% - 5.50% for the year ended December 31, 2019. The loan is secured by a pledge of such participant's vested balance and principal and interest are paid by the participant.

### Vesting

Participants are immediately 100% vested in their share of employer prevailing wage contributions, elective deferral contributions, and net Trust earnings allocated to their accounts. Employer match and employer nonelective profit sharing contributions vest according to the following schedule:

| Years of Service | Vested Percentage |
|---|---|
| 1 | 20% |
| 2 | 40% |
| 3 | 60% |
| 4 | 80% |
| 5 | 100% |

Regardless of the vesting schedule above, a participant is automatically, fully vested in their share of employer match and employer nonelective profit sharing contributions upon death, total and permanent disability, or reaching the age of early retirement, which is age 55.

## A. DESCRIPTION OF PLAN – Continued

### Forfeitures

Forfeitures, if any, may be used toward Plan expenses or to reduce future employer contributions. There were no unallocated forfeited account balances at December 31, 2019 or 2018, and no forfeiture balances were used during the year ended December 31, 2019.

### Benefit Payments

Under terms of the Plan, participants are eligible for benefit payments upon reaching age 59 ½. The Plan also provides for distributions to participants, or their beneficiaries, upon death, disability, and termination of employment. Withdrawals from the plan may also be made upon circumstances of financial hardship in accordance with the provisions specified in the plan. Participants may choose to have benefits paid directly to them or to have benefits paid directly to another qualified retirement plan or individual retirement arrangement on their behalf. Benefits are paid in the form of a lump-sum distribution or, if permitted by the Plan, as a partial withdrawal; annuity forms of payment are not available under the Plan.

### Plan Termination

The Plan Sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA.

### Special Trustee

The employer designates a Special Trustee for the Plan in the adoption agreement and is responsible for the collection of plan contributions.

## B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Presentation

The accompanying financial statements have been prepared on the modified cash basis of accounting and present net assets available for benefits and changes in those net assets. Under the modified cash basis of accounting utilized, employer contributions are recognized when received rather than when accrued by the employer. In addition, benefit payments to participants are recorded when paid and administrative expenses are accrued monthly by the Plan.

## B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

### Use of Estimates

The preparation of financial statements in conformity with the modified cash basis requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the plan document.

### Risks and Uncertainties

The Plan provides for investments in various investment securities, which in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Market risks include global events, which could impact the value of investment securities, such as international conflicts. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements and supplemental schedule.

### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of the Plan's interest in the Trust (as defined in Note D) is based on the beginning of year value of the Plan's interest in the Trust plus actual contributions and allocated investment incomes less actual distributions and allocated administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and expenses charged to the Plan for some investment accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

## B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

### Benefit Payments

Benefits to participants are recorded by the Plan when actual payment is made.

### Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payment transactions are charged directly to the participant's account.

### Adoption of Accounting Policy

Effective January 1, 2018, the Plan elected to retrospectively adopt ASU 2015-07 "Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)," which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share as a practical expedient.

## C. FAIR VALUE MEASUREMENTS

The Plan follows FASB ASC 820, *Fair Value Measurements and Disclosures*, which defines and establishes a framework for measuring fair value and expands disclosures about fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price). FASB ASC 820 includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the Plan at the measurement date for identical assets and liabilities.

## C. FAIR VALUE MEASUREMENTS – Continued

Level 2 – Inputs other than quoted market prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets of liabilities in active markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the assets or liabilities (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. The Plan changed the method used to measure fair value to the Net Asset Value (NAV) as a practical expedient for the year ended December 31, 2018.

*Group Trust - 103-12 Investment Entity*: The investment is valued based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The Net Asset Value ("NAV") is based on the market value of the underlying investments. The NAV is not a publicly quoted price in an active market.

## C. FAIR VALUE MEASUREMENTS – Continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments, at fair value, that are valued using NAV as a practical expedient totaled $1,189,850 and $745,371 at December 31, 2019 and 2018, respectively. There are no unfunded commitments at December 31, 2019 or 2018. The fund has a daily redemption frequency and redemption notice period.

## D. INVESTMENT IN RETIREMENT PLAN GROUP TRUST

The Plan invests in a group trust, The Contractors Retirement Plan Master Trust (Trust), sponsored by Fringe Benefit Group, Inc. Under the terms of the plan document, all assets of the Plan are maintained in the Trust.

The Trust files a Form 5500 as a 103-12 Investment Entity.

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-12 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was not subjected to any auditing procedures performed by the Plan's independent auditor other than comparing such information provided by the Trust to information included in the Plan's financial statements and supplemental schedule:

- Investments, at fair value, as shown in the statement of net assets available for benefits as of December 31, 2019 and 2018.

- Total investment income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2019.

- Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019.

## D. INVESTMENT IN RETIREMENT PLAN GROUP TRUST – Continued

The Contractors Retirement Plan Master Trust does not meet the definition of a master trust as that term is most commonly used. The Plan's investment in the Trust represents the allocated net portion of the Trust that is attributable to The Contractors Retirement Plan sponsored by Spectrum Security Services, Inc., and includes all the Plan's investments. The Plan's share of the net assets of the Trust is based on the underlying participant account values including the effects of contributions, allocated net investment income, withdrawals, and allocated administrative expenses.

Net investment income, gains and losses are allocated to participating plans on a daily basis based on participants' investment choices. At December 31, 2019 and 2018, the Plan's interest in the net assets of the Trust was less than 1%.

The following presents the fair value of investments of the Trust:

| | December 31, 2019 | 2018 |
|---|---|---|
| **Investments, at Fair Value** | | |
| Pooled Separate Accounts | $1,160,909,959 | $ 937,849,196 |
| Collective Trusts | 24,169,845 | 20,835,772 |
| Insurance Company General Account | 22,418,763 | 21,858,015 |
| Cash and Cash Equivalents | 4,380,280 | 2,918,588 |
| | $1,211,878,847 | $ 983,461,571 |

Investment income for the Trust for the year ended December 31, 2019 is as follows:

| | |
|---|---|
| **Investment Income** | |
| Net Appreciation in Fair Value of Investments | $ 185,544,727 |
| | $ 185,544,727 |

The investments held in the Trust are stated at fair value. Investments are values based on unit values as reported to the Trust by insurance companies holding assets for the Trust. Certain agreements with insurance companies holding the Trust's assets include provisions for withdrawals/surrender fees of up to 5% for participants with less than three years of participation in the Trust. These fees were normally charged against the participant's account immediately prior to withdrawal.

## E. PARTY IN INTEREST TRANSACTIONS

The Plan is part of the Trust whose recordkeeper and sponsor is Fringe Benefit Group, Inc. Various administrative expenses and asset charges of the Trust are paid to Fringe Benefit Group, Inc. and are allocated to the Plan reducing the net investment income. The Plan Administrator for the Plan is the employer, or any other individual, committee or group appointed by the employer to serve in that capacity.

The Plan Administrator, Special Trustee, and the Trustee (Pentegra Trust Company) are named as fiduciaries under the Plan. The sponsor of the Trust and Trustee are fiduciaries of the Trust as described in the Trust Agreement. All the above-named service providers for the Plan are considered parties in interest under the Employee Retirement Income Security Act of 1974 (ERISA) and are subject to ERISA rules concerning transactions with the Plan.

## F. INTERNAL REVENUE SERVICE STATUS

The Master Plan obtained its latest opinion letter, dated November 1, 2016, in which the Internal Revenue Service stated that the Master Plan was in compliance with the applicable requirements of the Code. Such an opinion is not a determination as to whether The Contractors Retirement Plan sponsored by Spectrum Security Services, Inc. qualifies under Code Section 401(a). However, the Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe the Plan was qualified as of the financial statement date.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

## H. PROHIBITED TRANSACTIONS

During the year ended December 31, 2019 Spectrum Security Services, Inc., the Plan's sponsor, failed to deposit contributions to the Plan's trust in a timely manner in accordance with Department of Labor regulations. Contributions totaling $16,915 relating to multiple pay periods during the year ended December 31, 2019 were deposited late. These instances of late deposits resulted in a prohibited nonexempt transaction in the form of a loan between the Plan and the Plan Sponsor. The Company will make an interest payment to compensate the Plan for lost earnings related to these prohibited transactions.

## H. PROHIBITED TRANSACTIONS – Continued

During the year ended December 31, 2018, the Plan's sponsor failed to deposit contributions to the Plan's trust in a timely manner in accordance with Department of Labor regulations. Contributions totaling $3,739 were deposited late. These amounts have been subsequently corrected, but as of December 31, 2019, these late deposits have yet to be corrected.

## I. SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2019 financial statements for subsequent events through June 22, 2026, which is the date the financial statements were available to be issued.

As a result of the global pandemic declared by the World Health Organization in March 2020, economic uncertainties have arisen. Financial impacts that occurred, included reduced contributions levels due to a decrease in workforce and available job contracts, increased distribution levels with the allowance of coronavirus-related hardship distributions through The Coronavirus Aid, Relief, and Economic Security (CARES) Act, and an overall decrease in net assets available for benefits. Participant loans also increased as The CARES Act provided that any loan payments due between March 27, 2020 and December 31, 2020, could be delayed for up to one year, and the dollar limit on loans made between these dates, was increased to 100% of the participants' vested account balance or $100,000, whichever was less.

Effective October 1, 2020, the trustee of The Contractors Retirement Plan Master Trust changed from Pentegra Trust Company, the discretionary trustee, to ERISA Smart, Inc. as directed trustee and LeafHouse Financial Services, Inc. as investment manager fiduciary. The Plan received notice of the impending change and the Plan Administrator approved the change. The directed trustee fee is a flat fee of $34,880 annually, paid monthly and allocated on a per capita basis to the participants in the Trust. The investment manager's fee is 0.04% of the Trust assets annually, paid monthly and allocated on a per capita basis to the participants in the Trust.

Effective March 1, 2021, the Plan Sponsor amended the Plan to allow for participants to change deferral elections on the first day of each quarter of the Plan Year.

The Plan's adoption agreement was amended effective January 1, 2022 upon adoption of a non-standardized defined contribution plan. This amendment and restatement was to bring the plan into compliance with the legislative and regulatory changes set forth in IRS Notice 2017-37.

## I. SUBSEQUENT EVENTS – Continued

With this amendment, the Master Plan Sponsor obtained its latest opinion letter, dated August 24, 2020, in which the Internal Revenue Service stated that the Master Plan was in compliance with the applicable requirements of the Code. Such an opinion is not a determination as to whether The Contractors Retirement Plan sponsored by Spectrum Security Services, Inc. itself qualifies under IRC Section 401(a); however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe the Plan was qualified as of the financial statement date.

During the year ended December 31, 2023, Administration of the Trust elected to consolidate the assets of the Trust to a single insurance company, and on December 28, 2023, all investments held by Nationwide Trust Company were transferred to Transamerica Life Insurance Company. Effective January 1, 2024, Transamerica Retirement Solutions (“TRS”), an affiliate of Transamerica Life Insurance Company, was assigned certain transactional duties of the Plan, while Fringe Benefit Group retained other recordkeeping functions as well as third-party administrator (“TPA”) services.
