INDEPENDENT AUDITORS' REPORT

June 11, 2026

The 401(k) Oversight Committee of the Board of Directors
of TopBuild Corp. and Plan Participants
TopBuild Corp. 401(k) Plan
Daytona Beach, Florida

Opinion on the Financial Statements

We have audited the financial statements of **TopBuild Corp. 401(k) Plan** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements (the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in net assets available for benefits for the year ended December 31, 2025 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Independent Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Independent Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The December 31, 2025 supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TOPBUILD CORP. 401(k) PLAN

Notes to Financial Statements

1. DESCRIPTION OF PLAN

The following description of the TopBuild Corp. (the “Company”, “we”, “our” or “TopBuild”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General. The Plan is a defined contribution plan covering hourly and salaried employees of the Company’s operating and administrative subsidiaries, not otherwise covered under a collective bargaining agreement. These eligible employees may participate in the Plan on their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The Plan is administered by the 401(k) Oversight Committee (the “Committee”). The Committee has overall responsibility for the operation and administration of the Plan. The Committee, with assistance of an investment manager serving as an ERISA 3(21) co-fiduciary, determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

TopBuild is listed on the NYSE under the ticker symbol “BLD”.

Contributions. Participants may contribute up to 50 percent of their annual compensation, as defined in the Plan. Newly eligible employees are automatically enrolled in the Plan at a deferral rate of three percent of eligible compensation until the employee changes this election or opts out of the Plan. All employees who are eligible to participate under this Plan and who have attained the age of 50 before the close of the Plan year shall be eligible to make catch-up contributions. Participants may also make rollover contributions representing distributions from individual IRAs, SEPs, 403(b) and 457(b) plans or other employers’ tax-qualified plans. The Company may make matching contributions in accordance with the provisions of the Plan. These Company contributions, if applicable, may vary by division or subsidiary and are invested pursuant to the participant’s investment elections. The Company, at its discretion, may make additional contributions to the Plan at an amount equal to a percentage of each participant’s eligible contribution. No such additional contribution was made in 2025. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations. Participants may direct contributions in one percent increments in any of the various investment options. If no investment elections are made, the automatic contributions are invested in a qualified default investment account until changed by the participant. The investment options include professionally managed mutual funds, a company stock fund, collective trust funds, and a brokerage account which allows participants to buy, sell, or trade most publicly listed common stocks, corporate and government bonds or other investments. These options vary in their respective strategies, risks and goals. Participants may change their investment options daily.

Participant Accounts. Each active participant’s account is credited with the participant’s contributions and allocations of (a) the Company’s contributions (if applicable), and (b) investment earnings, as defined in the Plan. Certain expenses may be incurred by individual participants for special services relating to their accounts. These costs are charged directly to the individual participant’s account. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting and Forfeited Employer Contributions. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting conditions for Company contributions may vary by division or subsidiary, but generally, Company matching contributions, plus earnings thereon, are subject to one-year cliff-vesting for employees who started on or after April 1, 2016. Employees hired prior to April 1, 2016 were immediately vested in Company contributions. Participants are also immediately 100 percent vested upon death or disability while employed by the Company, or at retirement. Any forfeited amounts are used to reduce administrative expenses or Company contributions. Accumulated forfeitures at December 31, 2025 and 2024, were \$650,522 and \$686,971, respectively. During the year ended December 31, 2025, the Plan utilized \$626,292 of forfeited nonvested accounts to reduce Company contributions.

TOPBUILD CORP. 401(k) PLAN
Notes to Financial Statements (continued)

Stock Fund. The Plan allows participants to invest in the common stock of the Company through the TopBuild Corp. company stock fund (the “TopBuild Stock Fund”). Participants may not direct more than 25 percent of their contributions into the TopBuild Stock Fund and may not exchange more than 25 percent of their investments into the TopBuild Stock Fund. The TopBuild Stock Fund may also hold cash or other short-term securities, although these are expected to be a small percentage of the fund.

Each participant who has an interest in the TopBuild Stock Fund is entitled to exercise voting rights attributable to the shares allocated to his or her TopBuild Stock Fund account and is notified by the Trustee, Fidelity Management Trust Company (“Fidelity”) as defined by the Plan, prior to the time that such rights are to be exercised. If the Trustee does not receive timely instruction for shares allocated to a participant’s account, the Trustee will not vote those shares, unless otherwise required by law.

Notes Receivable from Participants. Generally, participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance at the time of the loan. Loan terms generally range from 1-5 years, or generally up to 15 years in the case of a principal residence loan. Loans are collateralized by the balances in the participants’ accounts and generally bear interest at a rate equal to the prime rate on the last business day of the month prior to the date of each loan application. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits. Generally, after separation from service due to termination, death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant’s vested interest in his or her account either in a single lump-sum amount or in annual installments over a period not to exceed five years. In-service and hardship withdrawals made in accordance with the Plan document are distributed in a single payment.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Plan’s financial statements and accompanying footnotes and schedules are prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Basis of Accounting. The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates and Assumptions in the Preparation of Financial Statements. The preparation of our Plan financial statements in conformity with U.S. GAAP requires us to make certain estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of any contingent assets and liabilities, at the date of the financial statements, and the reported amounts of investment income, net and expenses during the reporting period. Actual results may differ from these estimates and assumptions.

Risks and Uncertainties. The Plan provides for various investment options. Investment securities are exposed to various risks, including interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of certain investment securities, it is reasonably possible that changes in risks in the near term could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Investment Valuation and Income Recognition. Investments are stated at fair value using quoted market prices or daily net asset value (“NAV”) at December 31, 2025, and 2024.

Purchases and sales of investments are reflected on a trade date basis. Interest income is recognized on the accrual basis of accounting. Dividend income is recorded on the ex-dividend date and is allocated to participants’ accounts on the date of payment.

TOPBUILD CORP. 401(k) PLAN
Notes to Financial Statements (continued)

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation of those investments.

Fair Value Measurement. The Plan follows fair value guidance provided in Accounting Statement Codification (“ASC”) 820 – *Fair Value Measurement*, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. The fair value measurement standard defines fair value as the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date (referred to as an “exit price”). A fair value hierarchy is established that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1 prices, such as quoted market prices for similar assets or liabilities or other inputs that are observable or can be corroborated by market data. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The asset or liability’s level within the fair value hierarchy is based on the lowest level of any significant input used to measure its fair value. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Contributions. Participant contributions are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become obligations of the Company.

Excess Contributions Payable. Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed all of the 2025 and 2024 excess contributions to the applicable participants by March 31, 2026 and 2025, respectively.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Delinquent notes receivable from participants are recorded as benefit payments based upon the terms of the Plan. No allowance for credit losses was needed as of December 31, 2025 or 2024.

Payment of Benefits. Benefits are recorded when paid.

Expenses. Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments. Accumulated amounts in the participant revenue credit account at December 31, 2025 and 2024 were \$61,509 and \$3,020, respectively. Amounts in the revenue credit account may be used to pay Plan expenses or allocated to participant accounts. During 2025, \$90,372 was credited to the account (and is shown as Other income in the accompanying Statement of Changes in Net Assets Available for Benefits), \$1,447 was credited to the account for dividends, and \$33,330 was used to pay Plan expenses.

TOPBUILD CORP. 401(k) PLAN
Notes to Financial Statements (continued)

3. FAIR VALUE MEASUREMENT

The following is a description of the valuation methodologies used for assets measured at fair value:

TopBuild Stock Fund. The TopBuild Stock Fund is valued at the closing price reported on the active market on which the security is traded.

Mutual Funds. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds. Collective trust funds are valued based on NAV, as a practical expedient, which approximates fair value as of December 31, 2025 and 2024. Such basis is determined by reference to the respective fund's underlying assets, which are primarily marketable equity and fixed income securities.

Brokerage Accounts. Participant directed investments could include common stocks, mutual funds, corporate or government bonds, or other investments that are valued on the basis of readily determinable market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used during the years ended December 31, 2025 and 2024.

The following tables set forth by level, within the fair value hierarchy, the Plan's invested assets measured at fair value and the Plan's invested assets measured at NAV as of December 31, 2025 and 2024:

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2025 and 2024. Were the Plan to initiate a full redemption of the collective trust funds, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidations will be carried out in an orderly business manner.

4. INCOME TAX STATUS

The Plan received a determination letter dated June 30, 2020, in which the Internal Revenue Service stated the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

5. PLAN TERMINATION

Although the Company has not expressed an intent to do so, the Company has the right at any time to discontinue its contributions and to terminate the Plan, subject to the provisions of ERISA. At the date of any such termination, all participants would become fully vested in their accounts and the TopBuild Corp. 401(k) Oversight Committee would direct the Trustee to distribute to the participants all assets of the Plan, net of any termination expenses which would be prorated among the participants' accounts.

6. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and collective trust funds managed by Fidelity. Fidelity is also the Trustee as defined by the Plan; therefore, transactions with Fidelity qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions. Fees paid to Fidelity during 2025 by TopBuild Corp. on behalf of the Plan totaled \$29,865.

8. SUBSEQUENT EVENTS

The Plan Sponsor evaluated subsequent events and transactions that occurred after the Statement of Net Assets Available for Benefits date up to the date that the financial statements were issued. Based upon this review, the Plan Sponsor did not identify any subsequent events that would have required adjustment or disclosure in the Plan's financial statements, except as follows:

On April 18, 2026, TopBuild entered into a definitive Agreement and Plan of Merger (the "Merger Agreement") with QXO, Inc., a Delaware corporation, and certain wholly owned subsidiaries of QXO. Under the terms of the Merger Agreement, at the effective time of the merger of Titanium MergerCo, Inc., a subsidiary of QXO, with and into TopBuild with TopBuild surviving as a wholly owned subsidiary of QXO (the "Titanium Merger effective time"), each share of issued and outstanding common stock of TopBuild (subject to certain exceptions and elections) will be converted into the right to receive one of the following forms of consideration, subject to proration as described in the Merger Agreement: (i) an amount in cash equal to \$505.00 or (ii) 20.200 shares of common stock of QXO (the "QXO Transaction").

TOPBUILD CORP. 401(k) PLAN
Notes to Financial Statements (continued)

The QXO Transaction has been unanimously approved by the boards of directors of both companies and is subject to customary closing conditions, including, among other things, approval by of TopBuild's and QXO's stockholders.

Except as not permitted by a collective bargaining agreement, QXO may request, no less than ten business days prior to the Titanium Merger effective time, that, solely to the extent that QXO has established a defined contribution plan that includes a qualified cash or deferred arrangement within the meaning of Section 401(k) of the Code at or prior to the Titanium Merger effective time ("QXO 401(k) Plan"), to cause TopBuild to terminate, effective as of the day immediately prior to the Titanium Merger effective time and contingent upon the occurrence of the closing of the mergers, any TopBuild benefit plan that is a defined contribution plan intended to be qualified under Section 401(a) of the Code ("TopBuild 401(k) Plan"). QXO will permit each TopBuild employee who is then actively employed and participating in the TopBuild 401(k) Plan to elect a "direct rollover" of "eligible rollover distributions" (within the meaning of Section 401(a)(31) of the Code) in the form of cash, promissory notes (in the case of outstanding loans) or a combination thereof in an amount equal to the full account balance (including earnings thereon) distributed to such TopBuild employee from the TopBuild 401(k) Plan. If the TopBuild 401(k) Plan is terminated pursuant to QXO's request in accordance with the preceding sentence, each TopBuild employee will be eligible to participate in a QXO 401(k) plan as of the Titanium Merger effective time.
