INDEPENDENT AUDITOR'S REPORT

Employee Benefits Administrative Committee and Participants of
Hanesbrands LLC Retirement Savings Plan
Winston-Salem, North Carolina

Opinion on the Financial Statements

We have audited the financial statements of the Hanesbrands LLC Retirement Savings Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that these financial statements are available to be issued. Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE A - DESCRIPTION OF PLAN

The following brief description of the Hanesbrands LLC Retirement Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering eligible salaried and hourly employees of Hanesbrands LLC (“Hanesbrands” or the “Company”) who are not covered by a collective bargaining agreement that does not provide for their participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Fidelity Management Trust Company provided trustee services for the Plan while Fidelity Investments Institutional Operations Company, Inc. provided recordkeeping services for the Plan. References to the “Trust” within this filing refer to the Hanesbrands LLC Retirement Savings Plan Trust.

On December 29, 2022, the SECURE 2.0 Act of 2022 (“SECURE 2.0”) became law. SECURE 2.0 makes various changes applicable to tax qualified retirement plans. Plan management is evaluating the impact of SECURE 2.0 and awaiting additional regulatory guidance from the IRS and the Department of Labor. The Plan will be amended to reflect any changes made in response to SECURE 2.0 prior to the deadline set by law or applicable regulations.

Contributions

Eligible employees can contribute between 1% and 50% of their pre-tax eligible compensation, as defined in the Plan document. All eligible employees are deemed to have elected to have 4% of their pre-tax compensation deferred into the Plan (6% for eligible employees hired on or after February 1, 2025), unless they make an affirmative election to change or cease deferrals. The deferral contribution percentage of participants who are automatically enrolled is increased by 1% each year thereafter, up to a maximum of 6% of eligible pre-tax compensation (10% of eligible pre-tax compensation on and after February 1, 2025); except that the deferral percentage of such an employee who becomes a participant during the last three months of the year will not increase until the second plan year following the employee’s participation date. Catch-up contributions are also permitted. Contributions and catch-up contributions are subject to certain limitations under the Internal Revenue Code (“IRC”). Although employees were previously permitted to make after-tax contributions to certain predecessors to the Plan, this is no longer permitted and was not permitted during the periods presented.

Effective January 1, 2025, the Company set the matching contribution at 6%, which will be made on a pay period basis, and discontinued the discretionary matching contribution. Prior to that date, the Company made matching contributions, on a quarterly basis, equal to 100% of the portion of a participant's contributions that did not exceed 4% of a participant's eligible compensation. The Company could also make additional discretionary matching contributions of 0-2% on a quarterly basis. For the years ended December 31, 2025 and 2024, the total matching contribution by the Company was \$8,039,210 and \$10,490,958, respectively.

For the years ended December 31, 2025 and 2024, \$720,808 and \$1,253,803 of forfeitures, respectively, were used to offset Company contributions, which includes \$133,993 of forfeited balances outstanding as of December 31, 2024 that were used to offset the Company's contribution receivable to the Plan for the fourth quarter 2024 that was paid in the first quarter of 2025.

Participant Accounts

Individual accounts are maintained for each of the Plan’s participants to reflect Company contributions, the participant’s contributions and any rollover contributions, as well as the participant’s related share of the Plan’s income and losses, benefit payments and certain related administrative expenses. Allocations of income and losses are made within each separate investment fund in proportion to each participant’s investment in those funds. Allocations of certain related administrative expenses are made based on the proportion that each participant’s account balance has to the total of all participants’ account balances.

Hanesbrands LLC Retirement Savings Plan
Notes to Financial Statements - Continued
December 31, 2025 and 2024

Vesting

Participants' contributions are 100% vested at all times. Company contributions vest based on years of service with a two-year cliff vesting schedule for matching contributions and a five-year graded vesting schedule for discretionary annual Company contributions and union replacement contributions. Discretionary annual Company contributions, union replacement contributions and matching contributions will be 100% vested in the case of termination due to death, disability or normal retirement without regard to years of service. Effective January 1, 2025, active employees and those who terminated on or after December 31, 2023 were fully vested in any unvested discretionary annual company contribution.

Investment Options

Participants may direct their total account balances among the various investment options currently available through the Plan in 1% increments and may change their investment elections at any time. Effective December 1, 2025, the Company was acquired by Gildan Activewear, Inc. ("Gildan"). Hanesbrands LLC filed an amended Form S-8 on December 1, 2025 to deregister the shares of Hanesbrands Inc. ("HBI") stock that were held by the HBI Stock Fund offered as an investment option under the Plan. At the same time, Gildan filed a Form S-8 to register 1,000,000 shares of Gildan stock for the Gildan Stock Fund that is now offered as an investment option under the Plan. All shares of HBI stock were converted to Gildan stock based on the same formula used for shareholders outside of the Plan. Effective February 8, 2024, Fiduciary Counselors was appointed as the named independent fiduciary of the HBI Stock Fund and now the Gildan Stock Fund, which is the investment option available under the Plan that holds shares of Gildan common stock.

Forfeitures

If a participant terminates employment for reasons other than death, disability or normal retirement age before amounts received as Company contributions are fully vested, the unvested amounts shall be forfeited. Forfeited balances shall first be allocated to participants who are re-employed and are entitled to reinstatement of portions of their Company contributions that were forfeited previously and then the remainder, if any, may be used to reduce future Company contributions or pay administrative expenses of the Plan.

All unallocated forfeited balances as of December 31, 2025 and 2024 were allocated as described above under Contributions.

Benefit Payments

Upon termination of service due to death, disability, retirement, resignation or dismissal, distribution of the vested balance in the participant's accounts will be made to the participant or, in the case of the participant's death, to his or her beneficiary by a lump-sum payment or partial distribution in cash (or stock, if elected, for amounts invested in the Gildan Stock Fund).

Participants may withdraw all or a portion of their vested account balances, provided they have attained age 59-1/2; participants may also withdraw their after-tax contributions (other than Roth contributions) at any time. Participants who have an immediate and substantial financial need may take a hardship withdrawal from certain balances in their accounts, subject to certain limitations defined in the Plan document.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The participant must secure the loan by a pledge against his or her vested Plan accounts. The participant must sign a promissory note for the loan. The loan period cannot exceed five years, unless the proceeds of the loan are used to purchase a primary residence, in which case the loan period shall not exceed ten years. The loan will bear interest at the prevailing prime rate when the loan is issued. The interest rates for the outstanding loans ranged from 3.25% to 9.25% at December 31, 2025 and 3.25% to 9.50% at December 31, 2024. Principal and interest is paid through payroll deductions.

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Hanesbrands LLC Retirement Savings Plan
Notes to Financial Statements - Continued
December 31, 2025 and 2024

Use of Estimates

The preparation of financial statements requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Valuation of Investments

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded in the period earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Trust's investments consist of investments in a money market, registered investment companies, Gildan (previously HBI) common stock and collective trusts. Investments in the money market, registered investment companies and Gildan (previously HBI) common stock are valued using quoted market prices. All collective trusts are valued at net assets value ("NAV") of participant units owned by the Trust based on the NAV of the underlying investments in each collective trust.

In general, the investments provided by the Plan are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and participants' individual account balances.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

Administrative expenses associated with the Plan are paid by the Plan. Investment related expenses are included in net investment income (loss).

Recent Accounting Pronouncements

There were no recent accounting pronouncements that were applicable to the Plan.

NOTE D - PLAN TERMINATION

The Company experienced a reduction in its workforce in 2024 and early 2025 primarily due to the sale of its global *Champion* business and U.S.-based outlet store business. As a result, the plan experienced a partial plan termination as defined by ERISA for the period January 1, 2024 – February 18, 2025. Participants who terminated employment during this period were fully vested in their Company contributions. The Company made an additional contribution in 2025 of \$709,765, of which \$635,788 is recorded as a receivable from the Company as of December 31, 2024, to restore forfeitures for participants impacted by the partial plan termination. The Company made an additional contribution in 2026 of \$88,756 which is recorded as a receivable from the Company as of December 31, 2025.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, affected participants will become entitled to be fully vested in their accounts.

NOTE E - FAIR VALUE MEASUREMENTS

Fair value is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Trust utilizes market data or assumptions that market participants would use in pricing the asset or liability. A three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value, is utilized for disclosing the fair value of the assets and liabilities of the Trust. These tiers include: Level 1, defined as observable inputs such as quoted prices in active markets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities measured at fair value are based on one or more of the following three valuation techniques:

- Market approach - prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities.
- Cost approach - amount that would be required to replace the service capacity of an asset or replacement cost.
- Income approach - techniques to convert future amounts to a single present amount based on market expectations, including present value techniques, option-pricing and other models.

The Trust primarily applies the market approach for its investment assets and attempts to utilize valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs.

As of December 31, 2025 and 2024, the Trust held certain financial assets that are required to be measured at fair value on a recurring basis. These consisted of Gildan (previously HBI) common stock, collective trusts, registered investment companies and a money market. The fair values of the Gildan (previously HBI) common stock, the registered investment companies and the money market are determined based on quoted prices in public markets and are categorized as Level 1. The fair value of the investments within the collective trusts are valued utilizing the NAV per share as the practical expedient and are not required to be classified within the fair value hierarchy. Participant transactions in the collective trusts (purchases and sales) may occur daily. If the Plan were to initiate a full redemption of the collective trusts, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidations will be carried out in an orderly business manner. There were no changes during the years ended December 31, 2025 and 2024 to the valuation techniques used to measure asset fair values on a recurring basis.

The following table sets forth by level within the fair value hierarchy the Trust's investment assets accounted for at fair value on a recurring basis at December 31, 2025 and 2024, respectively. As required by the accounting rules, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

NOTE F - TAX STATUS

By letter dated December 12, 2017, the IRS determined that the Plan and the Trust met the qualification requirements set forth in Sections 401(a) and 501(a) of the IRC. The Plan has been subsequently amended since the determination, but the Plan's management believes the Plan remains in compliance with the applicable requirements of the IRC.

U.S. GAAP requires the Plan's management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan's management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no tax audits for any period in progress.

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

Approximately 1.6% and 2.2% of the Trust's assets as of December 31, 2025 and 2024, respectively, were invested in Gildan and Hanesbrands common stock, respectively, in each case through participant-directed account balances. At December 31, 2025 and 2024, the Plan held 149,573 and 1,738,245 shares, respectively, of Gildan and Hanesbrands common stock, respectively, that had a fair value of \$9,342,330 and \$14,149,314, respectively. The Plan recorded no dividend income during the years ended December 31, 2025 and 2024 on investments in Gildan and Hanesbrands common stock.

As described in Note A, Fidelity Management Trust Company is the trustee of the Plan and Fidelity Investments Institutional Operations Company, Inc. serves as the recordkeeper to maintain the individual accounts of each Plan participant. As detailed on Schedule H, Line 4i - Schedule of Assets (Held At End of Year), certain Plan investments include shares of a money market fund and registered investment companies that are managed by affiliates of Fidelity.

As detailed on Schedule H, Line 4i - Schedule of Assets (Held At End of Year) included in these financial statements, certain assets of the Plan consist of notes receivable from participants pursuant to Plan loans. Transactions involving these assets are considered to be party-in-interest transactions.

NOTE I - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through June [], 2026, the date the financial statements were available to be issued.
