**To the Investment Committee
401(k) Savings Plan for Employees of
Seattle Times Company and Subsidiaries
Seattle, Washington**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of 401(k) Savings Plan for Employees of Seattle Times Company and Subsidiaries (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2, which describes the basis of accounting used by the Plan. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting as described in Note 2; this includes determining the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplementary information (modified cash basis), as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information (modified cash basis), other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information (modified cash basis) that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information (modified cash basis), we evaluated whether the supplementary information (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information (modified cash basis), other than the information in the supplementary information (modified cash basis) that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplementary information (modified cash basis) agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) SAVINGS PLAN FOR EMPLOYEES OF SEATTLE TIMES COMPANY AND SUBSIDIARIES

Notes to Financial Statements For the Year Ended December 31, 2025

Note 1 - Description of the Plan

The following description of the 401(k) Savings Plan for Employees of Seattle Times Company and Subsidiaries (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - Effective December 31, 2010, the Plan's oversight committee resolved to consolidate the four defined contribution plans included in the Times 401(k) Retirement Savings Trust into one surviving plan. The Plan is the surviving plan. As of December 31, 2010, the following plans were merged into one plan that was renamed the 401(k) Savings Plan for Employees of Seattle Times Company and Subsidiaries effective January 1, 2011:

- Savings Plan for Unaffiliated Employees of Seattle Times Company (STC Unaffiliated)
- Retirement Savings Plan for Affiliated Employees of the Seattle Times Company (STC Affiliated)
- Amended and Restated Retirement Savings Plan for Employees of Times Communications Co. (TCC - includes unaffiliated employees from WWUB, YHR, ROP, and IP)
- Yakima Herald-Republic Savings Plan for Affiliated Employees (YHR Plan - includes only YHR Affiliated Employees)

The Plan is a defined contribution plan sponsored by Seattle Times Company (STC) and various affiliated companies (collectively, the Company), including:

- Walla Walla Union-Bulletin, Inc. (WWUB)
- Yakima Herald-Republic, Inc. (YHR)
- Rotary Offset Press (ROP) - All ROP employees transferred to STC during September 2020
- Issaquah Press (IP) - Closed company with no employees

The Plan covers two types of employee groups: affiliated and unaffiliated employees. Affiliated employees are those employees covered by a collective bargaining agreement (Affiliated Employees). Unaffiliated employees are those employees who are not covered by a collective bargaining agreement (Unaffiliated Employees).

The Plan is intended to qualify under Sections 401(a) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility -

Eligibility for Employee Contributions - Each employee of the Company who is not otherwise excluded becomes eligible to make pre-tax, Roth, and after-tax contributions upon completion of 90 days of service. There is not a required number of service hours.

Eligibility for Employer Matching Contributions - STC Unaffiliated Employees and Affiliated Employees who are not otherwise excluded are eligible for discretionary employer matching contributions upon completion of 90 days of service. TCC Unaffiliated and Affiliated Employees are eligible for discretionary employer matching contributions upon completion of one year of service with the employer, provided the employee has worked at least 1,000 hours during their first year, and otherwise, upon completion of 1,000 hours in any subsequent calendar year. YHR Affiliated Employees are eligible for employer matching contributions upon completion of one year of service with the employer, provided the employee worked at least 1,000 hours during their first year, and otherwise, upon completion of 1,000 hours in any subsequent calendar year.

401(k) SAVINGS PLAN FOR EMPLOYEES OF SEATTLE TIMES COMPANY AND SUBSIDIARIES

Notes to Financial Statements For the Year Ended December 31, 2025

Note 1 - Continued

Eligibility for Employer Nonelective Contributions - Each employee of the Company who is not otherwise excluded becomes eligible for nonelective contributions upon completion of one year of service with the employer, provided the employee has worked at least 1,000 hours during their first year, and otherwise, upon completion of 1,000 hours in any subsequent calendar year.

Participant Contributions - Participants may elect to defer up to 75% of their compensation as pre-tax, Roth, or after-tax contributions, subject to certain limitations under the IRC. Certain employees are automatically enrolled to make pre-tax contributions at a savings rate of 4% of their compensation unless they elect otherwise. The Plan offers a program to annually increase participants' deferral rates but only for those participants that affirmatively elect this option. The Plan allows catch-up deferral contributions for participants 50 years of age or older, as well as rollover contributions from other eligible plans.

Employer Matching Contributions -

TCC Employer Matching Contributions - STC's Board of Directors may make discretionary matching contributions for employees of WWUB and YHR (Unaffiliated). For the 2025 plan year, WWUB employees received a match equal to the greater of 100% of the first 1% of compensation contributed or 50% of the first 6% of compensation contributed. For the 2025 plan year, YHR Unaffiliated Employees received a match equal to 100% of the first 1% of compensation contributed plus 50% of the next 5% of compensation contributed.

STC Employer Matching Contributions - STC's Board of Directors may make discretionary matching contributions for employees of STC. For the 2025 plan year, STC Affiliated Employees who have a match included in their collective bargaining agreement and STC Unaffiliated Employees received a match equal to 50% of the first 4% of compensation that a participant contributes.

YHR Affiliated Employer Matching Contributions - The employer matches 50% of the first 6% of compensation that a participant contributes.

The Company calculates true-up matching contributions annually for participants who are actively employed on the last day of the plan year.

Employer Nonelective Contributions - STC's Board of Directors may make discretionary nonelective contributions for employees of STC, WWUB and YHR (Unaffiliated). There were no nonelective contributions for the 2025 plan year for these employees. Nonelective employer contributions for affiliated employees of YHR are determined by the collective bargaining agreement in place for that plan year. The collective bargaining agreement did not include a provision for nonelective employer contributions for the 2025 plan year.

Participant Accounts - Each participant's account is credited with the participant's contributions and matching contributions, if any, as well as allocations of Plan earnings and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants direct the investment of their account into various investment options offered by the Plan.

**Notes to Financial Statements

Note 1 - Continued

Vesting -

TCC Employees - Participants are immediately vested in all of their contributions and any earnings thereon.

STC Affiliated and Unaffiliated Employees and YHR Affiliated Employees - All participants are immediately vested in their salary deferral contributions and any earnings thereon. Vesting in employer contributions, and earnings thereon, is based on years of continuous service, according to the following schedule:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Any participant who is not already 100% vested becomes 100% vested in employer contributions upon death, disability, or reaching age 65 while still an employee.

Forfeited Accounts - At December 31, 2025 and 2024, forfeited nonvested accounts totaled approximately \$26,000 and \$19,000, respectively. During 2025, approximately \$15,000 of forfeitures were used in accordance with the provisions specified in the Plan document.

Payment of Benefits - Upon termination of service, retirement, death, or disability, a participant or beneficiary may elect to receive a lump sum, partial lump sum, or annual installments equal to the value of the participant's vested interest in their account. Participants who have attained age 59 ½ may also elect to receive a distribution of all or any portion of their pre-tax and Roth accounts prior to termination of employment (in-service withdrawals). The Plan allows for hardship withdrawals in accordance with provisions specified in the plan document. Participants may also elect to receive in-service withdrawals from their after-tax account as well as balances rolled into the Plan.

Notes Receivable From Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of one-half of their vested account balance or \$50,000 reduced by the highest outstanding note receivable balance in their account during the prior 12-month period. Note repayment terms are five years or less, except for the purchase of a primary residence, which may be repaid over a longer period. Principal and interest are paid ratably through payroll deductions. The notes are secured by the participant's vested account balance and bear interest at a rate commensurate with prevailing rates as determined by the Plan's Investment Committee.

401(k) SAVINGS PLAN FOR EMPLOYEES OF SEATTLE TIMES COMPANY AND SUBSIDIARIES

Notes to Financial Statements For the Year Ended December 31, 2025

Note 2 - Significant Accounting Policies

Basis of Accounting - As permitted by the Department of Labor, the financial statements are prepared on the modified cash basis of accounting. Accordingly, investment income and contributions are recognized when received and expenses are recognized when paid.

Use of Estimates - The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that may affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded when received. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable From Participants - Notes receivable from participants are valued at their unpaid principal balance. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Transaction based fees for notes receivable from participants and distributions are charged directly to participant accounts. Certain investment related expenses are charged directly against the fund's investment performance and, therefore, are not separately disclosed in the accompanying financial statements.

Subsequent Events - The Plan's management has evaluated subsequent events through June 15, 2026, the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than the quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Notes to Financial Statements
For the Year Ended December 31, 2025**

Note 3 - Continued

Level 3 - Unobservable inputs that are significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts - Accounts primarily consist of mutual funds valued as described above.

Stable Value Collective Trust Fund - Valued at the NAV provided by the fund's trustee. The fund trades on a regular basis, has published prices that the plan sponsor can obtain at any time, and transacts based on published prices. Withdrawals made in order to accommodate benefit payments to participants may be made on any business day. Withdrawals initiated by the Company may be paid at less than the fund's NAV and must be preceded by a twelve-month advance written notice. However, the fund's trustee may, in its discretion, complete any such withdrawal before the expiration of such twelve-month period. The fund's trustee also reserves the right to temporarily delay any withdrawal from the fund that might adversely affect the fund's portfolio.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Fair Value Measurements as of December 31, 2025

Note 4 - Certified Information

Certain information in the accompanying financial statements and supplementary information related to investments held as of December 31, 2025 and 2024, and investment income or loss for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution and the trustee of the Plan. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

Note 5 - Party-in-Interest Transactions

Certain plan investments are shares of mutual funds and units of a collective trust fund managed by the trustee and its affiliates. Therefore, transactions with these investments and fees paid by the Plan to the trustee or its affiliates qualify as party-in-interest transactions. The Plan pays certain expenses related to plan operations to various service providers and also issues loans to participants. These transactions are party-in-interest transactions.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their account balances.

Note 7 - Tax Status

The Company adopted a Fidelity pre-approved plan document. Fidelity received an approval letter from the IRS dated June 30, 2020, which states that the form of the plan document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS; however, the Plan's management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. The Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan provides for various investment funds options, which in turn invest in various investment securities such as stocks, bonds, and others. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Reconciliation to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:
