Independent Auditors' Report

To the Administrative and Investment Committees
of the Simplot Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Simplot Retirement Savings Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i, Schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Simplot Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions which are available from the Plan administrator.

General

The Plan is a qualified defined contribution retirement plan sponsored by the J.R. Simplot Company (the Company or Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective January 1, 2004, the Plan was amended to include both a 401(k) retirement provision as well as a retirement contribution provision which is 100% funded by the Sponsor. Effective January 1, 2013, the retirement contribution provision was enhanced and eligibility was expanded for employees covered under non-collective bargaining agreements. All salaried and hourly employees are immediately eligible to participate in the 401(k) retirement provision of the Plan. New hires are automatically enrolled at 6% after approximately 30 days of employment. Participants under collective bargaining agreements (CBAs) that do not include automatic enrollment must self-enroll. Participants who are automatically enrolled may subsequently opt out. Participants who have not made an affirmative election when the CBA first includes automatic enrollment will be automatically enrolled.

The Plan is administered by the Company's Administrative Committee (Committee) and is comprised of officers and employees of the Company. The Committee has overall responsibility for the operation and administration of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. Both Committees report to the Company's Board of Directors.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law. The Plan was amended for the provisions implemented under the CARES Act in July 2020. Most provisions of the CARES Act are no longer applicable in these financial statements however, the provision extending loan repayment periods by one year is still applicable and affected loan balances are still outstanding. The CARES Act delayed loan payments for a COVID-19 qualified individual for any loan outstanding on or after March 27, 2020, through December 31, 2020, and, when applicable, extended the loan for up to one year.

Contributions

Plan participants may elect to contribute up to 75% of their eligible compensation to the Plan under the 401(k) retirement provision, with a maximum annual contribution subject to limitations of the Internal Revenue Code. A catch-up provision for participants over the age of 50 was added to the Plan in 2003, allowing certain amounts to be contributed in excess of the annual contribution limit. For participants under the Safe Harbor provision, the Sponsor matches 100% of the first 1% and 50% of the next 5% of eligible compensation contributed by the participant. For participants under CBAs, the Sponsor matches 50% of the first 6% of eligible compensation contributed by the participant.

Under the retirement contribution provision (RCP), a participant has a sub-account within the Plan which is credited by the Sponsor as follows:

Non-CBA	Years of Service	RCP	CBA	Years of Service	RCP
All salaried	0-9	4.5%	Mining and fertilizer hourly	All	4.5%
All non-exempt	10+	6.5%	All remaining hourly	All	3.5%*
Mining and fertilizer hourly					
All remaining hourly	All	3.5%			

* Participants in this category whose CBA provides for a pension plan have zero RCP contribution

On June 23, 2023, the Plan was amended effective January 1, 2023, and designated as a qualified replacement plan (QRP) for the purpose of receiving 100% of the surplus assets from the Simplot Pension Plan "S" and Simplot Pension Plan "H" (both of which defined benefit plans were terminated effective December 31, 2021). The assets transferred into the Plan were used to fund the Sponsor's retirement contribution provision of the Plan, including \$20,185 thousand in 2024, which included interest earned on the transferred assets. As of December 31, 2024, the transferred assets have been fully allocated to participants.

Effective January 1, 2025, the Committee implemented two contribution-related provisions, subject to formal retroactive amendment as administratively feasible, to align the Plan with the SECURE Act and SECURE 2.0. On September 4, 2024, the Committee further approved the addition of the super catch-up contribution provision for participants ages 60 through 63. On October 16, 2024, the Committee also approved the addition of a student loan matching contribution, comparable to, but not in addition to, the Safe Harbor provision.

Sponsor contributions, including match and retirement contribution provision, are subject to certain Internal Revenue Code limitations.

1. Description of the Plan (continued)

Participant accounts

Each participant's account is credited with the participant's contribution, the Sponsor's match and/or retirement contribution and an allocation of Plan investment gains and losses and expenses based on relative account balance and investment fund election. The benefit to which a participant is entitled is the value of the vested account balance.

Vesting

Active participants are automatically and immediately 100% vested in their contributions, Sponsor match and earnings thereon. The balance in the retirement contribution sub-account is 100% vested after three years of service. However, regardless of participant's period of service, 100% vesting occurs upon an active participant's 65th birthday, death or total disability. Forfeitures of non-vested account balances reduce future Sponsor contributions to the Plan. Forfeitures used to reduce Sponsor contributions were \$1,790 thousand in 2025 and \$1,697 thousand in 2024. Unallocated forfeitures were not significant.

Investment fund options

Upon enrollment in the Plan, a participant may direct their contributions and Sponsor contributions to any of 26 investment options, including 9 registered investment company funds, 17 common/collective trusts and participation in the self-directed brokerage account. Participants may change their investment allocations at any time during the Plan year. Participants may also make transfers between investment fund options at any time during the Plan year. Contributions may be temporarily held as cash balances prior to the execution of the investment according to the participant's direction. The Plan offers participants the option to participate in Charles Schwab Brokerage services. This self-directed brokerage account allows participants to invest a portion of their Plan savings in a wide range of investments. These additional investments offer a spectrum of strategies and objectives beyond those available in the core investments of the Plan and may be subject to greater volatility and risk of loss.

Notes receivable from participants and in-service withdrawals

Loans and in-service withdrawals are available while the participant is still employed with the Sponsor. Eligible employees may borrow from the vested balance of his or her account upon application; however, none of the proceeds of the loan may be drawn from any portion invested in a self-directed brokerage account. Effective January 1, 2014, the Plan was amended to eliminate future residential loans. Effective January 1, 2024, the maximum number of loans that a participant may have outstanding at any time is one general purpose loan, disregarding any residential loans made before January 1, 2014. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan fund. Loans are limited to 50% of the participant's vested account balance at the time of the loan initiation with a maximum outstanding loan balance of \$50 thousand.

The participant loans are secured by the balance in the participant's account and the interest rate is a reasonable rate as selected by the Committee from time to time in an amount commensurate with the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The interest rate charged on a loan shall be fixed for the term of the loan. All loans must be repaid within five years except for loans for the initial purchase of a primary residence made prior to January 1, 2014, which have a maximum repayment period of 30 years. Interest rates range from 5.25% to 10.50% as of December 31, 2025. The loans mature monthly through 2043.

Withdrawals prior to termination, retirement, disability or death are restricted by the Internal Revenue Service. Hardship withdrawals are limited in amount under the provisions of the Plan. Sponsor match contributions made after January 1, 2008, are not available for hardship withdrawal. Once a participant reaches age 59½, they are eligible to begin taking in-service withdrawals limited to their vested contributions balance.

Distributions

On November 8, 2024, the Plan was amended effective January 1, 2025, such that if a participant's vested account balance is \$7 thousand or less at termination, the vested account balance shall be paid in a direct rollover to an individual retirement plan designated by the Plan Administrator, with or without a request or application from the participant.

On September 4, 2024, the Committee implemented various distribution-related provisions, subject to formal retroactive amendment as administratively feasible, to align the Plan with the SECURE Act and SECURE 2.0 including provisions for emergency personal expense, qualified birth or adoption, domestic abuse victim distributions, and an increased required minimum distribution age.

2. Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are presented on the accrual basis of accounting. Participant withdrawals are recorded when paid.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Notes receivable from participants

The Plan classifies participant loans as notes receivable from participants. Notes receivable from participants are segregated from Plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest.

Net appreciation (depreciation) in fair value of investments

Net appreciation (depreciation) in fair value of Plan investments represents the difference between fair value at the beginning of the year or date of purchase and the end of the applicable year and the difference between the proceeds received from the sale of investments and the fair value at the beginning of the year of such investments.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments, in general, are exposed to various risks such as interest rate, credit and overall market volatility. Market risks include disruptions due to evolving global conditions which could impact the value of investment securities, such as inflationary pressure and geopolitical unrest. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

3. Fair value measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Subtopic 820-10, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

3. Fair value measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment company funds

Registered investment company funds are valued at the daily closing price as reported by the registered investment companies. These funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. These funds held by the Plan are deemed to be actively traded.

Common/collective trusts

Common/collective trusts are valued at the NAV of units of the collective investment. The NAV, as provided by T. Rowe Price Trust Company (the Trustee), is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trusts the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-directed brokerage accounts

Brokerage accounts are valued at quoted market prices and are primarily invested in common stocks, common/collective trusts and mutual funds.

The methods described above may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables summarize the Plan's assets reported at fair value as of December 31:

	2025	
	Level 1	Total
Registered investment company funds	\$ 604,435	\$ 604,435
Common/collective trusts*	-	1,152,676
Brokerage accounts	12,276	12,276
Total investments at fair value	\$ 616,711	\$ 1,769,387

	2024	
	Level 1	Total
Registered investment company funds	\$ 529,367	\$ 529,367
Common/collective trusts*	-	997,509
Brokerage accounts	9,982	9,982
Total investments at fair value	\$ 539,349	\$ 1,536,858

*In accordance with Subtopic 820-10, certain investments that are measured using net asset value per share (or its equivalent) as a practical expedient for fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

3. Fair value measurements (continued)

The investments listed in the above tables are generally redeemed on a daily basis, except for the common/collective trusts invested in the T. Rowe Price Retirement Hybrid Trust funds, for which a 30-day advance written notice to the Trustee prior to the redemption of the trust units may be required; the notice period may be shortened or waived by the Trustee in its sole discretion. The T. Rowe Price Stable Value Common Trust Fund may be subject to a 12 or 30 months advance written notice to the Trustee prior to redemption; the notice period may be shortened or waived by the Trustee at its sole discretion. Additionally, there are no unfunded commitments.

4. Administration of Plan assets

The Plan's assets are held by and invested in funds administered by the Trustee. In addition, certain administrative functions are performed by the Trustee. Those functions include the investing of contributions and investment income as directed by the participants, payment of Plan expenses and participant withdrawals and record-keeping of the individual participant accounts.

Certain managerial and administrative services are provided by the Sponsor without charge to the Plan. All other administrative costs are paid by the Plan. Investment management fees incurred by the investment funds of the Plan are paid from the assets of the fund to which they relate.

5. Party-in-interest transactions

In addition to providing trustee services, the Trustee also manages certain Plan investments. T. Rowe Price is the Trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest. Fees paid by the Plan to the Trustee were \$481 thousand in 2025 and \$460 thousand in 2024.

6. Plan termination

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

7. Internal Revenue Service status

The Plan's latest determination letter from the Internal Revenue Service is dated December 26, 2017, and states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code, including Section 401(k). Under Section 401(k), participant contributions to the Plan may reduce their current taxable earnings for federal and most state income tax purposes. Taxation may be deferred until such time as a participant's account balance is withdrawn from the Plan.

The Plan has been amended since receiving the determination letter. The Plan administrator believes the Plan, as modified, continues to be in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan administrator believes the Plan and related trust are not subject to tax under present tax law.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Reconciliation of financial statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31 to the Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	\$ 1,798,569	\$ 1,560,407
Participant deemed distributed notes receivable	(267)	(252)
Net assets available for benefits per the Form 5500	\$ 1,798,302	\$ 1,560,155

The following is a reconciliation of the net increase (decrease) in net assets available for benefits per the financial statements for the year ended December 31 to the Form 5500:

	2025	2024
Net increase (decrease) in net assets available for benefits per the financial statements	\$ 238,162	\$ 172,751
Participant deemed distributed notes receivable	(15)	(13)
Net income (loss) per the Form 5500	\$ 238,147	\$ 172,738

9. Information certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, T. Rowe Price Trust Company has certified that the following data included in the accompanying financial statements and schedule of assets (held at end of year) is complete and accurate:

- Investments, at fair value, as shown in the statements of net assets available for benefits and in the supplemental schedule of assets (held at end of year)
- Notes receivable from participants, as shown in the statements of net assets available for benefits and in the supplemental schedule of assets (held at end of year)
- Dividend income, other income and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits
- Net appreciation (depreciation) in fair value of investments, as shown in the statements of changes in net assets available for benefits
- Investment value information included in Note 3 (excluding fair value leveling determinations)

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information provided by the Trustee to the related information included in the accompanying financial statements and schedule of assets (held at end of year).

10. Subsequent event

Subsequent events have been evaluated through June 25, 2026, the date the financial statements were available to be issued.
