INDEPENDENT AUDITOR'S REPORT

June 24, 2026

To the Participants and VEBA Committee of the
National Fuel Gas Supply Corporation & Penn-York Energy Corporation Voluntary Employees' Beneficiary Association for Non-Collectively Bargained Employees:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of the National Fuel Gas Supply Corporation & Penn-York Energy Corporation Voluntary Employees' Beneficiary Association for Non-Collectively Bargained Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits and of plan's benefit obligations as of September 30, 2025 and 2024, and the related statements of changes in net assets available for benefits and of changes in plan's benefit obligations for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended September 30, 2025 and 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of September 30, 2025 and of reportable transactions for the year ended September 30, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITOR'S REPORT

Other Matter - Supplemental Schedules Required by ERISA (Continued)
In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VOLUNTARY EMPLOYEES' BENEFICIARY ASSOCIATION
FOR NON-COLLECTIVELY BARGAINED EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the National Fuel Gas Supply Corporation and Penn-York Energy Corporation Voluntary Employees' Beneficiary Association for Non-Collectively Bargained Employees (the Plan) is provided for general information purposes, and is qualified in its entirety by reference to the Plan document.

General:

The Plan provides post-retirement benefits for retired non-collectively bargained employees of National Fuel Gas Supply Corporation (Supply) and Penn-York Energy Corporation (Penn-York) who are eligible under the Plan. The Plan was adopted in 1993, effective as of October 1, 1992, and was amended effective September 1, 2011 to clarify the terms of eligibility, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Effective July 1, 1994, Penn-York was merged into Supply.

The administrator of the Plan is National Fuel Gas Company (Company), whose duties as plan administrator are exercised by the VEBA Committee appointed by the Board of Directors of the Company, Supply's parent. The assets of the Plan are held by JP Morgan Chase Bank, N.A. (Trustee).

Benefits:

The Plan provides post-retirement health (medical, hospitalization, and prescription drug) and life insurance benefits to certain retired non-collectively bargained employees of Supply and Penn-York who were hired before January 1, 2003 and have completed a required number of years of service (as set forth in the Plan document) upon retirement. The Plan also provides health benefits to eligible non-collectively bargained employees of Supply and Penn-York, who were hired before January 1, 2003, and have completed at least ten years of active service and become permanently disabled on or after the attainment of age 50. The Plan also provides health benefits to eligible dependents, as applicable. Life insurance benefits are provided under a group contract with Metropolitan Life Insurance Company. Health benefits are provided either under group contracts with various insurance carriers or paid on a per-claim basis by the Plan. The retirees discussed above are hereinafter referred to as participants.

Funding Policy:

The Internal Revenue Code allows tax-deductible contributions for qualified direct costs as well as additions to the qualified asset accounts for post-retirement health and life benefits for covered employees. The Company utilizes internal information, information provided by the Plan’s actuary, and estimates of the level of tax-deductible contributions to determine the appropriate level of funding. In addition, the Plan's participants make co-payments to the Plan as determined by the Company. These co-payments represent the participant’s cost share of the current benefits provided.

Other:

The Company has the right at any time to modify any or all provisions of the Plan. In addition, although it has not expressed any intention to do so, the Company has the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination, the assets of the Plan will either be (1) distributed to the participants of the Plan or their beneficiaries; or (2) after the satisfaction of all liabilities to existing participants or their beneficiaries, be applied to the provision of other benefits as permitted by the Plan documents.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenue and expenses during the reporting period. Actual results could differ from those estimates. The Plan's investments consist of investments in common/collective trust funds and registered investment companies. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. See Note 9 for a discussion of fair value measurements.

Investment Valuation and Income Recognition:

The Plan presents in the Statements of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date.

Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Payment of Benefits:

Benefits (other than incurred but not reported claims) are recorded when paid. Claims incurred by participants but not recorded are discussed below in "Other Plan Benefits."

Administrative Expenses:

All administrative expenses, including accounting, legal, actuarial, and other expenses, are paid by the Plan.

Income Taxes:

The Plan uses the asset and liability method to account for unrelated business income taxes (UBIT). This method requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the carrying amounts and the tax basis of assets and liabilities. A valuation allowance is provided on deferred tax assets if it is determined that it is more likely than not that the asset will not be realized. The Plan reports a liability or reduction of deferred tax assets for unrecognized tax benefits resulting from uncertain tax positions taken or expected to be taken in a tax return.

Regulations have been issued by the United States Treasury Department and the IRS (TD 9886) clarifying that VEBAs cannot exclude income spent before the end of the year on benefit payments. This provision was effective for the tax year beginning October 1, 2020.

Other Plan Benefits:

Plan obligations at September 30 for claims incurred by participants but not reported at that date are estimated by the Company. Such estimated amounts are based on claims incurred but not reported calculations provided by the Company's health care consultant at various times throughout the Plan year. Claims incurred but not reported at year-end are included in the Plan's benefit obligation.

401(h) Account:

Effective July 1, 2001, the National Fuel Gas Company Retirement Plan was amended to include a medical-benefit component in addition to normal retirement benefits to fund a portion of the post-retirement obligations for retirees and their beneficiaries in accordance with Section 401(h) of the Internal Revenue Code (IRC). A separate account has been established and maintained in the National Fuel Gas Company Retirement Plan for such contributions. In accordance with IRC Section 401(h), the Plan's investments in the 401(h) account may not be used for, or diverted to, any purpose other than providing health benefits for retirees and their beneficiaries. The related obligations for health benefits are not included in the National Fuel Gas Company Retirement Plan obligations in the statement of accumulated plan benefits but are reported as obligations in the financial statements of the National Fuel Gas Supply Corporation and Penn-York Energy Corporation Voluntary Employees' Beneficiary Association for Non-Collectively Bargained Employees.

Reclassifications:

Certain amounts in the prior year financial statements have been reclassified to conform to the current year presentation. These reclassifications had no effect on net assets available for benefits or changes in net assets available for benefits.

NOTE 3 – POST-RETIREMENT BENEFIT OBLIGATIONS

The Post-retirement Benefit Obligations represents the actuarial present value of those estimated future benefits that are attributed to employee service rendered through September 30, 2025 and 2024, respectively. Post-retirement benefits include future benefits expected to be paid to or for (1) currently retired employees and (2) active employees after retirement from service. Prior to an active employee's eligibility date, the Post-retirement Benefit Obligation is the portion of the expected Post-retirement Benefit Obligation that is attributed to that employee's service rendered to the valuation date.

The actuarial present value of the expected Post-retirement Benefit Obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment, and to reflect the portion of those costs expected to be borne by Medicare, the retired participants, and other providers. In December 2003, the Medicare Prescription Drug, Improvement and Modernization Act of 2003 (the Act) was enacted into law for employers that sponsor post-retirement health care plans that provide prescription drug benefits. The Act introduces a prescription drug benefit under Medicare (Medicare Part D) as well as a federal subsidy to sponsors of retiree health care benefit plans that provide a benefit that is at least actuarially equivalent to Medicare Part D. The Post-retirement Benefit Obligation and the changes in the benefit obligation do not reflect any assumed prescription drug subsidies (such subsidies are assumed to be paid to Supply, not the Plan). Participants contribute to health care cost based on various factors including retirement date.

The weighted average assumed discount rate used in determining the Post-retirement Benefit Obligation at September 30, 2025 and 2024 was 5.30% and 4.98%, respectively. The effect of the discount rate change in 2025 was to decrease the Post-retirement Obligation by $1,398,384. The effect of the discount rate change in 2024 was to increase the Post-retirement Benefit Obligation by $3,979,135.

The annual rate of increase in the per capita cost of covered medical care benefits was assumed to be 7.25% for Pre age 65 participants, and 5.75% for Post age 65 participants in 2025 (6.25% for Pre age 65 participants, and 5.75% for Post age 65 participants in 2024). The annual rate of increase in the per capita cost of covered prescription drug benefits was assumed to be 11.75% and 10.25% for 2025 and 2024, respectively. The annual rate increase in the per capita Medicare Part B Reimbursement was assumed to be 5.75% for 2025 and 2024. The annual rate of increase in the retiree drug subsidy was assumed to be 4.00% for 2025 and 2024. For 2025 , the annual rate increases per capita cost of covered medical care benefits for both Pre and Post age 65 participants, covered prescription drug benefits, Medicare Part B Reimbursement and retiree drug subsidy were assumed to decrease gradually to 4.00% by the year 2050 and remain at that level thereafter. For 2024, the annual rate increases per capita cost of covered medical care benefits for both Pre and Post age 65 participants, covered prescription drug benefits, Medicare Part B Reimbursement and retiree drug subsidy were assumed to decrease gradually to 4.00% by the year 2049 and remain at that level thereafter.

The health care cost trend rate assumptions used to calculate the per capita cost of covered medical care benefits have a significant effect on the amount reported. Effective September 30, 2025 and 2024, the health cost trend rates were updated, which increased the Post-retirement Benefit Obligation by $2,474,532 and $2,838,212, respectively. If the health care cost trend rates were increased by 1% in each year, the Post-retirement Benefit Obligation as of October 1, 2025 and 2024 would be increased by $4,026,961 and $4,128,775, respectively. If the health care cost trend rates were decreased by 1% in each year, the Post-retirement Benefit Obligation as of October 1, 2025 and 2024 would be decreased by $3,482,038 and $3,554,036, respectively.

In addition, effective September 30, 2025, the mortality improvement projection scale was updated from the actuary's proprietary Scale MSS-2024 to the actuary's proprietary Scale MSS-2025 (Pri-2012 mortality table). The effect of this change was to decrease the Post-retirement Benefit Obligation by $35,862. Effective September 30, 2024, the mortality improvement projection scale was updated from the actuary's proprietary Scale MSS-2023 to the actuary's proprietary Scale MSS-2024 (Pri-2012 mortality table). The effect of this change was to decrease the Post-retirement Benefit Obligation by $5,551.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable to determining the actuarial present value of the Post-retirement Benefit Obligation.

At September 30, 2025 and 2024, the net assets of the VEBA exceeded the benefit obligations.

NOTE 4 - INCOME TAXES

The Company has received a determination letter from the Internal Revenue Service dated June 10, 2005, which states that the Plan constitutes a voluntary employees' beneficiary association under Internal Revenue Code Section 501(c)(9) and is exempt from income tax under Section 501(a). However, the Plan has been amended since receiving the determination letter. The Plan's investment income may be subject to unrelated business income tax under certain circumstances (see Note 2).

The provision expense for unrelated business income taxes for the years ended September 30, 2025 and 2024, consists of the following:

	2025	2024
Deferred tax expense	$ 128,425	$ 521,542
Current tax expense	222,214	318,003
Total tax expense	$ 350,639	$ 839,545

Deferred income taxes result principally from temporary differences between the accounting and tax basis of investments.

NOTE 5 - FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE

The following information as contained in the Statements of Net Assets Available for Benefits as of September 30, 2025 and 2024, and the Statements of Changes in Net Assets Available for the years then ended, has been furnished by the Plan Administrator, and was certified or derived from information certified by the Plan Trustee as complete and accurate: historical cost and market value of the Plan's investments, interest and dividends receivable (excluding interest related to tax refunds), interest and dividend income and net appreciation (depreciation) in fair value of investments. In addition, these various items which are also included in the Net Assets Held in the National Fuel Gas Company Retirement Plan Restricted for 401(h) account and the net increase in 401(h) account as of September 30, 2025 and 2024 and for the years then ended, were also certified or derived from information certified by the Plan Trustee as complete and accurate. In addition, the financial data contained in Appendix A and Appendix B as of and for the year ended September 30, 2025 was also certified or derived from information certified by the Plan Trustee as complete and accurate.

NOTE 6 - PARTIES-IN-INTEREST

The Plan invests in the JP Morgan US Government Capital Shares Money Market Fund managed by an affiliate of the Trustee. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Investment income from parties-in-interest was immaterial for the years ended September 30, 2025 and 2024. The Plan had additional exempt party-in-interest transactions with the Plan Trustee for certain administrative expenses of the Plan that were later reimbursed by the Plan.

NOTE 7 - 401(h) ACCOUNT

A portion of the Plan's obligations are funded through contributions to the National Fuel Gas Company Retirement Plan in accordance with Internal Revenue Code Section 401(h). The following table presents the components of the net assets available for such obligations as of September 30, 2025 and 2024 and the related changes in net assets available for the years then ended.

NOTE 9 - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board (FASB) authoritative guidance regarding fair value measurements establishes a fair value hierarchy and prioritizes the inputs used in valuation techniques that measure fair value. Those inputs are prioritized into three levels. Level 1 inputs are unadjusted quoted prices in active markets for assets or liabilities that the Plan has the ability to access at the measurement date. Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly at the measurement date. Level 3 inputs are unobservable inputs for the asset or liability at the measurement date.

The following tables set forth, by level within the fair value hierarchy, the Plan's financial assets that were accounted for at fair value on a recurring basis as of September 30, 2025 and 2024. Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The assets of the Plan have no significant concentrations of risk in any one country (other than the United States of America), industry or entity.

(1) Reflects authoritative guidance related to investments measured at the net asset value (NAV) practical expedient.

VEBA Investments:

Common/Collective Trust Funds: The common/collective trust funds are carried at the net asset value of funds. The net asset values of the global equities funds are determined by the issuer based on the fair value of underlying investments (predominantly investments for which quoted market prices are available such as publicly traded stocks and exchange traded funds) as of the last reported sale prices. The net asset values of the fixed income funds are determined by the issuer based on the fair value of underlying investments (primarily US treasuries, corporate bonds, collateralized mortgage obligations/mortgage backed securities, and asset backed securities whose values are largely based on publicly observable inputs). The time required for redemption varies by investment, but does not contractually exceed 90 days (however redemptions could most likely be executed in less than 30 days), and there are no unfunded commitments.

Registered Investment Companies: The fair value of the investments in registered investment companies classified as Level 1 is based on the unadjusted quoted price (in active markets) for the mutual funds and a money market fund.

401(h) Account Investments (see Note 7):

Equities: Level 1 equities consist of individual publicly traded stocks (mostly common). These are valued using quoted market values as of the end of the year. In addition, there are equity investments in collective trusts. The collective trusts are carried at the net asset value of funds. The net asset values of the funds are determined by the issuer based on the fair value of underlying investments (predominantly investments for which quoted market prices are available such as publicly traded stocks and exchange traded funds) as of the last reported sale prices. The time required for redemption varies by investment, but does not contractually exceed 90 days (however redemptions could most likely be executed in less than 30 days), and there are no unfunded commitments. The 401(h) account did not have any Level 2 or 3 equities at September 30, 2025 or September 30, 2024.

Fixed Income: Level 1 fixed income securities consist of exchange-traded bond funds valued using quoted market values as of the end of the year. Level 2 fixed income securities consist primarily of corporate bonds, collateralized mortgage obligations / mortgage backed securities, guaranteed investment contracts and asset backed securities. In addition, there are fixed income investments held in collective trusts, which are carried at the net asset value of funds. The net asset values of the funds are determined by the issuer based on the fair value of underlying investments (predominantly investments for which quoted market prices are available such as publicly traded corporate/government bond/notes and exchange traded funds) as of the last reported sale prices. The time required for redemption varies by investment, but does not contractually exceed 90 days (however redemptions could most likely be executed in less than 30 days), and there are no unfunded commitments. The 401(h) account did not have any Level 3 fixed income securities at September 30, 2025 or September 30, 2024.

Real Estate: There are real estate investments held in a collective trust funds, which are carried at the net asset value of funds. The net asset values of the funds are determined by the issuer based on the fair value of underlying investments as determined by independent appraisal firms. The time required for redemption varies by investment and there are no unfunded commitments.

Registered Investment Companies: The fair value of the investments in registered investment companies classified as Level 1 is based on the unadjusted quoted price (in active markets) for the exchange traded funds, which invested in money markets.

The equity collective trusts mentioned above include actively and passively managed portfolios. The fixed income collective trusts mentioned above are actively managed portfolios. The real estate collective trusts mentioned above are actively managed portfolios. Risks are diversified across various market sectors, market capitalization, and countries (in the case of international trusts) in order to seek growth (equity collective trusts), stable return without limiting upside growth (fixed income), and a high level of current income with moderate appreciation potential (real estate).

Management of the Company meet, at a minimum, every quarter, to review the performance of VEBA investments and National Fuel Gas Company Retirement Plan investments (which include the 401(h) account).

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at September 30, 2025 and 2024.

NOTE 10 - SUBSEQUENT EVENTS

In accordance with the authoritative guidance concerning subsequent events, the Plan has evaluated subsequent events through June 24, 2026, which represents the report date of these financial statements, in order to ensure that these financial statements include appropriate disclosure of events both recognized in the financial statements as of September 30, 2025 and events which occurred subsequent to September 30, 2025 but were not recognized in the financial statements. There were no subsequent events requiring recognition or disclosure.
