Report of Independent Auditors

The Administrative Committee
Transocean U.S. Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Transocean U.S. Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of

Shape the future
with confidence

internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TRANSOCEAN U.S. SAVINGS PLAN NOTES TO FINANCIAL STATEMENTS

NOTE 1—PLAN DESCRIPTION

General—Transocean U.S. Savings Plan (the “Plan”) is a defined contribution plan that was established on June 25, 1993. The following description of the Plan provides only general information. For a more complete description of the Plan's provisions, refer to the plan document and related trust agreement (the “Plan documents”).

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), and employee participation in the Plan is voluntary. The Plan sponsor is Transocean International Limited (the “Sponsor”, “we”, “us” or “our”). The Sponsor's board of directors appoints the members of both the Administrative Committee, which administers the Plan, and the Investment Committee, which oversees the Plan investments. The Plan trustee, Fidelity Management Trust Company (the “Trustee”) holds the Plan assets. The Investment Committee periodically reviews the Plan's investment options and may from time to time make changes to those options based on performance or other relevant considerations.

Eligibility—All employees of participating employers (each, an “Employer”), as defined in the Plan documents, who are employed in an eligible job category, are citizens or permanent residents of the United States (“U.S.”) and are not under a collective bargaining agreement or internship program, are eligible to participate in the Plan. Non-U.S. citizens, other than U.S. permanent residents, that are working in the U.S. and subject to U.S. taxes are also eligible to participate in the Plan if they are employed in an eligible job category.

Employee contributions—Plan participants may elect to make contributions, up to a maximum of 50 percent of eligible earnings per pay period, with (a) before-tax dollars (“Before-Tax Contributions”), pursuant to Section 401(k) of the Internal Revenue Code (the “Code”), (b) after-tax dollars (“Roth Contributions”) or (c) traditional after-tax dollars, other than Roth Contributions. Participants may make rollover contributions from other qualified plans. Participants may invest any contributions in any of the investment options available under the Plan. Newly eligible employees who fail to actively elect or decline participation in the Plan are automatically enrolled, effective 60 days after their date of hire, rehire, or transfer, at a default contribution rate of three percent on a before-tax basis and such contributions will be invested in the default investment option, as defined in the Plan documents.

Effective January 1, 2024, participants may elect to convert all or a portion of their Before-Tax Contributions, traditional after-tax contributions and Employer matching contributions to Roth Contributions through an In-Plan Roth Conversion option.

Catch-Up Contributions—Participants who are 50 years old or older at any time during the year may make additional contributions into the Plan (“Catch-Up Contributions”). Effective January 1, 2025, the Code amended the Catch-Up Contribution limit based on the participant's age during a calendar year as follows: (a) for participants aged 50 to 59, the limit is \$7,500, (b) for participants aged 60 to 63, the limit is \$11,250, and (c) for participants aged 64 and older, the limit is \$7,500. If the contributions exceed the Code's limit for a year, the participant can request a refund from the Plan no later than February 15 of the following year.

Employer matching contributions—For the years ended December 31, 2025 and 2024, Employer matching contributions for each participant were equal to 200 percent of the first five percent of eligible earnings contributed by the participant to the Plan, determined on a pay period by pay period basis. All active participants are 100 percent vested in their Employer matching contributions. Diversification of participating Employer matching contributions is permitted, and participants may direct participating Employer matching contributions into any active investment fund offered by the Plan and transfer participating Employer matching account balances between all investment funds on a daily basis. The participating Employers may, at their sole discretion, make an additional discretionary matching contribution of a percentage to be determined by the Administrative Committee based on the first four percent of compensation contributed to the Plan. For the years ended December 31, 2025 and 2024, no discretionary matching contributions were made to the Plan.

Withdrawals—Participants may not withdraw contributions and earnings thereon until the earliest of (a) termination of employment, (b) in the event of financial hardship, or (c) attainment of age 59½. Participants may take unlimited distributions from their accounts after reaching the age of 59½. Participants that have not taken earlier at least the required minimum distributions must begin taking at least the required minimum distributions in the later of (a) the year of retirement if the participant has reached the age of eligible retirement, (b) the year in which the participant reaches the age 73 if such age is reached before January 1, 2033, or (c) the year in which the participant reaches age 75 if the participant has not reached the age 73 before January 1, 2033.

Effective January 1, 2024, upon termination of employment from an Employer, participants will receive their contributed and vested balances as follows: (a) for balances exceeding \$7,000, the participant may elect to request a lump-sum distribution or defer distribution to a later date, (b) for balances exceeding \$1,000 up to \$7,000, the participant balance will automatically be rolled into an individual retirement account chosen by the Plan administrator, and (c) for balances of \$1,000 or less, the participant will receive an automatic lump-sum distribution.

Participant loans—Participants may borrow from their account the lesser of 50 percent of their vested account balance or \$50,000, with a minimum loan amount of \$1,000. Participants may have two loans outstanding at any one time as follows: (1) a “general loan,” which may be used for any purpose and is to be repaid over five years or less, and (2) a “home loan,” which may only be used to purchase a primary residence and is required to be repaid in equal amounts over 15 years or less. The applicable interest rate is fixed for the term of the loan based on the prime rate in effect during the quarter in which the loan is made plus one percent. Principal and interest are paid ratably to the participant's account through payroll deductions. There is a one-time loan origination fee of \$35 per loan and an

TRANSOCEAN U.S. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS—continued

annual maintenance fee of \$15 per loan for each calendar year the loan is outstanding. These fees are deducted from the participant's account. Outstanding loan amounts are due if employment is terminated.

Plan termination—Although the Sponsor has not expressed intent to do so, the Plan may be amended or discontinued at any time subject to the provisions of ERISA. In the event the Plan is terminated, the full amount credited to each participant's account will be payable as soon as practicable following such termination.

NOTE 2—SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting—We prepared the financial statements in accordance with accounting principles generally accepted in the U.S. using the accrual method of accounting. Accordingly, we recognize interest income as it is earned and dividend income as of the ex-dividend date. We record purchases and sales of securities on a trade-date basis. We recognize benefit payments when paid, and we recognize gains or losses on sales of securities based on the average cost of securities.

To prepare financial statements in accordance with accounting principles generally accepted in the U.S., we must make judgments by applying estimates and assumptions that affect the amounts reported in the financial statements, accompanying notes and supplemental schedule. We base our estimates and assumptions on historical experience and other factors that we believe are reasonable. Actual results could differ from such estimates.

Fair value measurement—We estimate fair value at an exchange price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants. Our valuation techniques require inputs that we categorize using a three-level hierarchy, from highest to lowest level of observable inputs, as follows: (1) significant observable inputs, including unadjusted quoted prices for identical assets or liabilities in active markets ("Level 1"), (2) significant other observable inputs, including direct or indirect market data for similar assets or liabilities in active markets or identical assets or liabilities in less active markets ("Level 2") and (3) significant unobservable inputs, including those that require considerable judgment for which there is little or no market data ("Level 3"). When a valuation requires multiple input levels, we categorize the entire fair value measurement according to the lowest level of input that is significant to the measurement even though we may have also utilized significant inputs that are more readily observable.

Administrative expenses—Except for participant loan and withdrawal processing fees, the Sponsor has paid all administrative expenses of the Plan, including legal, accounting and trustee fees.

Risks and uncertainties—The Plan provides for various investments in mutual funds, common stock and common / collective trust funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that the values of investment securities will change in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

Party-in-interest transactions—Transactions completed by the Trustee, in its role of managing certain investments of the Plan and providing certain accounting services to the Plan, qualify as party-in-interest transactions and are exempt from the prohibited transaction rules under ERISA.

Subsequent events—We have evaluated subsequent events through June 22, 2026, the date our financial statements were available to be issued.

NOTE 3—INVESTMENT INFORMATION

All investment information disclosed in the accompanying financial statements, notes and supplemental schedule, including investments held and notes receivable from participants at December 31, 2025 and 2024, and investment income and net appreciation in fair value of the investments for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee.

NOTE 4—FAIR VALUE MEASUREMENTS

Overview—The Plan's assets, measured at estimated fair value, were categorized as follows (in thousands):

	Total assets as of December 31, 2025				Total assets as of December 31, 2024			
	Level 1	Level 2	Level 3	Total	Level 1	Level 2	Level 3	Total
Investments measured at fair value								
Mutual funds	\$ 65,958	\$ —	\$ —	\$ 65,958	\$ 78,664	\$ —	\$ —	\$ 78,664
Participant-directed brokerage accounts	41,902	—	—	41,902	39,399	—	—	39,399
	<u>\$ 107,860</u>	<u>\$ —</u>	<u>\$ —</u>	<u>107,860</u>	<u>\$ 118,063</u>	<u>\$ —</u>	<u>\$ —</u>	<u>118,063</u>
Investments measured at net asset value								
Common / collective trust funds								
Target-date retirement funds				487,031				420,385
Stable value fund				35,358				37,922
Other funds				300,546				250,902
Total assets				<u>\$ 930,795</u>				<u>\$ 827,272</u>

The estimated fair value measurements presented above may not be indicative of net realizable value or reflective of future fair value. Although the Plan believes the valuation methods were appropriate and consistent with other market participants, the use of alternative methodologies or assumptions to estimate the fair values of certain financial instruments could result in different fair value measurements at the reporting date.

Mutual funds—We estimate fair value of shares of mutual funds, which are registered securities, at quoted market prices, representing the net asset value of shares held by the Plan at year end.

Participant-directed brokerage accounts—We estimate fair value of shares of mutual funds in the participant-directed brokerage accounts at quoted market prices reported in the active market in which the securities are traded.

Common / collective trust funds—We estimate fair value of units of common / collective trust funds at net asset value, as provided by the issuer of the funds, as a practical expedient which is based on the estimated fair value of the underlying investments held by the funds less liabilities.

The target-date retirement funds include well diversified portfolios of common / collective trust funds, for which the allocation of the underlying investments is designed to transition from a more aggressive investment strategy to a more conservative strategy through the projected, or target, retirement date and thereafter. The target-date retirement funds have no redemption restrictions.

The stable value fund is the Fidelity Managed Income Portfolio, which is designed to accumulate earnings and preserve principal and primarily invests in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund.

The other funds include (a) Spartan 500 Index Pool Class C, which primarily invests in common stocks included in the S&P 500 index, (b) T. Rowe Price Large-Cap Growth Trust B, which primarily invests in common stocks of well-established growth companies, (c) Spartan International Index Pool Class C, which primarily invests in stock of non-U.S. companies represented by the MSCI Europe Australia and Far East Index, an index designed to measure the equity performance of developed markets countries around the world, (d) Diamond Hill Large Cap Val R2, which primarily invests in common stocks of large-cap companies, (e) MFS International Equity Fund Class 3B, which provides diversification within non-U.S. markets by relying on individual stock selection consisting of high quality and valued companies identified through a global research platform and (f) PIMCO Inflation Response Multi-Asset Collective Trust Class I, which primarily invests in a diversified portfolio of stocks and bonds. The other funds have no redemption restrictions.

NOTE 5—INCOME TAX STATUS

The Plan received a determination letter, dated December 2, 2013, from the Internal Revenue Service (the "IRS") stating the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in accordance with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan, as amended and restated, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the U.S. require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Report of Independent Auditors

The Administrative Committee
Transocean U.S. Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Transocean U.S. Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of

Shape the future
with confidence

internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TRANSOCEAN U.S. SAVINGS PLAN NOTES TO FINANCIAL STATEMENTS

NOTE 1—PLAN DESCRIPTION

General—Transocean U.S. Savings Plan (the “Plan”) is a defined contribution plan that was established on June 25, 1993. The following description of the Plan provides only general information. For a more complete description of the Plan's provisions, refer to the plan document and related trust agreement (the “Plan documents”).

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), and employee participation in the Plan is voluntary. The Plan sponsor is Transocean International Limited (the “Sponsor”, “we”, “us” or “our”). The Sponsor's board of directors appoints the members of both the Administrative Committee, which administers the Plan, and the Investment Committee, which oversees the Plan investments. The Plan trustee, Fidelity Management Trust Company (the “Trustee”) holds the Plan assets. The Investment Committee periodically reviews the Plan's investment options and may from time to time make changes to those options based on performance or other relevant considerations.

Eligibility—All employees of participating employers (each, an “Employer”), as defined in the Plan documents, who are employed in an eligible job category, are citizens or permanent residents of the United States (“U.S.”) and are not under a collective bargaining agreement or internship program, are eligible to participate in the Plan. Non-U.S. citizens, other than U.S. permanent residents, that are working in the U.S. and subject to U.S. taxes are also eligible to participate in the Plan if they are employed in an eligible job category.

Employee contributions—Plan participants may elect to make contributions, up to a maximum of 50 percent of eligible earnings per pay period, with (a) before-tax dollars (“Before-Tax Contributions”), pursuant to Section 401(k) of the Internal Revenue Code (the “Code”), (b) after-tax dollars (“Roth Contributions”) or (c) traditional after-tax dollars, other than Roth Contributions. Participants may make rollover contributions from other qualified plans. Participants may invest any contributions in any of the investment options available under the Plan. Newly eligible employees who fail to actively elect or decline participation in the Plan are automatically enrolled, effective 60 days after their date of hire, rehire, or transfer, at a default contribution rate of three percent on a before-tax basis and such contributions will be invested in the default investment option, as defined in the Plan documents.

Effective January 1, 2024, participants may elect to convert all or a portion of their Before-Tax Contributions, traditional after-tax contributions and Employer matching contributions to Roth Contributions through an In-Plan Roth Conversion option.

Catch-Up Contributions—Participants who are 50 years old or older at any time during the year may make additional contributions into the Plan (“Catch-Up Contributions”). Effective January 1, 2025, the Code amended the Catch-Up Contribution limit based on the participant's age during a calendar year as follows: (a) for participants aged 50 to 59, the limit is \$7,500, (b) for participants aged 60 to 63, the limit is \$11,250, and (c) for participants aged 64 and older, the limit is \$7,500. If the contributions exceed the Code's limit for a year, the participant can request a refund from the Plan no later than February 15 of the following year.

Employer matching contributions—For the years ended December 31, 2025 and 2024, Employer matching contributions for each participant were equal to 200 percent of the first five percent of eligible earnings contributed by the participant to the Plan, determined on a pay period by pay period basis. All active participants are 100 percent vested in their Employer matching contributions. Diversification of participating Employer matching contributions is permitted, and participants may direct participating Employer matching contributions into any active investment fund offered by the Plan and transfer participating Employer matching account balances between all investment funds on a daily basis. The participating Employers may, at their sole discretion, make an additional discretionary matching contribution of a percentage to be determined by the Administrative Committee based on the first four percent of compensation contributed to the Plan. For the years ended December 31, 2025 and 2024, no discretionary matching contributions were made to the Plan.

Withdrawals—Participants may not withdraw contributions and earnings thereon until the earliest of (a) termination of employment, (b) in the event of financial hardship, or (c) attainment of age 59½. Participants may take unlimited distributions from their accounts after reaching the age of 59½. Participants that have not taken earlier at least the required minimum distributions must begin taking at least the required minimum distributions in the later of (a) the year of retirement if the participant has reached the age of eligible retirement, (b) the year in which the participant reaches the age 73 if such age is reached before January 1, 2033, or (c) the year in which the participant reaches age 75 if the participant has not reached the age 73 before January 1, 2033.

Effective January 1, 2024, upon termination of employment from an Employer, participants will receive their contributed and vested balances as follows: (a) for balances exceeding \$7,000, the participant may elect to request a lump-sum distribution or defer distribution to a later date, (b) for balances exceeding \$1,000 up to \$7,000, the participant balance will automatically be rolled into an individual retirement account chosen by the Plan administrator, and (c) for balances of \$1,000 or less, the participant will receive an automatic lump-sum distribution.

Participant loans—Participants may borrow from their account the lesser of 50 percent of their vested account balance or \$50,000, with a minimum loan amount of \$1,000. Participants may have two loans outstanding at any one time as follows: (1) a “general loan,” which may be used for any purpose and is to be repaid over five years or less, and (2) a “home loan,” which may only be used to purchase a primary residence and is required to be repaid in equal amounts over 15 years or less. The applicable interest rate is fixed for the term of the loan based on the prime rate in effect during the quarter in which the loan is made plus one percent. Principal and interest are paid ratably to the participant's account through payroll deductions. There is a one-time loan origination fee of \$35 per loan and an

TRANSOCEAN U.S. SAVINGS PLAN NOTES TO FINANCIAL STATEMENTS—continued

annual maintenance fee of \$15 per loan for each calendar year the loan is outstanding. These fees are deducted from the participant's account. Outstanding loan amounts are due if employment is terminated.

Plan termination—Although the Sponsor has not expressed intent to do so, the Plan may be amended or discontinued at any time subject to the provisions of ERISA. In the event the Plan is terminated, the full amount credited to each participant's account will be payable as soon as practicable following such termination.

NOTE 2—SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting—We prepared the financial statements in accordance with accounting principles generally accepted in the U.S. using the accrual method of accounting. Accordingly, we recognize interest income as it is earned and dividend income as of the ex-dividend date. We record purchases and sales of securities on a trade-date basis. We recognize benefit payments when paid, and we recognize gains or losses on sales of securities based on the average cost of securities.

To prepare financial statements in accordance with accounting principles generally accepted in the U.S., we must make judgments by applying estimates and assumptions that affect the amounts reported in the financial statements, accompanying notes and supplemental schedule. We base our estimates and assumptions on historical experience and other factors that we believe are reasonable. Actual results could differ from such estimates.

Fair value measurement—We estimate fair value at an exchange price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants. Our valuation techniques require inputs that we categorize using a three-level hierarchy, from highest to lowest level of observable inputs, as follows: (1) significant observable inputs, including unadjusted quoted prices for identical assets or liabilities in active markets ("Level 1"), (2) significant other observable inputs, including direct or indirect market data for similar assets or liabilities in active markets or identical assets or liabilities in less active markets ("Level 2") and (3) significant unobservable inputs, including those that require considerable judgment for which there is little or no market data ("Level 3"). When a valuation requires multiple input levels, we categorize the entire fair value measurement according to the lowest level of input that is significant to the measurement even though we may have also utilized significant inputs that are more readily observable.

Administrative expenses—Except for participant loan and withdrawal processing fees, the Sponsor has paid all administrative expenses of the Plan, including legal, accounting and trustee fees.

Risks and uncertainties—The Plan provides for various investments in mutual funds, common stock and common / collective trust funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that the values of investment securities will change in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

Party-in-interest transactions—Transactions completed by the Trustee, in its role of managing certain investments of the Plan and providing certain accounting services to the Plan, qualify as party-in-interest transactions and are exempt from the prohibited transaction rules under ERISA.

Subsequent events—We have evaluated subsequent events through June 22, 2026, the date our financial statements were available to be issued.

NOTE 3—INVESTMENT INFORMATION

All investment information disclosed in the accompanying financial statements, notes and supplemental schedule, including investments held and notes receivable from participants at December 31, 2025 and 2024, and investment income and net appreciation in fair value of the investments for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee.

NOTE 4—FAIR VALUE MEASUREMENTS

Overview—The Plan's assets, measured at estimated fair value, were categorized as follows (in thousands):

	Total assets as of December 31, 2025				Total assets as of December 31, 2024			
	Level 1	Level 2	Level 3	Total	Level 1	Level 2	Level 3	Total
Investments measured at fair value								
Mutual funds	\$ 65,958	\$ —	\$ —	\$ 65,958	\$ 78,664	\$ —	\$ —	\$ 78,664
Participant-directed brokerage accounts	41,902	—	—	41,902	39,399	—	—	39,399
	<u>\$ 107,860</u>	<u>\$ —</u>	<u>\$ —</u>	<u>107,860</u>	<u>\$ 118,063</u>	<u>\$ —</u>	<u>\$ —</u>	<u>118,063</u>
Investments measured at net asset value								
Common / collective trust funds								
Target-date retirement funds				487,031				420,385
Stable value fund				35,358				37,922
Other funds				300,546				250,902
Total assets				<u>\$ 930,795</u>				<u>\$ 827,272</u>

The estimated fair value measurements presented above may not be indicative of net realizable value or reflective of future fair value. Although the Plan believes the valuation methods were appropriate and consistent with other market participants, the use of alternative methodologies or assumptions to estimate the fair values of certain financial instruments could result in different fair value measurements at the reporting date.

Mutual funds—We estimate fair value of shares of mutual funds, which are registered securities, at quoted market prices, representing the net asset value of shares held by the Plan at year end.

Participant-directed brokerage accounts—We estimate fair value of shares of mutual funds in the participant-directed brokerage accounts at quoted market prices reported in the active market in which the securities are traded.

Common / collective trust funds—We estimate fair value of units of common / collective trust funds at net asset value, as provided by the issuer of the funds, as a practical expedient which is based on the estimated fair value of the underlying investments held by the funds less liabilities.

The target-date retirement funds include well diversified portfolios of common / collective trust funds, for which the allocation of the underlying investments is designed to transition from a more aggressive investment strategy to a more conservative strategy through the projected, or target, retirement date and thereafter. The target-date retirement funds have no redemption restrictions.

The stable value fund is the Fidelity Managed Income Portfolio, which is designed to accumulate earnings and preserve principal and primarily invests in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund.

The other funds include (a) Spartan 500 Index Pool Class C, which primarily invests in common stocks included in the S&P 500 index, (b) T. Rowe Price Large-Cap Growth Trust B, which primarily invests in common stocks of well-established growth companies, (c) Spartan International Index Pool Class C, which primarily invests in stock of non-U.S. companies represented by the MSCI Europe Australia and Far East Index, an index designed to measure the equity performance of developed markets countries around the world, (d) Diamond Hill Large Cap Val R2, which primarily invests in common stocks of large-cap companies, (e) MFS International Equity Fund Class 3B, which provides diversification within non-U.S. markets by relying on individual stock selection consisting of high quality and valued companies identified through a global research platform and (f) PIMCO Inflation Response Multi-Asset Collective Trust Class I, which primarily invests in a diversified portfolio of stocks and bonds. The other funds have no redemption restrictions.

NOTE 5—INCOME TAX STATUS

The Plan received a determination letter, dated December 2, 2013, from the Internal Revenue Service (the "IRS") stating the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in accordance with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan, as amended and restated, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the U.S. require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
