INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Viewpoint Educational Foundation 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Viewpoint Educational Foundation 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Viewpoint Educational Foundation 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Viewpoint Educational Foundation 403(b) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Viewpoint Educational Foundation 403(b) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Viewpoint Educational Foundation 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Viewpoint Educational Foundation 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2025, and of assets (held at end of year) as of December 31, 2025 (collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of Viewpoint Educational Foundation 403(b) Plan (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution savings plan sponsored by Viewpoint Educational Foundation (the "Foundation" or "Employer") pursuant to Section 403(b) and related provisions of the Internal Revenue Code (IRC), was established effective January 1, 1978. The Plan was most recently amended and restated as of September 15, 2025. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination or financial hardship. The Plan covers all eligible employees of the Foundation upon employment. It is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and the IRC.

In March of 2013, the Plan was converted from an individual plan platform to a group plan platform, in order to widen the investments available to participants outside of the Teachers Insurance and Annuity Association (TIAA) and College Retirement Equities Fund (CREF) family of funds. Participants of the individual plan platform are allowed to maintain their existing funds in the individual that platform, which is consolidated into the group plan platform as one plan for reporting purposes, or transfer those funds to the new group plan platform. The Plan requires that all post March 2013 contributions be made to the group plan platform. Any new post March 2013 Plan participants can only make contributions to the group plan platform.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. Effective January 1, 2025, Section 109 of SECURE 2.0 was administratively adopted by the Plan, which permitted additional catch up contributions for participants ages 60-63. The Foundation has until December 31, 2026, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

The Foundation is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Foundation has delegated certain functions related to the operation and administration of the Plan. TIAA and CREF and as agent for TIAA Trust, N.A., (collectively, the "Custodians"), are responsible for the custody and management of the Plan's assets. An affiliate of the Custodians is responsible for maintaining participant accounts and transactions related to participant initiated activity.

1. DESCRIPTION OF THE PLAN (continued)

Eligibility

All employees are eligible to participate in the Plan upon their date of hire for purposes of making elective deferral contributions. There are no age or service requirements that must be satisfied to make elective deferrals.

Prior to September 15, 2025, employees were eligible for Employer matching contributions upon attaining age 21 and completing three months of service, subject to service-based conditions, and excluding certain employee classifications, including substitute teachers, substitute teaching assistants, seasonal coaches, and on-call employees. Service with a prior employer's qualified 403(b) plan, as defined in the Plan, was credited toward the Plan's service requirement.

Effective September 15, 2025, employees are eligible for Employer contributions immediately upon hire, except for employees who work less than 20 hours per week and previously excluded employee classifications.

Contributions

Each year, participants may contribute up to the limits permitted under the Internal Revenue Code (IRC) of their pre-tax and Roth after-tax compensation, as defined by the Plan. The maximum deferral amount was \$23,500 for the 2025 Plan year. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions of an additional \$7,500 for 2025. Participants may also contribute amounts representing distributions from other qualified retirement plans or an individual retirement account (IRA) (rollovers).

Prior to October 1, 2025, the Employer made matching contributions equal to 5% of participants' eligible compensation, provided the participant contributed at least 5% of compensation, as defined in the Plan.

Effective October 1, 2025, the Employer applied a board-approved nonelective contribution formula, under which contributions ranged from 2.0% to 5.5% of eligible compensation based on participant deferral levels. In addition, the Employer may make discretionary matching contributions.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers variable annuities, registered investment companies, and guaranteed investment contracts as investment options for participants.

Participant accounts

Each participant's account is credited with the participant's contributions, rollovers and allocations of (a) the Employer contributions and (b) Plan earnings and is charged with an allocation of administrative expenses and Plan losses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are vested immediately in their contributions and Employer matching contributions, plus actual earnings thereon.

Notes receivable from participants

Notes receivable from participants ("Participant Loans") are issued directly from the participant's account balances and are reported as notes receivable from participants in the statements of net assets available for benefits. Participant Loans may not exceed 50% of the participant's vested balance, ranging from a minimum of \$1,000 up to a maximum of \$50,000, and participants may only have a maximum of three loans outstanding at any time. Participant Loans bear a reasonable rate of interest and the interest rate for Participant Loans is fixed at the time of issuance. Interest rates on outstanding Participant Loans range between 4.25% - 9.50% as of December 31, 2025. Loan terms range from one to five years for general purpose loans and extend up to ten years for principal residence loans. Participant Loans have maturity dates ending through April 2034. Participant Loans are secured by the remaining vested balance in the participant's account.

Plan loans

Plan loans, which are no longer offered as of October 31, 2018, were available to participants through TIAA, subject to certain limitations. Plan loans were issued directly from funds owned by TIAA and not directly from a participant's account. Adequate security was required and a portion of the participant's account is reserved, or held in collateral (within the participant's account) to cover 110% of the outstanding loan in case of default. The loan interest rate for these Plan loans may be fixed or variable, and the initial rate was determined by the terms of the controlling contract, as was the rate adjustment details and frequency. For all Plan loans, interest is paid directly to TIAA. In general, participants borrowed from certain investment options, as defined, at a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of his or her retirement plan accumulations, subject to annuity contract and Plan provisions. Plan loans are not considered part of the Plan's assets. At December 31, 2025 and 2024, participants had outstanding Plan loan balances due to TIAA in the amount of \$5,744 and \$21,169, respectively. Interest rates on Plan loans ranged from 4.00% - 4.03% as of December 31, 2025. As of December 31, 2025 and 2024, there were \$5,744 and \$5,454, respectively, in defaulted Plan loans that have been deemed as distributed but remain a part of a defaulting participant's loan balance until the participant has a distributable event as defined.

1. DESCRIPTION OF THE PLAN (continued)

Payment of benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum distribution or installment payments under various options equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may leave the account in the Plan or may elect to receive the value of vested interest in his or her account as a lump sum distribution with the exception of the value of vested interest held in the TIAA Traditional Annuity. See Note 4 for discussion of the TIAA Traditional Annuity. Under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan. In-service withdrawals from a participant's account are permitted to participants who are 59 ½ or older. Upon termination of employment, if a participant's account balance is less than or equal to \$1,000 and the participant does not elect a distribution, the balance may be automatically distributed in a lump-sum cash payment. If a participant's account balance is greater than \$1,000, but \$5,000 or less upon termination, the balance may be automatically distributed into an IRA as designated by the Plan administrator. Balances greater than \$5,000 upon termination will be distributed at the participant's request.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent liabilities. Actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements and changes therein.

Viewpoint Educational Foundation 403(b) Plan
Notes to Financial Statements
December 31, 2025 and 2024

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3). Contract value is the equivalent of contract principal plus a guaranteed rate of interest and contributions less distributions and contract expenses (Note 4).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold, as well as those held, during the year.

Contributions and contribution receivable

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Employer, which is the pay date. The Employer contributions are recorded in the year they are earned and to coincide with the year in which the Employer records the contribution in its general ledger. The Plan records receivables for contributions based upon the contributions recognized, less amounts received by the Plan, as of the last day of the Plan year. Rollovers are recorded based on the date they are received by the Custodians.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Plan investments generate revenue credits from which TIAA deducts 21 basis points semiannually for costs they incur related to administering the Plan. Excess revenue credits, if any, are deposited into the Plan's Revenue Credit Suspense Account (RCA) and are shown under other income on the statement of changes in net assets available for benefits. For the year ended December 31, 2025, the Plan received \$31,722 in excess revenue credits and \$7,896 in fee leveling credits for a total of \$39,618. The RCA may be used to pay direct, reasonable and necessary expenses of the Plan as defined by ERISA. All Plan administrative expenses in excess of revenue credits available in the Plan's RCA are paid by the Foundation or from Plan assets. Expenses are recorded when incurred.

3. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to the unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- *Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access at the measurement date.
- *Level 2* - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability;
- *Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement of the assets or liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2025 and 2024.

- **Mutual Funds** - Registered investment companies (mutual fund investments) are valued at the net asset value (NAV) of shares held by the Plan at year end which are quoted in an active market. Investments are valued using market quotations or prices obtained from independent pricing services and used to determine the NAV of the fund. The mutual funds held by the Plan are deemed to have a readily determinable fair value and are classified within Level 1 of the fair value hierarchy.

Notes to Financial Statements
December 31, 2025 and 2024

3. FAIR VALUE MEASUREMENTS (continued)

- **Pooled Separate Account:** The TIAA Real Estate (REA) pooled separate account invests in real estate properties and real estate related investments. Units held in the separate account are accumulation units and calculate the contract owner's interest. Such units are valued daily to reflect investment performance and the prorated daily deduction for expense charges. The number of units credited to a participant's account is determined by dividing the dollar amount of the transaction by the unit value the next time value is computed. Units are valued any day the New York Stock Exchange is open for business and may be accessed by plan sponsors and participants via the TIAA website. The pooled separate account is classified within Level 1 of the fair value hierarchy.
- **CREF Variable Annuities -** The fair values of accumulation units held by the Plan in CREF Accounts are primarily valued using market quotations or prices obtained from independent pricing sources. CREF accounts are deemed actively traded, and thus are classified within Level 1 of the fair value hierarchy. Data for values are available daily to Plan administrators and client investors on TIAA's website and provide sufficient corroborative evidence to ascertain the relationship between each fund's value and the values of individual underlying holdings. The underlying holdings include mutual funds and are primarily valued using market quotations or prices obtained from independent pricing sources.
- **TIAA Access Variable Annuities -** The TIAA Access Annuity is a variable annuity product that is funded through the TIAA Separate Account VA-3, a separate investment account of TIAA. VA-3 invests in proprietary and nonproprietary mutual funds through various subaccounts. Data for the subaccount unit values are available daily to plan administrators on the TIAA website and provide sufficient corroborative evidence to ascertain the relationship between each fund's subaccount unit value and the values of the individual underlying holdings and as such are considered to have a readily determinable value and are classified within Level 1 of the fair value hierarchy. The underlying investments are generally valued using market quotations obtained from independent pricing services.
- **TIAA Traditional Annuity and TIAA Stable Value -** The Plan's investment in TIAA Traditional Annuity are segregated into non-fully benefit-responsive and fully benefit-responsive categories. The non-fully benefit-responsive guaranteed annuity contracts are presented at fair value on the face of the Plan's financial statements and are carried at Level 3 within the fair value hierarchy. The fully benefit-responsive guaranteed annuity contracts are presented at contract value on the face of the Plan's financial statements and are not categorized in the fair value hierarchy.

The Plan's investment in the TIAA Stable Value is reported by TIAA at contract value, which approximates fair value, is fully benefit-responsive, and therefore not categorized within the fair value hierarchy. (See Note 4).

The Plan sold investments and had transfers out of non-fully benefit-responsive contracts for a total of \$448,337 and \$584,222, respectively. The Plan had reinvested earnings and transfers in of non-fully benefit-responsive contracts of \$358,828 and \$1,767,326 respectively, during the year ended December 31, 2025.

3. FAIR VALUE MEASUREMENTS (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by the Plan's investments within the fair value hierarchy, the Plan's investments, by type, at fair value as of December 31, 2025:

The following table presents information about significance unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the fair value hierarchy at December 31, 2024:

Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range

4. GUARANTEED ANNUITY CONTRACTS WITH THE CUSTODIANS

The TIAA Traditional Annuity is a guaranteed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The TIAA Traditional Annuity is offered through a variety of contract types, including the Retirement Annuity (RA), Group Supplemental Retirement Annuity (GSRA), Supplemental Retirement Annuity (SRA), Retirement Choice (RC). The RA and the RC are considered non-fully benefit-responsive contracts and the GSRA, and the SRA are considered fully benefit-responsive contracts.

For GSRA, and SRA, contract value is the relevant measurement attribute for that portion of the benefits attributable to the guaranteed annuity contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

4. GUARANTEED ANNUITY CONTRACTS WITH THE CUSTODIANS (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. During the accumulation phase, the TIAA Traditional Annuity provides a guarantee of principal and a guaranteed annual minimum rate of interest of 1% to 3%. The contract also offers the opportunity for additional amounts in excess of the guaranteed rate. When declared, additional amounts remain in effect for the 12-month period that begins each March 1. Additional interest is not guaranteed for future years.

The TIAA Traditional Annuity does not permit the contract issuer to terminate the agreement prior to the scheduled maturity date.

The TIAA Stable Value Fund is a fully benefit-responsive guaranteed annuity contract. Contributions are deposited into a non-unitized separate account. The contracts provide a guaranteed minimum rate of interest between 1% and 3%. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value. The fund is included in the financial statements at contract value as reported to the Plan by TIAA.

Certain events limit the ability of the Plan to transact at contract value with the TIAA. Such events include the following: (1) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan's trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with TIAA or with the Plan's participants are probable of occurring.

Total fully benefit-responsive investment contracts measured at contract value as of December 31, 2025 and 2024 were as follows:

	<u>2025</u>	<u>2024</u>
TIAA Traditional Benefit Responsive	\$ 822,966	\$ 755,711
TIAA Stable Value	<u>860,272</u>	<u>913,952</u>

5. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the Plan's investment information, and related activity, certified by the Custodians, determined to be qualified institutions by the Plan administrator, as complete and accurate, except for comparing such information to corresponding information included in the Plan's financial statements and supplemental schedule of assets (held at end of year) ("supplemental schedule"). The Custodians have certified that the following investment information included in the financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024;
- Investment income and other income reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025 and,
- Investments and notes receivable from participants reflected on the supplemental schedule as of December 31, 2025.

6. PLAN TERMINATION

Although the Foundation has not expressed any intent to do so, the Foundation has the right under the Plan to discontinue all contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

7. TAX STATUS

The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the IRC. The Plan is based on a non-standardized pre-approved 403(b) plan ("pre-approved plan") sponsored by Pentegra Services, Inc., which received a favorable opinion letter from the Internal Revenue Service (IRS) dated November 29, 2024, stating that the form of the pre-approved plan is appropriate for use by eligible employers for the benefit of their employees under IRC Section 403(b). The Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines a party-in-interest similarly to the definition of a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Plan management did not identify any related parties to the Plan that were not considered to be parties-in-interest.

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (continued)

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, and a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management, shareholder services, and sub-transfer agency fees are paid through fund level revenue sharing arrangements. These fees reduce fund earnings thereby impacting Plan revenue applied to participants' accounts.

Certain fees and expenses of the Plan are paid by the Foundation. The Plan is not required to repay expenses paid by the Foundation on its behalf.

The Custodians retain as compensation for the services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

Certain Plan investments are owned and managed by the Custodians; therefore, these investment transactions qualify as exempt party-in-interest transactions.

9. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through June 29, 2026, the date the financial statements were available to be issued. Effective January 1, 2026, the Plan administratively adopted Section 603 of SECURE 2.0, which requires catch-up contributions for participants with prior-year FICA wages exceeding \$150,000 to be made on a Roth basis. Also, effective January 1, 2026, Section 109 of SECURE 2.0 was administratively adopted, which permitted additional catch up contributions for participants ages 60-63. Lastly, effective July 1, 2026, the Plan adopted a new Employer contribution formula under which a participant contribution of 0%-4.9% results in a 3% Employer contribution, while a participant contribution of 5% or greater results in a 6% Employer contribution. No other subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.
