INDEPENDENT AUDITORS' REPORT

To the AMWTP Employee Investment Plan Committee
The AMWTP Employee Investment Plan
Idaho Falls, Idaho

Opinion

We have audited the accompanying financial statements of AMWTP Employee Investment Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of September 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of AMWTP Employee Investment Plan as of September 30, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of AMWTP Employee Investment Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AMWTP Employee Investment Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Post Office Box 1895 | 725 South Woodruff Avenue | Idaho Falls, ID 83403 -1895 | 208-529-9276 | www.ruddco.com

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AMWTP Employee Investment Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about AMWTP Employee Investment Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4j – Schedule of Reportable Transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of AMWTP Employee Investment Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AMWTP Employee Investment Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Post Office Box 1895 | 725 South Woodruff Avenue | Idaho Falls, ID 83403 -1895 | 208-529-9276 | www.ruddco.com

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AMWTP Employee Investment Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about AMWTP Employee Investment Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4j – Schedule of Reportable Transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

AMWTP EMPLOYEE INVESTMENT PLAN
Notes to the Financial Statements
September 30, 2025 and 2024

1. Description of Plan

The following description of the AMWTP Employee Investment Plan provides only general information. Participants should refer to the Plan document or summary plan description for a more complete description of the Plan's provisions.

General

The AMWTP Employee Investment Plan (the "Plan") was originally adopted and sponsored by Bechtel BWXT Idaho, LLC, on May 1, 2005. Since that time there have been changes in Plan Sponsors as well as amendments to enhance the Plan. Effective January 1, 2022, Idaho Environmental Coalition, LLC (the "Company") became the sponsor of the Plan.

During the year ended September 30, 2025 the plan was amended to; 1) permit partial payments as an additional form of payment for retirees, 2) allow for employees self-certification for hardship withdrawals, 3) add certain catch-up contributions and certain in-service withdrawal provisions permitted under the Setting Every Community Up for Retirement Enhancement Act (SECURE Act) and the SECURE 2.0 Act of 2022, and 4) Plan vendors and third party administrators may rely on the signatures on file with such vendors and administrators until notified in writing of a change by the Company.

Contributions

Participants may contribute up to 50% of their yearly compensation to the Plan up to the maximum amount allowed by federal tax law. Participants can elect to make elective deferrals, Roth deferrals and non-deductible contributions after they become eligible to participate in the Plan. Effective October 1, 2019, the Plan adopted an "automatic enrollment" provision. The automatic provision states that unless a participant affirmatively declines to make contribution to the Plan under procedures established by the Plan Administrator, a participant who: (i) commences or recommences employment on or after October 1, 2019, and (ii) does not make an election to participate in before-tax contributions, Roth contributions, or after tax contributions shall be enrolled automatically in before-tax contributions at a rate of three percent (3%) of compensation.

As of July 1, 2024, the rate increased to five percent (5%) of compensation for all new or rehired employees. Unless the participant elects otherwise, such percentage shall increase by one percentage point per year until the contribution rate is twelve percent (12%) of compensation.

Notes to the Financial Statements
September 30, 2025 and 2024

1. Description of Plan (continued)

The Plan sponsor will contribute a matching contribution to Plan participant's accounts equal to 100% of participant's elective deferrals up to a maximum of 5% of employee earnings. Employees become eligible to receive the employer matching contribution as soon as administratively possible after their date of hire. The Plan sponsor can also elect to make a discretionary profit sharing contribution to the Plan. These discretionary contributions may be changed or discontinued at any time.

Enhanced Profit Sharing Contribution

The Plan sponsor may also contribute an enhanced profit sharing contribution on behalf of certain participants who are former INL Employee Retirement Plan participants. The amount of the enhanced profit sharing contribution is based on the sum of the participant's age and credited service in whole years determined on the last day of the preceding Plan Year.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the sponsors' contribution and plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

A participant is immediately vested in all contributions to the Plan.

Notes Receivable – Participants

During a period of covered service, a participant may borrow from his or her participant account, subject to rules and procedures set forth in the loan policy and outlined within the Plan document. The notes are secured by the balances in the participants' accounts and bear interest at a reasonable rate. Principal and interest are paid ratably through monthly payroll deductions. The notes are valued at their unpaid principal balances plus any accrued but unpaid interest.

Investment Options

During the Plan years ending September 30, 2025 and 2024, participants were able to allocate their contributions among the following investment options:

AMWTP EMPLOYEE INVESTMENT PLAN
Notes to the Financial Statements
September 30, 2025 and 2024

1. Description of Plan (continued)

Vanguard International Growth Fund Admiral Shares: Seeks to provide long-term capital appreciation by investing in the stocks of companies located outside the United States. In selecting stocks, the fund's advisors evaluate foreign markets around the world and choose companies with above-average growth potential. The fund uses multiple investment advisors to manage its portfolio.

Vanguard Extended Market Index Fund Institutional Shares: This fund offers investors a low-cost way to gain broad exposure to U.S. mid-and small-capitalization stocks in one fund. The fund invests in about 3,000 stocks, which span many different industries and account for about one-fourth of the market-cap of the U.S. stock market. One of the fund's risk is its full exposure to the mid- and small-cap markets, which tend to be more volatile than the large-cap market.

Vanguard PRIMECAP Fund Admiral Shares: Seeks to provide long-term capital appreciation by investing in stocks considered to have above-average earnings growth potential that is not reflected in their current market prices. The fund's portfolio consists predominantly of mid- and large-capitalization stocks. The fund uses multiple investment advisors.

Vanguard Cash Reserves Federal MM Fund Admiral Shares: Seeks to provide current income while maintaining liquidity and a stable share price of \$1. The fund invests at least 99.5% of its total assets in cash, U.S. government securities, and/or repurchase agreements that are collateralized solely by U.S. government securities or cash (collectively, government securities). The fund invests more than 25% of its assets in securities issued by companies in the financial service industry, which includes securities issued by certain government-sponsored enterprises.

Vanguard Target Retirement 2020 Trust II: Seeks to provide capital appreciation and current income by investing primarily in other Vanguard mutual funds using an asset allocation strategy designed for investors planning to retire between 2018 and 2022. The fund's asset allocation will become more conservative over time.

Vanguard Target Retirement 2025 Trust II: Seeks to provide capital appreciation and current income by investing primarily in other Vanguard mutual funds using an asset allocation strategy designed for investors planning to retire between 2024 and 2027. The fund's asset allocation will become more conservative over time.

Vanguard Target Retirement 2030 Trust II: Seeks to provide capital appreciation and current income by investing primarily in other Vanguard mutual funds using an asset allocation strategy designed for investors planning to retire between 2028 and 2032. The fund's asset allocation will become more conservative over time.

Vanguard Target Retirement 2035 Trust II: Seeks to provide capital appreciation and current income by investing primarily in other Vanguard mutual funds using an asset allocation strategy designed for investors planning to retire between 2033 and 2037. The fund's asset allocation will become more conservative over time.

Vanguard Target Retirement 2040 Trust II: Seeks to provide capital appreciation and current income by investing primarily in other Vanguard mutual funds using an asset allocation strategy designed for investors planning to retire between 2038 and 2042. The fund's asset allocation will become more conservative over time.

Vanguard Target Retirement 2045 Trust II: Seeks to provide capital appreciation and current income by investing primarily in other Vanguard mutual funds using an asset allocation strategy designed for investors planning to retire between 2043 and 2047. The fund's asset allocation will become more conservative over time.

Vanguard Target Retirement 2050 Trust II: Seeks to provide capital appreciation and current income by investing primarily in other Vanguard mutual funds using an asset allocation strategy designed for investors planning to retire between 2048 and 2052. The fund's asset allocation will become more conservative over time.

Vanguard Target Retirement 2055 Trust II: Seeks to provide capital appreciation and current income by investing primarily in other Vanguard mutual funds using an asset allocation strategy designed for investors planning to retire between 2053 and 2057. 1. Description of Plan (continued)

Vanguard Target Retirement 2070 Trust II: Seeks to provide capital appreciation and current income by investing primarily in Vanguard mutual funds using an asset allocation strategy designed for investors planning to retire between 2068 and 2072. The fund's asset allocation will become more conservative over time.

Vanguard Target Retirement Income Trust II: Seeks to provide current income and some capital appreciation by investing primarily in other Vanguard mutual funds using an asset allocation strategy designed for investors currently in retirement. The fund's indirect bond holdings are a diversified mix of short-, intermediate-, and long-term U.S. government, U.S. agency, and investment-grade corporate bonds, inflation-indexed bonds issued by the U.S. government, as well as mortgage-backed securities. The fund's indirect stock holdings consist substantially of large-capitalization U.S. stocks and, to a lesser extent, mid- and small-cap U.S. stocks and international funds. The fund's indirect money market holdings consist of high quality, short-term money market instruments.

Vanguard Total Bond Market Index Fund Institutional Shares: Seeks to track the performance of a broad, market-weighted bond index. The fund employs a "passive management"—or indexing—investment approach designed to track the performance of the Barclays Capital U.S. Aggregate Float Adjusted Bond Index. The fund invests by sampling the index, meaning that it holds a range of securities that, in the aggregate, approximate the full index in terms of key risk factors and other characteristics. All of the fund's investments will be selected through the sampling process, and at least 70% of the fund's assets will be invested in bonds held in the index. The fund maintains a dollar-weighted average maturity consistent with that of the index, which currently ranges between 5 and 10 years.

Champlain Mid Cap Fund; Institutional Class: The investment seeks capital appreciation. Under normal circumstances, the funds invest at least 80% of their net assets, plus any borrowing for investment purposes, in securities of medium-sized companies. It seeks capital appreciation by investing mainly in common stocks of medium-size companies that the Adviser believes have strong long-term fundamentals, superior capital appreciation potential and attractive valuations.

Vanguard Total International Stock Index Fund Admiral Shares: This fund offers investors a low-cost way to gain equity exposure to both developed and emerging international economics. The fund tracks stock markets all over the globe, with the exception of the United States. Because it invests in non-U.S. stocks, including those in developed and emerging markets, the fund can be more volatile than a domestic fund.

1. Description of Plan (continued)

Blackrock Total Return Fund: Class K: The investment seeks to realize a total return that exceeds that of the Bloomberg Barclays U.S. Aggregate Bond Index. The fund typically invests more than 90% of its assets in a diversified portfolio of fixed-income securities such as corporate bonds and notes, mortgage-backed securities, asset-backed securities, convertible securities, preferred securities and government obligations. It normally invests at least 80% of its assets in bonds and invests primarily in investment grade fixed-income securities.

Blackrock Total Return Fund: Class L: The investment seeks to realize a total return that exceeds that of the Bloomberg Barclays U.S. Aggregate Bond Index. The fund typically invests more than 90% of its assets in a diversified portfolio of fixed-income securities such as corporate bonds and notes, mortgage-backed securities, asset-backed securities, convertible securities, preferred securities and government obligations. It normally invests at least 80% of its assets in bonds and invests primarily in investment grade fixed-income securities.

Vanguard Institutional Index Fund Institutional Shares: Seeks to track the performance of the Standard & Poor's 500 index, which measures investment return of large-capitalization stocks. Follows a passively managed, full replication approach. Provides a convenient way to match the performance of a substantial portion of the nation's largest stocks.

Vanguard Retirement Savings Trust III: Seeks to provide current and stable income while maintaining a stable share value of \$1. The fund invests primarily in investment contracts issued by insurance companies, banks or other financial institutions, including investment contracts backed by high-quality fixed income securities. The fund seeks to achieve its objective by diversifying among high credit-quality investments and investment contracts which are structured to smooth market gains and losses over time. The trust will maintain an average maturity between 2 – 3 years.

Boston Trust Walden SMID Cap CIT: This fund invests in a broadly diversified portfolio of reasonably valued, higher quality small and middle capitalization ("smid cap") companies that the investment manager determines to have sustainable business models. The fund invests, under normal circumstances, at least 80% of its assets in a diversified portfolio of equity securities of domestic smid cap companies. The fund seeks long-term capital growth through an actively managed portfolio of stocks of small and middle capitalization ("smid cap") companies.

1. Description of Plan (continued)

GQG Partners International Equity CIT Class D: This fund seeks long-term capital appreciation by investing primarily in equity and equity-related securities (collectively, “equity securities”) of non-U.S. companies that the sub-advisor believes are undervalued by the market.

Self-Directed Brokerage Fund: This fund is an investment account that gives individuals the autonomy to make their own investment decisions. Unlike traditional brokerage accounts, where a financial advisor may guide investment choices, self-directed accounts allow investors to directly buy and sell a variety of investment products.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or equal monthly or annual cash installments over a period certain that does not extend beyond the participant's life or the lives of the participant's beneficiaries. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeitures

Provisions of the Plan provide that upon termination of employment, participants are entitled to receive their contributions and their vested portion of the Plan Sponsor's contributions. In the event of termination of employment prior to January 1, 2007 and prior to four years of service for any reason other than retirement, death, or disability, a participant forfeits a portion of his or her balance of the Plan Sponsor's contributions. Forfeitures of non-vested amounts may be used to reduce sponsor contributions in subsequent years. Unallocated funds in forfeiture accounts were \$90,727 and \$20,374 as of September 30, 2025, and 2024, respectively.

2. Summary of Significant Accounting Policies

The following accounting policies, which conform with generally accepted accounting principles, have been used consistently in the preparation of the Plan's financial statements.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

AMWTP EMPLOYEE INVESTMENT PLAN
Notes to the Financial Statements
September 30, 2025 and 2024

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the Vanguard Retirement Savings Trust, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines valuation policies utilizing information provided by Plan investment advisers and custodians.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2025, or 2024. If a participant ceases making loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through April 30, 2026 the date on which the financial statements were available to be issued. No subsequent events were identified which require disclosure.

AMWTP EMPLOYEE INVESTMENT PLAN
Notes to the Financial Statements
September 30, 2025 and 2024

2. Summary of Significant Accounting Policies (continued)

Administrative Expenses

According to uniform rules, the Plan Administrator may charge expenses to a particular investment fund or to participants' accounts if the Plan Administrator determines that such allocation of expense or charge is desirable for the equitable administration of the Plan. Currently, all eligible Plan administrative expenses are paid by the Plan Sponsor. Investment advisory fees for portfolio management of Vanguard funds are paid directly from fund earnings and not reflected in the statements as a deduction from Plan assets. Loan origination fees are included in gross loan withdrawals and are not reported as expenses/fees. An annual record keeping fee of \$59 per participant is also paid by each participant from plan assets.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

AMWTP EMPLOYEE INVESTMENT PLAN
Notes to the Financial Statements
September 30, 2025 and 2024

3. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2025, and 2024.

- Mutual funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Collective trust: Valued at a stable share value of \$1. The trust seeks to provide current and stable income.

4. Related Party Transactions and Party In Interest Transaction

Certain Plan investments are shares of mutual funds managed by an affiliate of Vanguard Fiduciary Trust Company (“VFTC”). VFTC acts as trustee for only those investments as defined by the Plan. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than direct payment. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. The Plan sponsor pays directly some of the other fees related to the Plan operations.

AMWTP EMPLOYEE INVESTMENT PLAN
Notes to the Financial Statements
September 30, 2025 and 2024

5. Tax Status

The Plan obtained its latest determination letter on May 30, 2012, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

Therefore, the Plan is qualified and the related trust is tax-exempt under Internal Revenue Code Section 501(a) as of the financial statement date. The Plan's tax returns are subject to possible examination by taxing authorities. For federal tax purposes the returns essentially remain open for possible examination for a period of three years after the respective filing deadlines for those returns.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the aggregate value of their individual accounts. In no event will the Plan Sponsor receive any portion of the Plan's assets.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.
