Independent Auditor's Report

Trustees, Plan Administrator, Plan Participants, and Audit Committee
Nicolet National Bank 401(k) Plan
Green Bay, Wisconsin

Opinion

We have audited the financial statements of Nicolet National 401(k) Plan (the "Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Nicolet National Bank 401(k) Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Trustees, Plan Administrator, Plan Participants, and Audit Committee
Nicolet National Bank 401(k) Plan

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

(1) Description of the Plan

The following description of the Nicolet National Bank 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering substantially all full-time employees of Nicolet National Bank (the Bank). Prior to June 30, 2024, the Plan defined eligible employees as employees who had been employed for one month, were at least 21 years of age, and part-time, temporary, or seasonal employees needed to reach 1,000 hours in a calendar year to be eligible. Beginning July 1, 2024, the Plan was amended to define eligible employees as employees who were employed for one month, were at least 18 years of age, and temporary or seasonal employees needed to reach 1,000 hours in a calendar year to be eligible. Upon satisfying the eligibility requirements, an employee is eligible to participate in the Plan on the first day of the following month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended. The Plan is administered at the direction of the Bank. The Trustees are responsible for the oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions

Participants may elect to defer from 0% up to 100% of their eligible compensation, not to exceed the amount allowed by the Internal Revenue Service (IRS). The participant deferral election may also be subject to salary deferral limits on highly compensated employees, as defined in the Plan. Employees are automatically entered into the Plan, after becoming eligible, with a participant deferral of 6% of their eligible compensation, unless their election form indicates a different deferral percentage. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions, subject to IRS limitations. Participants are also allowed to make rollover contributions from other qualified plans.

The Bank makes a matching contribution equal to 100% of the participant's elective deferral not to exceed 6% of eligible compensation for all participants that are employed on the last day of the Plan year. The Bank's net matching contribution was \$3,902,827 and \$3,508,247 for the years ended December 31, 2025 and 2024, respectively. In addition, the Bank has the option to make a discretionary profit sharing contribution each year. The Bank made discretionary profit sharing contributions of \$1,000,000 for both the years ended December 31, 2025 and December 31, 2024.

Participant Accounts

All investments in the participants' accounts are participant directed. The Plan allows participants to select from a variety of investment options including mutual funds and a common/collective trust.

Each participant's account is credited with the participant's contributions as well as allocations of the Bank's contributions, plan earnings or losses, and certain administrative expenses. Participant accounts are reduced by any withdrawals and charged with loan setup and loan maintenance fees incurred by individual participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The employer's matching and discretionary profit sharing contributions and related earnings become 25% vested after two years of credited service. The vesting percentage increases an additional 25% each year thereafter, with 100% vesting after five years of credited service.

Plan Trustee

Through June 2024, Alerus Financial, N.A. (Alerus), served as the sole trustee of the Plan. In July 2024, Plan assets moved to Fidelity Management Trust Company (Fidelity), who is now serving as the sole trustee of the Plan. Through June 2024, Alerus held all plan assets, executed all of the investment transactions, maintained the financial records relating to the trust, and made all benefit payments as directed by the Plan Administrative Committee. Beginning July 2024, Fidelity assumed these duties.

The Plan became subject to a Securities and Exchange Commission Regulation BTR blackout period from June 21, 2024 through July 18, 2024, in order to administratively process the migration of the Plan from the recordkeeping platform of Alerus to the record keeping platform of Fidelity. During the blackout period, Plan participants and beneficiaries were unable to: a) purchase, sell, or otherwise acquire or transfer funds into or out of any of the investment alternatives in the Plan, including Company common stock; b) change allocations for future contributions, make payroll percentage elections, or designate beneficiaries in the Plan; c) receive distributions or withdrawals from, or terminate their participation in, the Plan; d) receive loans from the Plan; or e) make rollover contributions into the Plan.

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from their account in accordance with the provisions under the Plan. A participant may borrow a minimum of \$1,000 and a maximum equal to the lesser of: (1) \$50,000, reduced by the highest outstanding loan balance in the previous 12 months, or (2) 50% of the participant's vested account balance. A participant can have up to one loan outstanding at any given time.

The notes bear a fixed interest rate of the prime rate plus 1%. Loans transferred or rolled into the Plan pursuant to the Bank's merger with predecessor employers may be grandfathered to allow for more than one outstanding loan and may have interest rate terms that differ from the Plan's current loan policy. Interest rates are set at the time of the funding of the loan. As of December 31, 2025, interest rates for outstanding loans ranged from 4.25% to 9.50% with maturities through 2042. Principal and interest are paid ratably through biweekly payroll deductions.

Payment of Benefits

Plan benefits are available at normal retirement (age 59 1/2), disability retirement, financial hardship withdrawal, death and termination of employment with vested interests. Benefits are paid in a lump sum payment. The Plan also allows for in-service distributions upon attaining age 59 1/2. Benefits are recorded when paid.

Administrative Expenses

The Plan pays some or all of the administrative expenses incurred in conjunction with the Plan and the Bank generally pays the audit fee. Notes receivable issuance and maintenance expenses are charged directly to the participant's account and are included in administrative expenses.

Forfeited Accounts

Upon termination, the non-vested portion of employer contributions and the earnings thereon become subject to forfeiture. At December 31, 2025 and 2024, forfeited non-vested accounts totaled \$278,762 and \$179,226, respectively, and were used to reduce the corresponding employer contributions.

Plan Termination

Although it has not expressed any intent to do so, the Bank has the right to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA. In the event of a termination, all participants will immediately become 100% vested in their accounts for all sources of contributions and the contributions will be distributed in accordance with the Plan's provisions.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires Trustees to make estimates and assumptions that affect the amounts reported in the financial statements, accompanying notes and supplemental schedule. Actual results could differ from those estimates. Changes in the economic environment, financial markets and any other parameters used in determining these estimates and assumptions could cause actual results to differ from those estimates.

Risks and Uncertainties

The Plan, at the direction of its participants, invests in various investment securities. The Plan's investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Mutual funds and common stock fair values are based on quoted market prices. The investments in units of the common/collective trust fund are carried at the net asset value (NAV), which is the value at which units in the fund can be withdrawn and approximates fair value as a practical expedient. See Note 3 for further discussion and disclosures related to fair value measurements.

NICOLET NATIONAL BANK 401(k) PLAN

Notes to Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as unrealized gains and losses on investments held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. Delinquent notes receivable from participants are classified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Loan and distribution recordkeeping fees are paid by the respective participant. All other expenses of maintaining the Plan are paid by the Plan and the Bank.

(3) Fair Value Measurements

Fair value represents the estimated price at which an orderly transaction to sell an asset or liability would take place between market participants at the measurement date under current market conditions (i.e., an exit price concept). Assets and liabilities are classified into three levels of the fair value hierarchy based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are:

Level 1 – Quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 – Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 – Significant unobservable inputs for the asset or liability, which are typically based on the Plan's own assumptions, as there is little, if any, related market activity.

The following is a description of the valuation methodologies used for Plan assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2025 and 2024, and there have been no transfers between fair value levels.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at the NAV of shares held by the Plan at year-end, provided by the administrator of the fund. The NAV is based on the value of the underlying assets of the fund minus its liabilities, and then divided by the number of shares outstanding. The NAV's share price is quoted on a private market that is not actively traded; however, the share price is based on underlying investments which are traded on an active market. The NAV is used as a practical expedient to estimate fair value. The use of NAV as fair value is considered appropriate as the fund does not have a finite life, unfunded commitments, or significant restrictions on redemptions. The NAV practical expedient is used for valuation, unless it is probable that the fund will sell a portion of the investment at an amount different from the net asset valuation.

Nicolet Bankshares, Inc. common stock: Valued at the closing price reported on the active market on which the individual security is traded.

(a) Investments measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

(4) Tax Status

Beginning in July 2024, the Plan operates under a non-standardized adoption agreement in connection with a profit sharing/401k plan and trust agreement sponsored by Fidelity, for which Fidelity received a favorable opinion letter from the IRS. Prior to this, the Plan operated under a non-standardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Alerus, for which Alerus received a favorable opinion letter from the IRS. The Plan has not obtained or requested a determination letter from the IRS. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan qualified and the related trust was tax exempt as of the financial statement date.

Participants in the Plan are not subject to federal income taxes until they receive a distribution from the Plan. U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(5) Party-In-Interest Transactions

During the course of the year, the Plan may enter into certain party-in-interest transactions with the Bank or its holding company, Nicolet Bankshares, Inc. The Bank may provide a discretionary contribution to the Plan's participants, which is based on the earnings of Nicolet Bankshares, Inc. A discretionary contribution of \$1,000,000 was made for both the 2025 and 2024 plan years.

Effective January 1, 2016, the Plan was amended and restated disallowing the purchase of additional shares of Nicolet Bankshares, Inc. common stock through the Plan. Participants may continue to hold shares already in the Plan or may sell or take an in-kind distribution of the shares. The Plan had the following transactions for shares of Nicolet Bankshares, Inc. common stock.

NICOLET NATIONAL BANK 401(k) PLAN
Notes to Financial Statements

	Years Ended December 31,	
	2025	2024
Sales and distributions of Nicolet Bankshares, Inc. common stock:		
Number of shares	7,776	3,890
Value of shares on transaction dates	\$ 933,368	\$ 368,050

The third-party administrator for the Plan was Alerus through June 2024, and Fidelity beginning in July 2024 (as detailed under the Plan Trustee section within Note 1), and the costs for the services related to Plan administration (which qualify as party-in-interest transactions) paid for by the Plan amounted to \$70,355 and \$131,765 for the years ended December 31, 2025 and 2024, respectively.

The above party-in-interest transactions, as well as notes receivable from participants, are not considered prohibited transactions by statutory exemptions under ERISA regulations.

(6) Subsequent Events

Subsequent to December 31, 2025, and prior to the issuance of these financial statements, Nicolet Bankshares, Inc. completed the merger of MidWestOne Financial Group, Inc. with and into Nicolet. In connection with the merger, the MidWestOne Financial Group, Inc. 401(k) Plan was merged into the Plan in April 2026.

Upon completion of the plan merger, former participants of the MidWestOne Financial Group, Inc. 401(k) Plan became participants in the Plan, and their account balances were transferred into the Plan at fair value in accordance with participant elections. The related transfer of net assets was reflected in the Plan's financial statements in the period in which the plan merger occurred.

No adjustments have been made to the accompanying financial statements as a result of this subsequent event.

The Plan has evaluated, for consideration of recognition or disclosure, subsequent events that have occurred through the date of issuance, June 25, 2026, and has determined that other than the plan merger noted above, no significant events occurred after December 31, 2025, but prior to the issuance of these financial statements, that would have a material impact on its financial statements.

Independent Auditor's Report

Trustees, Plan Administrator, Plan Participants, and Audit Committee
Nicolet National Bank 401(k) Plan
Green Bay, Wisconsin

Opinion

We have audited the financial statements of Nicolet National 401(k) Plan (the "Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Nicolet National Bank 401(k) Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Trustees, Plan Administrator, Plan Participants, and Audit Committee
Nicolet National Bank 401(k) Plan

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NICOLET NATIONAL BANK 401(k) PLAN

Notes to Financial Statements

(1) Description of the Plan

The following description of the Nicolet National Bank 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering substantially all full-time employees of Nicolet National Bank (the Bank). Prior to June 30, 2024, the Plan defined eligible employees as employees who had been employed for one month, were at least 21 years of age, and part-time, temporary, or seasonal employees needed to reach 1,000 hours in a calendar year to be eligible. Beginning July 1, 2024, the Plan was amended to define eligible employees as employees who were employed for one month, were at least 18 years of age, and temporary or seasonal employees needed to reach 1,000 hours in a calendar year to be eligible. Upon satisfying the eligibility requirements, an employee is eligible to participate in the Plan on the first day of the following month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended. The Plan is administered at the direction of the Bank. The Trustees are responsible for the oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions

Participants may elect to defer from 0% up to 100% of their eligible compensation, not to exceed the amount allowed by the Internal Revenue Service (IRS). The participant deferral election may also be subject to salary deferral limits on highly compensated employees, as defined in the Plan. Employees are automatically entered into the Plan, after becoming eligible, with a participant deferral of 6% of their eligible compensation, unless their election form indicates a different deferral percentage. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions, subject to IRS limitations. Participants are also allowed to make rollover contributions from other qualified plans.

The Bank makes a matching contribution equal to 100% of the participant's elective deferral not to exceed 6% of eligible compensation for all participants that are employed on the last day of the Plan year. The Bank's net matching contribution was \$3,902,827 and \$3,508,247 for the years ended December 31, 2025 and 2024, respectively. In addition, the Bank has the option to make a discretionary profit sharing contribution each year. The Bank made discretionary profit sharing contributions of \$1,000,000 for both the years ended December 31, 2025 and December 31, 2024.

Participant Accounts

All investments in the participants' accounts are participant directed. The Plan allows participants to select from a variety of investment options including mutual funds and a common/collective trust.

Each participant's account is credited with the participant's contributions as well as allocations of the Bank's contributions, plan earnings or losses, and certain administrative expenses. Participant accounts are reduced by any withdrawals and charged with loan setup and loan maintenance fees incurred by individual participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The employer's matching and discretionary profit sharing contributions and related earnings become 25% vested after two years of credited service. The vesting percentage increases an additional 25% each year thereafter, with 100% vesting after five years of credited service.

Plan Trustee

Through June 2024, Alerus Financial, N.A. (Alerus), served as the sole trustee of the Plan. In July 2024, Plan assets moved to Fidelity Management Trust Company (Fidelity), who is now serving as the sole trustee of the Plan. Through June 2024, Alerus held all plan assets, executed all of the investment transactions, maintained the financial records relating to the trust, and made all benefit payments as directed by the Plan Administrative Committee. Beginning July 2024, Fidelity assumed these duties.

The Plan became subject to a Securities and Exchange Commission Regulation BTR blackout period from June 21, 2024 through July 18, 2024, in order to administratively process the migration of the Plan from the recordkeeping platform of Alerus to the record keeping platform of Fidelity. During the blackout period, Plan participants and beneficiaries were unable to: a) purchase, sell, or otherwise acquire or transfer funds into or out of any of the investment alternatives in the Plan, including Company common stock; b) change allocations for future contributions, make payroll percentage elections, or designate beneficiaries in the Plan; c) receive distributions or withdrawals from, or terminate their participation in, the Plan; d) receive loans from the Plan; or e) make rollover contributions into the Plan.

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from their account in accordance with the provisions under the Plan. A participant may borrow a minimum of \$1,000 and a maximum equal to the lesser of: (1) \$50,000, reduced by the highest outstanding loan balance in the previous 12 months, or (2) 50% of the participant's vested account balance. A participant can have up to one loan outstanding at any given time.

The notes bear a fixed interest rate of the prime rate plus 1%. Loans transferred or rolled into the Plan pursuant to the Bank's merger with predecessor employers may be grandfathered to allow for more than one outstanding loan and may have interest rate terms that differ from the Plan's current loan policy. Interest rates are set at the time of the funding of the loan. As of December 31, 2025, interest rates for outstanding loans ranged from 4.25% to 9.50% with maturities through 2042. Principal and interest are paid ratably through biweekly payroll deductions.

Payment of Benefits

Plan benefits are available at normal retirement (age 59 1/2), disability retirement, financial hardship withdrawal, death and termination of employment with vested interests. Benefits are paid in a lump sum payment. The Plan also allows for in-service distributions upon attaining age 59 1/2. Benefits are recorded when paid.

Administrative Expenses

The Plan pays some or all of the administrative expenses incurred in conjunction with the Plan and the Bank generally pays the audit fee. Notes receivable issuance and maintenance expenses are charged directly to the participant's account and are included in administrative expenses.

Forfeited Accounts

Upon termination, the non-vested portion of employer contributions and the earnings thereon become subject to forfeiture. At December 31, 2025 and 2024, forfeited non-vested accounts totaled \$278,762 and \$179,226, respectively, and were used to reduce the corresponding employer contributions.

Plan Termination

Although it has not expressed any intent to do so, the Bank has the right to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA. In the event of a termination, all participants will immediately become 100% vested in their accounts for all sources of contributions and the contributions will be distributed in accordance with the Plan's provisions.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires Trustees to make estimates and assumptions that affect the amounts reported in the financial statements, accompanying notes and supplemental schedule. Actual results could differ from those estimates. Changes in the economic environment, financial markets and any other parameters used in determining these estimates and assumptions could cause actual results to differ from those estimates.

Risks and Uncertainties

The Plan, at the direction of its participants, invests in various investment securities. The Plan's investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Mutual funds and common stock fair values are based on quoted market prices. The investments in units of the common/collective trust fund are carried at the net asset value (NAV), which is the value at which units in the fund can be withdrawn and approximates fair value as a practical expedient. See Note 3 for further discussion and disclosures related to fair value measurements.

NICOLET NATIONAL BANK 401(k) PLAN

Notes to Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as unrealized gains and losses on investments held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. Delinquent notes receivable from participants are classified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Loan and distribution recordkeeping fees are paid by the respective participant. All other expenses of maintaining the Plan are paid by the Plan and the Bank.

(3) Fair Value Measurements

Fair value represents the estimated price at which an orderly transaction to sell an asset or liability would take place between market participants at the measurement date under current market conditions (i.e., an exit price concept). Assets and liabilities are classified into three levels of the fair value hierarchy based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are:

Level 1 – Quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 – Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 – Significant unobservable inputs for the asset or liability, which are typically based on the Plan's own assumptions, as there is little, if any, related market activity.

The following is a description of the valuation methodologies used for Plan assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2025 and 2024, and there have been no transfers between fair value levels.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at the NAV of shares held by the Plan at year-end, provided by the administrator of the fund. The NAV is based on the value of the underlying assets of the fund minus its liabilities, and then divided by the number of shares outstanding. The NAV's share price is quoted on a private market that is not actively traded; however, the share price is based on underlying investments which are traded on an active market. The NAV is used as a practical expedient to estimate fair value. The use of NAV as fair value is considered appropriate as the fund does not have a finite life, unfunded commitments, or significant restrictions on redemptions. The NAV practical expedient is used for valuation, unless it is probable that the fund will sell a portion of the investment at an amount different from the net asset valuation.

Nicolet Bankshares, Inc. common stock: Valued at the closing price reported on the active market on which the individual security is traded.

(a) Investments measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

(4) Tax Status

Beginning in July 2024, the Plan operates under a non-standardized adoption agreement in connection with a profit sharing/401k plan and trust agreement sponsored by Fidelity, for which Fidelity received a favorable opinion letter from the IRS. Prior to this, the Plan operated under a non-standardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Alerus, for which Alerus received a favorable opinion letter from the IRS. The Plan has not obtained or requested a determination letter from the IRS. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan qualified and the related trust was tax exempt as of the financial statement date.

Participants in the Plan are not subject to federal income taxes until they receive a distribution from the Plan. U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(5) Party-In-Interest Transactions

During the course of the year, the Plan may enter into certain party-in-interest transactions with the Bank or its holding company, Nicolet Bankshares, Inc. The Bank may provide a discretionary contribution to the Plan's participants, which is based on the earnings of Nicolet Bankshares, Inc. A discretionary contribution of \$1,000,000 was made for both the 2025 and 2024 plan years.

Effective January 1, 2016, the Plan was amended and restated disallowing the purchase of additional shares of Nicolet Bankshares, Inc. common stock through the Plan. Participants may continue to hold shares already in the Plan or may sell or take an in-kind distribution of the shares. The Plan had the following transactions for shares of Nicolet Bankshares, Inc. common stock.

NICOLET NATIONAL BANK 401(k) PLAN

Notes to Financial Statements

	Years Ended December 31,	
	2025	2024
Sales and distributions of Nicolet Bankshares, Inc. common stock:		
Number of shares	7,776	3,890
Value of shares on transaction dates	\$ 933,368	\$ 368,050

The third-party administrator for the Plan was Alerus through June 2024, and Fidelity beginning in July 2024 (as detailed under the Plan Trustee section within Note 1), and the costs for the services related to Plan administration (which qualify as party-in-interest transactions) paid for by the Plan amounted to \$70,355 and \$131,765 for the years ended December 31, 2025 and 2024, respectively.

The above party-in-interest transactions, as well as notes receivable from participants, are not considered prohibited transactions by statutory exemptions under ERISA regulations.

(6) Subsequent Events

Subsequent to December 31, 2025, and prior to the issuance of these financial statements, Nicolet Bankshares, Inc. completed the merger of MidWestOne Financial Group, Inc. with and into Nicolet. In connection with the merger, the MidWestOne Financial Group, Inc. 401(k) Plan was merged into the Plan in April 2026.

Upon completion of the plan merger, former participants of the MidWestOne Financial Group, Inc. 401(k) Plan became participants in the Plan, and their account balances were transferred into the Plan at fair value in accordance with participant elections. The related transfer of net assets was reflected in the Plan's financial statements in the period in which the plan merger occurred.

No adjustments have been made to the accompanying financial statements as a result of this subsequent event.

The Plan has evaluated, for consideration of recognition or disclosure, subsequent events that have occurred through the date of issuance, June 25, 2026, and has determined that other than the plan merger noted above, no significant events occurred after December 31, 2025, but prior to the issuance of these financial statements, that would have a material impact on its financial statements.
