**Part I Service Provider Information (continued)**

3. If you reported on line 2 receipt of indirect compensation, other than eligible indirect compensation, by a service provider, and the service provider is a fiduciary or provides contract administrator, consulting, custodial, investment advisory, investment management, broker, or recordkeeping services, answer the following questions for (a) each source from whom the service provider received \$1,000 or more in indirect compensation and (b) each source for whom the service provider gave you a formula used to determine the indirect compensation instead of an amount or estimated amount of the indirect compensation. Complete as many entries as needed to report the required information for each source.

## **Independent Auditors' Report**

The Plan Administrator  
Valley Isle Produce, Inc. 401(k) Plan:

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of the Valley Isle Produce, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Other Matter – Supplemental Schedule Required by ERISA***

The supplemental schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of September 30, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## VALLEY ISLE PRODUCE, INC. 401(k) PLAN

### Notes to Financial Statements

September 30, 2025 and 2024

#### **(1) Description of Plan**

The following description of the Valley Isle Produce, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document and adoption agreement for a more complete description of the Plan's provisions.

##### ***General***

The Plan is a defined contribution plan covering substantially all eligible employees of Valley Isle Produce, Inc. (the Company) that have completed one year of service and 1,000 hours. The Plan was adopted effective October 1, 1999 and subsequently amended and restated, and is subject to the provisions of the Internal Revenue Code (IRC) and the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

##### ***Administration of Plan Assets***

Valley Isle Produce, Inc. is the plan administrator and is responsible for investment administration, and disbursement of plan assets. Under provisions of a contractual agreement, plan assets are held by Fidelity Management Trust Company (the Trustee), whose primary functions are to hold the Plan's assets and execute investment transactions.

##### ***Contributions***

Each year participants may elect to contribute up to 60% of their eligible pre-tax compensation, as defined in the plan agreement, up to a maximum allowable under the IRC. Additionally, participants who have attained age 50 before the close of the year may also elect to make additional pre-tax catch-up contributions to the Plan, not to exceed the amount allowable under current income tax regulations. Effective January 1, 2026, participants are allowed to designate a portion or all of their contributions as a roth 401(k) contribution.

Participants are also allowed to make rollover contributions of amounts received from other tax qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with each participant's direction and the Plan's provisions.

The Company may make discretionary contributions as determined by the Company's Board of Directors. The Company's discretionary contributions for the years ended September 30, 2025 and 2024 were 2.00% of participants' eligible compensation. Contributions are subject to certain limitations.

### Notes to Financial Statements

September 30, 2025 and 2024

#### ***Participant Accounts***

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, if any, (b) plan earnings and losses, and (c) administrative expenses. Allocations of the Company's discretionary contributions and plan earnings and losses are based on the participant's compensation and account balances, as defined by the Plan. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account. All investment choices are participant-directed.

#### ***Vesting***

Participant accounts are immediately vested in their contributions plus actual earnings or losses thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings or losses thereon is based on years of continuous service. A participant is 100% vested after five years of credited service, as defined by the plan.

#### ***Payment of Benefits***

Upon termination of service due to retirement, disability, death, or other termination of employment with the Company, the participant or beneficiary may elect to receive his or her total benefits in (a) a lump-sum distribution equal to the value of the participant's vested interest in his or her account, or (b) installments, as defined by the Plan. Upon separation from service, the Plan requires the automatic distribution of participant account balances that do not exceed \$5,000. If a participant who has separated from service fails to elect to have such distribution paid directly to an eligible retirement plan or to receive the distribution directly, his or her account balance will be distributed as a lump sum if it is \$1,000 or less. If such participant's account balance exceeds \$1,000 but does not exceed \$5,000 in such circumstances, it will be rolled over to an individual retirement account designated by the Company. Additionally, under certain circumstances of financial hardship, a participant is allowed to withdraw funds from the Plan.

#### ***Notes Receivable from Participants***

Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance in their account during the prior 12-month period. The loans are secured by the vested balance in the participant's account and bear interest at prevailing rates. Loan repayments are generally made ratably through payroll deductions over a period not to exceed five years, unless loans were used to purchase or construct a primary residence in which case loan repayments may be extended. As of September 30, 2025, notes receivable from participants bear interest ranging from 6.25% - 11.50%, and mature in fiscal years 2025 through 2030.

### Notes to Financial Statements

September 30, 2025 and 2024

#### *Administrative Expenses*

Certain administrative expenses are paid by the Company. Administrative expenses recorded in the Plan during the years ended September 30, 2025 and 2024 totaled \$13,967 and \$14,240, respectively, and generally include loan set-up and maintenance fees, advisory fees, and overnight fees. These fees are charged directly to the respective participant's account. The Plan is subject to certain investment fees, which are netted against net appreciation in fair value of investments in the accompanying statements of changes in net assets available for benefits.

#### *Forfeited Accounts*

Forfeited nonvested accounts may be first used to reduce administrative expenses under the Plan then applied to reduce future employer contributions. As of September 30, 2025 and 2024, forfeited nonvested accounts were \$34,475 and \$28,547, respectively. For the years ended September 30, 2025 and 2024, the Company used \$80 and \$120 of forfeitures to pay administrative expenses, respectively.

## **(2) Summary of Significant Accounting Policies**

#### *Basis of Accounting*

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

#### *Use of Estimates*

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### *Investment Valuation and Income Recognition*

Investments of the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by investment advisers. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### Notes to Financial Statements

September 30, 2025 and 2024

#### ***Risks and Uncertainties***

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

#### ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

#### ***Excess Contributions Payable***

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the plan year 2025 and 2024 excess contributions to the applicable participants prior to December 15, 2025 and December 15, 2024, respectively.

#### ***Payment of Benefits***

Benefits are recorded when paid.

#### ***Subsequent Events***

The Plan has evaluated subsequent events through June 9, 2026, the date at which the accompanying financial statements were available to be issued, and determined that there are no other items to disclose.

#### (3) Information Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

| <b>September 30:</b>                                  | <b>2025</b>   | <b>2024</b>   |

| Interest income on notes receivable from participants | 17,197        | 18,458        |

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

#### (4) Fair Value Measurements

The accounting guidance for fair value measurements establishes a framework for measuring fair value. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. This accounting guidance establishes three levels of inputs that may be used to measure fair value:

**Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2** – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

## VALLEY ISLE PRODUCE, INC. 401(k) PLAN

### Notes to Financial Statements

September 30, 2025 and 2024

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2025 and 2024.

*Mutual funds.* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. These securities held by the Plan are deemed to be actively traded.

*Money market fund.* Carried at cost, which approximates fair value.

The preceding measurements described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's investments at fair value as of September 30, 2025 and 2024:

| Investments at Fair Value as of September 30, 2025 |                     |             |             |                     |

#### (5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

#### (6) Related Party Transactions

Notes receivable from participants are considered party-in-interest transactions. Certain plan investments represent units of investment funds managed by an affiliate of the Trustee. Any purchases and sales of these funds are performed on the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

#### (7) Tax Status

The Plan is based on the non-standardized pre-approved profit sharing plan sponsored by FMR LLC, an affiliate of the Trustee. The IRS informed FMR LLC by a letter dated June 30, 2020, that the non-standardized pre-approved profit sharing plan upon which the Plan is based is designed in accordance with the provisions of the IRC. The Plan has not yet applied for its own determination letter and has subsequently been amended; however, in the opinion of the plan administrator, the Plan is currently being operated in compliance with the applicable requirements of the IRC and thus qualifies the Plan for tax exempt status.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## **Independent Auditors' Report**

The Plan Administrator  
Valley Isle Produce, Inc. 401(k) Plan:

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of the Valley Isle Produce, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Other Matter – Supplemental Schedule Required by ERISA***

The supplemental schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of September 30, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## VALLEY ISLE PRODUCE, INC. 401(k) PLAN

### Notes to Financial Statements

September 30, 2025 and 2024

#### **(1) Description of Plan**

The following description of the Valley Isle Produce, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document and adoption agreement for a more complete description of the Plan's provisions.

##### ***General***

The Plan is a defined contribution plan covering substantially all eligible employees of Valley Isle Produce, Inc. (the Company) that have completed one year of service and 1,000 hours. The Plan was adopted effective October 1, 1999 and subsequently amended and restated, and is subject to the provisions of the Internal Revenue Code (IRC) and the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

##### ***Administration of Plan Assets***

Valley Isle Produce, Inc. is the plan administrator and is responsible for investment administration, and disbursement of plan assets. Under provisions of a contractual agreement, plan assets are held by Fidelity Management Trust Company (the Trustee), whose primary functions are to hold the Plan's assets and execute investment transactions.

##### ***Contributions***

Each year participants may elect to contribute up to 60% of their eligible pre-tax compensation, as defined in the plan agreement, up to a maximum allowable under the IRC. Additionally, participants who have attained age 50 before the close of the year may also elect to make additional pre-tax catch-up contributions to the Plan, not to exceed the amount allowable under current income tax regulations. Effective January 1, 2026, participants are allowed to designate a portion or all of their contributions as a roth 401(k) contribution.

Participants are also allowed to make rollover contributions of amounts received from other tax qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with each participant's direction and the Plan's provisions.

The Company may make discretionary contributions as determined by the Company's Board of Directors. The Company's discretionary contributions for the years ended September 30, 2025 and 2024 were 2.00% of participants' eligible compensation. Contributions are subject to certain limitations.

## VALLEY ISLE PRODUCE, INC. 401(k) PLAN

### Notes to Financial Statements

September 30, 2025 and 2024

#### ***Participant Accounts***

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, if any, (b) plan earnings and losses, and (c) administrative expenses. Allocations of the Company's discretionary contributions and plan earnings and losses are based on the participant's compensation and account balances, as defined by the Plan. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account. All investment choices are participant-directed.

#### ***Vesting***

Participant accounts are immediately vested in their contributions plus actual earnings or losses thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings or losses thereon is based on years of continuous service. A participant is 100% vested after five years of credited service, as defined by the plan.

#### ***Payment of Benefits***

Upon termination of service due to retirement, disability, death, or other termination of employment with the Company, the participant or beneficiary may elect to receive his or her total benefits in (a) a lump-sum distribution equal to the value of the participant's vested interest in his or her account, or (b) installments, as defined by the Plan. Upon separation from service, the Plan requires the automatic distribution of participant account balances that do not exceed \$5,000. If a participant who has separated from service fails to elect to have such distribution paid directly to an eligible retirement plan or to receive the distribution directly, his or her account balance will be distributed as a lump sum if it is \$1,000 or less. If such participant's account balance exceeds \$1,000 but does not exceed \$5,000 in such circumstances, it will be rolled over to an individual retirement account designated by the Company. Additionally, under certain circumstances of financial hardship, a participant is allowed to withdraw funds from the Plan.

#### ***Notes Receivable from Participants***

Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance in their account during the prior 12-month period. The loans are secured by the vested balance in the participant's account and bear interest at prevailing rates. Loan repayments are generally made ratably through payroll deductions over a period not to exceed five years, unless loans were used to purchase or construct a primary residence in which case loan repayments may be extended. As of September 30, 2025, notes receivable from participants bear interest ranging from 6.25% - 11.50%, and mature in fiscal years 2025 through 2030.

## VALLEY ISLE PRODUCE, INC. 401(k) PLAN

### Notes to Financial Statements

September 30, 2025 and 2024

#### *Administrative Expenses*

Certain administrative expenses are paid by the Company. Administrative expenses recorded in the Plan during the years ended September 30, 2025 and 2024 totaled \$13,967 and \$14,240, respectively, and generally include loan set-up and maintenance fees, advisory fees, and overnight fees. These fees are charged directly to the respective participant's account. The Plan is subject to certain investment fees, which are netted against net appreciation in fair value of investments in the accompanying statements of changes in net assets available for benefits.

#### *Forfeited Accounts*

Forfeited nonvested accounts may be first used to reduce administrative expenses under the Plan then applied to reduce future employer contributions. As of September 30, 2025 and 2024, forfeited nonvested accounts were \$34,475 and \$28,547, respectively. For the years ended September 30, 2025 and 2024, the Company used \$80 and \$120 of forfeitures to pay administrative expenses, respectively.

## **(2) Summary of Significant Accounting Policies**

#### *Basis of Accounting*

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

#### *Use of Estimates*

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### *Investment Valuation and Income Recognition*

Investments of the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by investment advisers. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

## VALLEY ISLE PRODUCE, INC. 401(k) PLAN

### Notes to Financial Statements

September 30, 2025 and 2024

#### ***Risks and Uncertainties***

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

#### ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

#### ***Excess Contributions Payable***

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the plan year 2025 and 2024 excess contributions to the applicable participants prior to December 15, 2025 and December 15, 2024, respectively.

#### ***Payment of Benefits***

Benefits are recorded when paid.

#### ***Subsequent Events***

The Plan has evaluated subsequent events through June 9, 2026, the date at which the accompanying financial statements were available to be issued, and determined that there are no other items to disclose.

#### (3) Information Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

| <b>September 30:</b>                                  | <b>2025</b>   | <b>2024</b>   |

| Interest income on notes receivable from participants | 17,197        | 18,458        |

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

#### (4) Fair Value Measurements

The accounting guidance for fair value measurements establishes a framework for measuring fair value. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. This accounting guidance establishes three levels of inputs that may be used to measure fair value:

**Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2** – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

## VALLEY ISLE PRODUCE, INC. 401(k) PLAN

### Notes to Financial Statements

September 30, 2025 and 2024

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2025 and 2024.

*Mutual funds.* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. These securities held by the Plan are deemed to be actively traded.

*Money market fund.* Carried at cost, which approximates fair value.

The preceding measurements described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's investments at fair value as of September 30, 2025 and 2024:

| <b>Investments at Fair Value as of September 30, 2025</b> |                     |                |                |                     |

#### (5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

#### (6) Related Party Transactions

Notes receivable from participants are considered party-in-interest transactions. Certain plan investments represent units of investment funds managed by an affiliate of the Trustee. Any purchases and sales of these funds are performed on the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

#### (7) Tax Status

The Plan is based on the non-standardized pre-approved profit sharing plan sponsored by FMR LLC, an affiliate of the Trustee. The IRS informed FMR LLC by a letter dated June 30, 2020, that the non-standardized pre-approved profit sharing plan upon which the Plan is based is designed in accordance with the provisions of the IRC. The Plan has not yet applied for its own determination letter and has subsequently been amended; however, in the opinion of the plan administrator, the Plan is currently being operated in compliance with the applicable requirements of the IRC and thus qualifies the Plan for tax exempt status.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
