INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
of Carolina Telephone & Telegraph Company
Sickness Death Benefit Plan

Opinion

We have audited the financial statements of Carolina Telephone & Telegraph Company Sickness Death Benefit Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTE 1 – PLAN DESCRIPTION

The following is a brief description of the Carolina Telephone and Telegraph Company Sickness Death Benefit Plan (the "Plan") and provides general information only. For more complete information, participants should refer to the Summary Plan Description and the Plan document.

General: The Plan is a fully insured non-contributory welfare benefit plan sponsored by the Carolina Telephone and Telegraph Company (the "Company" or "Plan Sponsor"), a subsidiary of Embarq Corporation ("Embarq"). Embarq became a wholly owned subsidiary of CenturyLink, Inc. ("CenturyLink") on July 1, 2009. On September 14, 2020, CenturyLink commenced operating under the brand name "Lumen" and on January 22, 2021, officially changed its legal name to "Lumen Technologies, Inc." As a result, CenturyLink is now named Lumen Technologies, Inc. (the "Ultimate Parent" of the Plan Sponsor or "Lumen"). On October 3, 2022, Lumen and certain of its wholly-owned subsidiaries sold its incumbent local exchange business primarily conducted within 20 Midwestern and Southeastern states (the "ILEC Business") to Connect Holding LLC and its affiliates (who conduct business under the brand "Brightspeed", and who also became the Plan Sponsor subsequent to this transaction), which are affiliates of funds advised by Apollo Global Management, Inc. Prior to the sale of the ILEC Business, retirees covered under the Plan were transferred from the Plan to the Lumen Retiree and Inactive Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Board of Directors of Lumen established the Lumen Employee Benefits Committee as the Plan Administrator and CenturyLink Investment Management Company as the Investment Fiduciary. The responsibilities for corporate functions such as plan amendment and termination were delegated to the Lumen Plan Design Committee. Subsequent the sale of ILEC Business the responsibilities were placed with the Brightspeed Benefits Committee.

By the end of 2024, the VEBA trust was liquidated and there were no longer any assets held by the VEBA.

Eligibility and Benefit Arrangement: Employees and retirees of the Company who meet the requirements specified in the Plan document are eligible to participate in the Plan. The Plan provides a death benefit to the beneficiary of eligible deceased retirees (prior to the transfer of these retirees to the Lumen Retiree and Inactive Plan) or to the beneficiary of eligible deceased employees of the Company who are represented by certain collective bargaining agreements. The death benefit is equal to a participant’s annual rate of pay received immediately prior to an eligible participant’s death or retirement and applies only to those participants whose death was caused by sickness or an accident not compensable under the North Carolina Worker’s Compensation Act. All eligibility to enter the Plan was frozen by May 31, 2009; certain bargained and non-bargained groups were frozen prior to this date.

Funding Arrangement: The Company did not make any supplemental cash contributions to the Plan's voluntary employee beneficial association ("VEBA") trust in 2024 or 2023 for the purpose of accumulating assets and does not expect to make any such contributions to the VEBA trust in the future. The Company intends to pay insurance premiums and other expenses of the Plan from the general assets of the Company.

Plan Termination: Although it has not expressed any intention to do so, the Company has the right under the Plan to modify the benefits provided, to discontinue its contributions or to terminate the Plan subject to provisions set forth in ERISA and in the collective bargaining agreements, as applicable. Were the Plan to terminate, the assets would continue to be used for the exclusive purpose of paying benefits to covered participants and any related administrative expenses, subject to the provisions set forth in the Plan and ERISA.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Investment valuation: Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between independent and knowledgeable participants who are willing and able to transact for an asset or liability at the financial statement date. Plan management uses valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs when determining fair value and then Plan management ranks the values based on the reliability of the inputs used following the fair value hierarchy set forth by the Financial Accounting Standards Board.

The three levels of the fair value hierarchy are as follows:

Level 1 – Observable inputs such as quoted market prices in active markets.

Level 2 – Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3 – Unobservable inputs in which little or no market data exists.

Investments in common trust funds are fair valued using a practical expedient to the net asset value ("NAV") per unit (or its equivalent) of each fund. The NAV reported by the fund manager is based on the market value of the underlying investments owned by each fund, minus its liabilities, divided by the number of shares outstanding. Common trusts can be redeemed at NAV on a daily basis.

Use of Estimates: The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan's management to make certain estimates, judgments and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein and insurance premiums payable. Actual results could differ from those estimates.

Income Recognition: Interest income is recorded on the accrual basis. Purchases and sales of securities are recorded on a trade date basis.

Payment of Benefits: The Plan is fully insured and remits insurance premiums to a third-party insurance company, which is responsible for paying claims to beneficiaries.

Administrative Expenses: The Plan pays administrative expenses with the exception of certain expenses incurred and paid by the Ultimate Parent, such as Plan design and corporate functions. Direct expenses paid by the Plan may include trustee fees, investment management fees, administration fees and certain other expenses. There were no direct expenses paid by the Plan for 2024 or 2023.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan held no assets valued utilizing the input levels within the fair value hierarchy. The table below presents the fair value of plan assets valued at NAV:

	Fair Value of Plan Assets Valued at NAV at December 31,	
	2024	2023
Common trust fund	$ -	$ 1
Total investments valued at NAV	$ -	$ 1

NOTE 4 – PLAN'S QUALIFIED TAX STATUS AND INCOME TAXES

The trust established under the Plan to hold the Plan's assets is intended to qualify pursuant to Section 501(c)(9) of the Internal Revenue Code ("IRC"), and accordingly, the trust's net investment income is exempt from income taxes. The trust has obtained a favorable tax determination letter from the Internal Revenue Service ("IRS") dated May 21, 1973, stating that the trust is tax exempt, and the Plan Sponsor believes that the trust, as amended, continues to qualify and to operate in accordance with the applicable provisions of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 5 – PLAN BENEFIT OBLIGATIONS

Accumulated Plan Benefit Obligations: The accumulated plan benefit obligation ("APBO") represents the actuarial present value of those estimated future benefits that are attributed to employee service rendered as of the financial statement date. The APBO includes estimated future death benefits expected to be paid to beneficiaries of (i) current retirees, (ii) active employees represented by certain collective bargaining agreements and (iii) assumed future retirees of the Company who were active and identified on December 31, 1993, and who remain active employees of the Company until they become retirement eligible, as defined in the plan document.

The APBO is determined by an actuary and is the amount that results from applying actuarial assumptions to historical data to estimate future annual incurred costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

Amounts Currently Payable: Premiums not yet paid by the Plan related to coverage at or before year-end are included in premiums due to insurers in the statement of benefit obligations.

Balance at end of year	4,010,898	4,015,792
Total benefit obligations at end of year	$ 4,013,941	$ 4,017,368

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets were invested in a common trust fund managed by The Northern Trust Company, the custodian of the Plan. As described in Note 2, the Plan has several arrangements with service providers, and pays certain expenses and insurance premiums to these providers. These transactions are party-in-interest transactions under ERISA. Certain administrative functions have been performed by employees of Lumen or Brightspeed. No such employees receive compensation from the Plan. Other administrative expenses, such as for auditing and actuarial services, were paid directly by Lumen or Brightspeed.

NOTE 7 – RISKS AND UNCERTAINTIES

The actuarial present value of benefit obligations is determined based on certain assumptions including interest rates and employee demographics, which are subject to change. Due to uncertainties inherent in the estimations and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 8 – SUBSEQUENT EVENTS

Subsequent events were evaluated through June 22, 2026, the date the financial statements were available to be issued.
